Nigerian Premier Visits City

Mysore, Dec. 16

The Premier of Northern Nigeria, Alhaji Sir Ahmadu Bello, arrived here yesterday at 11 a.m. by a plane from Madras, on a two-day visit to the State. He was received by Labour Minister Devaraj Urs and Sri Balraj, Governor's Secretary.

He visited Chamundi Hills and later in the afternoon, visited the Community Development Block at Gundlupet.

Sri R. Srinivasan, Divisional Commissioner explained the various activities to the visiting Premier. He went round the C.D. block office, the agricultural exhibition, the agricultural produce marketing society and the poultry farm.

Later, the Premier was accorded a reception by the Gundlupet Municipal Council.

Sri Madanaik, Municipal President and Sri Srikanta Setty, President of the Taluk Board welcomed the distinguished visitor.

The Premier replying said that there was a similarity of problems between India and Nigeria but India had more experince. Common experience might help in finding solutions to their problems, he added.

In the evening, Sir Bello paid a visit to Brindavan Gardens.

He left for Bangalore by plane this morning.

JATTI WARNS OF FINANCIAL CRISIS

Mysore, Dec. 16

Finance Minister Jatti yesterday warned that the State was facing a financial crisis and said that the next two years would be finacially bad and the people had to face more difficulties.

Addressing the State Non-Gazetted Officers' Conference here, he said, that the huge projects on which crores of rupees had been spent had not yielded the expected results. Added to this they had to pay very heavy loan instalments and interest every year. This year it was about Rs. 13 crores. This was being met from the normal resources. "And if we go on spending this way, we may face difficulty in even meeting salary bills of our employees. This has worried me and perturbed me a great deal".

Sri Jatti told the NGOs that out of the budgeted revenue of the State Government, one-third was being spent on the civil services and any additional spending on this would have adverse effect on the vital services.

The Finance Minister rejected the demands of the NGOs for adoption of Madras rates of the house rent allowance in all areas of the State.

As regards the plea for removal of disparity of pay scales between the Central and State Government employees he said, it hinged upon the State resources and this could not be considered at present. Linkig the D.A. with the cost of living index, it also depended on the resources of the Government.

Referring to the demands of providing free education to the children of NGOs, Sri Jatti said, such exemptions could not be restricted to one class of citizens namely, the Government servants.

The demand for representation of NGOs in the Legislature, it was superfluous he said.

He also turned down the request for treating the NGOs as backward for the purposes of securing admission to their children in the educational institutions, as in any such scheme the Government servants should not claim any such privilege.

Smt. Mary Devasia, President of the State NGOs Association, presided.

Go Back To Classes

C.M.'s APPEAL TO STUDENTS

Bangalore, Dec. 17

Chief Minister Nijalingappa yesterday appealed to the college students to go back to the classes and to meet him later. He was prepared to here them at any time.

He told the Assembly that he had all sympathy for the students, If they felt aggrieved by any Government decision, they could come to him and he would review the position if any section was adversely affected.

The Chief Minister asked the Opposition to guide the students properly and felt that the students had been wrongly advised to go on strike. He was sure that somebody had set them up. He said that the students should have met him and explained their grievances.

He refuted the allegation that the Government was discriminating against the old Mysore area on this question and said while every area deserved equal attention of the Government, backward regions called for special treatment.

Education Minister Kanthi said that it was the Cabinet and not an individual Minister that took the decision on freeship rules and made applicable to all parts of the State.

He argued that the number of freeships would be reduced by about 250 in PUC and by about 700 in the degree classes. The difference was only marginal and the changes effected was not much. He explained that in the previous year the number of scholarship-holders were counted for purposes of calculating the percentage and now they would be excluded. Therefore, there would not be any big change in the actual number of students securing freesnips.

Students' Strike Continues

Mysore, Dec. 17

The students of all the colleges in the city, excepting medical college, continued their strike today also.

They took out procession shouting slogans.

Students' Indefinite Strike

Bangalore, Dec. 17

The college students yesterday decided to continue the strike indefinitely till their demands were met.

The student leaders who met the Education Minister were dejected at the treatment meted out to them. They said: "The Education Minister evaded the issues and did not give a patient hearing".

Any Tax Relief Ruled Out

Union Finance Minister Krishnamachari made it clear in the Lok Sabha that there could be no slackening in resource-mobilisation next year because of the continued threat to our borders and the need to accelerate the tempo of development.

He indicated that next year he might undertake a "modification and rationalisation of the present tax system" to augument public revenues and also to stimulate savings, investment and production.

As an alternative to taxation, he said, it was not possible to resort to greater market borrowings in 1964-65 because of the recent experience. Nor deficit financing could be enhanced.

By implication, the Finance Minister left no doubt that the country could not look forward to any respite from high taxes next year.

No Sabotage

The court of inquiry which investigated last month's helicopter crash near Poonch has stated that the accident was not the result of any sabotage or hostile fire or technical failure.

The helicopter hit two parallel telephone cables, demaged a part of the main rotor and crashed.

The court held that it was an unfortunate accident for which no specific responsibility could be fixed on any person and that the death of the five senior officers and the pilot was attributable to the exigencies of service.

NO RETALIATION NOW

Prime Minister Nehru stated in the Lok Sabha that the Government of India was not asking Pakistan for the present to close down its Assistant High Commission in Shillong although the Indian Assistant High Commission in Rajshahi has been closed since Dec. 14

Colleges Closed

Bangalore, Dec. 18

The Government Arts, Science, Law and Commerce colleges, affiliated to Mysore University, except those in Mercara and Mangalore, will be closed for eight days from today. This will be followed by the Christmas holidays.

US FLEET NOT COMING TO INDIAN OCEAN

Prime Minister Nehru stated in the Rajya Sabha yesterday that while the United States Government had no proposal as such to send the Seventh Fleet to the Indian Ocean, two or three ships might be sent to enable them to get acquainted with the waters of the region.

HOSTILE NAGAS TO DISTURB POLLS

Prime Minister Nehru told the Lok Sabha that a batch of 100 hostile Nagas had recently crossed into Burma on way to East Pakistan, presumably to secure arms to disrupt the general elections due in Nagaland in a month Another batch of 100 hostiles on a similar mission had been dispersed by the security force.

Sri Nehru said that the Government knew that hostiles had been getting arms from Pakistan and not from China. It was not known from where Pakistan got those arms.

UN FACING DEFICIT

The United Nations would have a financial deficit of 134,200,000 dollars at the end of this year, stated U. N. Secretary-General Thant yesterday.

MYSORE NOT FOR EDUCATION IN CONCURRENT LIST

Bangalore, Dec. 18

The Mysore Government has not agreed to the suggestion to include Education in the Concurrent List, stated Education Minister Kanthi in the Legislative Council.

He said: "We must try to stabilise and standardise education. But, she would not in any way be asked or the Government of India press us to agree to the Centre to have more control by introducing education in the Concurrent List".

A-POWER STATION IN RAJASTAN

Students Strick To Their Demands

Bangalore, Dec. 18

The Students Action Committee announced yesterday that unless the Government comes out a categorical and unconditional announcement that the fee structure in colleges in Mysore area has been reverted to the 1960-61 level, the striking students of Mysore university will not go back to their classes.

They have also demanded that all the other four demands of the strikers--restoration of free concessions to the original level, withdrawal of the fee raise announcement last week for the law students, abolition of the fourth part in the degree courses and provision of refreshments after the NCC training classes in morning--should be conceded by the Government.

The student leaders stated that they would not meet any Minister or submit any memorandum again on the plea that the Government had not treated them fairly, on Monday.

They challenged the Education Minister's contention that hardly 200 students in the old Mysore area would be affected by the slashing in fee concessions and said that actually nearly 2,000 students would be hit hard.

They said as many as 400 students had left colleges unable to pay the increased fees, ordered by the Government last year.

The leaders demanded that fee concessions should actually apply to children of all employees drawing less than Rs. 5,000 per year.

End Cold War

JOHNSON'S CALL

The U. S. President Johnson addressing the United Nations General Assembly called for an end of the cold war and a truly international aid programme to help the under-developed countries.

He declared: "We are more than ever opposed to doctrines of hate and violence in our own land and around the world. We are more than committed to the rule of law in our own land around the world. We believe more than ever in the rights of man--all men of every colour in our own land around the wold. And more than ever, we support the United Nations as the best instrument yet devised to promote peace in the world and well-being of mankind".

NEW WIRELESS STATION

A new wireless station, which will greatly improve communication facilities in the border States of West Bengal and Assam, will be formally commissioned at Calcutta on December 24.

Hall Aircraft

The Rajya Sabha was told by Minister Raghuramiah that besides the protype Mark-1 of HF-34 (supersonic aircraft) which crossed the sound barrier and was put to a number of further trials, other protoypes were being made at the Hindustan Aircraft, Bangalore.

He said Mark-1 was being put to very rigorous trials to see that it could as soon as possible go into squadron service as a reliable and efficient aircraft.

Nanda Stands By His Pledge

Union Home Minister yesterday reiterated in the Lok Sabha his public declaration that, if within two years the problem of corruption was not tackled satisfactorily, he would forfeit his claim to remain in public life.

He admitted that there was corruption in the country on a fairly large scale. That was why, he said, the Government had decided to set up a Central Vigilance Commission to deal with the problem.

The appointment of the vigilance commission was only one of the scheme to wipe out the evil. Several other measures were being devised to ensure integrity in the public services.

The Home Minister agreed that there could not be a clean administration in the country unless "those in political authority" led a clean life.

Freeship Order Relaxed

Bangalore, Dec. 20

Education Minister Kanthi announced yesterday that the new Government order relating to the reduction of freeships to students in the old Mysore area would not apply to degree students this year.

He said the new order, however, will apply to students in the PUC, where the difference between the old and the new order was marginal.

Sri Kanthi said the Government would shortly issue an order continuing the freeships and scholarships of all those who were getting them last year in old Mysore area, regardless of the lower percentage fixed under the new order.

He said the Government would provide refreshments for the NCC cadets and that the provision for incurring an expenditure of Rs. 9 lakhs had been made.

US FLEET IN INDIAN OCEAN

Prime Minister Nehru told the Lok Sabha that the question of India protesting against the reported extension of the operation of the United States Seventh Fleet would depend on the fact whether it would be detrimental to India's interest.

He said if the U.S. Government sent some Seventh Fleet ships to the Indian Ocean, "all that we say is that outside the territorial waters of India the Ocean is open to them, as to other countries"

Gen Maxwell Taylor, Chairman of the U S. Joint Chiefs of Staff, stated yesterday at Delhi that the ships of the U.S. Seventh Fleet cruising the Indian Ocean would be an aircraft carrier, two or three destroyers and one oil tanker.

Asked whether the U S had discussed about port facilities with the Governments in the region, Gen. Taylor said they did not require any port facilities in the Indian Ocean.

Orderly, Peaceful Students Procession

Bangalore, Dec. 21

15,000 college students from the old Mysore area staged the biggest procession in the city here yesterday.

The procession--remarkably orderly and peaceful-traversed the 12-mile procession route in four hours, leaving the Central College at about 11 a. m.

Responding to the call of the Students' Action Committee, the city observed hartal. Shops were closed both in the city and civil area.

The mile-long procession climaxed the eight-day-old strike. After four hours march the procession dispersed near the King's Statue.

The organisers of the strike had planned to end the procession in front of the Vidhana Soudha but took a last-minute decision to end it some distance away lest crowds of high school studends give their movement a different colour.

From early morning jathas of college students from far off places in old Mysore area trooped into the Central College grounds.

A batch of about 100 students on foot from Mysore city reached Bangalore early morning with fatigue. The marchers could not join the procession as many of them had developed swollen feet. One of them fainted on the way due to exhaustion.

With two platoons of 500 cyclists each forming the vanguard and the rear, the students marched out at 11 a.m. to cover a 12-mile route.

About 900 student volunteers with 'student vigilance' arm-bands co-operated with the police in regulating the traffic.

STUDENTS FIRM

Later in the evening, at a public meeting held, the students unanimously resolved that the Government should unconditionally meet the just demands of the students. They also decided to continue the demonstration indefinitely.

Vidwan R. Chinna Nayagar welcomed the gathering.

Freeships To Continue

Bangalore, Dec. 21

The Government of Mysore has ordered that students who were awarded freeships last year in the PUC, and degree courses in the old Mysore areas should be allowed to have the benefit of the freeship until they complete the courses in arts, science and commerce colleges.

This however will be subject to the percentage of freeships not exceeding 30 for boys and 50 for girls.

The Government has also clarified that in the case of students whose parents have income upto Rs. 1,200 if their number is large, the freeship committee could sanction half the freeships to as many students as possible.

OPPOSITION WALK-OUT

Bangalore, Dec. 21

Opposition members in the Mysore Legislative Assembly yesterday staged a walk-out, after the Leader of the Opposition, Sri Shivappa, had made a a statement protesting against the Government attitude against the student strikers.

★ The Rajya Sabha was told by Irrigation Minister Rao that the unutilised irrigation potential from major and medium irrigation schemes in the country upto March 1963, was 22.57 lakhs acres (Mysore 181,000 acres).

NPC To Take Hard Decisions

Sri Asoka Mehta, Deputy Chairman of the Planning Commission stated yesterday that the Commission would choose certain strategic areas in the country's economy where intensive efforts would be made in the next two years to push the economy forward.

He said the Planning Ministry was also thinking of selecting a number of projects ahd ensuring that they were properly purused and properly pushed through.

Sri Mehta said that if the efforts was to move forward some very difficult choices--some hard decisions- would have to be made and in making these hard decisions the Planning Commission would be guided mostly by encnomic considerations "which are relevant to the social objective we have in view".

He felt that the country's economy was in "dire strain". On the contrary, "we are in a position to move forward in a determined manner but we will have to face difficulties in the next year or two because of these hard decisions that have to be made".

FOOD SUBSIDIES

The Central Government has subsidised the sale of foodgrains to the extent of Rs. 140 48 crores in the seven-year period from 1956-57 to 1962-63.

The subsidy was necessary to enable sale of food grains at prices lower than the economic costs and was intended to keep prices within the capacity of the vulnerable sections of the community.

Cabinet To Consider Demands

C.M.'s ASSURANCE TO STUDENTS

Bangalore, Dec. 25

Chief Minister Nijalingappa yesterday told the delegation of the Mysore University Students Action Committee that their demands particularly those relating to the restoration of the fee scales and free studentships to the 1960-61 level would be considered by the Cabinet on Thursday.

As regards the other two demands, withdrawal of the order increasing the Law College fees from Rs. 200 to Rs. 250 per year and cancellation of the fourth part in degree examination, he assured them that he would sound the university authorities, who were responsible for these decisions.

He told the students that they need not worry about daily refreshments after the NCC training, as the State Government had decided to provide breakfast at a cost of Rs. 10 lakhs.

The student delegation told the Chief Minister that they did not want verbal assurances from him but a definite commitment in writing. "We have no faith in your Government", a student said. Another student protested against the Government's 'lip sympathy'. But Sri Nijalingappa counselled them not to be angry and use harsh words, they don't break bones.

ML. MARKET MERCHANTS' PLEA

Mysore, Dec. 23

Railway Minister Dasappa stated at Hassan on Saturday that the Mangalore-Hassan railway line would be completed by 1968.

Walk-Out In Municipal Council

Mysore, Dec. 23

Members of the Opposition Party in the City Municipal Council, staged a walk-out on Saturday to protest against the action of the Chair in allowing a Congress member to move a motion for adjourning the meeting.

A special meeting had been convened to elect an additional Municipal Advocate.

Sri Kenge Gowda raised a point of order that there was procedural defect in the resolution mentioning Advocate instead of Legal Practitioner as per rules, and moved for adjourning the meeting.

Sri M.N. Thimmiah and Sri T.V. Srinivasa Rao pointed out that there was no procedural defect and every year the same practice was being followed.

The Commissioner also said that the meeting was in order.

But the President upheld the point of order and allowed the member to move the resolution for adjourning the meeting. Thereupon the five Opposition members walked out. The meeting was then adjourned.

MYSORE RAIL NEEDS

Bangalore, Dec. 23

The Government of Mysore yesterday represented to the Railway Minister, Sri H.C. Dasappa to have broad guage lines between Hassan and Mangalore and Bangalore-Guntakal, construction of Chamarajanagar-Satyamangalam and Kottur-Harihar lines and remodelling of the Bangalore railway station.

PWD EXCESS SPENDING

Bangalore, Dec. 24

The Public Accounts Committee of the Mysore Legislature has commented on the excess of expenditure over grants and appropriations in the Public Works Department and said "it is a sad commentary" that no explanation was forthcoming after the reorganisation of States.

The report said that the PWD officers had failed to explain thh excesses in a satisfactory manner. This needed remedial measures by way of disciplinary action to ensure that the officers furnished the information to the audit satff in time.

Mysore SOS To Delhi

Bangalore, Dec. 24

The Government of Mysore has urged the Centre to sanction Rs. five crores outside the Plan to meet the Plan programme implementation in the State.

Chief Minister Nijalingappa told the Assembly yesterday that "our finances at present are inadequate because in the past eight months, we have been going ahead with much speed that we are not in a position to find sufficient funds".

He said the Government was satisfied on the progress in some projects but in the agricultural sector, they were not fully satisfied. He was sure that by the time the Third Plan was over, Government would exceed the targets. Minor irrigation works were now given top priority.

BY-ELECTION RESULTS

Mysore, Dec. 24

Jawans Fit At High Top

Living at high altitudes has had no effect on the hearts of 25 jawans, according to a sample study on the health of these jawans made by Army Medical officers.

The study was undertaken at the instance of Army Headquarters to ascertain whether living at high altitudes has any effect on the heart.

The medical officers who undertook this study have reported that living at high altitudes has had no effect on the hearts of the 25 jawans.

The jawans were examined at heights of over 14,000 feet and then brought down to Delhi. After a period of de-acclimatisation, they were examined again in Delhi. The verdict is: fit in all respects.

A further study has been ordered on another 25 jawans. They have alredy been examined in Delhi and will again be examineed after they have lived at high altitudes for some time.

PD ACT MAY BE REPEALED

The Rajya Sabha yesterday approved the Bill to continue the Preventive Detention Act for a further period of three years as passed by the Lok Sabha.

Home Minister Nanda replying to the debate hoped that the new spirit created by the assurances of the leaders of different parties that they abjured violence would hasten the repeal of the Act.

He welcomed the suggestion for an all-party conference to make a declaration against violence and said he would endeavour to pursue this offer.

MORE MINERALS

The total value of mineral production in India during January-June, 1963 was Rs. 1,105 million, according to the Indian Bureau of Mines. This is Rs 173 million more than the value of the output in the corresponding period of the previous year. The 19 per cent increase was accounted for mainly by coal, lignite, iron ore and salt.

No KRS Water For Paddy In Summer

Mysore, Dec. 25

A meeting of the Advisory Board for the Development of irrigation under the K.R. Sagar and Nugu Reservoir Projects was held here yesterday under the chairmanship of Sri R. Srinivasan, Divisional Commissioner. when the question of allowing supply of water under the several channels during the ensuing summer was discussed.

As the level of K.R. Sagar Reservoir was 112.72 feet on Dec. 15 as against 123.05 feet on the corresponding last year with a deficit of 12459. M. Cft. in storage, the Board decided that water will not be made available for Kar paddy cultivation under V.C. Canal.

The Taluk Boards and Village Panchayats are requested to extend their co-operation in ensuring that the ryots do not utilise water during the summer for the cultivation of Kar paddy.

The supply of water for sugar cane crops under V.C. canal and in the Cane Zone will be 9 days 'ON' and 8 days 'OFF'. Water for manurial crops, ground-nut and Kar ragi will be supplied in the V.C. areas for 12 days starting from March, 15, 1964.

KABINI AND NUGU

There will be no water available for summer crops under the Nugu High Level Channel, in view of the low storage in the Nugu Reservoir. The supply under Kabini River Channels (Ramapura and Hullahally) will depend on the natural flow in the river and the question of regulating the water supply in these channels will be determined by the Executive Engineer, Mysore Division, in the third week of Feb. 1964.

NATIONAL SAVINGS DRIVE

Mysore, Dec. 25

The District Co-ordination Committee, which met here under the chairmanship of the Deputy Commissioner resolved to give fillip to the National Savings Scheme. All the officers were asked to launch a vigorous drive to surpass the target fixed for the district.

Against a target of Rs.55 lakhs gross and Rs. 12 lakhs net, Rs. 27 lakhs gross and Rs. 7 lakhs net had been collected upto the end of October.

It was decided to hold meetings of officiers at the Taluk level to solve local problems.

The Tahsildars were requested to pursuade co-operatives and panchayats to indent for Government stocks of rice and wheat in the scarcity areas in order to check the rising prices of foodgrains.

The committee distributed grants totalling Rs. 7,50,000 to 11 taluks in the district for sinking irrigation wells.

The officers were requested to appeal to the well-to-do landlords to donate vacant house sites for construction of houses by the Scheduled Caste people.

BILL ON JUDGES

The Central Government has approved a draft Bill to regulate the procedure for the investigation of allegations of misbehaviour or incapacity of a Judge of the Supreme Court or a High Court.

The Bill is being brought before Parliament in pursuance of the provisions relating to Judges in the Constitution. It will be introduced during the Budget session.

Scrap Prohibition

Sri K.S. Patil, former Union Food Minister yesterday advocated the scrapping of the Prohibition policy and said one should be practical about it.

He said the "policy denied revenue to the country, denied Prohibition and only made paradise for bootleggers". There was no language strong enough to condemn such a policy, he added.

Sri Patil said that in the old days in Bombay when there were pubs a drunken man would be ashamed to go home. What then existed near the gutter had today come right into the home and the man drank in the presence of his wife and children. The sense of shame about drinking had been destroyed by the Prohibition policy.

Preserve Peace, Pope's X'mas Message

Pope Paul, in his first Christmas messsge to the world has said that his pilgrimage to the Holy Land will be "a journey of search and of hope".

He was referring to the pilgrimage from Jan. 4 to 6, for the first time any Pope visiting the Holy Land.

The Pope said Christmas good wishes sheuld be related particularly to the pressing needs of people-hunger. Unless this heart-rending situation was relieved by opportune remedies, "we forsee that it will grow worse, not better. Hunger can become a subversive force with incalculable results".

He appealed to all men of goodwill-all men who hold responsible positions in the field of culture and politics-to consider as funamental the problem of peace.

"Peace in the present time is based more on fear than on friendship. How can we celebrate Chirstmas with serenity when such a threat hangs over the world," he asked.

Irrigation Potential

POOR UTILISATION IN MYSORE

The utilisation of irrigation potential, though fairly high in the country, was particularly poor in Mysore, West Bengal and Gujarat.

Over one million acres of irrigation potenial was lying unused in these three States

The Agricultural Production Board yesterday decided that the reasons for non-utilisation of the potential should be examined project-wise with a view to taking steps to expedite utilisation.

The Board felt that one of the ways in which additional production could be achieved quickly was to vigorously pursue the intensive agricultural production programme which was in operation in the States.

Full Filtered Water Supply To City

CHIEF MINISTER'S ASSURANCE

Mysore, Dec. 26

Chief Minister Nijalingappa stated here yesterday that the State Government would extend all possible help to promote women's education.

He was presiding over the first anniversary of Srikanth Samskruthi Sangha.

Sri Varadaraja Iyengar welcomed the gathering.

Sri Sowcar T. Thimmappa presented an address to the Chief Minister. Sri N. Srinivasa Murthy presented an address to Smt. Soundaramma Venkatesh, the Civic Chief, who presided over the function.

The Chief Minister complimented the Sangha for running a girls high school and promised to consider their request for Government grant, though it was not three-year-old school.

Sri Nijalingappa expressed surprise that Mysore City had only half-filtered water supply and assured the Government's assistance to the Municipality to provide complete filtered water supply to the City.

Here he warned that if the municipalities wanted Government's help, they should increase their resources by enhancing the taxes.

The Chief Minister admitted that Mysore City should be developed and that with setting up of some industries, he hoped the City would grow.

He said that Mysore-Chamarajanagar railway line would be handed over to the Railway Board and the State Government was expected to get a compensation of about Rs. 4 lakhs.

Sri M.S. Ramaswamy proposed a vote of thanks.

RED CROSS DELEGATES FETED

Mysore, Dec. 26

The delegates to the Indian Red Cross Branch Secretaries Conference were entertained to Tea by the City Municipal Council, here yesterday.

Smt. Soundaramma Venkatesh, the Civic Chief welcomed the delegates.

Dr. Gupta from U. P. and Smt. Lakshmi Krishnappa from Mysore, on behalf of the delegates, thanked the Council for the hospitality.

The Mysore branch of the Indian Red Cross Society and the Gunamba Maternity and Child Welfare Trust also entertained the delegates to Lunch.

VAIKUNTA SAMARADHANA

Mysore, Dec. 26

The Vaikunta Samaradhana of the late Sardar K.M. Panikkar, Vice-Chancellor of the Mysore University was held here yesterday at the Vice-Chancellor's residence.

INCENTIVE FOR FOREIGN INVESTMENTS

Union Finance Minister Krishnamachari yesterday defended the basic approach and priorities in the Plans, ruled out any spectacular increase in consumption immediately and stressed the need for devising new ways of co-operation between the public and private sectors.

He also suggested the opening of doors even wider to private foreign investments and the desirability of the Central Government shouldering "more direct responsibility for the development of major power and irrigation projects".

The Finance Minister said that other "new devises" might have to be relied upon during the fourth Plan to promote equity and social justice. Changes such as land reforms, progressive system of taxation and controls over private activities to curb wealth and economic power concentration alone were not enough. But he did not, however, indicate what the new devises should be like.

MAHAJANA HIGH SCHOOL JUBILEE

Mysore, Dec. 26

Presiding over the silver jubilee celebrations of the Mahajana High School, here in Vanivilasa Mohalla, yesterday, Chief Minister Nijalingappa complimented the management for running the school very efficiently and maintaining a high percentage of passes every year.

He hoped that the Mahajana Education Society would soon be able to start a college.

Sri Neelakantappa, Vice-President of the Society welcomed the gathering and said that from next year, they wished to start a first grade college.

Sri H.V. Shankara Rao, Secretary read a report.

Sri Subramanya proposed a vote of thanks.

Earlier in the morning, Sri B. Narayana Swamy, Chairman of the City Improvement Trust Board inaugurated the four-day jubliee celebrations.

Acharya Vinoba Bhave yesterday described Prime Minister Nehru as a "true Shanti Sainik" and offered to include the Prime Minister in the friendship march of Shanti Sena "if and when he wished to join even without wearing a yellow turban".

Wearing of yellow turban is obligatory for Shanti Sainiks.

Sri Bhave said that Sri Nehru was doing miraculous work for the cause of peace.

Sri Nehru understood the object of the friendship march of Shanti Sena and therefore, they were given all facilities to work in the border areas, which, in his opinion, would not be available from any other Government, Bhave added

Don't Be Lethargic

ROTARY GOVERNOR'S PLEA TO MYSORE PEOPLE

Mysore, Dec. 27

Rotarian Governor Sri Farrokh K. Irani of District 317, yesterday paid an official visit to the Mysore Rotary Club. He was received by Rotary-president Vasudeva Murthy and other members.

At a news conference, Sri Irani said that out of 62 Rotary Clubs under his District, he had already visited 61 clubs and the other one he would complete it before the end of this month.

He said he was happy that many smaller clubs were taking keen interest in the community service by rendering medical aid and donating school buildings.

Referring to his home Club-Mysore Rotary Club-Sri Irani said that though it had some notable achievements like the Children's Library, he was sorry that the club was not very active.

Sri Farrokh not only blamed the local Rotarians but also the people of Mysore City for being lethargic. He warned that if they did not become active and pull themselves up, there was no future for the City.

Stressing the paramount need for rapid industrialisation, Sri Irani regretted that there was no proper response, interest and encouragement in Mysore City for starting industries, either by the Municipality or Government.

The Rotary Governor said that the Mysore RotaryClub had an ambitious scheme of putting up a modern children's theatre and museum and a kindergarten in the premises of the Rotary Children's Library and appealed to the Rotarians and the public to make the scheme a reality.

HANUMANTHA JAYANTHI

Mysore, Dec. 27

Home Minister Patil inaugurated here yesterday Sri Hanumantha Jayanthi celebrations at Sri Maruthi Mandir in Narayanasastri Road.

Dr. L. Sibbiah, retired Principal of the Yuvaraja's College presided.

Sri Shivaratri Rajendra Swamy of Suttur Mutt distributed awards to vidwans and artistes.

Ganavisharada B. Devendrappa earlier welcomed the gathering.

C. M. TO MEET STUDENTS

Bangalore, Dec. 27

Chief Minister Nijalingappa informed the legislature yesterday that the Cabinet decision on the college students demands would be made known on Friday after meeting the representatives of students.

Persistent demand by the members failed to commit the Chief Minister.

Cut In Power Consumption Removed

Bangalore, Dec. 27

The restrictions imposed on power consumptions, in corporations, municipalities and local bodies as a result of the emergency declared had now been totally removed. Restrictions had also been removed in respect of neon sign advertisements and other displays. This was announced yesterday by Sri T. Channiah, President of the State Electricity Board. But the staggering of power to industries would continue for the present.

He said the Board had requested the Government for financial assistance of Rs. 7.2 crores to complete the works under the Third Plan.

The Board, he said had completed the preliminary arrangements like laying trasmission lines, etc. to distribute electric power as soon as the first unit of the Sharavathi project was commissioned in the middle of next year. It had arranged to distribute power from two units each with a capacity of 89.000 kws.

ANNUAL MEETING

Mysore, Dec. 27

The third annual meeting of the Sri Krishnarajendra Mill Workers' Union will be held here tomorrow at 11-30 a.m. in the Townhall. Sri B. C. Channaraj Urs, Deputy Commissioner will preside.

NO STRIKES, NANDA WARNS

Union Home Minister Nanda yesterday asked the Central employers and workers organisations to take steps to see that none of their constituent units misbehaved during the emergency.

He described threats of strikes in the present situation of the country as anti-social and said no body would be allowed to vitiate the healthy climate created by the Code of Discipline and the industrial truce resolution.

Sri Nanda said that non-implementation of settlements arrived at by the management of any establishment was a menace to industrial peace and wherever the parties to a settlement did not act upto, they should be disaffiliated by their respective central organisations.

AID TO GOLDSMITHS

Goldsmiths all over the country will be shortly given the option either to become self-employed goldsmiths or to claim rehabilitation grants from the Government.

Those who become self-employed goldsmiths will be permitted to remake the old ornaments into new ones of 14 carat gold purity.

Those who opt for rehabilitation will be given monetary aid and the money will be sufficient to purchase land for agricultural operations or a scooter for plying in small towns or cities or wares for carrying on small business.

Co-operative Farms

2,053 cooperative farming societies are now functioning in the country, 1,049 of then in pilot areas and the rest in non-pilot areas. About 41,000 farmers have pooled a little over 2.6 lakh acres of land to form farm cooperatives.

The Union Government has been giving several incentives to popularise cooperative farming. A co-operative farming society is eligible for a total assistance of about Rs. 12.000 towards share capital, managerial expenses, etc. Central assistance to cooperative farming societies, both in pilot and non pilot areas. is outside the State plan ceilings.

The Union Minister of Community Development and Cooperation has suggested to State Governments that Government waste lands, newly reclaimed lands and lands which have become surplus as a result of ceilings on land holdings should be assigned to cooperative farming societies.

BEST FEATURE FILM ON NATIONAL UNITY

In view of the vital role played by films as a social force combining entertainment and education, it was urgent and important to produce good and purposeful films which could also be the cultural ambassadors of our land, observed Shri Satya Narain Sinha, Minister of Information and Broadcasting while presiding over the third meeting of the Film Consultative Committee at Calcutta.

Stressing the need for unity in the face of the Chinese invasion, the Minister announced a cash award of Rs. 20,000 to the best feature film produced on the theme of unity during the year 1964

COLLEGE STUDENTS GO ON HUNGER-STRIKE

GOVERNMENT GESTURE FAILS

Bangalore, Dec. 28

Four college students went on a hunger-strike last evening here in front of the Vidhana Soudha, as the Government failed to meet their demand of restoration of college fees to the 1960-61 level.

The four student hunger-strikers are: B. Lakkappa (Tumkur), Krishna Reddy (Law College), D. Kempanna (Arts College), and B. Ramachandra (Central College).

The student leaders stated that since their principal demand for restoration of fees to the level of the last year had not been conceded by the Government, there was no question of their giving up their agitation. The strike of the students will continue.

The students' meeting also decided to launch hunger-strike in batches of four students in front of Vidhana Soudha.

The meeting in a resolution strongly condemned "the arbitrary, autocratic and dictatorial" decision of the Government.

C.M.'s ANNOUNCEMENT

Chief Minister Nijalingappa announced in the Assembly the Government's decision to restore to the original percentages fully the freeships and scholarships granted to college students in erstwhile Mysore area affiliated to Mysore University.

He said the decision would apply throughout the State the uniform percentages in regard to freeships and scholarships.

The Chief Minister said that the Government had decided that as regards Government colleges, that if any college had realised fees in excess of the fifty per cent, in such cases, it would be refunded.

As regards private colleges also, any excess realised would be refunded and an equal amount reimbursed to the colleges.

On the issue of revival of student's unions, if the student representatives agreed to have unions, the Government had no objection.

The complaint about inadequate staff, laboratory and other facilities was not pressed as Government had made arrangements already and only about 40 staff vacancies had still to be filled. He had asked the Education Minister to take steps immediately, if necessary by requisitioning the services of retired employees or even by securing the services of people from outside Mysore.

The Government could not take a decision about abolishing part IV in the degree course. "We are recommending to the University to consider the question as early as possible".

Sri Nijalingappa also assured that the Government would contact the authorities concerned regarding condonation of shortage of attendence due to strike.

He said that refreshments for NCC parade students had been ordered.

In the light of the statement, he appealed to the students to accept the decisions and call off the strike.

The student leaders had earlier met the Chief Minister.

Mysore, Dec. 28

The adjourned special meeting of the City Municipal Council will be held on Dec. 30 at 4 p.m.

Stern Action If Production Hits

NANDA WARNS

Union Home Minister Nanda yesterday warned that stern action would be taken, legal or otherwise, against any breach of industrial peace or actions affecting production in important industries.

He called upon employers and workers' representatives to remember that the country was in an emergency and said that no hindrance to production would be tolerated. If there was any slowdown or slackness, suitable action would be taken. If there was any strike, big or small, "the challenge would be accepted".

He urged State Governments and employers to recognise that if there was any threat of strike, there must be some reason behind it. The situation should be looked into and grievances removed instead of their criticising them all the time.

ONLY THREE YEARS TO CONGRESS

Acharya Vinoba Bhave stated yesterday that the Indian National Congress would die if it failed to establish democratic socialism in the country within the next three years.

He told the Serva Seva Sangha that the Congress would not survive the next General Elections if it failed to establish democratic socialism in a peaceful way.

Sri Bhave asked the Serva Seva Sangha workers to shoulder the responsbility of establishing Gram Swarajya in the country, in which the State as well as other voluntary institutions might cooperate with each other. He said Gram Swarajya should be established before 1969, the birth centenary year of Mahatma Gandhi.

Students' Hunger-Strike

Mysore, Dec. 30

Four students, Ranganathan, Channiah, Nanje Gowda of Maharaja's College and Srinivas of Banumiah's College commenced 48-hour hunger-strike at 9 a.m. yesterday in front of the CrawfordHall, administrative office of the Mysore University.

The decision to go on hunger-strike in batches of four, was taken on Saturday evening at a meeting held at the Townhall compound, organised by the Mysore City College Students Action Committee, as a protest against the Government's action in not meeting their demand for restoration of fee scale to the level of last year.

Sri Ranganathan presided.

Sri Lakshmiah Reddy, Channiah, Srinivas and Abhaya Kumar addressed the meeting.

Dr. D. J. Davar, Vice-Chancellor of the Mysore University visited the hunger-strikers this morning and made enquiries about their health. He promised to placce the students' demands before the Syndicate.

Dr. B. G. Das, visited them yesterday evening and also this morning and examined them and found them healthy and cheerful.

A students' meeting, will be held today at 5 p.m. in front of the Crawford Hall.

At Bangalore, the second batch of four college students replaced the first batch on hunger-strike last evening in front of the Vidhana Soudha.

Relic Riot In Srinagar

Police had to use tear-gas and fire in the open to disperse hysterical crowds who set fire to two cinema houses and some buildings in Srinagar on Saturday. This was sequel to the loss of Prophet Mohammed's sacred hair from the Hazratbal Shrine.

A number of police officers and policemen were injured when the crowds began throwing stones at them. Half a dozen vehicles were destroyed in the fire. Fire fighters trying to control the flames were set upon and fire engines were burnt.

Yesterday lakhs of men and women took out processions to mourn the loss.

Curfew has been reimposed by the Government in Srinagar for another 14 hours.

ANNIVERSARY

Mysore, Dec. 30

The third anniversary of Sri Krishnarajendra Mills Workers' Union was held here on Saturday at the Townhall. Sri B. S. Channaraja Urs, Deputy Commissioner presided.

Sri T. V. Srinivasa Rao, Sri M.N. Thimmiah and Sri B.K. Puttiah addressed the gathering.

18 Years After

Doctors at the Hiroshima atomic bomb hospital have reported an increase in the number of patients suffering from cancer. 44 patients are in the hospital this year.

The report said that 41 patients died in the hospital this year. The deaths attributed mainly to leukemia and various types of cancer, included an 18-year-old girl who was born two days after the atom bombing of Hiroshima in 1945.

ACTION AGAINST CON-COMMUNIST AXIS

The President of the Bharatiya Jan Sangh, Sri Deva Prasad Ghosh yesterday called for concerted action by all nationalist forces against what he described as "the menace of the Congress-Cmmunist axis". "There is no time to lose. We must not wait till darkness has descended upon the land". he added.

Addressing the 11th annual session at Ahmedabad, Sri Ghosh suggested a two fold practical programme of concerted action. All nationalist parties should work in concert inside and outside the legislature on issues on which there was broad agreement between them. In electoral contests, they should come to an understanding so that "nationalist votes must not be split enabling the Congress to come to power through a minority of votes".

'Bearded' Vow By Students

Mysore, Dec. 31

The college students, at a meeting held last evening at the Oval grounds opposite to the Crawford Hall, took a vow not to remove their beard till their demands were fully met.

The meeting organised by the City College Students' Action Committee, was presided over by Lakshmaya Reddy.

Gurlingiah, Ramachandra, Satyanarayan, Muruli Krishna, Abhaya Kumar and others addressed the meeting.

There was great enthusiasm among the students to join the hunger-strike and hundreds had already given their names.

PLEA FOR RENAMING STATE

The 44th Kannada Sahitya Sammelan, which concluded yesterday at Siddaganga, has demanded that the State should be named Karnatak.

The conference urged that Kannada should be given more prominence in the Mysore and Karnatak universities and over All India Radio centres in Bangalore and Dharwar.

Special centres to train Kannada pandits and more finance to the Kannada Sahitya Parishat to run its Gamaka classes were sought by a resolution.

In urged that early steps be taken to see that Kannada occupied its rightful place in the administration of the State.

The conference requested the Government of Goa to encourage the Kannada schools and aid the Kannada bodies desirous of propagating Kannada language und culture in Goa.

Students Hunger-Strike Continues

Mysore, Dec. 31

The second batch of four students, Abhaya Kumar (Yuvaraja's College), Gurulingiah (Maharaja's College), K.R. Sathya Narayan and S.K Murali Krishna (Banumiah's College), replaced the first batch of hunger-strikers, today at 9 a. m. in front of the Crawford Hall. They will continue hunger-strike for 48 hours.

KAIRON PROBE IN PUBLIC

Sri S. R. Das, who is enquiring into the charges against Punjab Chief Minister Kairon, announced yesterday that the enquiry will be held in public.

He, however, said that if at any stage, he found it was rousing public passions and would vitiate the atmosphere and peace of the Court, he would reconsider the decision.

Government Warns Students

Bangalore, Dec. 31

The Government of Mysore yesterday warned the college students that such of those who fail to report to their classes on the reopening day after the Christmas vacation without adequate reason will be liable to be disqualified for freeship and scholarship concessions.

The Government will also not recommend condonation of shortage of attendance for such students.

K FOR PEACEFUL CONSTRUCTION

Soviet Premier Khrushchev has stated that 1964 could be "one decisive change for the better" in the international situation.

The Soviet Union, he said was prepared to develop "good-neighbour" relations with the United States.

In an interview, he said that the Soviet people were entering 1964 with "grandiose plans for peaceful construction. The American people, we believe, do not want war either".

He said: "President Johnson's stated intention to continue the policy of peaceful settlement of international problems, improving relations with the Soviet Union, and calling a halt to the cold war has been met with gratification in this country. We, too, are in favour of this".

MILL WORKERS' CONCERN

Mysore, Dec. 31

The annual general body meetingofSriKrishnarajendra MillsWorkers' Union, held here on Saturday, under the presidentship of Sri M. Shivanna, adopted a resolution expressing its profound sorrow at the tragic death of U.S. President Kennedy and the sudden demise of Sardar K. M. Panikkar, Vice-Chancellor of the Mysore University.

The meeting expressed concern over the Presidentship of K. R. Mills Labour Association by a Minister and urged the Chief Minister to see that the Minister gave up the post.

HOLIDAY NOTICE

The SAMACHAR Office will have a holiday tomorrow on account of New Year Day. Hence there will be no Paper dated 1-1-1964.

Mehta Refuses To Quit Party

The National Executive of the Praja-Socialist Party, yesterday passed a resolution requesting Sri Asoka Mehta to resign from the party as his acceptance of the Deputy Chairmanship of the Planning Commission and his assessment of approach to the present economic and political situation were not acceptable to the party.

Declining to abide by the party decision, Sri Mehta said: 'I am grieved at the decision. The decision wants to put me outside the pale of the party with which I have worked for 30 years. That cannot be".

He added: "Politics, neither of pride nor of prejudice, can be allowed to disturb the manifest destiny of the socialist movement. That is the only reply that I can give to the Executive's call to me".

Sri Mehta stated that "the country has been facing a number of difficulties: the fact of emergency under which we live is one phase of it. Economic development has slowed down and social defeatism spreads. Determined efforts are needed to restore to the country the dynamism of growth and change that we need so urgently. In this revival of efforts, the PSP has its part to play. Obviously, it can do little by itself in the face of the gravity of the problems. As a socialist force it has to work for the consolidation of these elements in the country to provide it with a determined direction. In this prevailing phase af stress and change agonising reappraisal becomes necessary".

World's Smallest Man Dead

Francisco Fernandez, believed to be the smallest man in the world, has deid at the age of 50 at Alicante in Spain.

He was not quite two feet tall. He was the father of three daughtere, all of normal height.

TECHNICAL EDUCATION

Prof. Humayun Kabir, Union Minister for Petroleum stated yesterday that the quantitative expansion of technical education in India, especially in the last five years, had been almost phenomenal. Admissions for the first degree had gone up from less than 7,000 in 1957 to 20,000 in 1963. In addition, many new courses had been introduced and in this Kharagpur Institute of Technology was a pioneer-which were formerly unknown in the country. All this was a matter of satifaction and yet quantitative expansion could not give the country the technological leadership which was required, unless continuous and sustained efforts were made to improve the quality of technical education and its products.

HEALTH EDUCATORS

Union Health Minister Sushila Nayyar yesterday called upon the medical profession to act as a "fanatical health educator" of the people.

She said sanitation and the provision of protected water supply should be given the highest priority in development Plans.

STUDENTS TO CONTINUE STRIKE

Mysore, Jan. 2

On the New Year Day, the college students here decided to continue their strike till their demand for bringing the tuition fees to the level of 1961 was fully met.

At a largely attended students' meeting held last evening, under the auspices of the College Students Action Committee, a resolution was adopted stating that "We will fight peacefully to achieve our legitimate demands without attending classes, come what may".

Mr. Channiah presided.

Messrs. Laksmiah Reddy, Ranganathan, Rama Reddy, Ramachandra and Jayappa addressing said that the Government threats to forfeit the concessions of freeship and scholarship holders if they failed to attend classes on the reopening day (today) would have no effect.

HUNGER-STRIKE

The third batch consisting of ten students, Krishniah, Venkataramanappa, Uthappa, Javare Gowda, Bettanna Gowda, Shivappa, Hombe Gowda and Neelakantappa (Maharaja's College) and Munaff and Thimmappa (Banumiah's College) replaced this morning the second batch of hunger-strikers before the Crawford Hall.

2-YEAR P.U.C.

A seminar of university administration held by the Inter-University Board has felt that to improve the standard, the Pre-University Course should be of two years and be treated as a preparation for the admission to the university.

It felt that the total period of 15 years would be much better than the period of 14 years, though it would be still lesser by one year as compared to foreign countries.

Parents' Support To Students

Mysore, Jan. 2

At a joint meeting of various political parties held last evening at the Townhall maidan, a resolution was adopted expressing the sympathy and support of the public and parents to the striking students.

The meeting presided over by Mr. M.N. Thimmiah, condemned the Government's attitude to the students' strike and charged that it did not wish to meet their just demands.

Messrs. Vedantha Hemmige, Somasundara Sharma, Chandrasekhar, and H.L. Srikanta Murthy addressed the gathering.

Mr. K. Viswanath welcomed the gathering. Mr. Chikkarangappa proposed a vote of thanks.

GOVERNMENT CLARIFICATION

Bangalore, Jan. 2

More than 17,000 of 45,000 college students in the State will not have to pay any tuition fees. In addition, about 6,000 students will get scholarships under various heads. Another thousand will get loan scholarships from the Government of India.

The Government of Mysore in a statement issued yesterday, explained that "As it is, the per capita cost of education at the university level is the highest in Mysore State. It is 0.75 lakhs in Mysore against 0.40 in Madras. The expenditure on higher education in Madras during 1962 63 was Rs. 134 lakhs while Mysore spent over Rs. 175 lakhs in the same year".

Help Rural Women, Nehru's Call

Prime Minister Nehru yesterday advised the All-India Women's Conference to extend its activity among the rural people and help the process of "bringing new ideas into their minds and to some extent modernising them". He hoped the influence of women in India would go towards promoting an atmosphere of peace in the world.

Speaking at the annual session of the conference, Sri Nehru said that the change in the status of women, though it had very largely been in the urban areas, was beginning to affect the rural masses. Laws and measures taken by the Government to improve the status of women were begininig to be acted upon in rural areas. Of the many things happening at present in the country one of the most promising and revolutionary was the spread of education among men and momen, specially women and girls in the villages.

1964 SHALL BE A GOOD YEAR

The world said goodbye to 1963 and welcomed 1964.

The Soviet Premier Khrushchev said 1963 had been a good year and he hoped that 1964 too shall be a good year. He said "1963 was a peaceful year and we hope that this will be an introduction to our struggle for peace in 1964".

Prime Minister Nehru in a message of greetings to the people of the Soviet Union said that an assurance of peace in the world depends upon general and complete disarmament "I hope this will make progress in the year."

President Jhonson told the Soviet Premier that he would work for the further improvement of U.S.-Soviet relations and said the American people and the Government had set the strengthening of peace as their highest purpose in the New Year.

SOCIAL WORKERS FOR ROOTING OUT GRAFT

Union Home Minister Nanda stated yesterday that it was only social workers and not the Government who could create the required moral climate of a clean society.

He said India could not progress faster if people felt that a few persons got away with the best by following evil methods.

The conference of leading voluntary and social organisations, which Sri Nanda addressed, decided to set up a joint Sadachae Committee for creating a moral climate in favour of anti-corruption measures.

NEHRU'S CALL FOR CUT IN CAR PRICES

Prime Minister Nehru yesterday called upon the Indian automobile industry to reduce the price of cars and improve their quality.

He said the automobile industry's difficulties was due to shortage of foreign exchange and he was afraid that foreign exchange would not be forthcoming in large quantities for this industry in the near future.

Sri Nehru said that the Government might enter the field of manufacturing passenger cars at a later date, though he could not say when. He felt that there was plenty of room for the public sector also to enter the field of passenger ear manufacture, as the demand for such cars in a vast country like India was great.

Emphasising the importance of improving the quality of cars, Sri Nehru said Indian technicians were good. He could not understand why India could not produce cars comparable to those manufactured elsewhere.

K's New Peace Offensive

Soviet Premier Khrushchev yesterday called for an international agreement renouncing the use of force for settling territorial or border disputes.

1964 Better Year

Sri Asoka Mehta, Deputy Chairman of the Planning Commission has prophesised that 1964 will be a better year in economic terms than the past year.

A better rice crop, increased output of other agricultural crops, higher industrial production and better implementation of development programmes throughout the country formed the basis of Sri Mehta's forecast.

Sri Mehta said for the first three years the economy was sluggish but "we were drawing out of it more and more for the purpose of investment". The results of past efforts to put the economy forward would be available either this year or the next.

SYNTHESIS OF OLD AND NEW

Addressing the 26th session of the International Congress of Orientalists at Delhi on Saturday, Prime Minister Nehru pleaded for a synthesis of the old and new to help us keep our balance in the modern world.

He said that ancient civilisation had some depth-something which even now had some meaning. The ancient way of thinking concentrated itself in knowing oneself, the knowledge of oneself internally. It was desirable to learn something of ourselves, apart from learning something of the outside world, because it "helps us keep the balance in the tremendous technological changes" of the modern world.

INFUSE CONFIDENCE IN PUBLIC: LAWYERS TOLD

The Chief Justice-designate of India, Sri Gajendragadkar yesterday, urged lawyers to remove the apprehension from the common man's mind that "whe ever there is power, there is corruption "

He said it was the duty of judges and lawyers to infuse confidence in the public about the fairness of judicial administration.

He advised lawyers to be incorruptible in every respect. He said corruption did not merely mean offering and receiving of bribes. That was a very narrow view. Corruption also meant doing something collaterally with ulterior and irrelevant considerations.

Sri Gajendragadkar warned lawyers against casteism and said ' As soon as caste and community considerations enter into the lawyers mind or trespasses into the judicial mind that is the worst form of corruption.".

India has rejected Pakistani protests against Indian steps to integrate Kashmir into the Indian Union as "an unwarranted interference in the internal affairs of India".

Democratic Path To Socialism

NEW CONGRESS GOAL

The Subjects Committee of the 68th session of the Congress, meeting yesterday at Gopabandhunagar, redefined the party's objective as "the establishment, by peaceful and constitutional means, of a socialist State based on Parliamentary democracy".

About 250 out of 550 AICC delegates were present at the meeting.

Some of the delegates attempted to secure a commitment in the objective clause to the removal of disparities, creation of an egalitarian framework of society and socialism within ten years. All the amendments were withdrawn or rejected.

The outgoing President, Sri D. Sanjivayya, inviting Sri Kamaraj to preside over the meeting said it was a good augury for the Congress that at a time when the Kamaraj Plan was being actively implemented, Sri Kamaraj himself had been elected as the President.

Sri Sanjivayya said that his tenure of Presidentship was one of "anxiety, excitement and rededication".

LAW COLLEGE CLOSED DOWN

WEEK-END TIME FOR STUDENTS TO MEND

Bangalore, Jan. 9

The Government of Mysore has decided to close the Government Law College, Bangalore, indefinitely from today, it was officially announced.

A Government spokesman said the Government may be "regretfully forced to close other colleges indefinitely if the students strike situation did not improve before the week-end.

Education Minister Kanthi said: "Government is sorry that if the colleges are closed the poorer strata of students will have to suffer the most".

As regards the demand of the students for reduction of tuition fees, Sri Kanthi explained that so far as the Government was concerned, there was nothing it could do.

The Government had already considered the demands of the students and the Chief Minister had made a statement in this regard.

The reduction of the fee increase was not the Government's concern. It was the concern of the University. The Government did not come into the picture at all, he added.

MAJOR KILLED IN MOB ATTACK

The camp commander of the Border Road Organisation, Major Dyebole yesterday succumbed to the injuries inflicted on him by a violent mob according to an official statement issued by the Assam Government.

It is stated that some labourers of the organisation while returning home from Aijal, after receiving their pay were robbed of their purses. The matter was reported to Major Dyebole and the suspect was caught and brought to the camp. The news spread in the locality and the village council members of Ambuk came and took away the person from the camp.

Meanwhile, a large number of people collected near the camp and demanded reasons for detention of the person. Seing tense situation, he got help from border security force. The mob became violent and attacked the camp.

Mysore, Jan. 9

The 'Mysore Bandh' day proposed by the City College Students tomorrow has been postponed to Jan. 13, following the decision of the State committee to organise statewise hartal on that day.

GIRLS FOR HUNGER-STRIKE

About 11 girl students have offered to go on hunger strike along with the boys. But the City Action Committee had advised them to start the hunger-strike separately in the compound of the Maharani's College with the police protection to avoid any trouble.

Today also the students continued their strike and held a meeting at the Townhall maidan.

PAT ON STRIKING-STUDENTS

The City Unit of the Socialist Party, meeting here yesterday, has congratulated the college students on their peaceful and disciplined agitation and condemned the indiffrent attitude of the Government for students' just demands.

The Party opined that the parents and the public could not view the students' agitation with indifferent. It was on economic problem affecting the parents and the society. As such the Party urged upon the Government to consider the issue sympathetically and solve it immediately.

The City Congress Committee finding the anxiety of the public over the college students strike, met a few student leaders yesterday had a discussion with them. The meeting authorised the office-beareas to discuss the issue with the Chief Minister and the Congress President.

Girls On Hunger-Strike

Socialism Without Class Conflict

Congress President Kamaraj yesterday called upon the people who had faith in the ideology of socialism and democracy to come together in the common task of building up a new society in India.

Delivering his presidential address to the 68th session of the Indian National Congress, in Tamil. at Gopabandhunagar, Sri Kamaraj rejected the view that socialism could not be achieved without uthoritarianism. He said "we hope we shall also be able to establish a socialist society without class conflict and dispel the popular belief that in a socialist State, men lose their national freedom".

He held out the assurance that Congress policies were not directed against private enterprise as long as the private enterprise is identified with individuals exercising initiative for the common objective of planned progress".

At the general body meeting of the Mysore Merchants' Co-operative Society held here on Sunday, the following directors were elected.

Messrs. P. Gopalakrishna Setty, K. Y. Ramaswamy Iyengar, B. Ramanna, B. Rajashekariah, A. Chinnaswamy, Kishorilal Gopaljee, L. Chaluviah, B.N. Nagaraja Setty, L. Ramiah, P.M. Channabasavanna, Erappa alias Chowdiah, P.N. Subrayappa, Ramniklal, R. Rangaswamiah and N. Nanjiah.

EFFECTIVE STEPS FOR CONGRESS POLICY

The subjects committee of the Congress yesterday unanimously adopted the resolution committing the party to the goal of democracy and socialism.

Sri Lalbahadur Shastri replying to the debate assured that the High Command would take effective steps to see that the programme was duly implemented.

The Central Parliamentary Board, he said, had hitherto been mainly concerned with settling disputes in the party. "But now, it will function in quite a different way. It will not be concerned with disputes alone but will also be responsible for implementation of the party programme".

SERVICE AND SIMPLICITY

Congress President Kamaraj stated yesterday that "the India of our dreams could be built with two simple tools--simplicity in conduct and service to humanity".

GRANARIES BURNT BY NAGA HOSTILES

20 granaries of 20 families. 38 houses and one primary school building and one temple were burnt down by a gang of armed Nagas when they raided and ransacked a village.

8 persons received bayonet wounds.

Mysore Bandh Postponed

Bangalore, Jan. 10

The Mysore University Students' Action Committee last night decided to postpone indefinitely the Mysore State Bandh day planned for Jan. 13.

The hartal and bandh called for, had been postponed as that might clash with the AITUC'S all-India demonstration.

The committee also announced the postponment of mass hunger-strike for indefinite period, but had been made it clear that hunger-strike in batches would continue.

ROTARY MEET

Mysore, Jan. 10

Sri M. G. Narasimha Swamy, Rotary Foundation Fellow for 1964-65, addressed the Mysore Rotarians last evening and spoke about his experiences in stage speaking.

Rotarian-President Vasudeva Murthy welcomed him.

PAK MISCHIEVOUS CRY

The Union Home Secretary Viswanathan stated yesterday that the relic of Prophet Mohammed, recovered by the Central Intelligence Bureau, was the genuine one and those demanding further identification "are speaking with the voice of Pakistan". He said such a demand would be in the interests of the "malicious, mischievous, false propaganda that Pakistan is doing in this matter".

Girls Join Hunger-Strike

Mysore, Jan. 10

Four college girls commenced 12-hour hunger-strike to-day at 7 a.m. in the compound of the Maharani's College.

11 girl students had offered to go on hunger-strike. But the Warden of the Maharani's College did not allow them to do so till they got their parents' permission.

Police are guarding the entire premises of the Maharani's College.

NAIK STAYS DRY LAW CHANGES

Maharashtra Chief Minister Naik stated yesterday that the proposal for manufacture and distribution of beverages with alcoholic content not exceeding 3.5 per cent from April would be postponed, including the liberlisation of permits.

The working committee has suggested that the enforcement of the changes in dry laws should be stayed till an all-India policy was evolved on the basis of the Tek Chand committee report.

Mysore, Jan. 10

As the fourth Centenary Celebrations of Sri Purandaradasa are fast approaching, Hampi and the environs of old Vijaya Vithala Swamy Temple and Sri Purandaradasa Mantap on the banks of the river Tungabhadra are putting on a festive appearance. The approach roads are being improved and new paths are being laid out. A huge pandal to accommodate about 10,000 people has been put up for the public function, in addition to sheds for feeding, catering and other purposes. Fifteen shop sites have been allotted.

Arrangements are being made for the comforts of the large number of visitors who are expected to attend the celebrations. Clorinated water supply, through taps spread over the places, has been arranged for the public. The whole site is being electrified. Necessary sanitary arrangements are being made. Special buses will ply between Hospet and Hampi, a distance of 9 miles from January 13 to 15. Sri Purandaradasa Commemorative Stamp, Commemoration Volume and other publications on Sri Purandaradasa will also be released on the occasion.

The music festival consisting of music and harikathas will start from 3 p m. on 13th and will continue on the next two days.

INDIA's NON-ALIGNMENT POLICY

The subjects committee of the Indian National Congress yesterday unanimously approved the resolution on international affairs seeking to establish socialism in the country by peaceful means and to promote and to serve the cause of international peace and co-operation.

The resolution also reiterated India's policy of non-alignment "as a constructive force in the lowering of world tensions and in the containment of the area of the cold war itself".

Girls' Vow Not To Wear Chappals

Mysore, Jan. 11

College girls in the City have decided not to wear chappals till their demands were met.

They have also decided to present a memorandum to the Governor of Mysore seeking his intervention.

Four college girls-M. S. Geetha (Manasagangotri), D. Geethadevi, B.S. Ramamani and Umabai (Maharaja's College) commenced 24-hour hunger strike in the compound of the Maharani's College.

Three students-- B.T. Madhava (Maharaja's), G. Prakash (Yuvaraja's) and Swamidas (St. Philomena's) commenced their fast unto death satyagraha in front of the Crawford Hall yesterday.

The sixth and the final batch of 29 hunger-strikers ended their fast yesterday morning.

BORDER TALKS FAIL

Talks between the Surveyors-General of India and Pakistan on the demarcation of the boundary in the Lathitilla-Dumabari area have ended in failure.

The Indian side suggested that a joint Indo-Pak survey team should go to the area for on the ground inspection but Pakistan refused to accept the suggestion. The Pakistanis would not even agree to hold another meeting or to record the minutes of the meeting which had already taken place. They left for Lahore.

'Mysore Bandh' On Monday

Mysore, Jan. 11

The City College Action Committee yesterday decided to observe 'Mysore Bandh' programme on Jan. 13 inspite of the State Action Committee's decision to postpone the Bandh day indefinitely.

The student-leaders are going round the city appealing to the public and merchants to co-operate with them in observing complete hartal on that day.

UGC AWARDS FOR COLLEGE TEACHERS

The University Grants Commission has selected 31 teachers for participation in its scheme of "utilisation of the services of the retired teachers for 1963-64".

Among them, four are from Mysore. They are Sri M Shivarama Shastry (Sanskrit), Dr. D S. Karki (Kannada), Sri V. Srinivasa Rao (English) and Dr. K. S. Venkatachalaiengar (Mathematics).

GOA's FUTURE

The Congress Parliamentary Board yesterday told the Goan delegates at the Congeess session that "Goa will remain a Union territory in order to give the people of Goa time to attain the necessary maturity and to decide, with equanimity, at a proper date, the final status of Goa".

HOMES FOR OLD AND ORPHANS

Mysore, Jan, 11

Smt. Yashodara Dasappa, Minister for Social Welfare stated at Mercara that homes for the old and orphans will be started in every district in the Fourth Plan.

As an experimental basis, three such State-aided institutions will soon be established in Mysore, Hassan and Coorg districts.

The Minister said that such composite institutions would enable old people and children to mix with each other.

MOB VIOLENCE IN W. BENGAL

Several persons were reported to have been killed and injured as a result of the incidents that flared up in different places in West Bengal in the last two days following disturbances in East Pakistan.

Stray cases of stabbing and arson were reported from a number of villages in Nadia and 24-Pargans districts and suburbs of Calcutta.

The West Bengal Government had issued orders to the police to open fire and disperse crowds indulging in looting, arson and violence. A dusk-to-dawn curfew had been clamped in many places.

One student died of bullet injuries sustained in yesterday's police firing in Garia area in Jadavpur police circle.

ENGG. STUDENTS ON STRIKE

BE VIGILANT, KAMARAJ'S CALL

Congress President Kamaraj in his concluding address to the 68th session of the Congress appealed to all Congressmen to forget their past differences and stand united. "When we are trying to prevent concentration of wealth in a few hands, those who are already in possession of this wealth will naturally oppose our efforts. Therefore, it is necessary for us to be vigilant".

Sri Kamaraj also called upon those who genuinely believed in the socialistic ideal to join the Congress to make a united effort to achieve the socialist goal.

COMPLETE HARTAL IN MYSORE CITY

Mysore, Jan. 13

The 'Mysore Bandh' organised by the City College Students' Action Committee today was a complete success.

The entire city responded to the call of the students and all shops, hotels, cinema houses, petrol bunks, markets were closed from the early morning itself without anybody's pressure.

A mammoth procession of students including a large number of girls was taken out from the Crawford Hall this morning. It was orderly ond peaceful.

Later the students held a meeting at the Townhall maiden, where they declared that they would not end strike until their demands were met.

Girl's Hunger-Strike

Mysore, Jan. 13

The second batch of five girl students, Sudha, Saroja, Gundamma, Parphulla and Vasantha of Maharani's College commenced their 48-hour hunger-strike yesterday morning in the compound of the Maharani's College. The first batch of four girls ended their fast at the same time.

Smt. Soundaramma Venkatesh, the Municipal President yesterday called on girl hunger-strikers and enquired about their health.

SYMPATHY FOR STUDENTS

Mysore, Jan. 13

The Mysore branch of the All-India Trade Union Congress, at a public meeting held here last evening expressed support and sympathy to the striking students.

The executive committee of Sri K.R. Mills Workers' Union, which met here yesterday under the presidentship of Sri M. Shivanna, extended its full sympathy and support to the college students who are on strike.

The meeting approved the decision of Sri K. Puttaswamy, former President of the Union, that if the present situation continued he would resort to fast unto death satyagraha before the Crawford Hall.

Sri Srikanta Sharma, municipal councillor has requested the President to call an emergent meeting of the Council to chalk out suitable course of action for bringing about amicable settlement between the students and the Government.

PURANDARADASARA DAY

Mysore, Jan 13

The Fourth Centenary Celebration of Shree Purandara Dasa will be celebrated tomorrow at 6 p.m. at the Town Hall.

Lectures on the life and work of this great Sait and Composer, and singing of Purandara Dasa's songs have also been arranged on the occasion.

C.M.'s Appeal Rejected

STRIKE TO CONTINUE

Bangalore, Jan. 13

Chief Minister Nijalingappa's personal request and appeal to the college students to leave their demand for reduction of tuition fees to the level of 1960-61 to him and return to classes immediately, did not have any effect.

The Chief Minister yesterday had two-hour discussions with the Students Action Committee.

Despite his telling students "you will not be sorry if you take my advice and you can take it as a hint", the members of the action committee said they would carry on their strike till the Government met their demand.

The Student representatives told the Chief Minister that they would carry on the agitation and strike for the next three days in the disciplined way in which they had been carrying on so far and that the Chief Minister could, as indicated by him, announce the Cabinet decision on their demand on Jan.15, when it is scheduled to meet.

Army Take Over Calcutta Riot-Areas

The army and the police were forced to open fire on atleast 50 times in one area along Entally and Beniapukar in Calcutta to disperse miscreants

The tempo of arson and looting began to arise in spite of the round-the-clock curfew in the worst affected areas.

The army last night took over full command of the disturbed areas in Calcutta to deal with the deteriorating situation

Announcing this, Union Home Minister Nanda stated yesterday night that hooligans should be made to understand that they suffer more and no mercy should be shown to them.

Indefinite Strike

Mysore, Jan. 13

Three students, Madhava, Prakash, and Swamidas, who are on an indefinite hunger-strike since Jan. 10 at 5 p.m. in front of the Crawford Hall are quite cheerful.

STUDENTS NOT GUINEA PIGS

Union Education Minister Chagla stated yesterday that students were not guinea pigs to be experimented upon in a politician's laboratory. The harful consequence of a mistake in the field of education were irrevocable. The harm done to a particular generation of students by such meddling could never be undone.

He warned that a sudden change-over from English to regional langugages in the instruction medium would result in a sharp fall in standards, particularly in the field of science. This would be disastrous. "We do not want a day to come when we will need interpreters to interpret one Indian to another".

WEALTH IN FEW HANDS DANGER TO DEMOCRACY

Congress President Kamaraj stated yesterday at Madras that concentration of wealth in a few hands, if allowed to continue, would lead to frustration among the people and endanger democracy itself.

He said democratic socialism, which the Congress defined at its recent Bhubaneswar session, was aimed at breaking up this concentration and preserving democracy in the country.

PSP NOT JOINING CONGRESS

Sri S. M. Joshi, Chairman of the Praja-Socialist Party yesterday rejected the invitation by Congress President Kamaraj to the party to join the Congress.

He said the party rallied on the strength of the workers and it could not fall a prey to the pseudo-socialistic approach of the Congress

Sri Joshi commenting on the Democratic Socialism adopted by the Congress session said that a "show down" in the Congress organisation was inevitable if the socialists inside the party continued to persist in Democratic Socialism. He said the two extreme views were manifest from the marathon discussions.

Ending Juvenile Beggary

The Government of India have launched a new scheme for the control and eradication of juvenile beg gary and vagrancy in large cities.

The scheme, to be launched in the first instance in the cities of Bangalore, Delhi, Calcutta, Bombay, Madras, Kanpur, Hyderabad and Ahmedabad with the cooperation of the State Governments, seeks to provide non institutional services in all such cities where Children Acts are in force and where there are Probation Services.

These non-institutional services would consist of counselling and guidance, training-cum-production centres and home visits and suitably organised recreational activities. It is proposed to pay stipends to the trainees who are given part-time employment in these production-cum-training centres. Each city which is taken up is to have a central office and a number of units. A unit is expected to serve a population of half a million

COLLEGE STUDENTS' STRIKE ENDS

Homage To Purandaradasa

The Governor of Mysore, Sri Jayachamaraja Wadiyar on Tuesday made a fervent appeal for urgent research into the compositions of Purandaradasa so as to make available his many gems that were not in our possession today.

He was inaugurating the fourth centenary celebrations of saint-composer at Hampi.

The Governor said that out of 4,73,000 compositions, a large number of them were missing. It was, therefore, necessary that the devotees took up urgent research.

More than 20,000 devotees attended the celebrations.

Paying tributes to the saint, Sri Wadiyar said simplicity and grace were the keynote of his music and this explained why it had lasted through the generations in never fading glory.

Chief Minister Nijalingappa who presided, appealed to the members of the saint's compositions as the beginning of their efforts in this direction. He assured all possible State support for such work and for similar celebrations of other saints and philosophers of Karnataka.

Earlier, a huge portrait of Purandaradasa was taken in a mammoth procession around Hampi.

Govt. Meets Students' Demands In Full

Bangalore, Jan. 16

The 35-day college students' agitation ended last night, following the Government announcement to meet the students' demands in full.

Chief Minister Nijalingappa announced after the Cabinet meeting, that the Government had decided to reduce the tuition fee to the level of 1960-61, for this year only, for all colleges in the State, including those in the Karnataka University jurisdiction.

He also announced that the Government had decided to constitute a committee very soon to go into the entire question of the fee structure.

The committee, which would have experts and educationalists, would be asked to submit its report by April, so that its recommendations could be implemented from the next academic year.

After the Cabinet meeting, the Chief Minister straight walked to the four students, who were on indefinite hunger strike and appealed to them to give up fast as the Government had decided to meet their demand in full.

The students thanked him for the gesture and the hunger-strikers ended their fast immediately.

The Mysore University Students' Action Committee which immediately met after the Chief Minister's announcement, announced calling off the strike and all other agitations in the erstwhile Mysore area.

The committee expressed its profound thanks to the Chief Minister, Ministers, citizens committee, public, press, various political parties and police.

Students Did Not Attend Classes

Mysore, Jan. 16

The city students' meeting held this morning at Crawford Hall to celebrate the victory was divided into two groups. One section wanted to end the stike and attend the classes. But the other section said that since the concession was only for this year, they should continue agitation. Hence students did not attend the classes today.

A group of student leaders left for Bangalore to consult the State Action Committee.

ARSON, LOOTING IN DACCA

Arson and lootieg had been reported to Nawabpur and Wari areas of Dacca town on Tuesday night and on one occasion, the police opened fire on a riotous mob indulging in looting near Nawabpur level crossing.

The hooligans set fire to staff quarters of two cotton mills. The police dispersed the crowd after firing. Police and soldiers were patrolling the riot-hit areas.

Birth Control Pills Successful

Oral contraception has proved "strikingly successful" among simple-minded as well as among intelligent women, stated Dr G. Sawyer, consultant at London's University College Hospital.

He said the birth control pill, taken regularly, had proved entirely reliable for preventing conception, despite difference between patients and products in various parts of the world.

PRAISE FOR ARMED FORCES

President Radhakrishnan in a message of greeting to the Indian Army on the occasion of "Army Day" on Wednesday said: "All ranks of the Army can rest assured that the entire nation is conscious of its responsibility for their welfare".

Defence Minister Chavan said that the people of the country have faith and confidence in the ability of India's Armed Forces to repel aggression. "I am sure that the jawans and officers of the Army would fulfil the high expectations of our people".

Calcutta Returns To Normal

Union Home Minister Nanda stated that owing disturbances 52 persons were killed in Calcutta and 57 in the districts. Nine in Calcutta and 52 in the districts were Muslims.

He said in the riot a total of 438 were injured, 325 of them in Calcutta only.

About 7,000 persons had been arrested in Calcutta and other places

The Home Minister said though the situation has returned to near normalcy no risks would be taken and hooligan elements would be rounded up.

About 6,000 riot victims have returned to their homes.

HOUSING FUNDS NOT USED

More than a quarter of the funds allocated for housing in the State sector is expected to remain unutilised at the end of Third Plan.

The State Governments are likely to utilise only Rs 55 crores by the end of the Plan out of Rs. 80 crores allocated for Housing in the State sector.

Fee Reduction

Bangalore, Jan. 17

The Government of Mysore yesterday announced officially the reduction of tuition fees to the level of 1960-61 in arts, science and commerce colleges affiliated to Mysore and Karnataka universities for this year.

The official communique made it clear that the difference between the fees paid by the students and the standard fees prescribed by the universities will be met by the Government as a special fee remission (about Rs. 50 lakhs).

It was made clear that fee remission would not apply to Engineering and Medical Colleges in the State.

In regard to the Government Engineering College at Davangere (the only Government Engineering College), it was explained that the fee scale was revised in 1959-60 and it was given effect to in 1960-61. The University Engineering College at Bangalore might have increased the fee scale prevailing in the only Government Engineering College at Davangere.

As regards private colleges, other than professional colleges, it was open for them to avail of the offer of compensation made by the Government to reduce the fees and the loss would be reimbursed by the Government.

Calcutta Back To Normal

There was improvement in the situation in the riot-hit Calcutta and suburbs yesterday. No further incident had been reported from anywhere in the districts.

Chief Minister Sen said that a large number of displaced persons had returned to their homes.

A further relaxation by one hour in the morning in the existing 14-hour curfew in Calcutta was announced.

The number of people killed during the disturbances in West Bengal was 163.

Joint Peace Appeal

PRESIDENT ASKS AYUB

President Radhakrishnan has appealed to Pakistan President Ayub Khan to agree for a joint appeal to be made by them to the peoples of India and Pakistan to maintain communal harmony.

The President has sent a draft to the Pak President.

India has also urged Pakistan to agree to hold a conference in the next three or four days of the Home Ministers of the two countries and the Chief Ministers of West Bengal and East Pakistan to devise measures for restoring the communal harmony in the sub-continent.

This proposal accompanies Dr. Radhakrishnan's reply to President Ayub Khan's communication containing unwarranted insinuations and allegations against India. He has refuted Pak's allegations about India's attitude to the minorities and has reminded Ayub Khan that the Calcutta developments followed the disturbances in Khulna and other places in East Pakistan.

RAJAJI'S VISIT

Mysore, Jan. 18

Sri C. Rajagopalachari, the founder-leader of the Swatantra Party will visit Mysore on Feb. 4.

New Railway Bridges Commissioned

Mysore, Jan. 18

Three new major railway bridges across the Cauvery near Srirangapatna on the Mysore-Bangalore line were commissioned yesterday.

Due to heavy traffic and use of heavier engines, the old bridges built as far as 112 years ago, were found unserviceable.

Out of the three bridges, two were pre-stressed concrete design.

The construction of new bridges at a different site, necessitated the resiting of Srirangapatna and Paschimavahini stations. The entire cost of the scheme was Rs. 33.5 lakhs.

Sri V. K. Sthanunathan, Divisional Superintendent, Southern Railways, Mysore, who formally declared open the new station at Srirangapatna, explained the improvements made in the station, like the spacious third class waiting hall, an upper class waiting hall, shower bath facilities and a refreshment stall.

He said that the old bridges would not be dismantled but handed over to the Srirangapatna municipality, free of cost.

Sri Samullah, Divisional Engineer, proposed a vote of thanks.

A party of pressmen from Mysore were taken across the new bridges in a trolley.

Freeze-Dried Food

Jawans serving on the northern borders will be able to have their food fresh and rich at all times without having to undergo the long and tedious process of cooking on the spot.

This has been made possible by the adoption of the technique of accelerated freeze drying by the scientists of the Research and Development Organisation of the Defence Ministry.

Calcutta Normal

The situation in Calcutta and suburbs continued to remain normal for the third day and no incidents had been reported from any curfew-bound part of the city and the districts.

Army and police pickets however continued to maintain strict vigil throughout the city and the affected parts in the districts.

5 KILLED IN POLICE FIRING

Five persons were killed yesterday when police opened fire on rioters in Dacca and Narayanganj, an industrial area near Dacca. Fire was opened to disperse violent crowds attempting to set fire to buildings and loot roadside shops and houses.

Strike Ends

Mysore, Jan 18

The College students of the city meeting at the Townhall today under the presidentship of Sri Javare Gowda have decided to discontinue the strike.

Attendance Improving In Colleges

Mysore, Jan. 18

Although there was split among the City college students for the continuance of strike, in many of the colleges today, excepting the St. Philomena's and the Banumiah's, attendance of students was reported to be more than 40 per cent.

The students of Mysore City were demanding that the fee reduction to the level of 1960-61 granted for this year should be made permanent and applicable also to the professional colleges.

A DROP IN THE BUCKET

Prof. Vylegzhanin, an eminent Soviet physician stated yesterday at Delhi that though he did not completely agree with the American doctors' view about the connection between cigarette-smoking and the incidence of cancer, he believed that there was "a drop of truth" in that view.

He said the inhalation of fumes of motor spirit and the generally befouled air in cities might well be major cause of cancer and it would, in that event, be pointless to single out cigarette-smoking as the main culprit.

NEHRU IMPROVING

Prime Minister Nehru yesterday spent another restful day and there has been considerable improvement in his health.

GOVT. TO TAKE OVER WATER SUPPLY

Bangalore, Jan. 17

Rich Will Be Taxed More

Union Finance Minister Krishnamachari hinted yesterday at the reimposition of expenditure tax and increase in rates of estate duty and wealth tax in the Union budget proposals for the next financial year.

He also hinted at giving relief to the working classes of the country who earned their livelihood with the sweat of their brow.

The Finance Minister referred to the evasion of taxes and concentration of wealth and added that a labourer was entirely to retain his earned wealth, but those who had acquired it by accident had no right to cling to it.

Similary, the professional people may give away some of their wealth, but they could not be expected to fritter it away leisurely.

He hinted at further tightening of the tax machinery by stating that out of every ten persons paying tax, only four paid them in full. He emphasised that every individual in the society had to sacrifice a part of his earning to build up a socialist country.

Scanty Food Stocks

Bangalore, Jan. 21

The Wholesale Rice Merchants Association has warned that the present stock position of rice in the city godowns was bad enough to cause alarm to the entire State if immediate steps were not taken to remedy the situation.

It has urged the Government to take immediate steps to distribute the stock stored during the previous year.

Owing to the order of the Central Government under which the Andhra dealers were given export permits to book the goods to other States on production of a certificate by the grain purchasing officer, the millers and the other rice dealers there had to surrender 40 per cent of the stock to the Government. This had directly hit Mysore,which depended largely on Andhra for rice imports.

The association also complained that co-operative societies in Mysore State had sold all the rice stock stored by them, according to their whims and fancies at higher rates, misusing the loans advanced by the Government during the last harvest season to buy the rice in the open market for holding the price line.

NITTOOR BECOMES VIGIL PANEL CHIEF

The Government of India has appointed Sri Nittoor Srinivasa Rao, retired Chief Justice of Mysore High Court, as Chairman of the Central Vigilance Commission.

He will hold office for six years and will not be entitled to hold any other office after retirement.

Sri Rao expects to assume office early next month.

The Commissioner will entertain specific complaints against Government servants and probe them through the investigating agencies. He is to report to Parliament on his work.

SCIENTIFIC RESEARCH

India's Defence Minister Chavan yesterday stressed the importance of international cooperation in the field of scientific research.

FREEZE NUCLEAR VEHICLES

The U.S. President Johnson in a message to the resumed disarmament conference at Geneva, stated "the best way to begin disarming is to begin" and said that America was willing to consider any reasonable proposal.

He proposed a "freeze" of the number and characteristics of nuclear vehicles, offensive and defensive, which should be verified. Such an agreement would open the path to reduction in all types of forces.

"Today your search is beginning anew in a climate of hope. Let us pray that the tide has turned, that further and more far-reaching agreements lie ahead", he added.

MYSORE POLITICS

Bangalore, Jan. 23

Sri K. Hanumanthaiya, former Chief Minister, stated yesterday that "my policy has all the time been to differ with people on some important issues, but not to develop dissatisfaction against persons. Besides I am considering Mysore politics in the background of India politics as a whole. I am now at a state of meeting people nnd studying the situation. I have not come to any decision as to what I should do in State politics".

He was commenting on the recent statement of Sri T.Subramanya, favouring, dissident Congressmen starting a parallel organisation.

Sri Hanumanthaiya was of opinion that the next general elections would clean the "Augean Stables' in Mysore State politics. "Until that time I see no prospect of bettering the conditions even if there is a change in the Ministry".

Heritage Of Tolerance

Prime Minister Nehru, in a message to the people of India has appealed to them to maintain calm and refuse to be provoked by the happenings in East Pakistan which "have naturally shocked and upset us".

He said, "we have had distressing news of happenings in East Pakistan in the past few days in which lives of many innocent men, women and children have been lost. These have naturally shocked and upset us. I hope that our countrymen will maintain calm and refuse to be provoked by these events. Such restraint will be in keeping with the age-old tradition of tolerance which is our most precious heritage.

"Whatever happens elsewhere, citizens of India should prove themselves worthy of their heritage and discharge their sacred duties to live in amity and good will with their fellow citizens, whatever be their religion or faith. In that way alone, we can prove ourselves worthy of our heritage and the confidence Mahatma Gandhi, our leader, reposed in us, and of our dedication to the principles of freedom, democracy and our secular State," he added.

Work Hard For Brighter Future

PRESIDENT'S CALL TO PEOPLE

President Radhakrishnan has called upon the people to rededicate themselves to "the ideals that have sustained this country in the past and to the completion of the unfinished task of building a brighter future for our people".

In a broadcast to the nation on the occasion of the Republic Day, the President said: "This can be achieved if all of us work together with determination, unity and character".

Stating that democracy was as much a discipline as it was a privilege, he said: "The recent unrest in some parts of the country is traceable to feeling held that the functioning of our democratic and administrative processes is not as clean as it shoold be".

Factionalism and groupism in politics and loyalty to caste, clan and community had sometimes led to improper decisions taken and discontent was the result.

"We have to guard against the mistakes of a few being visited on the many. If faith is to be preserved in the principles of democracy, corruption in our public life has to be eliminated. It would be well to recognise that tolerance of our society for weak, inefficient and unclean administration is not unlimited", he added.

Higher Food Target

The top experts in the Union Government says that food targets should attempt at between 115 to 120 million tons by the end of 1970.

The current target of 100 million tons for the Third Plan is unlikely to be achieved, but officials hope that a minimum production of some 95 million tons of food-grains can be achieved towards the end of Plan period. But higher targets are essential, the experts feel, if the country is to keep pace with its annual 2.4 million increase in population. At the same time, the minimum nutritional level for the millions must be ensured.

To achieve a higher target, the Planning Commission and other experts have urged that a sharply rising investment is essential to ensure better results. Food production programmes should not be hamstrung for lack of finances.

The Planning Commission has decided that at least 25 per cent of the irrigated area in the country should be immediately covered by the intensive production scheme. In all some 1,500 blocks need to be covered by the end of the Third Plan and a beginning is to be made this year by covering some 300 blocks.

Wealth Pools Should Go

Sri Shriman Narayan, member of the Planning Commission stated yesterday that the fourth plan would be "minimum income and employment oriented" and would make definite recommendations to reduce concentration of economic power in the urban areas.

The Planning Commission, he said, was now giving consideration to the urgent need for lessening concentration of economic power in the urban areas. Of late, a new class of rich contractors had emerged owing to large-scale construction activities both in the public as well as private sectors.

To ensure minimum levels of living to the masses, Sri Narayan said, it would be necessary not only to step up production at a much quicker rate but also to alter and reorient the patterns of production both in agriculture as well as in industry. It was estimated that at present more than 60 per cent of the peasants possessed land-holdings under five acres. These small peasants could be helped to augment their productivity only through cooperative methods.

It must be conceded, he said, that the scheme of co-operative farming so far had not been able to make a visible impact on the pattern of farming in India.

Lovers' Death Pact ?

Mysore, Jan. 28

The bodies of Venkatachaliah, a conductor in the Mysore State Road Transport Corporation and Manoharamma, a midwife, were found on the pial of the latter's residence in Kyathanahalli, 20 miles from here, on Sunday, under suspicious circumstances.

Venkatachaliah is reported to be a married man with two children.

The Mysore Taluk Police are investigating the case.

PAK RIFLES AMBUSH INDIAN RIFLES

Two members of the Indian Border Security Force patrol party were injured and one havildar missing following an ambush by an East Pakistan Rifles party on the Garo Hills (Assam)-Mymensingh (East Pakistan) border.

The East Pakistan Rifles party, it is reported, chased a group of people belonging to the minority community who had left their homes in East Pakistan and crossed over to Indian territory in the Garo Hills. The Pakistanis, after a scuffle with the migrants, entered Indian territory and ambushed the Assam Border Security Party.

The Planning Commission was, therefore, studying the possibility of introducing certain changes in the scheme of cooperative farming to make it more practical and attaractive.

Increase In Price Level

COLOMBO PLAN REPORT

A Colombo Plan review of the economic situation in India in 1962-63 says the entire framework of the Government's economic policies in the year had to be re-oriented towards meeting the challenge posed by the Chinese attack.

The review says: "Mobilisation of resoures has now to be carrird out with a view not merely to pressing ahead with planned development but also to enabling India to bulid up an adequate defence."

Taking the year as a whole, there was an increase of 3.6 per cent in the price level in contrast to an almost equal decline in 1961-62. The foreign exchange reserves declined only marginally over the year. While agricultural production declined, industrial production increased by 8 per cent, compared with an increase of 6 per cent in 1961-62.

Although the Balance of Payments situation has shown some improvement, the underlying payments position still remains difficult. The pressure on prices has been a matter of considerable concern.

Engg. College Fees

GOVT. SHOULD DECIDE

Mysore, Jan. 29

The Mysore University Syndicate yesterday considered the question of reduction of tuition fees in the University Engineering College as demanded by the students and understood to have come to the conclusion that it was left to the competence of the Government to reduce the fees.

The Syndicate opined that since the question of reducing the fees had almost been conceded by the Government for all faculties except engineering, it was only a technical matter involving financial implication and coming under the orbit of the Chancellor. Since the Chancellor was the Governor, he was guided by the Government. The Syndicate therefore decided to refer the matter to the Government.

Bomber gonafire

RUSSIA'S CALL

Russia yesterday proposed a nine-point plan, including the destruction of bombers, to the Geneva Disarmament Conference.

The Soviet delegate said: "What the Soviet Government means is the destruction of all kinds of bombers of all countries. We mean all bombers that are now operating or on the production line or on the drawing board".

Varsity Exams. Postponed

Mysore, Jan. 29

The Mysore University Syndicate yesterday decided to postpone the university examinations excepting B.Ed. from March to April 1.

As regards the condoning of the attendance during the strike period, the Syndicate decided to extend the term till March 15 and 75 per cent of the attendence prescribed under rules would be considered, ignoring the strike period. This concession would apply only to the strike-affected colleges.

College Fee Panel

Bangalore, Jan. 29

Dr. A. Lakshmanaswami Mudaliar, Vice-Chancellor of the Madras University, heads the three-man committee constituted by the State Government to go into the question of uniform structure of college fees, salaries and also student discipline.

The other members are Dr. D. C. Pavate, Vice-Chancellor of the Karnatak University and Prof. Daver, Vice-Chancellor of the Mysore University.

The committee is expected to submit its report before the first week of May.

U.S. SHOULD ARM INDIA

The United States Defence Secretary, Mr. Robert McNamara told Congress yesterday that it was in the United States' interest to improve the quality of India's defences against the Chinese Communist threat.

Canada-Mysore Food Project

Canadian Prime Minister Lester Pearson has agreed to become Vice-Chairman of the Canada-Mysore project, Canada's main contribution to the World Campaign Against Hunger, sponsored by the FAO.

The project is designed to fight hunger in the countries of South-East Asia and provides for the creation of a training centre in Mysore City for students from the countries concerned. They will be taught practical methods of food conservation and distribution.

The centre will be located in the Food Technological Research Institute, Mysore.

Rev. Fuga Dead

Mysore, Jan. 29

Rev. Fuga, former Bishop of Mysore, died on Monday at Paris due to heart attack. He was 77.

Nominated in Feb. 1940, the Rev. Fuga served as Bishop of Mysore till Sept. 1963, when he left for Rome to attend the Roman Catholic Council.

He also served as the Professor of French in Mysore University in 1926.

Rev. Fuga was associated with the St. Philomena's shrine in the City for 11 years as its parish priest.

All Roman Catholic institutions in the City were closed yesterday as a mark of respect.

MAHADESWARA JATHRA

The Mahashivarathri jathra at the Mahadeswara Hills will be held from Feb. 8 to 14. The Deputy Commissioner has declared the whole of Kollegal taluk as Cholera infected area and those persons attending the jathra are required to get themselves inoculated in advance.

PILGRIM CENTRE DESTROYED

Langalbandh, a Hindu pilgrimage centre, situated on the banks of the River Brahmaputra near Dacca, suffered heavy damage in life and property during the recent communal riots.

There was heavy loss of life and property in the Dhakeswari Cotton Mills in Narayanganj in East Pakistan.

50 Ed. Bodies Dissolved

EFFICIENCY DRIVE BY CHAGLA

Union Education Minister Chagla has dissolved about 50 committees and councils set uy by his Ministry over the past years as a measure of both economy and efficiency.

He was of opinion that where the Government itself could take decisions straight away, matters should not be remitted to committees which took a long time to complete their work. He also felt that Parliament should be taken more and more into confidence and that too many committees did not serve the purpose beyond leading to procrastination of shelving of issues.

There were 120 committees with a total membership of 2,000 and officials had 700 places on these bodies.

Sri Chagla has decided that in future, except for selected fields requiring special attention, the Central Advisory Board of Education would remain the principal advisory body for the Ministry. The State Education Ministers' Conference would be reviewing and the implementing body at the highest level. He has also decided that on matters requiring the consent of States, he would personally correspond or meet State Chief Ministers or Education Ministers.

INDIA CHEATED IN NUCLEAR PLANT

The U.S. Senator Chet Holifield, Chairman of the Joint Congressional Atomic Energy Committee stated yesterday that he was unhappy about a sharp difference in costs between a nuclear power plant being built in India with U.S. aid and a domestic plant planned at New Jersey.

He said the cost of a 400,000 k.w. electric generating plant at Tarapur in India for which the General Electric Company was the successful bidder was about 302 dollars per kilowatt of installed capacity, where as for New Jersey plant, the cost was 132 dollars per killowatt of installed capacity.

OPEN DOOR TO PAK HINDUS

The Government of India has decided to relax on "compassionate grounds" the conditions for grant of migration certificates to those members of the minority community in East Pakistan who seek to come to India.

Union Home Minister Nanda stated at Calcutta that the decision had been taken on human consideration because the Hindus in East Pakistan were living in conditions of extreme peril and insecurity. But he warned against unlimited flow of refugees and said "the practical limitations in this respect will, of course, have to be always kept in view".

Andhra C.M. To Resign

The Chief Minister of Andhra Pradesh, Sri N. Sanjiva Reddy has sought the permission of the Congress President to vacate his office in view of the remarks made by the Supreme Court in its judgment quashing the three schemes of the Andhra Government nationalising the motor transport routes in Kurnool district.

He said: "Since the Supreme Court, which is the highest judicial body in the country, has cast some doubts (about his motives), I personally feel that I should respect the decision and vacate my office".

The Supreme Court had remarked that the allegation made by the private operators that the Chief Minister was motivated by bias and personal ill-will against them stood unrebutted.

The Chief Minister said: "I do not want to wait for technicalities or legalities. I must establish a healthy tradition. But I am not an individual. I belong to a party. I must, therefore, take the permission of the Parliamentary Board. Whatever may be my own personal opinion, the traditions must be healthy".

CORRUPTION MENACE TO RULE OF LAW

Sri P B.Gajendragadkar, Chief Justice-designate of India, stated yesterday that it was not only the existence of corruption in high places of power but the feeling of the common man that such corruption existed that constituted a menace to democracy and the Rule of Law.

He said this feeling, whether justified or not, constituted a grave weakness in the body politic, which retarded the effective implementation of socio-economic policies and exposed the Rule of Law to grave risk.

Ruthless punishment of those who were guilty was essential if the public confidence had to be restored in the smooth working of the Rule of Law and in assuring the success of democracy in the country.

Sri Gajendragadkar said that law attached significance and importance to individual freedom for the full development of human personality, and so, law refused to recognise the State as an idol and individual citizens merely as tools intended to serve the purpose of the State. Even so, law could not allow to idolize the claim of individual liberty either. Law had to adopt a pragmatic approach and find out rational and harmonious solutions from time to time.

RUSSIA SNUBS PAKISTAN

The Soviet Union has told Pakistan in categorical terms that the Soviet policy on Kashmir is crystal clear, namely, that it regards Kashmir as an integral part of India.

This reiteration of the Soviet stand on Kashmir is made in the Soviet reply to President Ayub Khan's letter to all heads of Government seeking their support for Pakistan's move for a Security Council debate on Kashmir.

U. S. PLANE SHOT DOWN

A U. S. plane intruding into the air space of the German Democratic Republic (East Germany) was shot down yesterday. Three bodies of servicemen were found.

The Soviet Government had lodged a protest against the intrusion of the U. S. war plane in East Germany

NO KASHMIR PROBLEM

Sri M. C. Chagla, Union Education Minister and leader of the Indian delegation to the Security Council stated yesterday at Bombay that there was no Kashmir problem. It was a domestic issue and no outside interference would be permitted.

He said the approach of Pakistan to the Security Council was purely agitational and it was a part of continuing propaganda against India.

SECURITY COUNCIL

The U.N Security Council will meet on Monday to discuss the Kashmir question.

No Defacing Of Notes

Some banks, business houses etc, it would appear, put their rubber stamps or signatures or obtain the signatures of their constituents on Currency and Bank notes. The public also sometimes deface notes by scribbling on them. Such practice shortens the life of Currency and Bank Notes. This results in increased expenditure on the import of paper and on the printing of notes required for replacing the defacad notes. In the interest of national economy, the banks, business houses and the public are advised to refrain from scribbling or affixing stamps etc. on the notes.

NO SEGREGATION OF INTERESTS

GOVERNOR TELLS NEW CHAMBER OF COMMERCE

Mysore, Feb. 1

Inaugurating the Chamber of Commerce and Industry, here at the Sports Club, last evening, the Governor, Sri Jayachamaraja Wadiyar stated that in the complex economy of the present day there could be no segregation of the interests of business from the interests of the community at large.

The Governor emphasised that an intelligent and responsive understanding of the needs and intersts of the public would enhance the prestige and usefulness of such organisation.

He would further like to place before them the qualities which were said to distinguish business association in India. They were, restrained criticism of policies, objective analysis of economic conditions and problems, a pragmatic approach to possible solutions and remedies and moderations in the presentation of demands for relief and redress.

Sri Wadiyar was confident that as the Chamber gradually gets its stride, it would see Mysore placed on the industrial and commercial map of the country, its economy resurgent with a new life and its transport and communications expanded and realigned to serve the growing needs of a rapidly developing region.

He said Mysore City and its environs had considerable industrial and commercial potential and he was confident that the process of development would receive an added impetus by the formation of an organisation like the Chamber.

The Governor was glad that the response of the local business community to the new Chamber had been good and they were able to enrol hundred permanent members.

Though the Governor was present he did not deliver his speech owing to indisposition. His Secretary, Sri D.J. Balraj read the speech.

Mysore, Feb. 1

Labour and Transport Minister Devaraj Urs disclosed yesterday that an agreement has been reached between the Mysore and Madras Governments for running direct bus service from Mysore to Coimbatore via Chamarajanagar and Satyamangalam and another from Bangalore to Coimbatore via Kollegal. These would be started very soon.

The Minister was speaking when he laid the foundation stone for a MSRTC bus stand at Chamarajanagar.

Sri Devaraja Urs said that before the end of the third plan period road transport in the State would be fully nationalised, involving an additional investment of Rs. 12 crores.

He appealed to the public to consider the Government buses as the nation's wealth and co-operate with the Government in removing pilferring and corruption.

Sri B. S. Muddappa, General Manager welcomed the gathering.

VAST INDUSTRIAL POTENTIALITY IN MYSORE CITY

SAYS CHAMBER PRESIDENT IRANI

Mysore, Feb. 1

Sri F.K. Irani, President of the Chamber of Commerce and Industry in Mysore welcoming the gathering yesterday on the occasion of the inauguration of the Chamber by the Governor said the need for an organisation like this with Mysore as a centre had been very keenly felt over the last few years in the context of the all-round development of trade and commerce in the city and the surrounding areas.

It was most essenial, he said, that a co-ordinated endeavour should be made to channelise, encourage and safeguard commercial and industrial efforts and enterprises in this area. But he made it clear that their Chamber would not compete but act in full co-operation with similar organisations in other parts of the State and the country.

Sri Irani said that Mysore City had been endowed with a salubrious climate, vast open spaces for industrial development, a parennial and plentiful supply of water and a very adequate labour force both skilled ond unskilled to support and sustain industrial ventures. While many other smaller places lass favourably endowed had progressed in the field of industry, Mysore City had made little headway in this direction.

With the vast forest resources in the southern and western taluks of the district and also Coorg, he said, the City was ideally situated for many a wood-based industry, specially chipboards.

He also urged for the location of the railway wagon building works in city. There was also scope for a large cement factory and a second raw film factory in the city.

With the existence of the Central Food Technological Institute in the city, there was much scope for the location of a number of ancillary industries here. Fruit preservation was a notable example and seasonal supply of Coorg oranges offered a profitable field for many a processing industry in this regard. There was considerable demand from the United States for Pepsin, obtained from the the dried milk of the papaya fruit and this could be processed on a small or medium scale basis with the available facilities in Mysore.

Sri Irani said that the Chamber could pin-point the merits of and the distinct advantages available in this locality for each particular industry, enlighten the public, encourage and advice industrialists and make representations to Government and statutory bodies in the same connection.

Sri M.G. Basaviah, Vice-President proposed a vote of thanks

A Twin Within Another

Doctors at the Osmania hospital in Hyderabad have operated and extricated from the body of a 14-month-old baby a complete but dead and deformed foetus.

The doctors said there were only 14 similar cases reported in the world's medical literature.

They said twins were rare and Siamese twins, attached to each other, by live tissue, were much rarer still.

Even more uncommon were the cases in which the foetus of one is developed within the other. In such cases, called teratomata or dermoids, the development of the enclosed foetus was very much restricted and usually only pieces of hair, teeth, bone and cartilage were found.

An X-ray examination of Lakshmayya, who was brought to the hospisal by his mother, revealed a complete foetus. He is now progressing well.

RS. ONE-CRORE CITY EXPANSION SCHEME

Mysore, Feb. 3

Sri B. Narayanaswamy, Chairman of the City Improvement Trust Board disclosed here yesterday that the Board had prepared a Rs. one-crore scheme for the creation of extensions around Mysore City, providing additional sites and houses.

He said to overcome the acute shortage of houses in the City, the State HousingBoard and theCity Trust Board had initiated independently a number of schemes.

During the next year, about 1,000 new sites would be available from the lay-outs which were ready at present. Schemes were afoot to extend Saraswathipuram, Chamundipuram and N. R. Mohallas.

Speaking at the annual meeting of District unit of the NGOs' Association, Sri Narayanaswamy assured to do his best for the NGOs regarding housing for them.

Smt. Mary Davasia, President of the State NGOs' Association presided.

Sri B.S. Sadasiviah, President of the local unit welcomed the gathering.

The meeting urged the Government to finalise inter-State seniority list by atleast March 31 and to stop direct recruitment to non gazetted cadre in several departments.

It also requested the Government to advise the gazetted officers not to insult the NGOs before the general public wounding thereby their sentiments.

The meeting also urged for the removal of disparities in the pay scales between the Central and State Government employees, grant house rent allowance to all the NGOs, raise the age of superannuation to 58 and exempt the NGOs from operation of Mysore Tenancy Act.

Satyagraha Against 17th Amendment

SWATANTRA PARTY'S DECISION

Bangalore, Feb. 3

The two-day convention of the Swatantra Party concluded here yesterday.

The convention condemned the proposed 17th amendment to the Constitution and decided to launch a country-wide satyagraha to restrain the Government from pushing through the amendment.

Speaking on the resolution, Sri Rajagopalachari called upon the people to vigorously oppose the Bill.

He said: "Our country has so long been subjected not only to foreign rule but despotic rule. But our people do not realise the danger of our robber unless he comes and robs. The weakness in the psychology of our citizens is this; everybody looks after himself and does not act in time in cooperation with others. The 17th Amendment is perfect example".

Rajaji said: "Just as the Congress had coined the term Democratic Socialism, I will call it Democratic tyranny. Democratic tyranny and democratic dictatorship it has its own technique-it takes powers, it persuades people that there is no danger whatever, it waits and then the tiger pounces upon you. We must tell the people and educate them".

NEW BISHOP OF MYSORE CONSECRATED

Mysore, Feb. 4

Rt. Rev. Dr. Mathias Fernandes, a Parish Priest, was consecrated the Bishop of Mysore, yesterday at the St. Joseph's Cathedral.

More than 10,000 Catholics witnessed the Most. Rev. James Robert Knox, Apostolic Internuncio and representative of the Pope in India, anointing the hands of the Bishop-elect with the "Blessed Oil and Holy Chrism" to mark the consecration.

Ten Bishops and 150 priests from all over South India, besides representatives from convents in the Mysore Diocese, participated in the function.

In the evening, a public reception was accorded to the new Bishop at the Cathedral's premises.

Sri D. J. Balraj, Secretary to the Governor and President of the Reception Committee welcomed the gathering.

Tributes were paid to the new Bishop in an address presented in English, Kannada and Tamil. The address said: "During the first 18 years of your priesthood, you have performed all the duties of that state of life unto which God has been pleased to call you, with sainliness, with great conscientiousness and with great zeal. You have laboured strenuously for the spiritual and temporal uplift of your parishioners. You will be remembered for your efficient government as administrator of St. Joseph's Cathedral, your courage and especially for the genuine humility and charity which have been the guiding principles of your life".

Rev. Knox praised the services of the Bishop and expressed his confidence that the Bishop's sense of humilityand charity would serve as an example for all in the Diocese.

He also expressed his happiness at the great harmony between Christians and members of other faiths in Mysore.

The new Bishop thanked for their warm welcome, love and dedication to his Diocese.

Lawyers Role In Politics

Mysore, Feb. 5

Swatantra Party leader Sri Rajagopalachari advised the lawyers here yesterday to take more interest in the political life of the country.

Addressing the members of the local Bar Association, Rajaji appealed to them not to be indifferent to politics. "Join any political party you like, but fight against injustice," he said.

Referring to the amendment to the Constitution, Sri Rajaji said that the Constitution was the foundation in a Republic and the fundamental rights were the pillars. He said that he had advised the constitution-makers not to reduce the fundamental rights to writing for if they had done so, they could never have tampered with.

Rajaji said that like Julies Ceaser who received many stabs, our Constitution had received 16 stabs and the 17th stab (17th emendment) was ready to be inflicted.

Earlier Sri Srirangachar, President of Bar Association welcomed. Sri Sadanandamurthy proposed a vote of thanks.

Rajaji On Rifle Shooting

Mysore, Feb. 5

Sri C. Rajagopalachari this morning distributed "the Navartna Rama Rao Memorial Rolling Shield" in the civilian rific shooting competition, at Jyothinagar.

The shield presented by Sri Madhava Rao, to perpetuate the memory of his father was annexed by Sri P.V. Sitharama Setty.

After invocation by Smt. Vijaya Bai Madhava Rao, the Joint Secretary, Smt. Devaki Singh welcomed the gathering.

Rajaji said that the late Navaratna Rama Rao was his life-long friend. Very intimate friendship was not very common and they were very uncommon pair of friends, he added.

He said that it was a very good idea to train our girls in shooting as he did not know what men would do for them and so it was necessary to have a second defence.

Sri Rajagopalachari hoped that they would shoot only at the enemies and not join the set of frustrated people who went about shooting for making easy money.

Sri Mekhri proposed a vote of thanks

Rajaji's Offer To Nehru

Mysore, Feb. 5

Sri C. Rajagopalachari declared here yesterday that he was prepared to disband the Swatantra Party if Prime Minister Nehru abolished all terms of indirect taxation.

Addressing a mammoth meeting at the Townhall maidan, Rajaji said that the Congress Government was pilling up more and more indirect tax burden on the people with the result that they had to pay more for everything they bought. Money had become cheap in the bargain.

The people who were groaning under heavy taxation had lost their liberty, courage and honesty. Congress, he said, had robbed courage in people. Dharma had vanished and money had become the real God. "I want to break this idol and resurrect Dharma".

He compared the 17th amenment to "Bakasura, which would devour every bit of land owned by the peasantry.

Rajaji declared that the defeat of the Congress would bring happiness and prosperity to the country and not confusion as some people imagined.

"If you want real democracy, you must defeat the Congress", he said.

He said that if we wanted democracy to survive, we should send out that party that was not good from power and put in others who deserved a better deal. It we failed to do so, it would not be democracy but merely autocracy in vogue, he added.

ALUMINIUM PROJECTS

Union Minister for Steel and Heavy Engineering Subramaniam said at Bangalore yesterday that he was thinking of a pattern to start aluminium factories in the country in public sector with the Central Government as the major participent. HUNGER-STRIKE FOR BETTER WAGES

The National Campaign Committee of the All-India Trade Union Congress and some independent trade unions has decided to launch a three-fold struggle to achieve increase in wages and nationalisation.

About 50,000 trade union organisers all over the country and in all industries and trades will go on a three day hunger strike on Feb. 20. This will be followed by 15 minute demonstrations before the gates of all factories and offices in the country on March 7, when Parliament begins debate on the Budget. The third and final phase envisages mass satyagraha before Parliament from Aug. 6.

HONORARY MAGISTRATES

The institution of honorary magistrates was a great asset to the administration. The main purpose in associating public men with the administration of criminal law was to benefit from the character of freshness and commonsense which they brought to bear on their work, stated the Chief Justice of India, Sri Gajendragadkar.

He said in the case of stipendary magistrates the "burden of law" sometimes buries commonsense, whereas the honorary magistrate brought a human touch actuated by commonsense.

Mysore Hums With Vitality

Bangalore, Feb. 7

Mysore State from all accounts was turning a new leaf from past experience and was beginning to hum with vitality, stated Union Minister for Community Development and Cooperation Dey here yesterday.

The Minister who had completed a tour of Mysore State stated that the report of the Kondajji Basappa on panchayat raj once implemented would bring about a radical change for great effectiveness of vitality in the community development programme and working of the panchayat raj institutions.

He said that during the past two years significant success had been achieved in many fields in cooperation in Mysore State. Even the scheme of service cooperatives had begun to show signs if greater vitality. "I have reason to feel confident that the marketing societies in Mysore State, as they are now developing, can also handle consumer activities not long from now in the rural areas as well. That is being done to some extent even without any sponsoring in this behalf by the Government".

No Plebiscite: Kashmir Issue Dead

CHAGLA BLASTS PAK CASE

Sri M.C. Chagla, leader of the Indian delegation told the Security Council yesterday that India would, under no circumstances, agree to a plebiscite inKashmir or reopen the issue of Kashmir's integration with India.

He said that Pakistan had all along been aware that it had no legal status as far as Kashmir was concerned and that was why its leaders were indulging all these 16 years in the deliberate falsehood of suppression of Muslims.

Pakistan was raising the issue of Kashmir time and again in the U.N. because of its communal policy and hate-India campaign. That was the reason why Pakistan leaders were conspiring with Communist China to make India domestically and internationally weak.

Sri Chagla rebutted all the charges of atrocities painted by Pakistan delegate Bhutto in the U.N. as fictitious and revealed now Pakistan's own theocratic policy had led to communal flare-ups in East Pakistan time and again and to the migration of the minority community from their area to India.

The Indian leader said that "Our President is not a dictator". Pakistan had failed in its steps to engineer communal riots in Kashmir over the Hazrathal relic but she did succeed in East Pakistan and Calcutta. To the Hindus and Sikhs, the Hazrathal relic was not a Muslim relic but a relic belonging to Kashmir, indeed the whole of India.

Pakistan, Sri Chagla charged, had by its utterances nnd actions deliberately incited riots. Thousands of innocent lives had been lost.

He said the principle of self-determination could not and must not be applied to bring about fragmentation of the country and people.

Amrit Kaur Dead

Rajakumari Amrit Kaur, former Union Health Minister died yesterday at New Delhi. She was 75.

Though a Christian, the body was cremated at the Nigambodh Ghat according to Hindu rites in accordance with her wish.

For more than 16 years she acted as Gandhiji's secretary and became one of his trusted liutenants and stood by him through the heat and dust of the freedom struggle. The first spell in jail was in 1930. Later, along with the other leaders of the Congress, she was also arrested and detained in 1942.

Public health and nursing were her passion from the very beginning and after Independence, she became India's first Health Minister.

ROTARY CAN BRING PEACE & SECURITY IN THE WORLD

Mysore, Feb. 8

"The message of the Rotary is not new to Indian thought. From time immemorial India has been advocating the Ideal of Service above Self as the best means of transport to reach the Kingdom of God", stated Governor Jayachamaraja Wadiyar here today.

He was inaugurating the Conference of District 317 of Rotary International. Over 500 delegates are attending the conference.

Flags from all 64 clubs of the District were presented to the Conference. Dr. Gopalarajan welcomed the gathering.

The Governor said the Vedas and the various scriptures of Hinduism speak of this ideal in such ennobling terms and they have asserted it as the only means of salvation for a "Karma Yogi" (The Worker) to realise God. To the Indian the symbol of Rotary, the cog-wheel, glistening in all its splendour and rotating in never ending motion, is only a reminder of his Asoka Chakra, the symbol of his Nation, and also of the Protector of the universe and his famous weapon Chakrayudha. According to Hindu mythology, the Vishnu Chakra is associated by every Hindu with the power of protection from evil, ignorance, misunderstanding and confusion.

The world today stands sorely in need of an assurance that peace and security will be safeguarded and Rotary is in a position to extend that assurance and make it effective, he said.

Emphasising the importance of the propogation of the Rotarian aims and purposes in the context of the world situation, as it exists today, Sri Wadiyar said, "We are passing through exciting times, when man's efforts to conquer nature have succeded phenomenally. The enormous power which scientific and technological development has given to human beings, has potentialities for good as well as evil, depending upon its use. The world is not interested in any third war because it has realised that the consequences of any future war would be nothing short of the annihilation of the human race. All of us who recognise the immediate need for relieving world tensions and establishing world peace should labour with single mind to achieve this object".

The Governor said "We in our country, have major problems, political, economic and social which we have to tackle. The solution of the problems of poverty, ill-health and illiteracy is over-poweringly important to us".

He concluded: "While one cannot predict what lies in the womb of time, let us hope, as Rotarians, that all causes for conflict among human beings will gradually disappear and that humanity will be able to build a happy future for itself".

Dr. Ballentine Henley of Los Angeles who represented the President of the Rotary International addressing the conference stressed the role of Rotarians in bringing about mutual understanding between man and man.

Rotary-Governor Georges Lautie from France also abdressed the gathering.

Earlier Smt. Soundaramma Venkatesh, the Civic Chief, welcomed the Rotarians on behalf of the citizens.

Sri Srivastava read the messages and Sri Vasudeva Murthy, President of the home club, proposed a vote of thanks.

Role Of Rotarians

IMPORTANCE STRESSED

Mysore, Feb 8

"Every one of us is against totalitarianism, tyranny and suppression of the individual, and with at least equal vigour we ought to be for freedom and the free systems of democracy. The efficacy of the positive approach is almost always astonishing", declared Rotarian-Governor Farrokh Irani addressing the Fifth Conference of District 317 Rotary International, which commenced here today.

Rotary can bring the people of the world together in confidence, faith and friendship. It is the one force in the world that looks above and beyond creeds, politics and race-it looks for the enduring values that make men human. The day is not far off when the world will look towards the organisation for establishment of world peace and understanding, he added.

Sri Irani said that one clear lesson which Rotary has taught is the great importance of the individual and that every Rotarian has the personal responsibility to encourage his business or profession to develop higher ethical standards. "I firmly believe we need to respect our fellowmen on the basis of worth-without regard to other considerations. Prejudice against and ignorance about other people causes us often to think of them as our enemies. These must be got rid of as a first step, for wars are made and unmade on the mental plane". For this very reason President Carol's programme for this year has put forcefully emphasis on the improvement of international understanding and development of friendship on a person to person basis and by matching Rotary districts and clubs.

The Rotarian-Governor said that we who believe in democracy cannot afford not to conform these noblest and best convictions in positive actions. We cannot be truly strong if we are at odds with our own conscience. The happiness of men and nations depends upon what they put into life. Rotary, though a simple truth, has its application to our jobs, our professions and conduct of life, our recreation and other service to our communities. How we answer the tremendous challenge depends upon what we believe about some simple things and how faithful we are to ideals we profess

ROAD BOARDS

Union Transport Minister Raj Bahadur yesterday asked the State Transport Secretaries and Transport Commissioners to examine the feasibility and usefulness of setting road boards at the Central and State levels.

He said that the absence of a single agency to co-ordinate all aspects of highway and highway transport administration had led to their uneven development in different parts of the country.

NEED FOR SOIL INVESTIGATIONS

"With the help of Soil mechanics and foundation engineering it is possible to achieve a lot of economy. A developing nation like ours has to observe strictest economy. It is only then that it will be possible to expand in all directions in a large measure. The soil mechanics embraces practically every branch of Engineering such as river valley projects, railways, airfields, buildings etc." stated Dr. K.L. Rao Union Minister for Irrigation and Power, inaugurating the 7th annual session of the Indian National Society on Soil Mechanics and Foundation Engineering at Hyderabad today.

Dr. Rao added that if only we had this science well developed in our country, it would have been possible for us to affect considerable economy in the selection and construction of some of the industrial plants in this country. He also stressed the need for thorough soil investigations and preparation of a report prior to construction at every site.

Teachers' Lot Will Be Improved

KANTHI'S ASSURANCE

Mysore, Feb. 10

Education Minister Kanthi yesterday assured that the State Government would do their best to improve their lot.

Addressing the City Teachers' Association, the Minister said the Government was thinking in terms of providing amenities like education to teachers' children and residential quarters instead of a token increase in salary so as to offset the prices.

He said that during the next year, the Government proposed to bring in an additional two lakhs children under midday meal scheme bringing the total to seven lakhs. Although the extension to nurseries could not be conceded immediately,the programme would be launched as an experimental measure in two centres.

Sri Kanthi said that the State Government had asked the Centre for a loan of a Rs. one crore for constructing primary and middle school buildings in the State.

He said that a sum of Rs. 25 lakhs had been asked for as the first instalment. The Minister said he was aware of the bad conditions of school buildings and for constructing of new buildings alone required about Rs. 30 to 40 crores. The State was also pressing for Centre's help for providing residential quarters atleast for lady teachers who found it difficult to secure accommodation in rural parts.

Sri Kanthi said according to statistics recently collected, the State came second in respect of allotment of funds for primary education. Kerala, spending 2.24 per cent of its budget, stood first, while Mysore's percentage was 1.12. About 80 per cent of this allotted funds was spent on teachers and 20 per cent on provision of equipment and furniture. By this, he did not mean teachers were better paid.

Sri Ram Kulkarni, DEO welcomed the gathering. Sri A.S. Narasimhachar, Secretary proposed a vote of thanks.

Pak Not For Peaceful Settlement

ZAKIR TELLS PARLIAMENT

The Vice-President, Dr. Zakir Hussain, told a joint session of the two Houses of Parliament yesterday that, while the Chinese military build-up along our borders and the consequent threat to our freedom continued unabated, there was no desire on the part of Pakistan to reach any settlement of the disputes with India.

He said that India's continued efforts to seek avenues for a peaceful solution of Indo-Pakistan problems, ignoring the "hate India" campaign mounted in Pakistan, had evoked no response from Pakistan.

Opening the budget session, the Vice-President said that the country was faced with a large influx of members of the minority community from East Pakistan as a result of the distribances there, which had taken a heavy toll of lives and properties. He said Indo-Pakistan relations was now "in a far worse conditions" than before.

Dr. Zakir Hussain said that in spite of difficulties and distractions, we have continued to move forwards our objectives of a democratic and socialist order at home and for peace and cooperation in international affairs.

He informed the House that further assistance for equiping the Army and the Air Force was on its way from the United Kingdom, the United States and a number of Commonwealth countries. He also referred to the Soviet assistance in establishing a supersonic aircraft factory in the country.

Dr. Zakir welcomed the Soviet Premier Khrushchev's proposal for an international agreement renouncing the use of force in settling territorial or border disputes and the recent three-power agreement on banning nuclear weapons from outer space.

Human Lapses For Railway Accidents

The Railway Accidents Committee has observed that an analysis of the accidents during the last six years had shown that a majority of the accidents could be attributed to human failure.

The report said: "The lapses of the railways' operating staff were responsible for 77 per cent of the collisions, 56 per cent of the derailments and about 85 per cent of averted collisions and block irregularities. Even in respect of the accidents at level crossings, 27 per cent of them resulted from the failure of railway staff".

The committee has recommended among other things, to improve signalling, tract and rolling stock of the railways and to strengthen its research organisation.

To reduce accidents at level crossing, it has recommended the establishment of a railway level crossing fund to finance all protective works, including over-bridges.

PAK DESIGN EXPOSED

India told the Security Council yesterday that it was time to put an end to the "unending controversy" over Kashmir if they were thinking only of the people of Kashmir.

Sri Chagla, India's chief delegate said it was not out of consideration of human rights that Pakistan had been ceaselessly and pertinantiously pressing the Kashmir issue before the Security Council. "Truth is that Pakistan wants Kashmir in support of its two-nation theory and that because the population of Kashmir has Muslim majority it must necessarily form part of Pakistan".

New Rail Lines In Mysore

Among the provision made for new works are Bangalore-Salem metre gauge line Rs 82.86 lakhs for 1964-65 and Rs. 11.99 lakhs in 1963-64 and the work is expected to be completed by March 1965 stated Sri Dasappa in his Railway Budget.

Regarding the Mangalore-Hassan Railway construction work, Rs.20 lakhs was sanctioned for 1963-64 and Rs. 50 lakhs was sanctioned for the budget year. It will need Rs. 19.11 lakhs to complete the work. The main project work would be taken up after examination of the project report that had been submitted to the ministry.

There is a provision of Rs. 69.88 lakhs for the purchase of old railway lines. It includes acquiring of a metre gauge line (about 22 miles) from Nanjangud toChamarajnagar at a cost of Rs. 4.88 lakhs from local bodies in Mysore on April 1, '964

The Hospet-Guntakal line (71 miles) will have a broad guage section at an estimated cost of Rs. 648 lakhs. In 1963-64, the estimated expenditure was Rs. 258 lakhs and Rs. 190 lakhs is sanctioned for the budget year.

The Baiyappanahalli marshalling yard has taken Rs. 57 lakhs of the estimated Rs. 58 lakhs last year.

The remodelling of the Bangalore City Station and the yard will be at a cost of Rs 61 lakhs. A provision of Rs. 24 lakhs has been made and Rs. 7 lakhs has been spent in 1963-64.

Similarly, provisions have been made for Hubli junction and workshops remodelling at Rs. 27 lakhs and Rs. 112 lakhs.

LIC'S OWN YOUR HOUSE SCHEME

The Rajya Sabha was told by the Deputy Finance Minister that the Life Insurance Corporation's "own your home scheme" which had been introduced in 20 cities from Jan. 1 was expected to be extended to 30 more cities including Mysore from April.

HOUSING FOR HARIJANS

The Reserve Bank has agreed to provide a loan of Rs. one crore to Mysore State to construct houses for Harijans.

SANJIVA REDDY TO GO

The Congress Parliamentary Board, on Tuesday decided to permit Sri N. Sanjiva Reddy, Chief Minister of Andhra Pradesh to resign his office.

He had expressed the desire to set an example following the Supreme Court verdict on the nationalisation of bus routes in Kurnool district.

The Board permitted Sri P.T.Chacko, Home Minister of Kerala to stay in the Cabinet but to give up his Home portfolio.

Textbook Take-Over

Mysore, Feb. 13

The Government of Mysore has decided to nationalise the textbooks up to Standard X before the end of the Third Plan period.

As a first step in this direction, the Mysore Branch of the Government Press would be converted into a fullfledged textbook printing press.

About 117 kinds of textbooks would be printed during this academic year.

The Mysore Branch of the Government Press would also print textbooks for all the South Indian States.

AID TO GRAMDAN VILLAGES

The "war on want" organisation of Great Britain has decided to give Rs. 25 lakhs for the development of 400 gramdan villages in India.

DEATH RELIEF FUND

A death relief fund has been set up from Jan. 1, 1964, for one year as a trial by transferring a sum of Rs. 10 lakhs from the reserve and forfeiture account of the employees Provident Fund, stated Deputy Labour Minister Pattabhiraman in the Rajya Sabha.

NO RISE IN RAIL FARES

BIG RISE IN RLY. RECEIPTS

There would be no increase in passenger fares and parcel rates, announced Railway Minister H.C Dasappa, presenting Railway Budget on Tuesday.

But a small increase of two per cent in the supplementary charge on goods freight rates including coal rates, has been proposed.

The Railway Minister estimated gross traffic receipts for 1964-65 at Rs. 668 crores which is Rs. 45 78 crores more than the revised estimate of Rs. 622.2 crores for 1963-64. He said the net surplus would be Rs. 36.75 crores.

Working expenses for 63-64 would be Rs. 414.82 crores and after appropriation to the Reserve Fund, and the pension fund, the net surplus would be Rs. 30.87 crores.

Sri Dasappa said there was a Rs. 20-crore increase in traffic receipts in 1963-64 over the budgetted figure.

He announced a downward adjustment in the classification of some high-rated commodities by way of rationalisation which will reduce the freight rates on several items of finished products in consumer goods.

The Minister said that since most of the railway employees preferred retirement benefits in the form of pensions with the new schemes of family pensions also taking effect from January 1964, it was proposed to set up a pension fund with an initial contribution of Rs. 19 crores

He said that railways expected to lift about 94 million tonnes in 1963-64 and 215 million tonnes in 1964-65. In 1962-63, the railways carried 178.8 million tonnes of goods traffic.

The out-turn of indigenous capacity for the manufacture of wagon production has steadily increased and came up to about 3,000 wagons per month. The target of production in 1964-64 is 4,000.

Kerala Home Minister Chacko stated yesterday that the Home portfolio would be handed over temporarily to Chief Minister Sanker until the case against him in connection with the accident to his car near Trichur, on Dec. 8, 1963, was disposed of.

NANDA ASSURES MINORITIES

The Lok Sabha was told by Home Minister Nanda that India had taken a pledge that she would give all protection and equal opportunities to all her minorities and this pledge would be honoured, whatever the provocations.

He said that with the resources available, the Government was doing its best to relieve the sufferings of those who were affected by the recent distrubances in West Bengal and for rehabilitating those who came from East Pakistan.

Sri Nanda assured the House that India would accept and rehabilitate even those refugees who came from East Pakistan without migration certificates.

The Home Minister pointed out the failures of Pakistan Government in protecting the minorities and said even in camps, they were harassed and asked to produce income-tax clearance and other certificates when they had lost their homes and belongings.

The censure motions of the Socialist and Communist groups, which sought to censure the Government for its failure to protect minorities in India and Pakistan were rejected by the House.

PEACEFUL USES OF ATOMIC ENERGY

The explosion of one single thermo nuclear bomb of the latest tonnage today surpassed the explosive force of all the ammunition used during all the previous wars of human history put together, and a possible spread of these weapons to other nations was causing universal concern, warned Dr. Bhagavantam, Scientific Adviser to the Ministry of Defence at the opening of the Institute of Nuclear Medicine and Allied Sciences by the Defence Minister, Shri Y. B. Chavan, at Delhi.

India, however, had categorically declared that she had no intention of acquiring, manufacturing or using nuclear weapons and all her endeavours in the atomic field would remain confined to the peaceful uses. The institute was mainly concerned with promoting and developing nuclear methodology in the field of medicine and related sciences he added.

Enquiry Into Hospitals Affairs

CITY FATHER'S DEMAND

Mysore, Feb. 15

At the Municipal Council meeting, Dr. B.G. Das alleged that in the Krishnarajendra and Chaluvamba hospitals patients were not properly looked after, corruption was rampant and the authorities were callous. He demanded that the HealthMinister should institute an immediate enquiry into the sorry state of affairs in the hospitals.

Dr. B. G. Das also alleged that the merchants who had been given sugar quota were not selling to the people but transporting it to other States with a view of getting huge profit. He demanded that the Deputy Commissioner should take stern action against such smugglers.

Sri B. K. Puttiah said that steps should be taken to construct underground drainages in the extensions.

Sri Doulat Rao wanted that plying of buses in Sayajirao Road should be stopped.

Sri M. N. Thimmiah complained that the question of the municipal market rent had not been properly tackled and a special meeting should be convened to discuss the matter.

Sri Srikanta Sharma wanted that the Townhall premises should be kept clean.

MENON EXPOSES U.K. MOVE

Sri Krishna Menon, former Defence Minister declared in the Lok Sabha that the accession of Kashmir to India, from the legal and moral point of view "is full, final, complete and irrevo cable".

He accused Britain of trying to get its Empire back "by the back door" and said that for the first time in 16 years the British Government had now shown the temerity to go before the Security Council and challenge the accession of Kashmir to India. By doing so, it had violated the U.N. Charter and tripartite agreement between itself, the Congress and the Muslim League.

U. K. ATTITUDE DEPLORED

The executive committee of the Congress Parliamentary Party yesterday expressed its concern at the attitude taken by the British delegation in the Security Council debate on Kashmir.

A statement issued by 51 Congress members of both Houses said: "The U. K. should not have taken up an attitude which would ultimately weaken relations between India and Pakistan on the one hand and between India and the U.K. on the other".

MINISTERS' ASSETS PROBE

The Lok Sabha yesterday rejected a non-official Bill which sought to lay down that every Minister should, on first appointment and thereafter at intervals of every twelve months, lay before Parliament a statement of all property held by him and members of his family.

Finance Minister Krishnamachari said that the objective of the bill could not be the fit instruments to ensure honesty among Ministers. The Party conventions and public opinion were the only instrument for this.

CORPORATION FOR STEELWORKS

A corporation is being set up for all new steelworks construction in the public sector.

Union Minister Subramaniam told the Lok Sabha that the purpose of the Corporation was to supplement the available contract ability in the country, reduce construction costs and to conserve skills in the specialised fields of steel works construction.

MPs PROTEST AGAINST U.K. POLICY

A 13-member Parliament team yesterday met the British High Commissioner, Sir Paul Gore-Booth to protest against the hostility towards India shown by the British representative on the Security Council in the Kashmir debate.

They conveved to him the strong feelings roused in the country by the British attitutde which was "unprincipled and fanning communalism and religious bigotry in this part of the world".

The accession of Kashmir to India, they said, was final and irrevocable. Any attempt on the part of Britain or any other country to attack or subvert this unalterable fact of history could be only regarded by the people as an "attack on our territorial integrity and a mischievous move to disintegrate this country".

16 Burnt Alive

MOB SETS FIRE TO HOUSE

16 persons were burnt to death when a crowd, several hundred strong, attacked the residence of a police patel in Idapnur village, near Raichur and set fire to it on Monday.

The police patel, Sri Induvasi Hiregouda, two women and four teenagers, were among the dead.

Sri Hiregouda, it is stated, was camping at the village overnight on official duty. Early in the morning when he was about to leave in a jeep, he was stabbed by some persons. He there upon ran into a house for safety.

The attackers then besieged the house, opened the roof and set fire to the house with inmates trapped inside, by pouring kerosene and petrol, burning alive 16 of the 20 inmates. Four others had escaped earlier.

Long standing enmity between the people of Induvasi and Idapnur is stated to be the reason for the attack.

About 40 persons have been taken into custody so far.

RAISE BRICK OUTPUT

Union Housing Minister Khana yesterday asked brick kin owners to augment the manufacture of bricks to meet huge housing programme which the Government proposed to take up in the near future.

He said the Government proposed to build industrial houses, accommodation for Government staff and offices at a cost of over Rs. 400 crores within the next four to five years. But the works could be executed only when the present manufacturing capacity of bricks was raised by at least 200 per cent.

INDIA WILL ACT

Prime Minister Nehru told the Rajya Sabha that in the event of any threat to the security of Jammu and Kashmir, the Government will deal with it suitably.

He was replying to Sri Bhargava who had asked if the Government's attention had been drawn to the report to the effect that the General Council of Jammu and Kashmir Muslim Conference had decided at Rawalpindi that war of liberation for the disputed territory of Jammu and Kashmir would be launched at the end of the Ramzan.

GLASS-PRODUCTION

Inaugurating the reconstituted Development Council for Glass and Ceramics in New Delhi, the Minister of Industry, Shri Nityanand Kanungo stressed the importance of developing indigenous technical know-how and of creating agencies for training of technical personnel.

He was happy to note that the production of glass and glass-ware had increased from 1 lakh tonnes in 1953 to 2½ lakh tonnes in 1963. There was a notable improvement in the quality of glass-ware and there had been encouraging enquiries for exports. A number of articles were now being produced for the first time in the country.

PAK AND CHINA MAY HATCH A PLOT

SHASTRI WARNS INDIA

The Union Minister without protfolio, Sri Lal Bahadur Shastri yesterday warned the country against Pakistan and China "hatching up something against India during Chinese Premier Chou-en-Lai's current visit to Pakistan, whom they consider to be their common enemy".

While hoping that better counsels would prevail with the leaders of those countries, he said, "we need not take an alarmist view, but the country should be watchful and strong enough to meet any situation as it arises".

Sri Shastri thought the timing of Mr. Chou's present sojourn in Pakistan was significant.

He admitted that the Chinese build up on India's borders constituted a danger and it called for a national effort to build up adequate defence strength.

Sri Shastri reiterated India's policy of pursuing peaceful methods to reresolve the conflicts with China and Pakistan.

It has been India's stand, he said, that acceptance of the Colombo proposals by China would pave the way for direct talks on consolidation of cease-fire arrangements and talks on the basic issue of border dispute.

He said: "I feel that these matters should be settled or an effort should be made at least to bring to an end the present deadlock if possible early because it (deadlock)does not pay any country. The problems with Pakistan are also hanging for a long time along with the Chinese aggression. But it is not in our hands alone to settle these problems".

LAB EQUIPMENT TO SCHOOLS

Hemavathi And Harangi Projects

Bangalore, Feb. 20

The Government of Mysore have approved project reports of some major irrigation and hydel projects for taking up work during the current financial year.

The Rs. 4-crore Hemavathi Irrigation Project, which would bring 33,000 acres under plough in Arakalgud and Holenarasipur taluks in Hassan District will be taken up this month. The Government has granted Rs. 24 lakhs for preliminary expenses.

The Rs. 11.05-crore Harangi Project at Haragura village in Coorg will also be taken up. A 80-foot-high pick-up would be constructed near the confluence of the Harangi and the Cauvery, 15 miles upstream from the village. This is expected to irrigate 30,000 acres on the left bank of the river.

A 120-foot-high composite bank, six miles upstream from Hudgur village, would be constructed across the river to irrigate 51,000 acres in Kushalnagar in Coorg, Hunsur and Periyapatna taluks in Mysore District. The area of submersion would be 176 acres of coffee, orange and cardamom estates.

Likewise, the Upper Krishna Project, costing Rs. 105 crores, will be taken up during the current financial year.

18 BODIES RECOVERED

18 bodies have so far been recovered from the house which was set fire by a hostile crowd at Idapnur village near Raichur on Tuesday.

48 persons have been taken into custody so far by the police.

The Suvarnavati and Chandrabatti irrigation projects would also be taken up during this year.

Of the major hydel project under the consideration of the Government is the Rs- 150-crore Kalinadi Project, near Karwar with a power potential of 12 lakh kws.

The other hydel projects are Agnihasini Project to generate two lakh kws. and the Varahi Project for generating 2.5 lakhs kws.

STRICT STANDARDS FOR MINISTERS

Union Home Minister Nanda stated yesterday in the Lok Sabha that the Chief Ministers had agreed that a strict and exacting standard of honesty should be maintained among Ministers at the Centre and in the States. He assured that the authorities had already taken note of complaints of political corruption and devised remedial measures.

He said that it was decided at the Chief Ministers' conference that in case of any complaint against a Central Minister, an enquiry would be made by the Union Home Minister who would report to the Prime Minister and if it was found that there was a prima facie case against him the Minister concerned would be asked to step down.

In the States, the Chief Ministers would take up the inquiry and make the decisions. If the charge was against any Chief Minister, the procedure laid down for Union Minister would be followed.

Sri Nanda said that in certain cases which required further action, it might be referred to a suitable agency like a commission of enquiry.

Control To Hold Price Line?

Union Home Minister Nanda told the Rajya Sabha that the recent increase in dearness allowance to Government servants had been more than neutralised by shopkeepers within a week.

He said that the shopkeepers by increasing prices of food articles had neutralised the increase of Rs. 2.

He stated that although measures had been taken for checking prices, further action or sanction was now called for.

The Minister said that he did not like any control, but if the situation demanded, Government would not hesitate to introduce it in the interest of the people.

RIVER WATER DISPUTE NOT FOR COURT

Maharashtra Irrigation Minister Chavan told the State Assembly that the question of reference of the Krishna-Godavari water dispute to the Supreme Court does not arise as provisions of the Constitution and of the inter-State Water Disputes Act, 1956 did not cover water dispute regarding inter-State river or river valley.

He said that the Union Government proposed to hold a meeting shortly between the issued tates for an equitable distribution of river waters.

UNACCOUNTED MONEY

Union Finance Minister Krishnamachari stated in the Lok Sabha that the bulk of unaccounted money in the country arose out of tax evasion, and methods had to be adopted to eliminate this form of money going out of the Treasury.

He said that once money goes into a bank it does not become unaccounted. It has something to be accounted for and he did not think banks in any way help in regard to circulation of unaccounted money.

THE RICH BEGGAR

Chhogaia Bai, a beggar woman of Seono in Bilaspur district, has contributed Rs. 3,000 out of Rs. 7,500 spent for the construction of a primary school building for the village.

Concern Over Rising Prices

There had been a steady upward pressure on the prices in general over most of the year, according to the economic survey for 1963-64 placed before the Parliament by Finance Minister Krishnamachari.

The decline in agricultural production and the consequent scarcity of supplies of consumables began to exert a pressure on prices during the early months of 1963.

Sugar prices started rising from Jan. 1963 and rice prices, which had declined between Oct. 1962 and March 1963 by 3 per cent went up between April and October 1963 by as much as 17.5 per cent.

The rice in the price level has been a matter of major concern throughout the year, according to the survey.

Emphasising the importance of maintaining price levels, the survey said the ultimate solution lay only in an increase in production. An undue proliferation of controls of a kind which might impede growth must be avoided. However, continued action would be needed to avoid excess demand and to strengthen the framework of Governmental regulation over the process of distribution.

TIGHTER CONTROL ON GRAIN DEALERS

FOOD MINISTERS' DECISION

The conference of State Food and Agriculture Ministers meeting at Delhi yesterday decided that the licensing control of foodgrain dealers should be streamlined and tightened up along the lines of the new draft foodgrain dealers licensing order, recently circulated to all State Governments by the Centre.

The new draft order provides for a security deposit of Rs. 500 to 1,000 depending on the turover, which would be forfeited for breach of any licensing provisions or regulatory orders.

The order provides for the maintenance of storage at places declared by the licencee. It also provides for the exhibition of prices at the shops and sale to be made only to retailers registered with the wholesalers.

The order prohibits a licencee from charging higher price for foodgrains than those fixed by the Central or the State Government.

KASHMIR TO CHOOSE NEW LEADER

Union Minister without Portfolio Lal Bahadur Shastri announced yesterday that the National Conference Legislature Party of Kashmir will meet on Feb. 28 to elect a new leader in place of Mr. Shamsuddin.

3 n For M.O. Form

Inland money order forms will cost 3 nP each from next month. This is being done to avoid heavy wastage of such forms.

The price so levied will however be refunded by granting a corresponding rebate in the commission charged at the time of booking money orders. Senders of money orders will thus not be required to pay any additional charge.

Forms sold will bear the date stamp of a post office and only such stamped forms will be accepted from that date.

A. P. NEW CHIEF MINISTER

Sri K.Brahmananda Reddi, at present Finance Minister, will be the new Chief Minister of Andhra Pradesh in place of Sri N. Sanjiva Reddy, who has resigned.

While accepting his resignation, the A. P. Legislature Congress Party requested Sri Sanjiva Reddy to continue as Leader of the Party.

SUBRAMANYA SUSPENDED

The Mysore Pradesh Congress Executive yesterday decided to suspend Sri T. Subramanya, former Minister to six years from the organisation for "gross indiscipline".

Wastage In Primary Education

DPI DEPLORES

Mysore, Feb. 24

Sri T. Vasudevaiya, Director of Public Instruction regretted on Saturday that there was very poor attendence in primary schools specially in rural areas resulting in stagnation and wastage of money. Though enrolement was between 85 to 90 percent, attendence was less than 50 per cent.

Addressing a meeting of members of State Legislature and presidents of taluk boards of Mysore District, here at the Municipal Council Hall, he pleaded for a co-ordinated and concerted efforts on the part of public and teachers to improve the attendence. He said that unless the public came forward to assist Government the working of the free and compulsory primary education scheme would not be successful.

The DPI said that in order to improve attendence, midday lunch scheme should be introduced in all schools. Complaints were being received, he aid; that CARE milk was being misused and the Education Department had to suffer humiliation. At present 6 lakhs children were given CARE milk and it was proposed to increase to 8 lakhs next year.

The Director said that the standard of teaching had gone down. To remove this lacuna, they had decided to train as many teachers as possible.

12 training institutes with 100 trainees each and a central institute of education at Dharwar would be started from June next.

About the accommodation for primary schools, he said that out of 1821 schools in the district, only 808 were housed in Government buildings and the condition of other private buildings was far from satisfactory.

Out of 1,70,000 children in Mysore District, only 29,000 were getting the midday lunch.

Messrs. B.V. Banumiah, Syed Abdul Rehman, B.N. Kenge Gowda, B. G. Das, B. Narayanaswamy, Vedantha Hemmige, H. K. Srikanta Murthy and Smt. Nagarathnamma participated in the discussion.

Sri D. Jayadevaraj Urs, president of Mysore taluk board welcomed the gatheing.

INDIANS AMBUSHED

Mysore Building Tax Challenged

Bangalore, Feb. 26

The Mysore High Court yesterday admitted a writ petition of Sri Bhuvaneshwaraiah to strike down the proviso to Section 4 (1) of the Mysore Buildings Tax Act 1962 as unconstitutional piece of legislation.

The petitioner who owns four buildings in Bangalore sought a direction to the Government not to enforce the Act in his case.

He pleaded that the scheme of the Act was to levy building tax inrespect of each building separately and therefore, the proviso was, prima facie opposed to the scheme of the Act and the Rules.

There was no provision in the Act for computation of aggregate florage of all the buildings owned by the same person and hence, according to the petitioner, the proviso was ineffective.

The proviso instead of making a distinction between residential and non-residential buildings, drew a dinstinction between the owners of buildings and hence, the proviso was ultra vires of Article 14 of the Constitution.

SMUGGLED GOODS SEIZED

The Bangalore Police yesterday made the biggest haul of smuggled goods worth over Rs. one lakh in a bungalow in civil area. Seized goods include cloves, 7O'Clock blades, cycle locks, menthalene, cigarette lighters and other luxury articles.

HARANGI PROJECT OKEYED

Bangalore, Feb. 26

The Mysore Cabinet yesterday approved the Rs. 11-crore Harangi project. A sum of Rs. 15 lakhs has been sanctioned for preliminary works.

The modified project envisages the construction of a small dam at Hardur and another crmposite dam at Hudgur in Coorg, thus reducing the extent of submersion of coffee plantations by 1,000 acres. The originally-proposed dam would have resulted in the submersion of more than 5,000 acres, including 1,500 acres of coffee plantations.

The scheme would bring 30,000 acres in Kushalnagar area in Coorg and 51,000 aeres in Hunsur and Periyapatna taluks in Mysore District under irrigation.

100-RUPEE NOTES NOT TO BE DEMONITISED

The Reserve Bank of India has contradicted the rumours circulated in the Bombay markets to the effect that the Uuion Government intended to demonitise notes of the denomination of Rs. 100. These rumours are entirely bascless, it stated.

Rescind Buildings Tax

Mysore, Feb. 26

The Chamber of Commerce and Industry, Mysore, at its annual meeting held here on Sunday, has urged the Government to reconsider and rescind the Mysore Buildings Tax Act in view of the strong public opinion against it.

In a resolution, the Chamber said that the Tax had no justification as the owners of buildings were alredy paying heavy taxes directly and indirectly and it should not be levied so heavily and drastically. It pointed out that the slab tax on carpet area of the buildings should not be progressively up-graded but should be viewed with other consideration so as not to make the citizens feel the tax burden.

CHAMBER OFFICE BEARERS

Mysore, Feb. 26

At the annual meeting of the Chamber of Commerce and Industry, Mysore, held here on Sunday, the following office bearers were elected for the year 1964:

Messrs. F.K. Irani (President), M. B. Basaviah (Vice-President), S.G. Parthasarathy (Secretary), R. R. Sastry (Treasurer), M. M. Beliappa, B. V. Krishnaswamy, M. K. Sanathkumar, R. Vasudeva Murthy, P. N. Subbarayappa, M. B. Appaya, M. S. V. Raghavan, V.S. Khanolkar and T.S.S. Rajan (Members).

Alur Venkata Rao Dead

The Kannada Kula Purohit, Sri Alur Venkata Rao, died yesterday at his residence in Dharwar. He was 84.

The late Sri Venkata Rao was a veteran fighter for the country's freedom and the unification of Karnataka. As early as in 1917, he presented the case for the Karnataka State before the Montague Chelmsford Commission.

He edited many journals and translated many of Tilak's books. His monumental work was "Karnataka Gatavaibhava".

Chief Minister Nijalingappa paying tributes to the grand old man of Karnatka said "it is very difficult to find another who, for decades, worked persistently and consistently for the formation of the Kannada State".

HOSTILE NAGAS FOR ARMS HUNT

The Lok Sabha was told by Deputy Minister Dinish Singh that a group of hostile Nagas led by Hoito Sema was attempting to move from Manipur to East Pakistan to receive arms.

He said that Indian security forces were taking such general precautions as were necessary to prevent the movement of the group.

ELECTIONS TO PANCHAYAT RAJ

The Government of India have set up a Committee to study the methods of elections to Panchayati Raj bodies in the various States, with special reference to the methods which have been condusive to the growth of Panchayati Raj.

Panchayati Raj is now in implementation in ten states and the necessary legislation has been enacted in three others.

The Committee has been asked to study various aspects of the problem and make recommendations on the strength and composition of Panchayati Raj bodies at the village, block and district levels as well as the method of elections that can ensure their efficient functioning and the evolution of a harmonious and coordinated pattern of representative institutions in the country.

STATE FINANCES EXTREMELY DIFFICULT

CALL FOR CENTRE AND PEOPLE'S SUPPORT

GOVERNOR'S ADDRESS TO LEGISLATURE

Bangalore, Feb. 27

The finacial position of the State would be extremely difficult in the next two years, stated the Governor Sri Jayachamaraja Wadiyar, addressing the joint session of the Mysore Legislature, here yesterday.

Addressing in Kannada, for the first time in the history of the Legislature, the Governor hoped that the Union Government would recongnise the difficulties of the State and afford necessary financial assistance in order to supplement the State's resources.

He said that although the financial position would be extremely difficult, with the cooperation of the people the plan programme would have to be implemented and the targets achieved so that the common man might be able to feel the dawn of a better future.

RIVER WATERS

Referring to the allocation of Krishna and Godavari waters to the State, he said "My Government has intimated to the Government of India that their proposals of March 23 last year are not acceptable to us and we shall endeavour to secure our rightful share of these waters for the development of irrigation in Mysore".

LAND REFORMS

The Governor hinted that the life of the Mysore Tenancy Act, 1961, due to expire on March 31 this year, might have to be extended further to afford protection to the tenants from eviction, as the Mysore Land Reforms Act, passed by the Legislature some time ago might have to be amended in certain respects before being brought into force.

PLAN OUTLAY

Discussing the Plan programme, he referred to the Third Plan outlay of Rs. 250 crores and said the total amount spent by the middle of the Third Plan came to about Rs. 110 crores which worked to 44 per cent of the total Plan outlay.

He said: "Though there had been satisfactory progress in achieving the financial target as a whole, there has been a shortfall in physical targets in certain sectors due to higher investment on agriculture and power schemes as compared to the other heads of development".

RURAL ROADS

In the field of rural communications, he said, some progress has been achieved despite acute shortage of funds. Out of a length of 12,726 miles projected, 9,762 miles have been completed so far.

QUARTERS

The scheme to construct about 600 residential quarters to overcome the shortage of residential accommodation in a number of taluk and district head quarters was nearing completion. It was also proposed to utilise LIC loans for the construction of at least 3,500 more quarters at a cost of Rs. 500 lakhs over a period of ten years.

TICKETLESS TRAVEL

Mysore, Feb. 27

Manchamma and Boraiah, were fined Re. One each yesterday by the First City Magistrate Sri Deshapande, for travelling without tickets from City Railway Station to Ballal Hotel in City Bus on Tuesday last.

Sri S.M. Huseni, Assistant Security Officer of the MSRTC, Mysore Division who checked the Bus handed over the said passengers to the Lakshmipuram Police who filed the case.

AIR LINK URGED

Mysore, Feb. 27

The Chamber of Commerce and Industry, at its annual meeting, has urged the Government of Mysore and India to take immediate steps to air link Mysore City wito other cities to facilitate air travel for the public and businessmen of the city.

INDIAN REDS SHOCKED

The Communist Party of India has expressed "amazement and shock" at the "patently unprincipled stand" in regard to Kashmir taken by the Chinese Premier Chou in the joint communique issued at Lahore after his talks with Pakistan President Ayub Khan.

The Party said the Chinese Premier has thought it fit to publicly support the discredited plebiscite formula which has been long dead as dodo. It said that Kashmir "is irrevocably an integral part of India and it is absurd to attempt to invent a dispute over this indisputable truth".

LAWYERS' PANEL ON GRAFT

Congress President Kamaraj yesterday announced the five-member panel of laywers to deal with cases of corruption against Congressmen. This will replace the earlier Congress Anti-Corruption Committee.

IMPORTS CUT

Sri Manubhai Shah, Union Minister for International Trade stated yesterday that while the Government would endeavour to meet to the maximum possible extent the essential requirements of industry in the next financial year, imports of lower priority items might have to be cut.

He said that exports during 1964 would be worth Rs. 175 crores, Rs. 65 crores more than the previous year.

DA FOR HIGHER SALARY CLASS

Union Finance Minister Krishnamachari stated in the Rajya Sabha that he would examine the question of raising the salary limit of Government servants to Rs. 1,000 for the purpose of giving dearness allowance.

AXE AGAIN

The existing departments of Education and Science in the Union Ministry of Education are being abolished to facilitate rationalisation and reorganisation of the Ministry's work.

Edited, Printed and Published by G.L. Swamy at Samachar Press. J.M. Palace Road. Mysore.

Better Deal For Third Class Passengers

Sri H.C. Dasappa, Union Railway Minister told the Lok Sabha that he was more than convinced that there was a lot of overcrowding in third class coaches and he wanted to improve the position by introducing a few more trains or by running additional janata trains.

He said orders had been placed for 145 broad guage and 150 metre guage sleeper coaches to provide better facilities for long distance passengers.

The Minister also spoke of the need for uniformity in the railway guage system and said it could only be broad guage. But "we have to hasten slowly" in this respect, he added.

Referring to the demand for creation of new zones, the Minister said that the Railway Efficiency Bureau had been studying the work-load and operational efficiency and if the study showed that thare was need for reorganisation "we will not hesitate to do that as we have done in the past".

Mischief by Pak Pirate Radio

India has sent a protest note to Pakistan against a pirate radio station operating on the Pakistan territory and misdirecting the Indian Air Force aircraft.

The note has drawn attention to this mischievous and dangerous development and pointed out two incidents of misdirection by this radio of the Indian air craft searching the missing IAF plane since Feb. 17.

It said: "The consequences of such misdirections can be most serious and the Government of India trust that the Pakistan Government will ensure that such cases of mischievous dangerous misdirection do not originate from a radio station in Pakistan or Pakistan-controlled territory.

CEYLON ASKS CHOU TO RELAX BORDER TENSION

The Sino-Indian border dispute figured in the first round of talks between the Ceylon Premier, Mrs. Bandaranaike and Chinese Premier Chou En-lai, yesterday at Colombo.

Ceylon was said to be making a bid to persuade China to relax the prevailing tension on the border by agreeing to vacate the Chinese posts in Ladakh. If this formula is accepted, it is expected it might be possible for Mrs. Bandaranaike to arrange an early meeting between Chou and Prime Minister Nehru.

NO PROFIT MOTIVE IN KHADI INDUSTRY

Sri U.N. Dhebar, Chairman of the Khadi and Village Industries Commission answering questions on the recent criticism by the Public Accounts Committee of Parliament regarding non-repayment of loans advanced to the Commission, said the Khadi industry did not raise equity capital and no margin for capital formation. It worked on a no-profit and no-loss basis and loans could be recovered from production units only when they closed down.

He said the industry had been criticised as not being self-sufficient. But it must be borne in mind that Khadi and Village industries were part-time employment to millions, to whom it also brought improved techniques.

Large Failures In Medical Exam.

Justice Hegde Deplores

Mysore, Mar. 2

Speaking at the College Day of the Mysore Medical College, here last evening, Justice Mr. K.S. Hegde of the Mysore High Court stated that the results of medical examinations in the country was thoroughly unsatisfactory. This was due not only too many subjects the student had to study but to more and more medical colleges being started without proper equipment and adequate teaching staff.

He said although the country needed more doctors, the standard of medical education should not be lowered and the best material should be selected form medical colleges.

Dr. Davar, Vice Chancellor of the Mysore University who presided said that though they were in need of more and more doctors and engineers, it would be very much better if they restricted admissions in professional colleges so that standard might not be lowered.

As regards the Dean's suggestion that students in pre-professional should not be made to study four subjects but only two, the Vice-Chancellor said this proposal of the Medical Board was before the University for a long time and it was better that all Deans of the Medical Colleges join together and bring pressure on the University to change the syllabus.

Dr. J. J. Dharmaraj, Dean, welcomed the gathering.

Dr. Suryanarayana Rao, Vice-Dean presented the annual report.

Mr. M.P. Sreeyamshu, Student Secretary read the messages.

New Varsity Chief

Mysore, Mar. 2

Dr. Shrimali, former Union Education Minister, has been appointed as Vice Chancellor of the Mysore University for a period of three years, by the Chancellor, Sri Jayachamaraja Wadiyar.

INCOME TAX RELIEF

Substantal relief in income-tax has been given to the lower and middle-income groups in Central Budget.

For instance, a married person with more than one child with an annual salaried income of Rs. 5,000 will pay only Rs. 84 as tax in the next financial year as compared to Rs. 941 he had to pay this year.

The Compulsory Deposit Scheme, which has been hitherto applicable to only income-tax payers, has been withdrawn completely. Those who had deposited under the CDS for 1963 64 will get their refund with interest, after five years.

LOANS FOR SCHOOL BUILDINGS

The Central Government has decided to give loans to State Governments for the construction of primary, middle and high school buildings and staff quarters for women teachers in rural areas. A provision of Rs four crores has been made for this purpose in the 1964 65 Budget.

A sum of Rs 10 lakhs has also been provided for loans to State Governments for assistance to affiliated and constituent colleges for construction of hostels.

The Union Budget provides an allocation of Rs.40.95 crores under Education as against Rs. 30.38 crores in the current year, the increase being accounted for mainly by an additional Rs. 1.89 crores for the University Grants Commission and grants to scientific and technical educations.

MYSORE TAX-FREE BUDGET

PENSION FOR OLD AGE: MORE D.A. FOR GOVT. OFFICIALS

Bangalore, Mar. 3

Finance Minister Jatti presenting a small Rs. 7.01-lakh surplus budget for 1964-65 to the Legislative Assembly announced no new taxes.

He announced pension of Rs. 15 per mensem to those aged 70 and also a uniform increase of Rs. 5 per month in dearness allowance to all Government employees drawing basic pay of Rs. 300 per month, which applies to all Government commercial concerns, local bodies and aided educational institutions.

An ad hoc increase of Rs.5 in D. A. for pensioners drawing pensions upto Rs. 100 was also announced.

In regard to family pensions sanctioned to families of Central Government employees, Sri Jatti said that the Government was considering whether the existing scheme itself could not be liberalised or the Central Government's scheme should not be adopted by the State Government. The decision of the Government would be taken in due course.

The revenue is expected to be of the order of Rs. 10,386.09 lakhs and expenditure Rs. 10,165.35 lakhs, as against the anticipated revenue of Rs. 9,911.52 lakhs and expenditure Rs. 9,801.65 lakhs.

The Finance Minister did not include in the budget the expenditure of Rs. 20 lakhs in old age pension. Rs. 125 lakhs due to increased D.A. to Government employees and Rs. 25 lakhs on account of increased D. A. to pensioners. He told the House it would be necessary to find resources to meet the expenditure on the above accounts.

Sri Jatti said that there would be an overall shortfall of Rs. 50 to 60 crores for financing a Plan of Rs. 250 crores. For the next two years on account of the gap created by the heavy capital outlay and repayments of loans "we have to seek special loan assistance from the Government of India. The Centre has been appraised of the financial position".

White Paper On Sharavathy

Bangalore, Mar. 3

The White Paper on the Sharavathy Valley Hydel Project, placed on the table of the Mysore Legislature yesterday stated that having regard to the nature of terrain and work involved, the completion of the work by the stipulated time was an achievement.

The Paper claimed that such a gigantic project matched by gigantic efforts against heavy odds was a matter of pride to the State and the achievements were quite satisfactory.

There had been no irregularities in regard to revision of rates paid to contractors. But the White Paper admitted that the contractors had on occasions changed their rates necessitating the Government having to make adjustments on the foundation work or make changes in the content of materials of the dams.

INDIAN HANDICRAFTS

There has been an overall estimated increase of Rs. 846.06 lakhs in the exports of handicrafts during the first nine months of 1963-64 over the corresponding period of last year.

During the period April to December 1963 the total exports of handicrafts were worth Rs. 24.22 crores as compared to Rs.15.76 crores in the same period of 1962

MAHADEVASWAMY PASSES AWAY

Mysore, Mar. 4

Natyakala Visharada M. C. Mahadevaswamy, the veteran stage producer and director died here yesterday afternoon in K. R. Hospital. He was 56.

He leaves behind his wife, four daughters and three sons.

The late Mahadevaswamy rendered invaluable service to the Kannada theatre movement for nearly four decades. Making a humble beginning on the stage, he joined Gubbi Veeranna's Company. In 1957 he formed a new troupe, the Kannada Theatres, of which he became the managing director. He served for a term as a member of the Legislative Council. He was also a member of the Mysore Municipal Council for some time. He was an active executive member of the State Sangeetha Nataka Academy.

His funeral took place this morning.

The Governor in a message said Sri Mahadevaswamy was a "pioneer in the field of Karnataka art and his demise is a great loss to the Kannada theatre".

Chief Minister Nijalingappa said Sri Mahadevaswamy did much for the dramatic art. He was quite generous and contributed large sums to deserving institutions. "It is a great loss to the Kannada world of arts".

NO COMPROMISE ON KASHMIR

Sri Lal Bahadur Shastri assured both Houses of Parliament that India would never countenance any suggestion by any party for a solution of the Kashmir question on the basis of independence for the State.

He said "India's position in regard to Kashmir has been made quite clear recently at the Security Council by our representative, Sri Chagla. We cannot deviate from that position even for a moment".

Sri Shastri admitted that the American Assistant Secretary of State, Mr. Talbot was coming to Delhi on March 6 but what appeared in the papers about his proposal for Kashmir was pure speculative.

Pak Build Up In Border

Defence Minister Chavan told the Lok Sabha yesterday that the Government had received information about some movement of armed personnel and military vehicles on the Pakistan side of Jammu and Kashmir cease-fire line, besides digging of trenches and consturction of bunkers along the Feni river on the Tripura-East Pakistan border.

Sri Chavan assured the House that the situation was being carefully watched and measures to protect the security of the frontiers wherever threatened were being taken.

He stated that as the Defence Minister his only reaction was to go ahead with preparations for the protection of the country's frontiers. Later, however, he said Pakistan was creating situation to make it hot for the discussion of the Kashmir issue in the Security Council.

ONLY MUSLIMS IN BORDER AREAS

Union Minister for Rehabilitation Mehr Chand Khanna stated at Gauhati that it appeared to be the "considered policy of the Pakistan Government that only the Muslims could live in the border areas".

He said "The Pakistan Government is determined to squeeze out all others, Hindus or Christians, living there".

Sri Khanna said that already 75,000 to 80,000 people had come away from East Pakistan to Assam and the figure might go up to 1,50,000 very soon.

Rs. 15,000 WORTH COFFEE SEIZED

Mysore, Mar. 5

About 5 tons of coffee valued at Rs. 15,000 coming from Kerala to Mysore without payment of excise duty in a lorry belonging to a merchant in Santhepet was seized by the Divisional Preventive Officers of the Central Excise, Mysore, on Mar.3 near Karapur.

It is stated that this is the biggest seizure in Mysore.

STATE FINANCIAL POSITION FIRM

Bangalore, Mar. 5

Finance Minister Jatti told the Assembly yesterday that the financial position of the Government was firm. He was replying to the debate on the supplementary grants of the order of Rs. 20.95 crores.

The Government had created a Price Fluctuation Fund with an initial contribution of Rs. 5 lakhs to assist capital formation in various co-operatives to hold the price line, he said.

Sri Jatti stated that the first unit of the Sharavathi Project would be commissioned either in July or December at the latest. The first transmission line would be drawn to Bangalore so that it would be possible to utilise 89,000 kws of power.

RECRUITMENT TO CENTRE

Bangalore, Mar. 5

The State Government has represented to the Centre that at least 10 per cent of recruitment to Central services should be reserved for the employees of the State Governments, so that at least some of the State Government employees could enjoy better scales of pay and allowances.

VARSITY GRANT-IN-AID CODE

Bangalore, Mar. 5

Education Minister Kanthi told the Assem-bly yesterday that a unifrom grant-in-aid code in respect ;of Universitites would be published in about a fornight's time.

2-YEAR PUC IN MYSORE

The two-year Pre-University Course would be introduced in the Mysore and Karnatak Universities from the 1965 academic year stated Vice Chancellor Davar at Mercara.

He said that results in colleges were most disappointing because one year in the Pre-University was definitely not sufficient for students to adjust themselves to the new atmosphere and the medium of instruction.

7 DIE IN BRIDGE ACCIDENT

Seven people, including a Divisional Engineer, were killed on the spot and four were injured when the beams across two spans of a road-bridge under construction of the Gautami river collapsed on Monday, near Kakinada.

Halt Exodus Of Minorities

NANDA ASKS PAK

Union Home Minister Nanda stated in the Rajya Sabha yesterday India would have to face both the preventive and ameliorative aspects of the problem created by the recent communal disturbances in East Pakistan.

"We should try to find every possible way to prevent an exodus from East Pakistan by ensuring a more secure and less uncertain life for the minorities there", he added.

He said according to the latest figures the total number of persons, who had crossed over to West Bengal, Tripura and Assam was nearly one lakh.

Sri Nanda made it clear that the responsibility of Pakistan to protect its minorities was unambiguous. All that India could do was to make Pakistan realise that responsibility and live up to it.

The Home Minister said that after "squeezing out and hounding out" minorities from East Pakistan, it was 'heartless and cruel' for Pakistan to allege that India tempted the minorities to cross over to this country. It amounted to adding insult to the injury already inflicted by Pakistan.

Sardine Oil

Mysore, Mar. 7

The Central Food Technological Food Research Institute, here, has evolved a simple and cheap refining process for commercial sardine oil so as to put the oil to profitable industrial use.

A suitable refining procedure standardised by the institute compares with the specifications laid down in foreign countries.

Sardine oil obtained in India by traditional methods is very crude and contains a good amount of water and other materials and therefore deteriorates on storing.

SNEAKY PAK COPTER

A helicopter with what looked like some military personnel on board landed at Gangarampur in Balurghat Sub-Division of West Dinajpur District of West Bengal yesterday morning. Pak Troops Open Fire

Pakistani troops have been firing at Indian posts in the Jammu area since Thursday.

They fired at an Indian post opposite a graveyard located about 20 miles south of Jammu on the international border at 4 p.m. on Thursday and 10 a.m. on Friday.

Pakistani troops are also reported to have fired at an Indian post at Samdu Manhaspur, some distance north-west of the grave yard on Thursday. Later the same night, they opened fire in another nearby area.

11TH STANDARD IN HIGH SCHOOLS

Bangalore, Mar. 7

The Mysore University was now agreeable to the Government starting the 11th standard in selected high schools. The University would conduct a common examination for the 11th standard and the P.U.C.

Announcing this in the Council, Education Minister Kanthi said the 11th year class will not be in competition with the PUC. The curriculum, syllabus and examination would be the same for both.

He said the need for creating more accommodation to the students seeking PUC or equivalent course was felt in view of heavy rush. In some high schools there was already sufficient equipment to run the 11th class.

REVIVE OLD CULTURE: GOVERNOR'S PLEA

The Governor of Mysore, Sri Jayachamaraja Wadiyar yesterday called fot greater encouragement to Nataka and Harikatha, the two most popular means for the propagation of the ideals of truth and righteousness.

Inaugurating "Satya Sabha", an organisation for the promotion of moral and spiritual welfare of the people, at Madras, the Governor said: "Moral and spiritual values enshrined in our scriptures have been our precious heritage for ages. The Vedas, Upanishads and Bhagvad Gita and other sacred texts have given our people a way of life which has sustained them in all vicissitudes".

Sri Wadiyar said the process of evolution into a true welfare state will not be complete until we pay equal attention to the resuscitation and revival of our traditional culture which in all its many forms has essentially been a quest of God.

WOMEN PRIMARY TEACHERS

The Government of Mysore has ordered relaxing the age limit for women seeking appointments as primary school teachers.

Education Minister told the State Assembly that the age-limit for women candidates, who had passed the Lower Secondary Education, had been raised to 40 years.

COMPULSORY DEPOSITS

In regard to return of deposits made under the Compulsory Deposit Scheme, the Union Finance Ministry has clarified that assessees who have made advance deposits during 1963-64 in respect of income other than salaries assessable for the assessment year 1964-65 will be entitled to a refund of the deposit with interest.

However, in respect of salary income earned during 1963-64 and assessable for the assessment year 1964-65 the deposits made during the financial year 1963-64 will not be refundable. This is because salary income assessable for the assessment year 1964-65 will be chargeable to tax under the operation of the Finance Act, 1962.

Trains Speeded Up

Mysore, Mar. 9

Sri V. K. Sthanunathan, Divisional Superintendent of Southern Railway in Mysore, told Pressmen today that the Railways were taking stern measures to put down ticketless travelling.

He said in 1962 57,245 people travelling without ticket were detected and a sum of Rs.1,44,405 was collected as fine in Mysore Division. In 1963 86,420 persons were detected and Rs. 2,26,892 was collected.

As regards the wagon position, he said, it was very easy in the Division and without any difficulty merchants were getting wagons in all stations. In order to remove irritation to merchants in the delay in delivery of consignments, the Divisional Superintendent said, that as an experimental measure they were introducing in Bangalore-Mysore section from Mar. 15 the delivery of goods on the next day at 10 a.m. if the goods were booked on the particular day within 4 p.m.

Sri Sthanunathan said that new trains from Birur Hubli would be run from April 1. It would leave Birur at 11 50 a.m. and reach Hubli at 8 50 p.m. Leaving Hubli at 6.20 a.m. it would reach Birur at 3-15 p.m.

He said that certains trains would be speeded up from the first of next month. The passenger train from Mysore would leave at 11-45 a.m. instead of 12 05 p.m. and would reach Bangalore at 4 35 p.m. It would leave Bangalore at 11-30 a. m. and reach Mysore at 4 20 p.m.

The Mail train leaves Mysore at 4 15 p. m. and reaches Bangalore at 8 35 p.m. The Chamundi Express leaves Bangalore at 4.45 p.m. and arrives in Mysore at 8 30 p.m.

He said the Nanjangud-Chamarajanagar railway would be taken over from the Taluk Board from April 1.

Sri Bahaduri, Divisional Commercial Superintendent, was also present.

Shrinagesh Mysore Governor

WADIYAR TO MADRAS

Sri Jayachamaraja Wadiyar, Governor of Mysore, has been appointed as the Governor of Madras in place of Sri Bishnuram Medhi by the President.

Gen. S. M. Shrinagesh, Governor of Andhra Pradesh, has been appointed Governor of Mysore on transfer of Sri Jayachamaraja Wadiyar.

Sri Pattom Thanu Pillai, Governor of Punjab, will be the Governor of Andhra Pradesh and Sri Hafiz Mohammad Ibrahim will be the Governor of Punjab.

Novelists Honoured

Mysore, Mar. 9

Messrs. R. K. Narayan and Raja Rao, the well-knownEnglish authors and recipients of Padma Bhushan and the Sahitya Akademi Award, respectively, were felicitated last evening at a meeting organised by the City Colleges English Teachers' Association in the Maharaja's College Centenary Hall.

(Sri R.K. Narayan, who is staying in Mysore City since 30 years has won the Sahitya Akademi Award for his novel 'The Guide' and also Padma Bhushan Award. Sri Raja Rao, who hails from Hassan District and staying in France since 25 years, got the Sahitya Akademi Award for his novel 'The Serpent And The Rope').

Prof. C.D. Narasimhiah, who presided, paid tributes to these two great authors and said, Sri Narayan's Malgudi and Sri Raja Rao's Kanthapura had made Mysore and India famous in the world republic of letters.

Sri M. Rama Rao, staff member of the Maharaja's College also spoke.

Sri Narayan replying said it was essential that English should be retained in India. He said it was not necessary to throw out English language though they threw out the Englishmen from India.

He suggested simplification of English language and said, whatever might be the language policy of the Government, the English Association and others interested in the language should start English Centres in rural parts and teach simplified English.

Sri Raj Rao thanking the Association said that a good writer should possess the precision of the language he used.

He said: "Every bit of Mysore belongs to me". He attributed his precise English due to precision in Kannada and French language.

Sri Raja Rao said in France there was no stupid word though there might be stupid people In France literature was the national profession. It was so precise and rigorous in thinking that was why the French literature was so famous in the world.

Writing was his 'sadhana', he added.

Sri Guru Rajo Rao proposed a vote of thanks.

Reshape Fiscal Policies

The nationalisation of banks, and extension of the co-operative sector to agriculture, small-scale and processing industries and the wholesale and retail trade has been opposed by the Federation of Indian Chambers of Commerce and Industry.

Meeting at New Delhi it attributed the "fall" in the country's economic growth chiefly to the fiscal policies pursued by theGovernment.

The Federation demanded the reshaping of the fiscal policy.

STRATEGIC CONTROLS ON FOOD TRADE

TO PEG PRICES, SAYS TTK

Union Finance Minister Krishnamachari stated in the Lok Sabha yesterday that to control rising prices there would have to be increased Government control over distribution of foodgrains at strategic points.

He declared that if the shortage in food persisted, "the country must be prepared for the imposition of some form of control over distribution, however unpleasant it might be".

He said the State Governments must be prepared to extend various regulations affecting transactions in the whole trade and those connected with processing of foodgrains.

The Finance Minister said that the problem of rising prices could be dealt with only by a major review of policies other than those relating to the Budget and this was being done in consultation with the State Governments

He indicated that he would persuade the Governments to take a decision well before the sowing season for the kharif crops.

Edited, printed and published by G.L. Swamy at Samachar Press J.M. Palace Road Mysore.

Dairy Project For Mysore

Bangalore, Mar. 12

Revenue Minister Krishnappa told the Assembly that the Bangalore Dairy Project costing Rs. 1.40 crores would be commissioned before the end of May this year.

He added that the Government proposed to establish dairies at Mysore, Bhadravathi-Shimoga, Hubli, Gulbarga and Mangalore.

BANKS' TIGHTER CHECK ON CREDITS

The Reserve Bank of India yesterday announced a series of measures to restrict bank credit to avoid its utilisation for hoarding of commodities in short supply.

It announced a substantial reduction in the bank's quotas for borrowing from the Reserve Bank and imposed penal rates of interest for borrowing above the quantum of bank's statutory reserves.

GOPALAN ON FAST

Sri A. K. Gopalan, Leader of the Communist Opposition in the Lok Sabha, who entered on the fourth day of his fast in the sub jail at Muvattupuzha as protest against the eviction policy of the Kerala Government and the inhuman attitude of the police towards encroachers in the forest area, was reported to be weak.

It is understood that the Government had passed orders for the release of Sri Gopalan and withdrawal of cases against him.

ONE MORE SEED FARM FOR MYSORE

Mysore, Mar. 12

The question of opening one more seed farm in Mysore district and starting of a seed farm in Chickmagalur district was considered at a meeting of the Deputy Commissioners of the Mysore Division, held here on Saturday, under the presidentship of Sri R. Srinivasn, Divisional Commissioner.

The Deputy Commissioners were asked to select lands for the seed farms.

The Divisional Commissioner drew the attention of the officers to the preparation of the Panchayat Agricultural Production Plan for 1964-65 and stressed that no time should be lost in preparing consolidated plans for all the community development blocks and for the district, as a whole, after preparing the Panchayat Plans, with a view to assess the over-all increase of food production in the districts.

The question of collection of advance contributions in respect of construction of new irrigation projects in response to the appeal made by the Chief Minister was also considered.

Referring to the Government order, transferring minor irrigation tanks with an atchkat of ten acres and above to the Taluk Boards, Sri Srinivasan told the meeting that the list of minor irrigation tanks having an atchkat of more than ten acres and upto 100 acres had been called for.

13 artificial insemination centres had been started in the division and four more would be started shortly.

INDIA ACCEPTS UN CEASEFIRE CALL

India and Pakistan have accepted the call for temporary ceasefire in the Jammu area from the team of the U.N. military observers.

The U.N. team suggested that the ceasefire may be in force from yesterday so that it could visit the area of Pakistani firing.

Pakistanis, who have been firing intermittently in a graveyard area, about 20 miles south of Jammu, resumed firing on Tuesday morning and this continued with some pauses almost throughout that day.

On March 10-11 night, the Pakistanis threw a hand-grenade on the Indian side and followed this up with a fresh burst of firing. This time, the firing went on for atleast three hours.

Starting with lighter weapons, Pakistanis used heavy mortars and 25-pound guns on Monday and Tuesday. They have also been digging trenches and constructing bunkers in the area.

Pakistani intruders carried out two raids in the Chamb area on the night of March 7-8 killing one villager and injuring three.

MYSORE SOS TO CENTRE

Bangalore, Mar. 12

Finance Minister Jatti told the Assembly that the State Government had requested the Centre for Rs.50 crores assistance for some of the major developmental schemes in the State.

He said the State could find only Rs. 63 crores as against Rs. 110 crores of the State's share in the Plan outlay of Rs. 250 crores.

Expressing confidence in getting the Central aid, Sri Jatti said that paucity of assistance would mean holding up major projects like the Sharavathy, the Upper Krishna, Thungabadhra and Gataprabha schemes.

JUDICIAL ENQUIRY

The Kerala Government has ordered a judicial enquiry into the circumstance that led to the use of force by the police at Keerithodu in Ernakulam district on Feb. 26 in connection with the eviction of encroachers from forest areas.

KRISHNA WATERS

The Rajya Sabha was told by Irrigation Minister Rao that data in regard to the allocation of the Krishna-Godavari waters between Mysore, Andhra and Maharashtra were under the review at technical level.

No Probe On Sharavathy

Union Irrigation Minister Rao stated in the Rajya Sabha that the allegations about irregularities in Sharavathy Valley Project had been looked into by the Government and "there is no prima facie case for detailed enquiry".

Referring to the allegation about the payment of over Rs. 60 lakhs to the contractors and charges of corruption involved in this transaction, the Minister said the payment to the contractors was as a result of the award by the arbitrators as provided in the terms of the contract. The State Government also took pains to negotiate with the contractors after the award was given and in some cases, they had succeeded in reducing the amount.

The Minister said that in the actual construction of the project, a lot of difficulties had to be faced by the contractors in view of its topographical conditions and this had resulted in a number of claims under various items.

BETTER DEAL TO DOCTORS

Bangalore, Mar. 13

Health Minister Nagappa Alva told the State Assembly that the pay scales and service conditions of Assistant Surgeons in the State would be brought to the level of the neighbouring States.

He said it had become very difficult to meet the growing demand for medical public health facilities. However, theGovernment had spared no efforts to meet the demand to the extent possible. About 200 doctors had been sent to foreign countries for post-graduate studies. The state had a right to demand the service of doctors, particularly those educated in foreign countries at the cost of the public money.

He assured the House that the Medical and Public Health Departments would soon be merged.

Dr. Alva also assured that patients in hospitals were not harassed by medical students as complained by the members.

He also promised every encouragement to all the systems of Indian medicine and early constitution of the board.

DROP BUILDING TAX

CITY COUNCIL'S PLEA TO GOVERNMENT

Mysore, Mar. 17

At an urged special meeting of the City Municipal Council held this morning, aresolution was unanimously adopted requesting the Government to withdraw the Mysore Building Tax.

The meeting had been convened to consider the managing committee's recommendation that it was not possible to take up the responsibility of the building tax under the Building Tax Act 1962.

Both the Congress and the Opposition members strongly protested against the imposition of such a tax which put great burden on the poor house owners.

The Council while endorsing the Managing the Managing Committee's recommendations, requested the Government to drop the Building Tax.

18 CAUVERY PROJECTS

Bangalore, Mar. 17

Public Works Minister Veerendra Patil told the State Assembly that the Government was taking steps to utilise its share of the Cauvery waters by taking up 18 projects before the expiry of the Mysore-Madras agreement in 1947.

He said they hoped to complete the 18 projects by the end of the Fifth Plan.

Control On Middle Sector

TO FIGHTRISING COST OF LIVING SAYS TTK

Sri T. T. Krishnama-Chari, Union Finance Minister told the Rajya Sabha that effective controls were necessary on the middle sector, not on the producer or the consumer, to fight the rising cost of living. He said an "atmosphere of increase in prices" generally induced the trader to put up prices.

He ruled out national controls like the price curbs on yarn because they were ineffective and drove the commodities into the black market. He was also against procurement of food because its burden would fall unduly on the small producer. On the other hand, the farmer should be guaranteed an equitable price.

Amplifying his idea of effective controls on the middle sector, he said it might mean State control or development of cooperatives.

POSTAL FACILITIES IN RURAL AREAS

Out of 23,000 post offices proposed to be opened during the third Five-Year Plan, nearly 13,000 had started functioning up to the end of December, 1963. Of these, as many as 12,061 post offices were opened in rural areas As against a target of opening 200 post offices in very backward areas, including 'tribal and border areas', sanction has been issued for 141 post offices, out of which 115 have already been opened, according to annual report of P & T for 1963-64.

A new scheme called the 'Panchayati Postal Scheme' has been introduced on an experimental basis in Supa area of Poona District with effect from from 2nd Oct. 1963. Under the scheme, the mail is handed over to a centrally situated co operative covering a group of villages. Each village nominates a person to receive the mail and distribute it. The results of this experiment are being watched.

INDO-GDR TRADE

India's participation in the Leipzig Fair this month has resulted in the transaction of business worth more than Rs. 10 million so far.

The Indo German Democratic Republic Trade, which has been progressively expanding since 1959, was of the order of Rs. 9 crores approximately each way during 1963. In 1964 it is likely to be of the order of Rs. 16.5 crores each way.

Cheap Housing Scheme

PETITION TO LOK SABHA

Mysore, Mar. 18

Mr. M. J. Mohamed Yakoob, former Municipal Councillor, recently presented two petitions to the Lok Sabha containing practical proposals for an all-India free and cheap housing scheme and for turning to good purpose the flood waters which generally cause devastation in the country.

He suggests the starting of 40 factories all over the country, each unit consisting of saw mills, wood-working machine units and tile factories. The total cost could be Rs. 2 crores, These factories could turn out building materials on a mass scale so that a house with two rooms, a hall, a kitchen, a store room and sanitary conveniences would cost only between Rs 1,500 and Rs. 2,000.

The factories could turn out enough material for 100,000 houses per annum.

LOTTERY FOR FINANCE

Mr. Yakoob has also worked out a lottery scheme for financing the housing project which could bring in nearly Rs. 40 crores annually. He is confident that within ten years there will be no housing shortage in the country. The scheme will also provide employment for a million people.

The petitioner is of the view that 90 per cent of the annual rainfall goes waste, causing floods in some areas, droght in others. These surplus waters could be conserved by digging extra channels and connecting the bigger and smaller rivers all over the country to that chronic drought areas could benefit and grow crops round the seasons.

Head-Hunting

For every Indian head Pakistan authorities have fixed a prize of Rs. 100, according to reports received by the Kashmir Government.

Pakistan authorities are reported to have instructed their guerillas to cut the heads of their victims and return with them to Pakistan. Heads are exhibited by the Azad Kashmir authorities to 'Mujjahids' being trained for liberation as trophies boosting up their morale. So far Pakistani raiders have succeeded in chopping of three Indian heads and carrying them away to Pakistan.

SMUGGLED COFFEE SEEDS SEIZED

Mysore, Mar. 18

The Central Excise Divisional Preventive Staff headed by Sri H.R. Venkatadri, Deputy Superintendent, seized yesterday 1½ tons of coffee seeds being smuggled from Wynad (Kerala) to Mysore in a lorry.

They also seized five tons of coffee seeds recently smuggled from the same place to Mysore.

INSTITUTE OF PUBLIC AFFAIRS

Mysore, Mar. 18

An Institute known as the "City Institute of Public Affairs" has been set up in Mysore city in order to focuss public interest and attention and to mould its opinion on all matters of public importance. It is a non-party, non communal and secular body.

Sri K. Krishna Rao, retired DEO is the President and Sri M. S. Ramaswamy, Principal of the Saradavilas College is the Vice-president.

21 MILL WORKERS KILLED

21 Muslim millhands were killed and seven injured in Belgharia near Calcutta, on Monday night as a result of a mob attack.

The communal incident occurred on the eve of the hartal called by the Save Pakistan Minorities Committee.

While the labourers of the Mohini Cotton Mills were going for the night shift, crackers were thrown at them by some unknown persons. In the confusion that followed, a large number of persons attacked them with knives and lathis killing 12 persons on the spot. The others died later in hospitals.

CENTRE AID SOUGHT

The Government of Mysore has requested the Planning Commission for special assistance for its backward districts.

MORE FIRE FIGHTING UNITS

Bangalore, Mar. 18

As many as 29 major fire outbreaks in different parts of the State since the beginieg of this year took a toll of 30 lives and resulted in loss of property of over Rs. 11 lakhs, the Home Minister, Sri Patil stated in the Assembly

He assured the House that Government had before it a phased programme to streamline firefighting equipment in the State.

The Minister said fire-service stations in Bangalore, Mysore and a few other towns would be considerably improved and more fire stations would be opened in various towns.

BUILDING TAX ACT CHALLENGED

Bangalore, Mar. 18

The Mysore High Court, yesterday, admitted a writ petition of Sri B. Venkata subba Rao to declare the Mysore Buildings Tax Act 1962 as void, unconstitutional and unenforceable.

AUTONOMY TO SCIENTISTS

Union Education Minister Chagla stated yesterday that the Government was taking steps to abolish the "system of anarchy" in laboratories and scientific institutions, as scientists must be considered equal and should have complete autonomy.

He said that most brilliant research work was done by scientists before they were 30 and hoped that every encouragement would be given to young scientists.

PAK ATROCITIES ON REFUGEES

On 16th January the first batch of the recent wave of tribal refugees from East Pakistan entered the Garo Hills near the Western end of the Assam-Pakistan border. The influx reached its peak before the middle of February. To date there are over 75 000 tribal refugees in the area, consisting mainly of Hajong, Garo, Banai, Koch, Dalu and Rajbongshi tribes.

A book could be written on the atrocities, shooting, bayoneting, baton attacks and raping inflicted by the East Pakistan Rifles and ANSAR personnel of the East Pakistan Border Forces upon the fleeing refugees. Stories of looting, and of the abduction of tribal maidens by Muslim men of the area are common. More could be written concerning the reasons for the fear and insecurity which caused this mass exodus of these minority groups into the Garo Hills from this border strip of East Pakistan.

This is according to a report of a survey made by the Church World Service.

PAK VIOLATES TRUCE

Pakistan forces fired at Indian positions across the cease-fire line in Jammu on Monday evening. The firing started in the evening went on intermittently till the early hours of the morning.

ARMY WILL CROSS KASHMIR TRUCE LINE

IF PAK VIOLATIONS PERSIST

Prime Minister Nehru declared in the Lok Sabha that Indian forces would cross the cease-fire line in Kashmir if it became necessary in defence of Indian territory.

He was replying to a call attention motion on the Pakistani raid in March 15 in the border village of Bhulwal Mulo, near Jummu, killing four persons and seriously injuring some others.

Sri Hem Barua asked whether the Government of India was prepared to inform the UN observers that if they could not defend the cease-fire line, it would be India's painful duty to violate the cease-fire line and occupy by force the so-called Azad Kashmir.

Sri Nehru replied that he was not prepared to say all that.

7 KILLED IN MOB VIOLENCE

Seven persons were killed and several injured in mob violence at a jute mill area yesterday in Rajgarh in Madhya Pradesh.

The trouble started with a few cases of stabbing and it spread to other localities of the town. A small crowd attacked the house of a member of the minority community and the police reached the spot and dispersed the crowd.

Rangoon Shops Nationalised

The Burmese Government yesterday nationalised all private-owned wholesale shops, warehouses, stores, shops and brokers' establishments within Rangoon. The shops affected by this measure were mainly owned by the Indian and Chinese business community.

The Government announcement said that there was no alternative to nationalisation because "foreign and native capitalists and their stooges have been conspiring to buy up essential commodities from State-owned shops for hoarding and black-marketing".

MPSC DEPLORES LAXITY IN GOVT.

The annual report of the Mysore Public Service Commission for 1961-62 stated that there had been a certain amount of laxity on the part of the Government departments in sending proposals to the commission.

The report said that "not infrequently even Government orders seem to be honoured more in breach than in observance. Delays in sending proposals to the commission were sometimes so long as to make them meaningless. For example, in case of promotions, the commission was consulted days after issue of notification giving effect to proposed promotions. Their frequency would only indicate the absence of administrative planning and foresight.

Pak Open Fire On New Front

Pakistani forces fired light machine guns and medium guns towards Indian positions is south of Tarakundi on Tuesday night. This is the first time that Pakistanis opened fire in this area.

Pakistani raids on the Akhnoor area, north-east of Jammu, also took place on the same night.

12 PAK RAIDERS KILLED

About 12 armed Pakistan raiders were killed on Wednesday in a clash with villagers in the Pargwal area in Indian territory.

The Pakistanis raided the area, where a gang of Pakistanis in a midnight raid on Sunday had killed four Indians. The villagers challenged the raiders and there was an exchange of fire for some time.

Subsidies No Solution To Food Shortage

Sri Asoka Mehta, Vice-Chairman of the Planning Commission, yesterday, visualised establishment of an "agro-industrial society" as the ultimate solution of economic difficulties of the country.

Referring to the demand for subsidising agricultural production, he said mere adjustment of prices and subsidies to the producer or consumer were not going to solve the problem of shortage of food, raw materials and consumer goods.

If subsidies and price support became a part of country's economic policy, he said, a country with a vast population like India would require about Rs. 1,000 crores every year. No wise man would like to spend nearly half of the total outlay for agriculture in this way.

For the present subsidy and some marginal adjustments were necessary. But he wanted people to realise that they could not escape hardships by putting burden of one section of the society on some other section.

Edited, Printed and Published by G L. Swamy at Samachar Press J.M. Palace Road Mysore.

LABOUR UNIONS WARNED

Union Labour Minister Sanjivayya yesterday charged a section of the trade union movement with trying to disrupt the unity of the working class forged in the wake of the Chinese invasion and said strikes and go-slow actions would not help to bring down prices.

He said the trade unions which did not abide by the code of discipline and undermined tripartite agreements, would not be entitled to benefits such as voluntary arbitration flowing out of these agreements. He appealed to the working class to maintain industrial peace and to put constructive suggestions about prices

CHAMARAJANAGAR-COIMBATORE RAIL LINE

Railway Minister Dasappa stated yesterday at Coimbatore that if there was persistent public demand for a Coimbatore-Chamarajanagar railway line, a fresh survey had to be made.

However, he wondered, whether there was sufficient traffic now. He thought that the earlier survey was no indicator of the traffic estimate.

The Minister said that as most of the States were not willing to agree to his formula to share the cost of keeping watch on the unmanned railway level-crossings in the States, it has been decided to further liberalise the non-recurring expenditure of Rs. 10,000 per gate.

Entire Northern Border Is Hot

Defence Minister Chavan told the Lok Sabha that India's entire border in the north had become "alive" because of the new friendship between Pakistan and China.

India had to be committed to the defence of the entire northern border because of the changed situation.

He said his Ministry was now working on the basis of a five-year-plan of defence preparedness. He told the House that in making a long term view, the immediate situation was not being negleted. The immediate and the longer-term needs were being kept in balance.

The situation on the border, he said, was more or less the same as it was last year but the new factor of growing friendship between China and Pakistan had possibly made the situation a little more complicated. The friendship had certain dangerous implications and India had to take note of them.

Not only the entire northern border but the international border with Pakistan had become a live problem for India and "our army is now committed everywhere", he added.

Keep Communal Amity

NANDA'S APPEAL TO WORKERS

Union Home Minister Nanda yesterday issued an appeal to the industrial workers all over the country urging them to actively co-operate and assist in ensuring that complete communal harmony was maintained among themselves regardless of inter-union rivalries or any other consideration.

He said their organisations both at the State and the unit level should at once take positive steps to make sure that communal amity was not disturbed in and around the areas where they lived and worked. Trade union movement was built on non communal lines and if any miscreant was allowed to introduce the virus of communalism among industrial workers it would destroy the very basis of the trade union organisation.

Put Down Communal Trouble

NANDA ALERTS STATES

Union Home Minister Nanda stated in the Lok Sabha that the State Governments had been advised to take stern and determined action to put down communal disturbances and also to take preventive action at the least sign of trouble.

He said 200 persons lost their lives in the last week's communal disturbances in West Bengal, Orissa and Madhya Pradesh. Majority of the incidents, he said, were linked with the passage of trains carrying the refugees from East Pakistan to the camp at Mana, near Raipur in Madhya Pradesh. The sight of the refugees and the accounts of their sufferings in East Pakistan roused feelings which some misguided and ill-intentioned elements utilised to work up communal passions.

He said it was intended to form joint peace committee at various levels to mobilise public opinion and give active assistance to the authorities for maintenance of law and order.

JOB FOR EX-PAK OFFICIAL IN W. BENGAL

The appointment of a farmer Pakistani administrative service personnel to a high post in the West Bengal Government within two and half months of his arrival in India was the subject matter of a question in the West Bengal Assembly.

Chief Minister Sen said that the officer came to India in 1959, when transferred by the Pakistan Government to Lahore as District Judge. He was appointed by the West Bengal Government as Deputy Director of Food on April 27, 1960. There was no mention of the month of his arrival on West Bengal. He presumed that the new entrant must have completed six months of stay when he was appointed.

When the Chief Minister handed over the file to the Leader of the Opposition to convince the Opposition, it was found that the file contain the date of his arrival. It was January 29, 1960 and the date of appointment was April, 27, 1960.

Compensation To Small Holders

CHANGE IN 17TH AMENDMENT BILL

The Joint Committee of Parliament on the 17th Constitution Amendment Bill has recommended that lands which are personally cultivated within ceiling limits should not be acquired unless the law relating to acquisition provides for payment. It said that the compensation amount should not be less than market value.

The committee has also made it clear that the compensation should cover not only the land acquired but also the buildings and other structures standing on it.

The 17th Amendment will give constitutional protection to land reforms covering "ryotwari" settlements. It will do so by making changes in Article 31A which describes the type of land reform enactments which cannot be held as contravening the fundamental right to own property.

CEILING ON PROFITS IN PUBLIC SECTOR

The Public Accounts Committee of the Parliament has recommended the fixation of ceiling on profits earned by public sector undertakings.

While agreeing in principle that these undertakings should earn enough profits to be able to give a good dividend to the exchequer and to build up reserves to finance their own future expansion, the committee has held that some procedures should be laid down to ensure that the pricing policies did not become an instrument of indirect taxation, the power of taxation being the prerogative of Parliament.

Plea For More Plan Outlay

Bangalore, Mar. 30

Chief Minister Nijalingappa regretted in the Assembly yesterday that the Planning Commission and the Central Government were not very "generous" to the State Government in regard to financial assistance to major and minor irrigation projects in the State.

Replying to the debate on the demands for grants of his Ministry. Mr. S. Nijalingappa pointed out that while neighbouring States got as much as 65 per cent, of the outlay as assistance, Mysore got only 56 per cent. This left a big gap which the Mysore Government found it difficult to fill.

Mr. Nijalingappa hastened to add that he was not attributing any motives in the Planning Commission, but the pity of it was that an impression existed in the Centre that Mysore was a very rich State and could fend for itself.

"We are trying our very best to disabuse them of this erroneous impression, for the fact remains that we are the poorest State in the field of agriculture, next only to Rajasthan".

Mr. Nijalingappa demanded that any surplus water available in the Krishna and Godavari-his own estimate was that this would be about 700 TMC ft.-should be divided between Mysore and Maharashtra.

Ed. Targets To Be Reached

Mysore, Mar. 30

Prof. M S. Thacker, member of the Planning Commission declared here on Saturday that "we shall be reaching our targets in the field of education during the Third Plan".

He was declaring open the new buildings of the post-graduate departments at Manasa Gangotri.

Prof. Thacker said that as survey the development of education during the last 16 years, be it primary, secondary, collegiate or research field, we have made considerable progress of which any country could be proud of. Today we have 128 engineering colleges and 182 polytechnics, as against 40 and 73 respectively in 1946.

In any developing country, he said, mistakes were committed. But they were being rectified as they gained experience. He said: "when we are taking a big leap, not being content with a mere walk, so as to catch with progress achieved in other countries, there are bound to be sum mistakes and laeunae. Should we on this score say our educational system is wrong".

MANASA GANGOTRI DAY

No Govt's Interference With University

SAYS KANTHI

Mysore, March 30

Education Minister Kanthi categorically declared here on Saturday that the Government would not interfere in the administration of the Mysore University.

He added that he would be happy if even the power vested in the Government in appointing the Vice-chancellor was taken away.

Pleading for a sympathetic aproach towards the Government, Sri Kanthi said:"Ask for more money and we will give. Do not make wild charges the Government. Having come from the portals of a University, I have love and respect for universities. My wish is that the Mysore University, which has a proud record of 45 years should grow to be a model university".

He was presiding over the function arranged in connection with the opening of the new post-graduate buildings of pysics, chemistry,Botany-Zoology and Geology at Manasa Gangotri by Prof. M. S. Thacker.

Expressing his happiness at the calm and academic atmosphere prevailing at the new Varsity campus, Sri Kanthi asked not to allow any polution of the atmosphere by setting up factories near by. "If any factory spring up please tell us, and we will not allow them".

New Steps For Food Purchase

The Union Government has asked the State Governments particularly the South, to constitute grain marketing boards for undertaking large-scale purchase operations.

It is pointed out that the States should first fix the minimum procurement and the maximum selling prices for foodgrains and the normal trade obliged to adhere to them.

At present, traders procure grains during harvest time at low rates and dispose of them at a fancy price in the lean months.

If the trade does not cooperate in implementing the new regulations, the State marketing boards should be prepared to purchase as much quantity as it is available.

INDIA TELLS WEST ABOUT PAK INTRUSIONS

Heavy Electricals Closed

The management of the Central Government's Heavy Electricals Undertaking at Bhopal has declared a shut down of the factory with effect from yesterday.

The step was taken after there had been "acts of indiscipline and intimidation' inside the factory during the past few days.

The Lok Sabha was informed by Minister Subramaniam that he would not look into any demand of the Heavy Electricals Servants Trade Union so long as indiscipline and hooliganism persisted. He said the factory had been shut down to avoid trouble and possible damage to valuable equipment.

Labour troubles arose at Bhopal factory when the Madhya Pradesh Government rejected the representative capacity of the Heavy Electricals Servants Union and recognised the INTUC affiliated Heavy Electricals Employees Union. The former was a communist-inspired union, although it claimed to be an independent organisation.

K. R. HOSPITAL AFFAIRS

INQUIRY OR SATYAGRAHA

CITY FATHERS' THREAT

Mysore, Mar. 31

Both the Congress and Opposition Party members in the Municipal Council yesterday strongly criticised the way in which the authorities were handling the distribution of sugar.

Messrs. M.N. Thimmiah, B. G. Das, H. N. Muddiah and others stated that consumers were not getting sugar in the cooperative stores, although it was available in some shops at blackmarket rates. They demanded that the blackmarketeers in sugar should be severely punished and sugar should be made available in all the cooperatives and fair price shops.

Sri Kempe Gowda and others complained that inspite of several representation and protest made by the councillors, the conditions in K.R. Hospital was deplorable and the patients were suffering untold miseries. They warned that if the Health Minister did not enquire into the affairs and improve the conditions, the Councillors had to resort to satyagraha.

The President, Smt. Soundaramma Venkatesh assured that a deputation would shortly wait on the Government in this connection.

Sri M. N. Thimmiah pleaded for the retention of the Government High School attached to the Teachers' College in City as it has been ordered to be shifted to Bangalore.

He also urged for the Union Government to set up a medium wave transmitter station in Mysore City.

Sri Chikkarangappa wanted that the nuisance of stray cattle and donkeys in the city should be removed.

NATIONAL PANEL FOR GRAFT INQUIRY

CODE OF CONDUCT FOR MINISTERS

The Santhanam Committee on prevention of corruption has suggested that Government servants should be asked to submit periodical statements giving particulars about not only their immovable but movable property.

These statements could exclude articles of daily use like clothes, utensils, crockery and books, but must cover items like jewellery.

The committee has suggested amendment of Article 311 of the Constitution restricting the jurisdiction of courts in regard to the handling of cases of bribery and corruption.

It has repeated the suggestion for a ban on Government servants seeking employment in private firms within two years of retirement.

Another recommendation of the committee is evolving of a code of conduct for Ministers in regard to acquisition of property, acceptance of gifts and disclosure of assets and liabilities. The code should be placed before Parliament and State Legislatures and the Prime Minister and the Chief Ministers should consider themselves responsible for enforcing it.

It has also been proposed that the President should constitute a national panel for investigating complaints of corruption against Ministers by members of Parliament or legislators. Even allegation made elsewhere in the press could be referred to this panel.

It would be obligatory on the part of individual to resign during the pendency of the proceedings. If ultimately he is found guilty, he should be forbidden from holding any office or position.

A ban on all donations by incorporated bodies to political parties or for political purposes has also been advocated. Any party that did not keep proper accounts of public donations should not be extended recognition by the Election Commission.

The other important suggestion include the prosecution of Press for irresponsible criticism, secrecy protection to Pressmen during inquiry, Chief Justice to investigate corruption in judicial administration and a special committee for Defence set up.

Higher Quota For Small Industries

The import policy for 1964 65, announced yesterday, continues to be restrictive in various directions. Care has been taken to increase production all round and also to meet the needs of export promotion and defence.

A sizable increase would be made in the import of raw materials and components for small scale industries.

A greater utilisation of the existing industrial capacity in the country and consequently greater production is expected with import substitution and with the expected greater availability of non-project assistance from friendly countries.

Despite the cuts imposed in the import of certain low priority items, hitherto brought into the country by established importers, the overall import bill to be met from free foreign exchange resources in the next financial year would be the same as in the current financial year.

Cuts have been made in the quotas of established importers for items like highly polished zinc sheets, component parts of knitting machines, hosiery machines and embroidery machines, dental surgical instruments, apparatus and appliances, filter paper, motor vehicle parts, carbon brushes, dashboard instruments, speedometer cables, nickel catalyst, silk or artifical silk goods used or required for medical purposes, oxalic acid and rubber chemicles.

Sheikh Abdullah To Be Released

Kashmir Prime Minister Sadiq confirmed yesterday at Jammu that the Government has decided to withdraw the case against Sheikh Abdullah, former Prime Minister. He did not mention the date for Sheikh Abdullah's release.

Sri Sadiq said: "The Government will not impose any condition on Sheikh Abdullah and release will be unfettered".

IMBALANCES IN IRRIGATION

Union Minister for Irrigation and Power, Sri K L. Rao, told the Lok Sabha yesterday that there were regional imbalances in irrigation and there was need for preferential consideration for some States

He said, this was true also of power and at the end of the Third Plan Andhra Pradesh, Uttar Pradesh, Punjab and Rajasthan would still have shortages.

Dr. Rao claimed the utilisation of the irrigation potential created by the Plan projects had gone up to 82 per cent. No other country had achieved greater utilisation in such a short period.

Make Humanity Nobel

C. M. ADVISES STUDENTS

Mysore, April 2

Chief Minister Nijalingappa advised the post-graduate students of the Mysore University to pass out from the portals of the institution to make the country beautiful and humanity noble.

Speaking at the annual day celebration of the Manasagangotri on Tuesday, the Chief Minister told the students that life in the world was purposeful and their energey was needed for the service of the country.

Unveiling the portrait of the late Sardar Panikkar, Vice-Chancellor of the Mysore University, Sri Nijalingappa paid tributes to Panikkar's erudition and scholarship and said his death was a great loss to the Mysore University and to the nation.

Dr. Shrimali, Vice-Chancellor who presided said that one of the condition of an ideal university was that there should not be any economic barrier for any talented poor student to persue higher education. Another condition was that the teaching staff should be provided with the basic necessities and the brilliant ones should be retained at any cost.

Prof. Thotappa, Head of the Humanities Section, welcoming referred to the crticisms about the poor research work done at the Manasagangotri and said considering the difficulties the institution had to face in the initial stages, the progress achieved was by no means poor.

Sri Rajendra Kumar proposed toast on behalf of the junior students and Sri Siddaveere Gowda, senior student replied.

Prof. Nagappa proposed a vote of thanks.

Cauvery Scheme Okayed

Bangalore, April 3

Prof. Thacker, member of the Planning Commission announced here yesterday that the Central Government had given technical clearance and a grant of Rs. 150 lakhs for taking up the Cauvery Water Supply Scheme for Bangalore.

He said the question now was how fast the State Government would move in hastening the progress of this integrated project costing Rs. 26 crores.

CONSERVE FORESTS

"Forest conservation is a task of utmost national importance to India and success or failure in the accomplishment of this task will have a direct, though for some time perhaps imperceptible, effect on the prosperity of agriculture and industry in the country", said Sardar Swaran Singh, Union Food Minister, at the Indian Forest College, Dehra Dun.

The Minister announced that the Ministry was examining the possibility of constituting the Forest Research Institute and Colleges into a University.

DR. SHETTY DEAD

Dr. K.S. Shetty, Director of Animal Husbandry and Veterinary Services, Mysore Government, died of heart attack, on Thursday at Bangalore. He was 55. He is survived by his wife, six daughters and two sons.

CAUVERY PROJECTS

Bangalore, Apr. 3

Chief Minister Nijalingappa stated in the Assembly that the Government was anxious to utilise all the available waters of the Cauvery at the shortest time possible.

He appealed to the people of the area to make advance contribution so that the Government could go ahead with the schemes.

For the utilisation of Mysore's share of about 100 TMC ft. of the Cauvery waters, with a potential to irrigate 2,50,000 acres, about Rs. 50 crores would be required. The Central Government, he said, by its financial assistance and the people of the State by their advance contribution, could help the Government in the implementation of all the projects.

JAN SANGH CONVENTION

Mysore, April 3

A two-day convention of the Karnatak unit of the Bhartiya Jan Sangh will be held here from April 25 at the Townhall. Sri Devaprasad Gosh, President of the Sangh and other leaders will attend the convention.

125 MILLIONAIRES

There were 597 individuals and Hindu undivided families in the country having a net wealth of over Rs. 20 lakhs. Of these, 125 persons had a net wealth exceeding Rs. 50 lakhs. This was disclosed by Finance Minister Krishnamachari in the Lok Sabha.

OFFICIAL CONSUMER CO-OP.

Mysore, Apr. 3

The special general body meeting of the Mysore Government Officials' Consumers Co-operative Stores held here recently amended the bye laws to provide credit facilities to the members not exceeding 25 p.c. of basic pay for the goods sold through the stores.

It also resolved to allow Central Government and corporate body employees to become members of the stores.

CRAFT TRAINING

Mysore, April 3

Under the auspices of the Bharat Sevak Samaj, training classes in ratan-work and in lacquer-work were inaugurated by Sri M.A. Khadir, Convenor, in the Slum-Welfare Centre of the Bharat Sevak Samaj. It is proposed to train about 24 young men and women of the slum so as to enable them to earn their livelihood.

SHEIKH'S RELEASE

President Radhakrishnan yesterday described the decision to release Sheikh Abdullah as "an act of faith".

The President said: "Everyday in our life we come across conflicts when we have to decide issues. Recently we have had one. The release of Sheikh Abdullah is an act of faith, faith in which we expect Sheikh Abdullah and his friends to justify our faith".

Ways Of Fraud, Graft

Licenses worth Rs. 2,38,24,142 had been obtained by fraud and other types of malpractices in five years from 1958 to 1962 in the country.

Disclosing this in its report, the Santhanam Committee on prevention of corruption has said: "It is common knowledge that each license fetches anything between 100 per cent to 500 per cent of its face value if sold. Thus a huge unearthed profit which may be anything from Rs. 2 to 10 crores should have been made in these transactions and it is anybody's guess as to how much of it went into the pockets of public servants."

The committee referred to the total expenditure of Rs. 2,800 crores during the Second Plan period and remarked: "It is common knowledge that the custom of percentages is prevalent in respect of construction, purchases and sales and this is shared in agreed proportions among the concerned officials.

"If it is assumed that even five per cent of the total investment on constructions and purchases during the Second Plan period is accounted for by such corrupt practices, the total loss to the exchequer is Rs. 140 crores".

To Lay Bare Pak Infamy

The Lok Sabha yesterday unanimously recommended to the Government to take steps to enlist world opinion against the atrocities perpetrated on the minorities in East Pakistan and the denial of human rights to them.

The House accepted a non-official resolution, which also called on the Government to relax restrictions on the migration to India of people of minority communities in East Pakistan.

ALLOY STEEL AT BHADRAVATHI

Union Deputy Minister for Steel Sethi informed the Lok Sabha that efforts were being made to commence early production of alloy and special steels in the two public sector projects at Bhadravati and Durgapur.

INDO-PAK TALKS

The Indian delegation led by Union Home Minister Nanda to the Indo-Pak Home Ministers Conference to be held in Delhi on April 7, will include West Bengal Chief Minister Sen and Assam Chief Minister Chaliha.

2 PAKS HELD

Two Pakistani nationals were arrested with huge quantities of Pakistani Currency and coins by the Political Officer, Parshighat in NEFA. They were found moving suspiciously around the border area of Parshighat.

CHAMARAJANAGAR-COIMBATORE RAIL LINE

Bangalore, Apr. 4

The Central Government had asked the State to conduct a survey of the traffic potential of the Chamarajanagar - Satya - mangalam rail line. There was also a proposal to have a railway line linking Chamarajanagar with Coimbatore via Talawadi and Kothmanagalam, a distance of 101 miles.

Disclosing this, Sri Shankara Rao, Parliamentary Secretary to the Public Works Minister stated in the Assembly that the State Government has again pressed the Centre to take the construction of the Chamarajanagar-Satyamangalam railway.

CHAMBER OF COMMERCE

Mysore, Apr. 4

Finance Minister Jatti will meet the members of the Local Chamber of Commerce and Industry, tomorrow at 4 p.m. in the Rotary Children's Library.

MPs DELEGATION

The Lok Sabha was told by Minister Shastri that delegations would be sent very soon to African countries to explain the correct position of the disputes between India and Pakistan and to remove wrong notions on the Kashmir issue.

The Government would like to send delegations of MPs to South-East Asian countries, he added.

REPEAL BUILDINGS TAX ACT

The Mysore State convention of the building owners, held on Thursday at Bangalore, has requested the State Government to repeal forthwith the Mysore Buildings Tax Act as the tax was "arbitrary, discriminatory, oppressive and insulting to most owners and stulifies its original purpose".

The resolution stated that while the Act was meant to collect a part of the "shy or black" money which was not put in circulation and to social use but was invested in urban buildings, the Act applied to all buildings irrespective of the date of their construction and tars all of them as built of shy or black money, which was not true and highly insulting to the great majority of urban house owners in the State. The Act had defeated the purpose of the Bill and should, therefore, be repealed.

SHARAVATHI PROJECT

Chief Minister Nijalingappa stated yesterday that he had accepted the challenge of the Planning Commission to complete the Sharavathi project one year ahead of schedule.

He said he had full confidence in the efficiency of the Mysore engineers which prompted him to accept the challenge. He added concerted efforts would be made to complete the project within three years instead of four years and hoped the Centre would cooperate with the State.

FLOOD CONTROL SCHEMES

The Government of Mysore would shortly submit five or six flood control schemes to the Centre in respect of the Varada, Arkavathi and Tunga rivers, Sri Nijalingappa told the Legislative Council yesterday.

MYSORE EDN. PLANS

The Legislative Council was told by Education Minister Kanthi that the amount of Central assistance would largely determine the State's educational expansion plan in future.

He said that the State's spending on education was increasing by over a crore of rupees every year. The Government's expenditure on education had increased from Rs. 9 crores in 1957-58 to Rs. 22 crores in 1964-65. Though the State's resources of income were limited, the Government had been spending 1.21 per cent of the income on education.

FREESHIPS

Education Minister Kanthi assured in the Legislative Council that the Government would make arrangements to finalise the scholarships and freeships before the first terminal examinations were over. As soon as they were announced, the Principals of Colleges would refund fees already paid.

MEDICAL EDN. TARGET EXCEEDED

Union Health Minister Sushila Nayyar told the Lok Sabha that the Third Plan target for medical education had been exceeded. As against 75 colleges and 8,000 admissions planned, there were already 79 medical colleges and more than 10,000 students were admitted last year.

She said at present there were 3879 primary health centres and by the end of the Third Plan they hoped to cover all the 5000 development blocks.

Dr. Nayyar said the Family Planning Clinics on the whole had made very good progress. A total of 4½ lakh sterilisation operations had been performed in the Government clinics. With those performed in other oospitals, about a million have undergone sterilisation. About two thirds of them were men and one third, women.

SHEIK'S RELEASE

Kashmir Premier Sadiq Ali stated yesterday that under the circumstances facing the State, there was only one course, to withdraw the case against Sheikh Abdullah and others and release them. The release had become essential to bring about a better atmosphere in the State, he added.

ASSEMBLY ADJOURNS

The budget session of the Mysore Legislative Assembly adjourned yesterday after 32-day session. It will meet again on June 15.

RUSSIA ATTACKS CHINA

The Soviet Communist Party in its slashing attack on the Chinese leaders' "great power chauvinism" has condemned them for extending armed conflict on the Sino-Indian border during the Carribean crisis and entering into league with Pakistan.

The Soviet Party has also attacked the Chinese leaders for using tactics of backmail, lies and slander to split the world Communist movement and to "impose their will on other countries and Communist parties".

INDUSTRIALISTS' ROLE IN PLANNING

Bangalore, Apr. 4

Sri Asoka Mehta, Deputy Chirman of the Planning Commission warned here yesterday that if industrialists and traders and Government could not cooperate with each other to create a climate of understanding, restraint and developmental discipline, in the next ten years or so, the country would go the way of several crumbling countries in the world.

Addressing the Mysore Chamber of Commerce, Sri Mehta admitted there was always room for mistakes to be corrected and improvements to be effected but it would help none to ignore the fundamental blueprint given by the social engineers who had drafted it with a firm determination to pull the country out of poverty and want.

These correctives, he said, should not hurt the basic trend which the nation's planners had correctly followed

HOGENEKAL PROJECT

Mysore and Madras have agreed to share the cost and benefits of the Hogenekal power project on the Cauvery on a 50:50 basis.

SPRAY IRRIGATION

The Government of India is thinking of starting spray irrigation on an experimental basis to ensure maximum use of water.

Union Irrigation Minister Rao is stated to have told MPs from Madras that by introducing spray irrigation, the country could save one-third of the water. He explained that this method, which was in use in some advanced countries, had not been used in India because of its high cost. But the time had come to explore the possibilities by using this method of irrigation in areas where water was scarce.

Pak Atrocities

The Lok Sabha was told by Paresh Nath Kayal that Hindu women, young and old, were forcibly married to Muslims in East Pakistan. Where these women had Hindu husbands, they were taken captive and shot dead.

He said that a man who had come away from East Pakistan leaving his family behind recently received a letter from his daughter saying that her mother had been married off and she was also going to be married shortly to a Muslim.

Sri Kayal said the Government of India must intervene and put a stop to such inhumanities, even if it meant war with Pakistan.

REORIENTATION COURSE

Nearly 120 officers of the National Cadet Corps from all over the country will attend a Central Re-orientation Course to be held at Hyderabad from April 13 to 25.

The course will consist of lectures, discussions, demonstrations, film shows and visits to educational institutions and military installations.

U. P. TANGLE

The Constitution Bench of the Supreme Court yesterday fixed July 27 as the date for hearing the parties in the Presidential reference on the conflict of jurisdiction between the Judiciary and the Legislature of the Uttar Pradesh.

India To Recover All Lost Areas

Prime Minister Nehru declared in the Lok Sabha that Aksai Chin in Ladakh "is our territory and India intends to get back from China all the territory that is in fact ours".

He said there had been no change in the stand taken by the Government for some time ago and the Government was prepared to negotiate with China if she accepted the Colombo proposals.

Sri Nehru assured that India's defence potential in relation to China "is growing and there is no doubt about it".

India's purpose in building up her defence "is to regain our territory under Chinese occupation and to be able to face Chinese aggression and menace", he added.

PAK GUERILLA CHIEF

Sri H. V. Kamath created a sensation in the Lok Sabha yesterday by asking whether the commandent of the Pakistan guerilla forces on the Kashmir front was 'the brother of one of our Union Cabinet Ministers".

He also asked whether it was not a fact this commandant was leading large numbers of convicted murderers and other notorious criminals who had been released by the Pakistan Government and given guerilla training.

The Defence Minister said he had no information.

K. D. Jailed

Mysore, Apr. 7

The City Magistrate has sentenced Venkatesh alias Ayya, a K. D. of Kolar District to 18 months rigorous imprisonment on charges of house breaking and theft of gold ornaments and cash to the tune of Rs. 14,000 in a house at Ediga in the City.

On his information, the Police recovered property worth Rs. 10,000 at Hindupur and Ananthapur districts in Andhra Pradesh.

E. S. I. SCHEME IN CITY

A total number of 662 employees were benefitted by cash payment of Rs. 9543 during the month of March 1964 under the Employees' State Insurance Scheme in Mysore city. 7133 employees including 892 women have so far covered by the scheme.

FOODGRAIN PRICES

A three-day Conference of Registrars of Cooperative Societies and representatives of cooperative apex marketing societies will begin in New Delhi on April 8. The Conference will discuss several important subjects, including the role of co-operatives in stabilising prices of foodgrains, particularly paddy and wheat. The Conference will be inaugurated by Shri S. K. Dey, Union Minister for Community Development and Cooperation.

RETAIN WADIYAR

Mysore. Apr. 7

The Mysore Congress dissidents at a convention held on Sunday at Birur appealed to the Central Government to cancel the transfer order of Governor Sri Wadiyar to Madras and retain him as Governor in Mysore.

The convention also demanded that the State Government should set up a judicial enquiry into the Sharavathy project affairs.

It also urged the Centre to take up the Mangalore-Hassan rail line immediately and State Government to take steps to secure the rightful share of the Krishna-Godavari waters.

Several dissident speakers expressed themselves strongly against the present administration and said that the Nijalingappa Ministry should go.

Sri S. Channiah presided.

Messrs. N. Rachiah, T. Subramanya, H.M. Channabasappa, Annarao Ganamukhi, A. Ramanna, and others addressed the convention.

ANNIVERSARY

Mysore, Apr. 7

The eight anniversary of Sri Jayalakshmi Sishu Vihar was celebrated on Sunday under the presidentship of Sri B. Narayanaswamy, Chairman of the CITB.

Sahukar Sri T. Thimmappa distributed prizes to the children.

Sri Vedantha Hemmige, President welcomed the gathering. Smt. K. S. Padma read the report.

FREE WEAVING SCHEME

Prime Minister Nehru yesterday emphasised the need to develop village industries in a big way.

In a message broadcast on the occasion of the inauguration of Free Weaving Scheme by the Khadi and Village Industries Commission, Sri Nehru said "the new scheme will subsidise the weaving of handspun yarn and thus get a piece of cloth woven free or at the price of cotton. This, it is hoped, will result in a great impetus being given to spinning and converting idle human labour power into productive labour and also augmenting the national income".

TRACKS INTO ROADS

Defence Minister Chavan told the Lok Sabha that it was possible that some of the tracks coming up to the cease-fire line in Jammu and Kashmir might have been developed by Pakistan into fair weather roads

MEDICAL COUNCIL'S AWARD FOR RESEARCH

Dr. C.S. Patel, President of the Indian Medical Council has stated that the rapid increase in the number of medical colleges was not in the best interests of the medical education since at present there was not the necessary trained staff to run these institutions.

He told the 61st session of the Council held at Delhi that the first Indian Medical Register would be released towards the end of the year.

He said the Union Government had contributed Rs. one lakh as their first instalment towards Dr. B. C. Roy Memorial Fund and appealed to all the states and medical organisations to do their utmost to further this noble cause.

The President said that the first silver jubilee research award of a gold medal and Rs. 15,000 for outstanding medical research would be presented in November.

Dr. Patel said that the Post-Graduate Medical Education Committee had drawn up a report indicating the minimum requirements for the training of the post-graduates in the country. He felt that all universities in the country should accept the basic minimum requirements and fall in line with the recommendations of the committee.

RELIEF TO REFUGEES

Union Rahabilitation Minister Khanna told the Lok Sabha that the Government had spent so far Rs. 410 crores on rehabilitating nine million displaced persons who had crossed over to India in one of the biggest exoduses of history.

He said Rs. 10 to 11 crores were available for rehabilitation during the current year and the Finance Minister had assured him that he would get more if there was a need.

The Minister assured the House that the Government would not be found wanting in providing relief and rehabilitation to the refugees now coming from East Pakistan.

PLAN TARGETS TO BE REACHED

Union Finance Minister Krishnamachari is optimistic that all the worthwhile projects will go through and the investments in monetary terms are likely to reach or even exceed the Third Plan target of Rs. 10,400 crores.

Russian Experts' Visit

Mysore, Apr. 8

A delegation of three Soviet experts on liquidating illiteracy, which is now touring the country, will arrive in City on April 14 and will have discussions with the authorities of the Mysore State Adult Education Council.

They will hold discussions with the officials at Bangalore on April 12. The next day they will visit Sivaragudda Vidya Peetha, near Mandya and hold discussions with the Principal and the Danish experts.

On April 15, they will leave for Delhi.

SWISS AID TO TIBETAN REFUGEES

The Swiss Government has announced two projects designed to help thousands of Tibetan refugees in India to become self-supporting.

The first is the manufacture of carpets in three refugee centres in India, which will eventually provide a living for over 9,000 Tibetans. The Swiss Government will offer a loan and it will run on a cooperative basis

The second project is designed to help the Tibetans settle on the land. Two Swiss experts will teach cultivation of land, care of animals and use of farming equipment provided by Switzerland.

HASSAN MANGALORE RAIL LINE

The Railway Board has denied that the construction of the Hassan Mangalore line has been given up in favour of an alternative line from Kadur to Mangalore.

It said the construction of the Hassan-Mangalore line was an approved project which had been included in the railway's programme for construction of new lines in the Third Plan. As a part of this project, the work on a broad-guage link from Mangalore railway to the new site of the port has already been started.

3 POINT AGENDA

The Home Ministers of India and Pakistan on the first day of their conference at Delhi yesterday agreed on a three-point agenda to restore communal harmony in both the countries.

The conference agreed to discuss the question of communal situation in both the countries and establishing conditions of security and confidence for the minorities in each country; migration and movements of refugees from one country to another and the question of illegal infiltrators from Pakistan, which Pakistan describes as "the eviction of Indian Muslims".

The conference also agreed to split itselp into two committees, one to discuss the question of restoring communal harmony and the second committee to discuss the other two issues.

Safety Of Minorities

The Home Ministers of India and Pakistan Nanda and Khan Habibulla in their opening addresses at the conference on the minority situation in the two countries, declared yesterday that the future relations between the two countries depended on the success of the conference.

They both agreed that the safety of the minorities and the security of their possessions could be the care of the Home Ministers of each country.

Home Minister Nanda emphasised the need to create conditions of security and confidence among minorities and to provide proper facilities for refugees who wanted to migrate to India.

Mr. Habibullah pointed the so called eviction of Muslims from India and demanded that these evictions should be stopped as the first step towards creation of conditions favourable for the restoration of communal harmony.

He made the eviction issue the main theam of his statement and gave expression to the familiar points of view of Pakistan on this subject.

Sri Nanda did not refer, in his statement, to the question of Pakistan infiltrators.

MAKE BANGALORE SARVODAYANAGAR

Union Railway Minister Dasappa met Acharya Vinobha Bhave at Wardhaganj yesterday and acquainted him with the progress made by the Railways and sought his suggestions to end corruption and ticketless travelling on the railways.

The Minister told the Sarvodaya leader that the Centre was loosing a revenue of Rs. three crores per annum on account of the ticketless travelling.

Acharya asked Sri Dasappa to make efforts to convert Bangalore into a Sarvodaya Nagar. The people of Bangalore could invite the Sarva Seva Sangha to hold its annual session in Bangalore.

NEHRU INVITES SHEIKH

Prime Minister Nehru has invited Sheikh Abdullah to see him at Delhi

He is being released today.

The Government of Mysore has decided to create the post of a Development Commissioner-cum-Additional Chief Secretary to be in charge of overall supervision and co-ordination of all departments connected with food production.

Fools Seek War

SAYS KHRUSHCHEV

The Soviet Premier Mr. Khrushchev stated yesterday that whichever world system gives more material goods to men will triumph. "We are struggling for peaceful co-existence".

He told a workers' meeting in Hungary that "we want to live without war. We do not want to interfere in the international affairs of others. This is a good basis. As for the question who will prevail over whom, we want to have that decided on the economic plane".

Mr. Khrushchev said: "The Chinese leaders tell us 'if there is war, so what? Suppose one half mankind were destroyed, the other half would remain. Time will pass, women will again bear children and mankind will be of the same number as before'.

He said: "In my opinion, it is not from an excess of brains, but from an absence of them, that people say such things. I confirm that the Soviet party, our Governmet and our people are against war. We are for peace".

India's Food Front Grim

India's food supplies are tight in the wake of adverse winter, according to survey made by the U.S. Department of Agriculture.

Supply prospects for grains and pulses in India during 1963 64 have been seriously affected by bad weather. The total output of foodgrains may be no higher than last year's low figure of about 78 7 million metric tons.

COMMUNAL HARMONY ESSENTIAL

Pakistan Home Minister, Khan Habibullah Khan stated yesterday at Delhi that it was his fervant prayer that the Indo-Pak Home Ministers' Conference should succeed in its task of restoring communal harmony in the sub-continent.

He said a countless number of people had not sacrificed their lives and everything they had held dear during the struggle against the Brisish rule in order that when freedom came, Hindus and Muslims may fly at each other's throats.

The Pakistan Minister said that a vast majority of people of all communities wanted to live in peace and that communal disturbances were always created by a small number of people. This element must be condemned in the strongest possible manner.

NO PROGRESS IN INDO-PAK TALKS

The Home Ministers of India and Pakistan met for over four hours yesterday but failed to make any progress on the question of Pakistani infiltrators which dominated the discussions.

While Pakistan continues to harp on her proposal for the setting up of an independent tribunal to decide on the nationality of the infiltrators, India have made it clear that the idea would not be acceptable.

Sri Jayachamaraja Wadiyar will assume charge as Governor of Madras on May 4.

This was disclosed by Madras Chief Minister Bhaktavatsalam yesterday at Madras.

CHAGLA ON KASHMIR

Union Education Minister Chagla stated yesterday that Sheikh Abdullah would be able to understand the realities of the situation when he meets Prime Minister Nehru and then take the correct attitude.

Replying to the charge that the elections in Kashmir were rigged, he said that whatever could be said of the first two general elections, the third one was under the supervision of the Election Commission. "If these elections were rigged, then all elections in India were rigged". He said nobody had suggested that elections in India were rigged.

Sri Chagla made it clear that a prosperous, satisfied Kashmir as part of India was the only solution. He thought it would solve our problems with Pakistan if Sheikh Abdullah made it clear that his following took the same view and that there was no dispute whatever in any part of Kashmir with regard to Kashmir's integration with India.

He said it was always better for Kashmir to be a part of a large country like India, exercising autonomy like another State, than be a small, unimportant country not economically viable. He wished Abdullah to play a big part as an all-India leader "rather than sulk in separate tent in Kashmir".

NO FOOTPRINTS ON THE SANDS OF TIME

The Jawans keeping the vigil on India's northern borders in the snow-clad Himalayas can now move about on the snow without leaving any trail behind.

This has been achieved by the manufacture of specially designed equipments in the Ordnance Factories. The snow-shoe trail-breakers and other similar equipments are being manufactured for the first time in the country to meet the requirements of the Army.

To protect the Jawans against severe cold at high altitudes, specially designed snow-clothing is also now being produced in the Ordnance Factories in bulk with indigenous materials.

CITY MERCHANTS' HARTAL TOMORROW

Mysore, Apr. 13

The City Grain Merchants' Association has decided to observe hartal tomorrow to protest against the Mysore Food Grain Dealers' Licensing Order.

Messrs. Chowdiah and P.N. Subbarayappa, President and Secretary of the association respectively, have appealed to all those engaged in trade and commerce to observe a general hartal against the Government's oppresive measures.

Sri Chowdiah told a press conference yesterday that insistence of deposits from merchants to deal in foodgrains was humiliating. "Did the Government think us to be the robbers", he asked. The licensing system also curbed the freedom of a merchant because the wholesaler could not deal directly with consumers.

He blamed the Government for the rise in prices.

Sri Chowdiah said that at this season, the price of paddy ranged from Rs. 35 to Rs. 40 per palla, but cooperatives stapped into and purchased them at Rs. 67 and were selling at Rs. 97 per bag. He added that while merchants were happy to get a profit of Rs. 2 to Rs. 3 per bag, cooperatives wanted to make huge profits. He wanted cooperatives to be closed down and free trade allowed.

At 5 p.m. there will be procession from Santhepet via Sayajirao Road, Irwin Road and Asoka road to will Townhall, where there be a public meeting.

Delhi Talks Fail

The first round of Indo-Pakistan talks on the minorities has ended without any agreement on how to bring communal harmony to the sub-continent. The Home Ministers, however, have agreed to resume their discussions at Karachi or Rawalpindi on a date to be announced later.

The joint communique issued on Saturday makes it clear that the protection and well-being of minority communities and the redress of their grievances was the responsibility of their respective Governments.

At a press conference, both the Home Ministers stated that they had reached considerable understanding on a number of points concerning the promotion of communal harmony and the creation of a sense of security and confidence in the minorities.

Freedom Misused

Union Education Minister Chagla declared yesterday that the law will take its own course if Sheikh Abdulla preached secession of Kashmir.

Sri Chagla reiterated his stand that Kashmir was an integral part of India and said the question could not be re-opened for discussion again.

He said "Sheikh's pertonal freedom never means that he had been given the liberty to work against the Constitution or the law of the land. He must function within the framework of the Constitution and within the limits of the law".

EDUCATION TO BE DIVERSIFIED

Union Education Minister Chagla stated yesterday at Patna that a scheme for the diversification of education was under consideration of the Government so that students would branch off towards various technical and vocational training instead of crowding the colleges respective of calibre or incliations.

REHABILITATION OF REFUGEES

Prime Minister Nehru assured in the Lok Sabha that all those who came away from East Pakistan would be rehabilitated and indicated that a new Ministry was being set up to look after this problem.

He strongly condemned communal riots in India particularly those in Rourkela and Jamshedpur and said these were scandalous in the extreme. Such happenings amounted to playing into the hands of Pakistan which wanted India to give up her secular policy. Whatever the provocation from Pakistan, anger should not cloud our thinking.

Sri Nehru rejected as utterly wrong any idea of exchange of population between the two countries. He hoped that the next meeting of the Home Ministers of the two countries would get over the difficulties and reach an agreement which would lessen the tension that exists.

JAILED FOR MURDER

Mysore, April 14

The Second Additional and Sessions Judge, Shimoga, convicted Puttappa, and five others of Kundur village and sentenced them to life imprisonment each. The accused had been charged with having formed an unlawful assembly with the object of taking possession of the land of Beerappa, and had assaulted him and caused his death on Nov. 14, 1963. Honnelli police investigated the case.

The Judge also convicted Basavanagowda of Mallapur, and sentenced him to life imprisonment. He had been charged with an offence for having caused the death of his brother Rudrappagowda by administering poison with food on Oct. 14, 1963. The dispute with regard to the division of property among the brothers was the motive for the offence. Circle Inspector, Shikaripur, investigated the case.

The Sub Inspector, Bhadravathi Rural P.S. apprehended a criminal, Hanumanta of Arebilachi village on March 25 and on information recovered stolen properties worth about Rs. 600 concerned in eight cases Hanumanta was convicted and sentenced to two years and three months R.I. by the Munsiff Magistrate, Bhadravati.

KASHMIR PROBLEM

Prime Minister Nehru told the Lok Sabha that the Kashmir issue would have been solved long ago but for the Western Powers.

He said it was extraordinary that even when Pakistan was hobnobbing with China, some of the Western Powers were inclined towards Pakistan and helped her in regard to Kashmir.

Sri Nehru declared that in regard to Kashmir, India stood by what Sri Chagla had stated in the recent debate on Kashmir in the Security Council.

NO CHINESE OFFER TO QUIT POSTS

China had not made any approach to India offering to vacate her seven posts in the Ladakh demilitarized zone, stated Prime Minister Nehru in the Lok Sabba yesterday.

TEMPO OF LITERACY DRIVE MUST BE RAISED

———RUSSIAN EXPERTS

Mysore, April 15

The three-man Russian team of experts on Literacy now touring India stated here yesterday that the tempo of work in the field of elimination of illiteracy in the country should be raised much higher.

They told pressmen that one of the strong force to raise such a tempo was to involve all literates in the country in the campaign of eradication of illiteracy. Unless there was a united and concerted approach with teachers, students, and other organisations actively participating in the campaign, it was difficult to solve the problem.

The team visited the State Adult Education Council and discussed with the authorities about the Council's campaign in removing illiteracy in the State. Sri K. S. Suryanarayana Rao, the Council Secretary and Sri Muniswamy, Chief Executive Officer took them round and told them that during the last 20 years of existence, the Council had expanded its activities of social education and was now spending Rs. 8 lakhs per year. So far 4,75,490 adults had been made literates. 2602 rural libraries had been opened.

Mr. Balov, leader of the Russian team said that after the Revolution in Russia, they had the same problem of high percentage of illiteracy with meagre resources like India. But the people of Russia considered the elimination of illiterary as the most important problem. With the united efforts of all people including teachers, trade unions and others they were able to overcome all shortcomings and eliminate illiteracy within 20 years in his country.

Appreciating the work that is being done in India, he said: "You have a long way to go because the problem is so complex and heavy."

Mr. Balov pleaded for an integrated approach to all aspects of education, primary, secondary and adult education combined into one. He underlined that compulsory primary education which India had adopted today should form the very base of adult education.

The experts said they had seen much progress achieved by India in the field of adult education since Independence. They had visited a number of literacy classes, vidya peethas and women's centres. They noted that the aim of these centres was not merely to eliminate illiteracy but to broaden students' cultural outlook and to raise the professional skills.

Grain Dealers To Operate

The Federation of All-India Foodgrain Dealers' Associations yesterday advised the foodgrain trade throughout the country not to implement an earlier decision to suspend the trade.

The call was given, shortly after the Union Food Minister Thomas accused in the Lok Sabha the federation of "holding the community to ransom" by its decision on April 8 asking the traders to close down their business.

The President of the Federation has requested the foodgrain traders to take out foodgrain licenses under the new licensing order to facilitate the continuance of discussions which the Federation was having with the Union and State Governments.

Anthony's Wild Attacks On Hindus

In the Lok Sabha there was continuous uproar and resentment by members from all sides over the sweeping statements made by Mr. Frank Anthony that minorities in India were being prosecuted. This led to such disorderly scenes seldom witnessed in the House.

The Deputy Speaker adjourned the House 19 minutes before time, the first time such an adjournment had happened in the Lok Sabha.

Mr. Anthony made wild attacks on Hindus and spoke of the growth of "revivalism" in the country and charged that all political parties including the Congress had been increasingly affected by communalism.

He referred to casteism and communalism and said the Congress Party had been increasingly affected by it.

This was so in several States. Even at the Centre, "scratch some of your most senior Congressmen. Under the thinnest of veneers you will find theirs—skin with the communal bodies of this country", he said

There were strong protests from all sides of the House when Mr. Anthony asked how the loyalty of the Muslims could be attracted when they were every now and then "made the object of murder and had to walk in the shadow of death."

Accession Provisional

—SAYS ABDULLAH

Kashmir's accession to India was "provisional" inasmuch as the State had "temporarilly" surrendered defence, foreign affairs and communications to the Centre, stated Sheikh Abdullah addressing a public meeting at Kishtwar yesterday.

Referring to Sri Chagla's statement that Seikh Abdullah had no right to speak against the Indian Constitution, he said that Kashmir had not surrendered residuary powers to India and the accession on the three surrendered subjects was also subject to confirmation. That was why Article 370 was a temporary clause.

Sheikh Abdullah said that he had done nothing against the Indian Constitution and could not come within the clutches of law. Besides, everything could not be settled by law.

He said this provisional accession of Kashmir to India had to be confirmed through a plebiscite.

Civic Report

Mysore, Apr. 16

The Administration Report for 1961-62 was considered at a special meeting of the City Municipal Council held here last evening.

Sri T. J. Ramakrishna, Commissioner presented the Report.

Sri M. N Thimmiah objected for the delay in placing the Administration Report. The President, Smt. Soundramma assured that the reports for 1962-63 and 63 64 would be placed soon.

Sri M. N. Thimmiah speaking on the Report said that details about certain items like the resolutions adopted by the Council had not been furnished. He criticised the Health Department for its various lapses and said "it has become enemy No. 1".

Sri T. V. Srinivasa Rao regretted that the Report was not in Kannada.

Sri B. K. Puttiah said that though the Trust Board had decided to from 8 new lay-outs, so far only two had been formed.

Sri M.N. Lingiah wanted that the Dasara festival should not be stopped for the sake of one man.

The meeting adjourned to May. 4.

CONCESSION TO GRAIN DEALERS

The Government of India has decided to exempt retailers in foodgrains from maintaining daily accounts of stocks and submitting quarterly returns on profits.

Retailers, however, still have to submit quarterly returns on stocks.

Full Protection To Minorities

NANDA'S ASSURANCE

Union Home Minister Nanda declared in the Lok Sabha that "all the resources of the State and all the power that we command" would be used for protecting the Indian citizen, whatever his religion or community, from the perils of communal fury.

He said that all powers available to the Government under the ordinary law and the Preventive Detention Act and the Defence of India Rules would be invoked to deal sternly with those who instigated communal trouble.

Sri Nanda said that fair treatment and complete guarantee of protection to the minorities "is a fundamental article of faith with us". Whatever be the provocations from across the border, India would stick to this faith.

He also indicated that in selected sectors of the Assam-East Pakistan border, a belt of territory of half a mile to one mile deep would be cleared of all local population to prevent further infiltration of Muslims from Pakistan.

32 Reds Suspended

32 prominent leaders of the left wing and two leading centrists, Namboodripad and Jyoti Basu, were suspended from the membership of the Communist Party of India for their anti-party activities, by the National Council of the Party, yesterday.

They were also removed forthwith from all positions they might be holding in organisation and during the suspension period, "they shall not have the right to participate in any party meetings or exercise any authority on behalf of the party".

This is the first time in the 40 years' bitsory of the party that such a serious disciplinary action has been taken against them.

The Council has charged these members with indulging in "splitting and disruptive" activities and also setting up a rival party centre.

Kashmir Integral Part Of India

SADIQ'S REPLY TO ABDULLAH

Kashmir Premier Sadiq declared yesterday that there could be no plebiscite in Kashmir which is already an integral part of India.

He said: "The people of Kashmir have taken a firm stand about the future of the State, which no power on earth can alter by any amount of pressure".

The Premier said that no one in the country, not even Parliament could cede any part of the country. If the question of ceding any territory arose, the views not only of the people living in such a territory but of the people of the whole country would have to be ascertained.

Referring to Sheikh Abdullah's recent speeches, he said the mere fact that people had heard him with tolerance and patience should not lead him to the delusion that the people agreed with his views.

Mr. Sadiq also criticised some foreign friends for their tendency to offer solutions to the Kashmir problem and said: "The time has come when we must candidly tell them that what they say is sheer nonsense and they have no right to meddle in our affairs".

No Clash With Plan Strategy

Sri T. T. Krishnamachari, Union Finance Minister denied in the Lok Sabha that he had any fundamental differences with the Deputy Chairman of the Planning Commission. He said "there are no fundamental differences with my colleagues or with the Planning Commission."

He said that the letter he wrote recently to the Deputy Chairman of the Planning Commission was mainly a discussion on the relative strategies available in regard to the Fourth Plan.

The Finance Minister said that in the Fourth Plan, which might be of the order of Rs. 16 000 or Rs. 20,000 crores, depending on availability of resources, foreign exchange etc, might be even 100 per cent resources being provided by the Centre.

The question is, he asked, shall we in the Fouth Plan, take up certain big schemes, like power as Central effort with which the States also would be associated ?

He said the States had to repay loans totalling about Rs. 3,000 crores to the Centre and normal practice was that every year the interest was added to them. "There is no chance of a debtor ever repaying" in such circumstances.

He had suggested: "Let us add it (loans) on to identifiable projcets. Make the States accept the working charges from out of their revenue and when they start yielding profits, we will collect the interest".

RAILWAY WEEK

Mysore, Apr 17

In connection with the ninth Railway Week celebrations, a cultural show was held yesterday at the Railway Officers' 'Chamundi Club" in Vontikopal.

Dr. Shrimali, Vice-Chancellor of the Mysore University who presided pointed out that railways was a great leveller in bringing together various sections of people. He paid tributes to the efficient system of Indian Railways and said on this Day they should remember thousands of workers who contributed for the smooth and efficient running of the railways.

Sri V.K. Sthanunathan, Divisional Superintendent, Southern Railways, Mysore welcomed the gathering.

MODI'S EYE CAMP

Mysore, Apr. 17

Dr. Modi will conduct a free-eye operation camp in the City for 15 days from April 21 in the Shivaratreswara High School premises.

In this connection, Smt. Soundaramma, Municipal President, told newsmen yesterday that it would cost Rs. 15,000 to run the camp. She appealed to the public to contribute generously.

Master Plan For City

The office of the Assistant Director of Town Planning for the preparation of Master Plan for Mysore City will be inaugurated here on Apr. 19 at 9 a.m. by Sri K. Puttaswamy, Minister for Municipal Administration, in the Municipal Offices.

FRANK ANTHONY RAPPED

The Executive Committee of the National Christian Union has described as anti-national the remarks of Mr. Frank Anthony in the Lok Sabha on the conditions of minorities in the country.

In a resolution, the Union has condemned his remark that "every Muslim in India walked in the shadow of death". It added that Anthony had played into the hands of Pakistan by charging the Indian Government with failure to protect the minorities. The resolution said that all communities including Muslims enjoyed equal rights in secular India.

TARAKESHWARI'S PROTEST

The Union Deputy Finance Minister, Smt. Tarakeshwari Sinha, in a letter to the Prime Minister, has protested against the Union Home Minister keeping her completely in the dark about the reference made by him to the Attorney-General regarding some allegations against her.

She has requested the Prime Minister to send her a copy of the terms of reference to the Attorney-General and permission to appear before him to offer clarifications.

Changes In Income-Tax Law

Union Finance Minister Krishnamachari stated in the Lok Sabha that the income-tax law, which he would seek the permission of the House to amend to make it more effective, make collections easier and effectively punish the wrong-doer, was in a "parlous state" at the moment.

He hoped that before the present session of the Parliament ended he would come to the House with some minor amendments to the income-tax law.

CHINESE LINKS

The alleged assassin of Jigme Dorji, Prime Minister of Bhutan, is known to have some connection with the Chinese. "This looks like one of the fingers of the Chinese had operating in the border areas - the fingers are directed at Ladakh, Nepal, Sikkim, Bhutan and NEFA", according to a spokesman of the Indian External Affairs Ministry.

NEHRU ASKS DOCTORS TO GO TO VILLAGES

Prime Minister Nehru hoped yesterday that a spirit of enterprise would move young doctors to go to the villages, hill tracts and tribal areas for service during the first few years' after graduation. "It will be good for them and good for the people", he added.

He said that he was troubled by the fact that while the country had many fine medical institutions, the benefits of modern science had not yet reached the vast number of villages.

No Justification For Rise In Rice Price

Sri Shankar, Secretary to the Union Food Ministry stated at Madras that the estimated production of rice in India during 1963-64 was 36 million tons, which was 1.5 million tons more than what was produced in 1961-62 considered the best year for rice.

There was, therefore, no justification whatsoever for any rise in the price of rice in the rice producing and consuming areas of the South.

He said that the provision regarding foodgrain merchants to declare their margin of profit was a very cardinal point and there could be no relaxation of this provision in the foodgrain licensing order on any account. He thought the levy system had led the merchants to increase the price of rice. In a planned economy, planned maintenance of price was inevitable and in attempting planned maintenance of price, strategic controls were inescapable.

MASTER PLAN FOR MYSORE CITY

Mysore, Apr. 21

Sri K. Puttaswamy, Minister for Municipal Administration, on Sunday, inaugurated the office of the Assistant Director of Town Planning for the preparation of a Master Plan for Mysore City.

The Minister stressing the importance of a Master Plan for Mysore, said that if the reputation of Mysore as a beautiful and model city was to be maintained, it was necessary to have a perspective of its growth in the coming years. Hence the need for a Master Plan which ensured against haphazard growth or conflict of interests between residential areas and industrial units. He said the Town and Country Planning Act would come into force from next month.

Sri Puttaswamy reminded the people that the planned growth of Mysore City owned largely to the vision and foresight of the Royal Family and the Mysore Trust Board. Now the responsibility to carry on the tradition devolved on the municipality.

Referring to the unauthorised constructions in Mysore and Bangalore, he said Government would resort to sterner steps to put down speculators and also warned that those who purchased sites from the unauthorised persons would suffer.

Sri Puttaswamy regretted that sites which had been secured as early as 1945 were still vacant in Mysore City and warned the owners that if they did not construct houses within two years, those sites would be taken away from them and given to the needy.

Sri B. Narayanaswamy, Chirman of the City Improvement Trust Board said that planning was not new to Mysore City and explained the part played by the Trust Board since 60 years in the planned growth of the city.

NO CAUSE FOR ANXIETY IN KASHMIR

Kashmir Premier Sadiq stated yesterday at Delhi that his Government was confident of meeting any political challenge Sheikh Abdullah might pose.

He told Congress MPs that there was no cause for anxiety or impatience about the situation in the State. Nothing had changed. Kashmir is where it was, an integral part of India and it would continue to be so.

Mr. Saidq said that if any contingency arose in regard to the law and order situation, the organs of the State would go into operation.

Sri Rame Gowda, Director of Town Planning said that the Master Plan would have a 20-year perspective.

Earlier, Smt. Soundaramma Venkatesh, Municipal President welcomed the gathering.

Sri Govindappa, Assistant Director of the Town Planning proposed a vote of thanks.

MASTER PLAN FOR MYSORE CITY

Mysore, Apr. 21

Sri K. Puttaswamy, Minister for Municipal Administration, on Sunday, inaugurated the office of the Assistant Director of Town Planning for the preparation of a Master Plan for Mysore City.

The Minister stressing the importance of a Master Plan for Mysore, said that if the reputation of Mysore as a beautiful and model city was to be maintained, it was necessary to have a perspective of its growth in the coming years. Hence the need for a Master Plan which ensured against haphazard growth or conflict of interests between residential areas and industrial units. He said the Town and Country Planning Act would come into force from next month.

Sri Puttaswamy reminded the people that the planned growth of Mysore City owned largely to the vision and foresight of the Royal Family and the Mysore Trust Board. Now the responsibility to carry on the tradition devolved on the municipality.

Referring to the unauthorised constructions in Mysore and Bangalore, he said Government would resort to sterner steps to put down speculators and also warned that those who purchased sites from the unauthorised persons would suffer.

Sri Puttaswamy regretted that sites which had been secured as early as 1945 were still vacant in Mysore City and warned the owners that if they did not construct houses within two years, those sites would be taken away from them and given to the needy.

Sri B. Narayanaswamy, Chairman of the City Improvement Trust Board said that planning was not new to Mysore City and explained the part played by the Trust Board since 60 years in the planned growth of the city.

Sri Rame Gowda, Director of Town Planning said that the Master Plan would have a 20-year perspective.

Earlier, Smt. Sounderamma Venkatesh, Municipal President welcomed the gathering.

Sri Govindappa, Assistant Director of the Town Planning proposed a vote of thanks.

ILLEGAL SALE OF RAIL TICKETS

The Rajya Sabha yesterday passed the Indian Railways (Amendment) Bill 1963, for penalising the sale or purchase of railway tickets against which reservation of seats or berths had been made.

Under the Bill, a person other than a railway servant or an authorised agent is liable to punishment with imprisonment to three months, or a fine up to Rs. 250, or both, if he is found selling such a ticket. A similar penalty is provided for those purchasing such tickets.

AFFECTED MUSLIMS TO BE RESETTELED

Prime Minister Nehru yesterday assured that the Muslims who were affected in the recent Jamshedpur, Rourkela and Calcutta riots would be resettled.

He said that Rehabilitation Minister Tyagi would also look after this work besides tackling the problem of rehabilitating the refugees from East Pakistan.

Sri Nehru added that the happenings in Pakistan were creating difficulties in India. He emphasised that the secular ideals of India should be protected and people should not be swayed by communal passions

SOVIET TRANSMITTER

The Rajya Sabha was told by Minister Satyanarain Sinha that the Government had approached the Soviet Union for the supply of a high-powered transmitter.

HARIJANS' PROGRESS

The Prime Minister has advised the Chief Ministers to "take personal interest" in the implementation of the recommendations of the Seminar on Employment of Scheduled Castes and Scheduled Tribes held recently.

Drawing their attention to "a considerable amount of dissatisfaction among the members of the scheduled castes and scheduled tribes at the slow rate of their progress, specially in terms of economic uplift and increased employment", the Prime Minister has observed that "there are a number of ways, administrative and otherwise, in which we can bring about acceleration in the economic and social betterment of these classes".

TAX EVASIONS

Union Finance Minister Krishnamachari told the Lok Sabha that even as it was today, evasion of income-tax was on a very wide scale. He described tax evasion as a social evil which the Finance Bill sought to tackle.

He did not agree that Income-tax officers were corrupt. It was to protect the people against any arbitrary decision of Income-tax officers that higher appelate courts had been provided.

The Finance Minister said he would give relief to the majority of the people if he could collect Rs. 1,000 crores in the next two or three years. But even then he felt that about 30 per cent of the collection due would be left over.

JAIL FOR FALSE INCOME-TAX RETURNS

Union Finance Minister Krishnamachari was firm in the Lok Sabha yesterday that Income tax assessees who gave false returns would be liable to a jail term.

But as a gesture, he accepted an amendment that in determining "concealment of income", a 20 per cent margin of error would be allowed.

Citizens' Meeting To Appraise City Needs

Mysore, Apr. 23

A citizens' meeting "to appraise the real needs of the City and to convey the demands to the Centre and the State Government" has been arranged at the Council Hall, Municipal Offices, on Apr. 25 at 5 p.m.

Municipal President, Mrs. Soundaramma, calling the meeting, has said that Mysore City has been urging upon the State and the Central Governments to bring about improvements and add importance to the city for the past several years, more especially in matters relating to Railways and Communications.

The Municipal President said that the need for improving the importance of the city and its trade and commerce is rendered more clear and necessary by opinions expressed by Sri Asoka Mehta and Sri N. Madhava Rao, Ex-Dewan.

Therefore in the best interests of the City and improvement of its trade and commerce it is desirable to appraise the real needs of the City, she said.

CABINET CONSIDERS BUILDINGS TAX

Bangalore, Apr. 23

The Cabinet which met here yesterday considered the Mysore Buildings Tax Act with a view to giving relief to those who are really subjected to hardships. It however did not take any final decision in this behalf.

The Cabinet also considered the question of raising the strength of the IAS officers cadre from 100 to 130.

WORLD FAIR OPENS

New York's world fair, built at a cost of one billion dollars by 51 nations and 350 giant corporations, was opened yesterday without any massive tie-ups and stall-ins that had been threatened by the civil right groups.

U.S. President Johnson, speaking at the opening said that peace was not only possible but "it is coming nearer".

He said unless the theme of the fair-"peace through understanding"-could be achieved and unless men used their skill and wisdom to conquer conflict as they had conquered science, then the hopes of today would "go under in the devastation of tomorrow".

PAK HAND BEHIND KASHMIR BLASTS

The Government of India has now got definite information that in most of the 72 cases of explosion in different parts of Jammu and Kashmir, the explosive materials was planted by persons who came from Pakistan, Minister for Home Affairs Hathi told the Lok Sabha yesterday.

CHINA-PAK JOINT ATTACK

Smt. Indira Gandhi is quoted to have said in an interveiw in New York that "We have no doubt that should China attack India again Pakistan would attack us too".

She said that India had "definite" knowledge that Pakistan had assured Chinese that she would not take up arms against them and would use the arms supplied by the United States only to "hold the balance against India and not for containment of Communism".

The U. S. was losing much of her goodwill in India because of Washington's "favouritism towards Pakistan" on the Kashmir issue, she said.

PM WRITES TO SOUVANNA PHOUMA

A spokesman of the External Affairs Ministry stated at New Delhi yesterday while releasing a letter written by Prime Minister Nehru to the Prime Minister of Laos, Prince Souvanna Phouma, that the Government of India considered it of vital importance that the pattern, character and equilibrium represented by the National Government in Laos was not disturbed.

Sri Nehru said that Geneva agreements and Laos neutrality offered the best guarantee for peace and preservation of the independence and territorial integrity of Laos.

MINIMUM WAGE OF Re. 1

Union Labour Minister Sanjivayya has requested the Chief Ministers to revise, as expeditiously as possible, the minimum rates of wages wherever they are less than Re. 1 per day. He has suggested that they should be raised to at least Re. 1 per day.

LOK SABHA VOTES SURTAX

The Lok Sabha yesterday completed its discussion and voting on the Government's budget proposals for 1964-65 when it adopted without a division the Finance Minister's bill for the imposition of a surtax on the profits of certain companies in place of the super-profits tax introduced last year.

Sri Krishnamachari introduced two main changes in the bill as a measure of liberalisation of the provision. The main charge includes moneys borrowed directly from the Government in the "capital base" of companies for purposes of computing the surtax.

Pak Refugees In Mysore

Mysore, Apr. 24

Chief Minister Nijalingappa indicated here yesterday the State might be able to accommodate 20,000 to 25,000 families of refugees from East Pakistan in North Canara and Belgaum districts.

The Government of Mysore had already agreed to settle 1000 families in Raichur district.

FIGHT FOR PLEBISCITE

Sheikh Abdullah yesterday reiterated his demand for plebiscite in Kashmir while addressing a meeting at Srinagar.

Expressing satisfaction over slogans for plebiscite shouted by Kashmiris, he said, "We feel that our 17 years of struggle has not gone waste. We want to stand on our legs and I cannot rest unless I achieve this".

TANGANYIKA AND ZANZIBAR MERGER

An agreement to create one sovereign union between Tanganyika and Zanzibar was signed between Zanzibar President Abeid Karume and Tanganyika President Julius Nyerere.

RISE IN SMALL SAVINGS

The total net small saving collections in India during 1963-64 was Rs. 126.27 crores as against Rs. 75.94 crores in the previous year.

MYSORE-MADRAS HYDRO PROJECT

Mysore, Apr. 24

A Rs. 130-crore power project, bigger than the Sharavathi, is likely to be taken up as a joint venture by the Governments of Mysore and Madras. It will be between Shimsa and Hogenekal and will generate 12 lakh kws. of power.

Chief Minister Nijalingappa disclosing this to newsmen who accompanied him to Shimsa last evening said that all the three locations the Government had in view were excellent, one of them commanding a height of 700 feet. He said rough schemes had been exchanged between the two Governments and very shortly the two Chief Ministers would undertake a joint inspection of the sites.

The project may get Canadian assistance and is capable of completion in four years.

The 62-year-old Shivasamudram and 22-year-old Shimsa projects, together, generating 50,000 kws, will be submerged when the new project is completed.

U.S. LOAN FOR FERTILISER PLANT

Agreements providing two U. S. development loans totalling Rs 23.6 crores for one of India's largest fertiliser plant to be built in Visakhapatnam were signed yesterday in Washington.

SHASTRI'S TOUR IN MYSORE

Mysore, Apr. 24

Sri Lal Bahadur Shastri, Union Minister Without Portfolio and Congress President Kamaraj will tour in the State for six days from May 18.

On May 18, Sri Shastri will lay the foundation-stone of the Mangalore Port, address a political conference and open the West Coast bridge in Mangalore. The next day he will lay the foundation stone for the Harangi project in Coorg. At Srirangapatna, he will open the new road bridge before proceeding to Panadavapura where he will inaugurate the work on a small irrigation tank for which beneficiaries have contributed Rs. 6 lakhs. In Channapatna he will open the new building of the Polytechnic.

Sri Shastri will also lay the foundation stone for the Alamatti and Narayanapura projects in Bijapur districts.

CAUVERY WATER SUPPLY SCHEME

Mysore, Apr. 24

Chief Minister Nijalingappa told newsmen yesterday that Union Minister Shastri will lay the foundation-stone for the Rs. 26-crore Cauvery water supply scheme for Bangalore on May 21 at Bangalore. Congress President Kamaraj will also participate.

Shimsa, 52 miles from Bangalore, would be an ideal place to tap water for the city, he said. By December this year, the scheme would be finalised with the World Bank and the work might start in early 1965. It would take four years for completion.

The Chief Minister visited Shimsa and Shivasamudram generating stations last evening.

FINE ARTS SCHOOL

The Government of Mysore has sanctioned a fine arts school at Davangere.

The school which will have a diploma course in the fine arts is expected to commence in two months.

Rs. 12 lakhs has been earmarked for the school. The expenditure will be shared by the State and the Central Governments on a 50-50 basis.

NUGU CAN BE MADE AN IDEAL TOURIST SPOT.

Mysore, Apr. 25

Chief Minister Najalingappa said he would like to invite newly-weds to visit the Nugu Project for honeymooning.

He said the picturesque hillclad 380 square mile Nugu Reservoir in H. D. Kote Taluk was an ideal place for developing as a tourist centre.

The Government would also service one or two launches in the reservoir, he said.

FOREIGN CONSORTIUMS

Minister for Steel, Mines and Heavy Engineering Mr. C. Subramaniam, told the Lok Sabha that some of the private interests in the U.S., France, Japan and Germany were forming themselves into consortiums for the supply of equipment for the Bokaro steel plant.

He said, that the supply would be on the basis of commercial credit or part of it might be covered by Government credit.

The Government might call for global tenders for the Bokaro equipment by the middle of this year.

There was no question of private collaboration as far as steel projects were concerned. They would be in the public sector and whatever help was secured would be by way of loans, he added.

SRINGERI SWAMIJI IN SRIRANGAPATNA

Mysore, Apr. 25

H H. Sri Sankaracharya, of Sringeri, arrived on Thursday to take part in Shatakoti Sri Ramanama Lekhana Mahotsava which is being held here.

About 10,000 devotees, from all over the country, have arrived to take part in Mahotsava.

BONDS FOR WATER SCHEMES

The Union Health Minister, Dr. Sushila Nayyar, suggested that municipalities should issue bonds in urban areas for financing Government's water supply programme.

The bonds should be in denominations that moderate income groups and even low income groups would be able to buy. This ammount could subsequently be adjusted against water consumption.

She said, while the Government should go all-out to finance the schemes in rural areas, in urban areas, public should contribute to a large extent. This presupposed an efficient municipal administration. Revitalisation and strengthening of the municipal administration is an absolute must if the scheme is to succeed.

FLYING TRAGEDY

An official press release announced that Flight cadet H. Santiago died in a flying accident near Allahabad.

INFORMATION DEPT. MUST BE MORE EFFECTIVE

Mysore, Apr. 25

Mysore pressmen stressed before Chief Minister Nijalingappa, the need for reorientating the State Information Department, to make it render more effective service to the public and help newsmen.

The scribes represented that the post of the Director of Information should not be a stop gap one, posting a new director at interwals of six to eight months. They added a Director should have some knowledge about the working of the Press and the needs of Pressmen.

CHIKKAHOLE PROJECT BY YEAR-END

Mr. Nijalingappa inspected the Chikkhole project in Chamarajanagar Taluk.

Mr. H. Channiah, Superintending Engineer explained that the project would be completed by the end of this year. It would cost about 80 lakhs and irrigate about 4,000 acres, of which 1,000 acres would be provided with water from July.

CAUVERY SCHEME

Mr. Lal Bahadur Shastri Union Minister without Portfolio, is likely to lay the foundation stone for the Gauvery water supply scheme to bring the Cauvery water to Bangalore.

ADVICE TO OFFICERS

Mysore, Apr. 25

Chief Minister Mr. S. Nijalingappa, addressing officers of all departments stressed the need for proper co-ordination between different departments of Government. He said tapism should cut to the minimum.

AYURVEDA RESEARCH

The Mysore Goverment has sanctioned two schemes for conducting research in Ayurveda, costing Rs. 20,000 each.

Research in fundamental principles of diagnosis will be conducted at the Government College of Indian Medicine, Mysore. Clinical research in jaundice will be carried out in Sri Jayachamarajendra Institute of Indian Medicine-Bangalore.

INDIA-S. VIETNAM TO EXPAND TRADE

Mr. Buu Hoan, leader of the seven-member trade delegation from Vietnam, said that a trade and investment agreement will shortly be singed between India and South Vietnam to expand the scope of trade between the two countries.

He said, the delegation would finalise talks with the Union Government officials.

Tax Proposals Have Two-Fold Objective

The taxation proposals in the Budget were the 'constituents of an integrated scheme' based on the objective of stimulating economic growth and increasing savings for investments, told by the Finance Minister, Mr. Krishnamachari in the Rajya Sabha.

The Finance Minister, who was moving for consideration of Finance Bill for 1964, as passed by the Lok Sabha said these measures, repsesented the culmination of their efforts, ever since he took over the Finance Ministsy 'to promote growth with a more determined enforcement of social justice. They are also the beginning of a reform in taxation that is essentially of a long-term character.'

He referred to a very heavy burden cast on our resources by the needs of Defence and of Rehabilitation and said, financially this burden will continue to weigh us for many years ahead.

Mr. Krishnamachari said. 'we must bear this burden adequately and also proceed with our cherished aim of rapid economic growth. This can be achieved only if both income and savings, whether among individuals or in the corporate sector or with the Government, are stepped up and used in productive investments that assure us long term-growth This again cannot be done without a measure of sacrifice allround; but the sacrifice must be equitable borne. The Bill before the House is only an ancillary or a handmaid of an economic policy that seeks to serve this central objective.'

FUNDAMENTAL RIGHTS TRAMPLED

The Constitution Bill was introduced in the Lok Sabha after Opposition members had attacked it as an 'unconstitutional' measure which 'extinguished' fundamentol rights.

The Bill 'Seeks to remove doubts' about the power of the State to make law or take executive action during the emergency irrespective of the fundamental rights contained in Part of the Constitution.

Replying to opposition attacks Mr. A.K. Sen, Law Minister said the purpose of the amending measure was only to clarify the position that when remedies were completely barred as regards particular rights during the emergency, the rights themselves should be taken to be suspended.

Re-Arrest Sheikh Abdullah

JANA SANGH'S DEMAND

Mysore, Apr. 27

The Karnataka unit of the All-India Jana Sangh, which concluded its two-day conference here yesterday, demanded the re-arrest of Sheikh Abdullah and suitable action against him for his "trecherous activities". It deplored Sheikh Abdullah's statements which aimed at disintegrating the country. The conference was of the view that "it was humiliating to the nation to have talks with such a traitor by Prime Minister Nehru".

To end the uncertainty about Kashmir, the conference demanded the immediate abrogation of Article 370 and to integrate Kashmir completely with the Indian Union.

The conference expressed its appreciation of the Mysore Government to rehabilitate 25,000 East Pakistan refugee families in the State. It also urged India Government to demand from Pakistan suitable compensation for the rehabilitation of refugees.

Inaugurating the conference on Saturday, Acharya Deva Prasad Ghosh, President of the All-India Jan Sangha declared that his party would launch a mass country-wide movement for complete integration of Kashmir with Indian Union.

Sri Swethadri, President of the Karnataka unit, presided.

Dr. Raman welcomed the delegates.

Strike Threat By Market Merchants

Mysore, Apr. 27

The merchants of the city municipal market shops have decided to observe one-day hartal on April 30 if their demands are not conceded by the municipal authorities.

The demands include withdrawal of the proposed enhancement of rents, rational approach in regard to rents for stalls and withdrawal of eviction notices issued to 50 stall holders.

Sri M. R. C. Basappa, President of the Association told newsmen that if the municipal authorities did not concede their demands, they would resort to a token strike on April 30.

SRINGERI SWAMIJI IN CITY

Mysore, Apr. 27

His Holiness Sri Sankaracharya of Sringeri Mutt arrived here last night from Srirangapatna. He was received with all honours and taken to Sringeri Mutt, where he will be staying till Apr. 30.

Today at 7 p.m. the Swamiji will give a discourse at Shankaralaya.

On Apr. 29, at 9-30 a.m. the Swamiji will lay the foundation stone for Kalyana Bhavan and Oriental Research Institute at the site near Shankaralaya.

Uniformity In School Education

The State Education Ministers' Conference held at Delhi yesterday resolved that a broad uniformity should be achieved in the content of school education, without any rigidity about the duration and agreed the Centre had to play an increasing role in raising the quality of secondary education.

The conference also agreed to the creation of the All-India Education Service.

It was also decided that the pre-university course started in universities should be transferred to the schools in accordance with a phased programme.

This has been suggested in order to ensure that the entire education at the secondary stage is done in schools and that a uniform standard prevails at the school-leaving stage. This standard, in view of the conference, should approximate to the old intermediate standard.

Though the States in general have not viewed with favour the idea of making education a Concurrent Subject, the conference in effect agreed that the Centre should assume more and more responsibility and provide necessary funds.

The conference urged that the Centre should spend 10 per cent of its revenue on education and the States not less than 20 per cent.

It accepted the target of achievement of full enrolment in the age group 6 11 by the end of the Fourth Plan period.

Air Link To City Urged

Mysore, Apr. 27

At a citizens' meeting held here on Saturday at the Municipal Council Hall, - a resolution was adopted urging the Central Government to lay a railway line connecting Chamarajanagar - Coimbatore via Satyamangalam.

It also requested for the conversion of Mysore-Bangalore metre guage line into broad guage.

The meeting urged for an air link to MysoreCity.

Smt. Soundaramma Venkatesh, Municipal President was in the chair.

SUGAR DISTRIBUTION

Mysore, Apr. 27

Officials and non-officials connected with sugar distribution, which met here on Saturday under the chairmanship of Sri Srinivasan, Divisional Commissioner, decided that, out of the total quota of sugar allotted, 60 per cent should be distributed among the retailers, including cooperative societies and the balance among the bulk consumers.

Introduction of identity cards and distribution in the city on the basis of municipal divisions and population were suggested.

TTK WARNS STOCK MARKET

SOCIAL ORDER CAN'T BE BLOCKED

Union Finance Minister Krishnamachari yesterday came down heavily on stock market and said they could not hold the country to ransom.

He told the Rajya Sabha that "I do not want to destroy them. We shall give them a place to live. But the stock market should realise that the Government had no time to wait and they have to find other companions".

The Finance Minister made it clear that if the private sector gave no response, the public sector will take the place.

Sri Krishnamachari said that if help was not forthcoming from the stock exchange towards the goal of socialism he would not be angry with them. "If their intention was to put down the Government by their money power, then it would be a difficult thing. You can bribe probably 100 people, probably 1,000 people, but you cannot bribe 400 million people. This is a mistake the rich people make. They know our policy –it is a positive attempt by getting everybody's help to develop the country'.

He said the standard of life of people should be raised and they should have every opportunity for growth. "If money power become anti-social, then its effects have to be removed. Today when we hear that everything is being purchased and everything is being attempted to be purchased by somebody, I think, it is a sign of democracy in danger".

Sugar Price May Go Up

Union Food Minister Swaran Singh indicated yesterday that consumer prices of sugar may soon go up.

He said the Government was now reviewing the effect on production costs of the higher prices fixed for sugarcane and the allocation of transport charges. The Government would shortly announce new sugar prices.

DEFENCE PLAN

Defence Minister Chavan stated yesterday that his Ministry had recently prepared a defence plan which would furnish the broad blue print for building up the country's defence potential during the next five years. The plan had been prepared keeping in mind nature of the threat on our borders.

CASHEW CULTIVATION

Mysore, Apr. 28

The extension of the cashew cultivation to the maidan districts of Mysore State has become a possibility by the results of a survey conducted recently.

Cashew plantations are at present confined to the North and South Canara districts and according to the survey red soil of the maidan districts is suitable for its growth.

The development scheme in the Third Plan is enlarged to cover ten districts, as against five districts in the Second Plan, with 14 developmental centres to bring an extra 75,000 acres under cultivation. In the previous Plan, 39,000 acres of land in the North and South Canara, Shimoga, Tumkur and Mysore districts were covered and waste lands to the extent of 4,900 acres were given to the cultivators.

The All-India Spices and Cashewnut Committee would set up a sub station for cashew research at Srinivasapur in Kolar district with State and Central assistance.

NO P.M. SAYS INDIRA

Smt. Indira Gandhi categorically stated in New York that she did not want to become the Prime Minister of India.

Asked "If nominated by the party, will you refuse to run", she replied "I refuse".

Students' Demands

Mysore, Apr. 28

The erstwhile Mysore University StudentsAction Committee has placed four demands before the the Lakshmanaswami Mudaliar's fee committee.

They are: Progressive reduction of fees leading to free education at all levels at a given stage; increase in the percentage of scholarships and freeships; a sane policy free from politics in the field of education and abolition of part four in the degree classes and the establishment of students' unions in all colleges.

The committee has pleaded for the maintenance of status quo in regard to the fee structure in the two universities. It has demanded that the fee reduction announced after the strike last year should be made applicable to the students of engineering colleges also.

The memorandum lays the blame for student indiscipline squarely on the Government and the universities and points out to the low calibre of the teaching staff, the appalling teacher-pupil ratio, absence of unions and recreational facilities and presence of communalism.

★ A paddy experimental station in collaboration with Japan will soon be established in Mandya. The Government of Mysore has sanctioned Rs. 3 lakhs for the purpose.

India Pavilion

The India Pavilion in the New York World's Fair is drawing large crowds every day since its opening last Wednesday. A steady stream of inquisitive visitors, who are greeted by Indian guides in rustling silk sarees, see with interest not only the rich panorama of thousands of years our cultural heritage, but the even more exiciting picture of the largest democracy at work in shaping a brighter tomorrow for her 450 million people.

Though small in size, the India Pavilion has the pride of place in the international section. It is close to the large United States pavilion whose impressive green and yellow facade resting on stilts is reflected in the pool around the Indian Pavilion shimmering like some of the lovely handlooms which you can see inside.

The India Pavilion truly creates the image of India, in capsule form, with concentration on colour and beauty, all our past, our present and our hopes for the future. It shows people with all their diversity but also with a basic unity, poverty amid progress, mudwalls amid multi storeyed houses and handicrafts beside nuclear plants. It is the story of the Indian people whose efforts and hopes provide the incentive which has made all this possible.

REMOVE CANKER OF COMMUNALISM

Sri Jayaprakash Narayan and three other Sarvodaya leaders have called upon Indians to strengthem "the moral fibre of our nation and cleanse it of the canker of communalism".

In a joint statement, they said, "It is time we shed our conceit and pretences and faced the truth squarely that we are no better or no worse as human beings, than our brothers across the border. Communal disturbances, both big and small, have also taken place in India. Let our people repent and make amends for the ghastly deeds committed by our compatriots. This facing up to the truth is an indispensable step for strengthening the moral fibre of our nation and cleansing it of the canker of communalism".

NEW MOUNTAIN GUNS

A new mountain gun, which can be broken up into a minimum number of mule loads, has been developed by the Defence production department.

Logistic played an important part in our reverses in NEFA. While the enemy could easily transport his mountain guns, transportation of our heavy artillery across the mountain ranges proved a problem. Against this back ground, the designing of new mountain guns will prove extremely helpful in mountain warfare.

CONGRESS OPPOSES 18th AMENDMENT

The executive of the Parliamentary Congress Party yesterday expressed that the Constitution 18th Amendment Bill should be dropped.

The Bill, which seeks to suspend during an emergency those fundamental rights which cannot be enforced in a court of law, had evoked bitter opposition criticism when it was introduced in the Lok Sabba.

UNITY AMONG MANKIND

NEED FOR SHANKARA'S MESSAGE--C.M.

Mysore, Apr. 29

His Holiness Sri Abhinava Vidyathritha Swamiji of Sringeri Mutt laid the foundation stone of the Kalyana Mantap and Oriental Research Centre, here this morning, near the Shankaralaya.

Sri M. Ramaswamy, President of the Shankara Committee, welcomed the gathering.

Messages received from the President, the Governor of Mysore, Railway Minister Dasappa, the Chief Minister of Madras and others were read.

Sri T. V. Krishna Rao, Secretary of the Committee presented an address to the Swamiji.

His Holiness stressed the importance of constructing Kalyan Mantaps near the temples so that the idea that the marriage was sacred could be imbubed to the married couples. He also wanted that researches should be carried on so that the Dharmic precepts could be adopted to the present conditions.

Chief Minister Nijalingappa who presided, said that in these days of turmoil, division among the people and the country and the absence of peace, the 1500 year-old Shankara's message of unity was badly in need. If sciencewas not utilised properly and the differences between nations was not removed there was no salvation for the mankind.

The Chief Minister said it was the duty of the Government to extend all help for institutions which propogated Dharmic principles, so that man might live in peace. Without Dharma man was not perfect, he said.

Sowacar T. Thimmappa in proposing a vote of thanks announced that Rudrapatna Mahayaga Committee and Sri T. V. Krishna Rao, local Advocate, have donated Rs. 40,000 and Rs. 30,000 respectively to the proposed Kalyana Mantap and the Research centre.

17th Amendment Bill Fell Through

In surprise developments in the Lok Sabha yesterday, the 17th Amendment Bill, which had raised bitter controversies, fell through as it failed to get at the consideration stage a simple majority of the total number of members of the house, when voting took place. The Bill secured 206 votes for and 19 against.

A constitutional amendment requires a simple majority of the total membership of the House and two-third majority of those present and voting. The first requirement was not fulfilled as the Lok Sabha has now about 510 members and a minimum of 256 votes is required to carry every motion.

Many members complained that the division bell, which summons members immediately before voting, was not heard outside where they were participating in the elections to Parliamentary Committees.

The Speaker ruled that he could not interfere in the division that had taken place and he was not prepared to sacrifice the tradition of the House.

YOUTH LEADERS FETED

Mysore, Apr. 29

The members of the International Youth Leaders Training Centre, who are undergoing training in ALOKA in the City, were yesterday feted by the City Municipal Council.

Smt. Soundaramma, President, welcomed the delegates.

Director G.G. Dadlani, leader of the camp, thanked the Council for its hospitality.

Mr. Peter Kruithof of Netherlands also spoke.

SADIQ DEPRECATES SHEIKH'S STATEMENTS

Kashmir Premier Sadiq, in a public meeting held near Jammu, deprecated Sheikh Abdulla's statements that the Kashmir Constituent Assembly had no representative character of its own and became defunct after his arrest in 1953.

He said, "Sheikh Abdullah challenges the bona fides of the Constituent Assembly. Then we have to return sovereignty to the ruling family and hand over the lands back to the dispossessed landlords of the State. To effect any change in the people's verdict is not within the power of anybody or section of the people. It is the sole concern of 45 crores of Indians".

India expects to earn Rs. 16 to 24 crores of foreign exchange through the Indian pavilion at the World's Fair at New York.

The Rajya Sabha was told that the anticipated expenditure on the pavilion would be Rs. 165 lakhs of which Rs. 130 lakhs would be in foreign exchange.

TICKETLESS TRAVELLER FINED

Mysore, Apr. 30

The First City Magistrate sentenced Mada Setty to a fine of Rs. one for travelling without ticket in the City Bus Service from Sanatorium to Railway Station on Tuesday. Sri S.M. Hussain, Security Inspector and Sri Siddique, Sub-Inspector of Police checked the bus and booked the case.

NEHRU ABDULLAH TALKS

Sheik Abdullah who arrived in Delhi yesterday had talks with Prime Minister Nehru on the future of Kashmir.

He told pressmen that he was visiting Delhi to "persuade others to accept his point of view". He did not like any rigidity in the approach to the problem.

MODI'S EYE CAMP

Mysore, Apr. 29

Chief Minister Nijalingappa today praised the selfless service of Dr. M.C. Modi in giving sight to thousands of people.

He was presiding over the closing function of Dr. Modi's free eye operation camp here in the city.

Smt. Soundaramma, Municipal President welcoming the gathering thanked Dr. Modi for his services.

During his seven-day camp, Dr. Modi conducted 357 eye operations(210 men and 165women) in the City. Total consultations were 8542 and free medicine given to 945 persons.

ACCESSION OF KASHMIR NOT FOR REVIEW

Union Finance Minister Krishnamachari told the Rajya Sabha yesterday that the Nehru-Abdullah talks would not go into the fundamentals about Kashmir, namely the State's accession to India and its being a constituent part of India.

He said that "nuances" of the question "may be discussed but not fundamentals which have been decided and are facts of history. If Abdullah would help in stabilisation of a Government in Kashmir and in our defending Kashmir in the event of an attack from China and Pakistan, we ought to seek that help. But fundamentals are not open to question and there is no question of the Government having any second thoughts about Kashmir."

NAYYAR BLAMES ERRANT STATES

Union Health Minister Shushila Nayyar deplored in the Lok Sabha about the low priority assigned to the health services by some of the States.

She said one State which had sanctioned Rs. one crore extra for health schemes diverted as much as Rs. 70 lakhs to other fields of activity. This showed that the States were prepared to sacrifice health for roads, hydel power and industry.

Sri C.R. Basappa said in his constituency in Mysore, people had even to buy water at a rupee per pot.

Dr. Nayyar replied "What can I do? You take it up with your State Government".

She added that Mysore was one of the States which had been helped most with funds but could not spend the sums provided.

FARM UNIVERSITY FROM THIS YEAR

Bangalore, Apr. 29

A separate university for teaching agricultural sciences on the model of the American Land Grants College, will start working from this year. The State Government has sanctioned Rs. 59 lakhs for the purpose in the current year.

PAK REFUGEES

The Rajya Sabha was told by Minister Tyagi that the refugees from East Pakistan were technically still Pakistani nationals and have a right for their properties left in Pakistan.

He said that 2,86,000 refugees had come to India up to April 27. They included 45,000 Christians and 11,000 Buddhists. These people were not allowed to bring any property and in fact, they had to come practically empty-handed.

The Minister said that the Government was examining the question of rehabilitating some of the migrants in NEFA.

CONCENTRATION OF WEALTH

The Mahalanobis Committee has reported that there are indications "of the presence of concentration of economic power within the economy in terms of income, property and especially of control over the non-Governmental corporate sector".

It has suggested the extension of the scope and intensity of countervailing measures by the Government to offset the economic concentration.

The committee has recommended the setting up of a full-time agency with the legal authority to collect information on the extent of concentration, in order to help formulate a policy that will combine industrialisation with social justice.

J. P. Heckled

Sri Jayaprakash Narayan, the Sarvodaya leader yesterday told a group of MPs that the people of Kashmir should be allowed to decide their future.

He said that plebiscite was not the only method of ascertaining the wishes of the people. Abdullah did not insist on that. There could be various other ways of ascertaining the wishes of the people.

Sri Narayan had a hard time in trying to justify his views and he was heckled by several members who questioned the "reopening a settled fact", accession of Jammu and Kashmir to India.

Sri Tariq said that if Abdullah or any one else today claimed that the Kashmir Constituent Assembly was not entitled to ratify the decision on accession then it could as well be argued that the Maharaja's rule which the Assembly had decided to end should be restored.

The Maharaja of Kotah explained how Indian princes themselves decided on the accession of their States to the Indian Union. If accession was sought to be questioned in regard to Kashmir, it would prove to be a dangerous precedent. He asked Sri Narayan whether the princely States were free to terminate their accession.

MORE RESEARCH LABS

The Lok Sabha was told by Union Education Minister that in the Fourth Plan, the Government proposed to set up research work laboratories in marine engineering, agriculture, chemicals, oral contraceptives, electrical appliances, package and fish technology.

They also wanted to set up laboratories for oceanography, high altitude research and social relations and science.

BE CHAMPION OF SECULARISM:

CHAGLA TELLS ABDULLAH

Union Education Minister Chagla stated yesterday that "we have made out the basic position in regard toKashmir, namely that it is a part of India, quite clear and categorical and I am going to the Security Council to reiterate our position".

He strongly urged Abdullah to be the same champion of secularism he was in 1947 when he rejected Jinnah's two-nation theory. He said such courageous stand would be in the interest of Kashmir, India and sub-continent.

"My appeal to Abdullah is that he should unequivocally stand by accession.", he added.

PEACE AND AMITY: ABDULLAH'S MISSION

Sheikh Abdullah stated yesterday that he was not thinking in terms of a confederation of India and Pakistan or any such proposals but he was thinking in terms of "peace and amity".

He told newsmen that whatever solution brought peace to the sub-continent would be acceptable to him.

About his talks with the Prime Minister, he said that the discussions were still exploratory. "The main aim of these talks is to bring peace and sanity in the sub-continent". he added.

Asked whether he was optimistic of carrying something to Kashmir, Abdullah said he had no doubt that he would carry something. "I will carry the good wishes of India. I have no doubt about it. I know the mind of the Indian people. I know that there is nothing else except love. I have seen it".

Fabulous Salaries

An individual in India earned a salary of Rs. 11,74,075 in 1961-62, almost a lakh of rupees per month, and paid income tax and other taxes to the tune of 85 per cent of it.

Union Finance Minister Krishnamachari gave figures of the top ten salaries in 1961-62. They were (all in lakhs) Rs. 11.74, 4.69, 3.78, 3.54, 2.81, 2.67, 2.65, 2 57, 2.48 and 2.46.

He said five of the ten top salaried people were foreigners.

New Trachoma Vaccine

Effective prevention of trachoma, an eye disease affecting an estimated 500 million people in the world and the biggest single cause of blindness in Asia and Africa, may soon be possible.

A new vaccine tried out on young children by a team working in Taiwan and helped by a United States Navy medical research unit has achieved 60 per cent success.

RUSSIA'S HELP FOR BOKARO

The Lok Sabha was informed by Minister Subramaniam that the Soviet Government has expressed its willingness to assist India in building the integrated Bokaro steel plant. He said the assistance which Ruissa has offered would be for building the first stage of Bokaro up to 1.5 million tonnes of ingots.

CEMENT SHORTAGE

The cement shortage faced by the country is seven lakh tonnes a month, stated Industries Minister Kanungo in the Lok Sabha. He said that as against a total monthly demand of 15,00,000 tonnes the production of cement amounted to 8 lakh tonnes only. He added that steps were being taken to license more cement factories but till the production increased, the existing stock had to be rationed out.

NO BOSSISM IN NATIONAL LABS

Union Education Minister Chagla yesterday denied in the Rajya Sabha that there was any bureaucratic approach in the working of the National Laboratories. "We have done away with the hierarchy in the laboratories and treat every scientist on his merit", he added.

He said due to researches and processes carried out in the laboratories the country had been able to save nearly Rs. 20 crores in foreign exchange unto 1962. The number of projects sponsored by the CSIR since its inception exceeded 1,200. About 700 patents for invention had been taken up and nearly 300 patents released for exploitation.

Sri Chagla said they had come across certain cases where senior scientists took credit for the research done by junior ones. "We have put this down strongly and we see that the scientists who are responsible for the research get the full credit".

CHIEF JUSTICE'S PLEA UNDER STUDY

The Lok Sabha was told by Deputy Law Minister that the Government was examining the suggestion made by the Chief Justice of India that appeals which are at present entertained by the Income-Tax Appellate Tribunal may be transferred to the High Courts

Wadiyar Leaves Mysore

Mysore, May 4

Sri Jayachamaraja Wadiyar, Governor-designate of Madras, left yesterday evening for Bangalore en route to Madras.

He took leave of the people assembled at the Palace and drove to Chamundivihar to have his mother's blessing. He also offered Puja at the temple in Chamundi Hills.

At Bangalore Cantonment station, he was given an affectionate and touching send off by a large gathering including top officials. Gen. Shrinagesh, Chief Minister Nijalingappa and his colleagues were also present.

In a brief message to the people of Mysore, he wished them all prosperity. He hoped that under the "guidance of my friend, Gen. Shrinagesh and Chief Minister Nijalingappa, the people would achieve greater glory than ever before".

19 INJURED IN DELHI CLASH

19 persons including 8 police personnel were injured yesterday in a clash between Jana Sangh and the police in Delhi.

The police fired about a hundred tear gas shells to disperse 4000 demonstrators who were collected to protest against the recent increase in local bus fares.

The trouble began when a driver tried to take out a bus through the crowd. The demonstrators hurled stones at the bus and also set fire to two booths.

Home For Crippled Children

WADIYAR'S OFFER

Mysore, May 4

Sri Jayachamaraja Wadiyar, who left yesterday for Madrs to take up the office of the Governor, expressed a wish that an Institute and Home for crippled children should be established in Mysore City.

He offered to give 100 acres of land and also financial assistance for the Institute.

Sri Wadiyar expressed this wish when Smt. Soundaramma Venkatesh, Municipal President, called on him on Saturday to bid him good bye.

He told her that during his last visit to the United States, he found encouraging response from the Americans to aid the project.

Regarding the development of industries in Mysore, Sri Wadiyar advised the Municipality to attract industrialists by offering incentives instead of scaring them away with taxes, etc.

FINANCE PANEL

Sri P. V. Rajamannar, former Chief Justice of Madras, it is learnt, has been offered the chairmanship of the fourth finance commission.

Wadiyar Bids Farewell to Mysore

Mysore, May 4

In a farewell message, the retiring Governor, Sri Jayachamaraja Wadiyar, yesterday, offered his best wishes to the people and the Government of Mysore for all success and prosperity.

In a broadcast message over AIR, Bangalore, Sri Wadiyar said "though my place of work may change, my affection for the people and the State of Mysore and my heartfelt desire for their prosperity and progrees, will be same as ever".

He said: "Of the many ties which have always closely bound together my predecessors and myself on the one hand and the beloved people of Mysore on the other, the strongest and the most sustaining has been our commonly-shared and unshakable faith in Dharma and I am confident that we shall always cherish this ideal as the governing principle of private and public life. There is an old saying that righteousness born of good conduct brings prosperity to men. It gives fame in this world and happiness in the next. May Goddess Chamundeswari shower her blessings on the land and people of Mysore".

New Governor Sworn-In

Bangalore, May 4

Gen. S.M. Shrinagesh was sworn-in as Governor of Mysore, this morning, at a function held at the Residency.

The Chief Justice of Mysore, Sri HombeGowda administered the oath of Office.

Chief Minister Nijalingappa and his Cabinet colleagues were present.

FOSTER HINDUISM

Sri Shankaracharya of Dwaraka Peeth, who is now in Bangalore, yesterday emphasised the need to have an all-India organisation to preserve and foster Sanathaba Dharma.

The Swamiji expressed deep concern over the decline of Hinduism which stood for Sanathana Dharma and said this decline was due to the surging materialism at the cost of moral and spiritual forces.

ADULLAH ON SELF-DETERMINATION

Sheikh Abdullah stated yesterday at Wardha that any solution of the Kashmir question should be such that while it should not weaken India's secularism, "it should also satisfy the aspirations of Pakistan and also Kashmiris".

After having talks with Acharya Vinoba Bhave, he said "the accession of Kashmir was not achieved as was the case with other Indian States". Pakistan said that Kashmir belonged to them. That was rejected by the people of Kashmir. Then the people of Kashmir requested the Indian Government to defend the State against Pakistan attack. The Indian Government had never denied self-determination to Kashmir. The Kashmir Constituent Assembly could not decide the question.

He said so long as India and Pakistan were at loggerheads, the people of Kashmir would not enjoy freedom. "I will insist for self-determination till my death", he added.

C.R.-Abdullah Plan For Kashmir

Sheikh Abdullah yesterday had a 200-minute talks with Rajaji at Madras.

He told newsmen that he and Rajaji had agreed on a formula that would make the solution of the Kashmir problem both possible and practicable.

He said: "Rajaji is in agreement with me that the solution must be such as would not give a sense of victory either to India or to Pakistan and will, at the sametime, ensure a place of honour for the people of Kashmir".

"We believe that a solution is possible and practicable. I am going back to Delhi for meeting the Prime Minister and other leaders".

"Rajaji is in complete agreement with me that India and Pakistan cannot afford to be enemies but must be friends, otherwise both will be ruined and Kashmir cannot save itself if that happens".

He said once the future of Kashmir was decided, whoever was in charge of Kashmir State whether India or Pakistan or Kashmiris themselves, would hold negotiations with the Chinese to get back the lost territory, whether Ladakh or portion of Pakistan-occupied Kashmir territory.

Walk-Out In Municipal Council

Mysore, May 7

In the Municipal Council, last evening, the Opposition staged a walk-out to protest against the "undemocratic attitude" of the President, Smt. Soundaramma Venkatesh, in not allowing an adjournment motion to be discussed.

Sri M. N. Thimmiah, leader of the Opposition, sought to movean adjournment motion concerning the death of a 16-year-old boy Rrmaprasad on Tuesday when he fell into a big pit dug out to lay underground drainage pipes in Ramanuja Road. He said that due to negligence of the authorities in not putting any barricade on the road, the unfortunate tragedy occurred.

Sri B.N. Kenge Gowda (Cong.) raised a point of order and said that there was no provision in the Municipal by-laws for moving an adjournment motion.

The President while expressing regret for the tragedy, requested the mover to withdraw the motion and assured that all precautionary measures would be taken in future.

Sri Chikkarangappa said that even though many instances of such accidents like falling in man-holes and in swimming pool,had been brought to notice no action had been taken so far to avoid such tragedies.

When the mover pressed his motion, the Chair upheld the point of order.

Then the Opposition staged a walkout.

CHILD FATALLY RUN OVER BY LORRY

Mysore, May 7

A four-year-old child, Udayakumar was fatally run over by a lorry near the Clock Tower in Chandragupta Road in the city yesterday.

The police have taken into custody the lorry driver Babu Shetty.

SHARAVATHY PROBE REJECTED

Union Irrigation Minister Rao yesterday turned down in the Rajya Sabha an Opposition demand for a judicial enquiry into payments to the Sharavathy project contractors.

He said that the India Government had gone into the allegations "very carefully and we found there was no prima facie case for further enquiry".

Asked whether it had been alleged that the arbitrators, who gave awards for payment, were influenced by the contractors in their favour, the Minister said: "I am afraid we cannot accept the allegation that arbitrators were influenced. They were all men of integrity and the Mysore Government could not find anything mala fide against arbitrators. That was why the amounts were paid to the contractors".

Mysore Asks Rice From Centre

Bangalore, May 7

The Government of Mysore will take up with the Andhra and Kerala Governments the situation arising out of non-availability of rice to the State from Andhra Pradesh and large-scale movement of rice from Mysore to Kerala.

The Government will try to secure rice at reasonable prices from other States through normal trade channels if possible, and through cooperatives if necessary.

It is understood the State Government has written to the Centre for 50,000 tons of rice.

Wholesale and retail merchants, millowners and cooperatives had discussions with the Chief Minister here yesterday on the rising price owing to shortage of grains

The representatives pleaded for effective steps by the Government to stop movement of rice from Coorg, Shimoga, Mandya and Mysore districts to Kerala.

The Chief Minister is understood to have agreed to the reduction in the deposit amount required from grain dealers under the FoodgrainsLicensing Order and also for simplification of accounts keeping.

It was decided to constitute a committee comprising representatives of traders from each district to carry on talks with the Government when needed.

AYUB WANTS PRIOR PAK AGREEMENT

President Ayub Khan of Pakistan has written to Sheikh Abdullah advising him not to reach settlement of Kashmir with Indian leaders without due consultations and agreement with him.

In a letter delivered to him yesterday, the President while reiterating his invitation to Sheikh Abdullah to visit Pakistan, said: "considering that we have given a solemn pledge to the people of Kashmir that the future of theState would be decided in accordance with their wishes as envisaged in the U. N. resolutions and the fact that we have vital interests in Kashmir, you will understand our anxiety that no settlement is reached without due consideration and agreement with us".

PARLIAMENT'S SAY ON KASHMIR

Prime Minister Nehru assured the Lok Sabha yesterday that "nothing is going to be agreed to or settled" in regard to Kashmir without reference to the House.

He said the talks with Sheikh Abdullah are mostly concerned with wider issues than immediate issues, which honourable members may have in mind.

HAL Jet Fighters

Four HF-24s, India's first indigenously designed, developed and manufactured supersonic fighter aircraft, will be formally handed over to the Inbian Air Force by the Hindustan Aircraft in Bangalore on Sunday, May 10, 1964.

This formal handing over will mark a turning point in the history of the aircraft industry and aviation in India.

The ceremony will also symbolise the completion of a big leap forward since the H.A.L., over a decade ago, designed the slow-speed piston-engined basic trainer-HT-2.

HF-24 is a frontline jet fighter incorporating modern aero-dynamic concepts and air defence weapon systems.

6-CR. INDIAN ASSETS TAKEN OVER

The total assets of Indian nationals taken over by the Burma Government were estimated to be of the value of Rs. 6 crores. The Burmese Government has promised equitable compensation for concerns nationalised and the Indian Embassy is pursuing the question of speedy compensation.

This was stated by Prime Minister Nehru in the Rajya Sabha.

DROUGHT IN 3 STATES

The Lok Sabha was told that more than 6,000 villages in the three States of Rajasthan, Punjab and Gujarat have been affected by scarcity conditions.

Minister Subhag Singh said that in Rajasthan alone the population affected was 26 lakhs, in Gujarat 14 lakhs and in Punjab 1.16 lakhs.

Ml. Market Issue To Legal Committee

Mysore, May 9

The special meeting of City Municipal Council, on Thursday. decided to refer to the Legal Committee the various problems relating to the Municipal Markets including the rent.

The President. Smt. Soundaramma Venkatesh, at the outset placed before the Council the problems like permanent stalls, shelters, removal of encroachments and provision of amenities like latrines.

Messrs. Vedantha Hemmige and T. V. Srinivasa Rao pointed out that the question of enhancement of rent was the main problem, which should be discussed at this meeting.

The Chair said that there were ten cases releating to enhancement of rent before the Court and hence any discussion on the same would be sub judice.

The Opposition members pointed out that out of 400 stall-holders, only ten were before the court and the discussion on the remaining would not become sub judice. If this could not be discussed, there was no point in calling for a special meeting, they said.

The Chair said that the discussion of the remaining 390 would have an implication on the pending cases and hence ruled that the subject should not be discussed.

Sri B. N. Kenge Gowda said the decision to increase the rent had already been taken and the question now was only its implementation.

The Commissioner, Sri Ramakrishna informed that 88 eviction notices had been issued to the stall-holders.

Ultimately, on the suggestion of Sri T. V. Srinivasa Rao, the matter was referred to the Legal Committee.

Socialist Merger

The Praja-Socialist and the Socialist parties yesterday decided to merge and launch a new Opposition party wedded to democratic socialism.

The birth of the new united socialist party and its name will be announced in October when it holds its first national conference.

At a joint meeting of the two parties held at Delhi, it was decided that a national ad hoc committee to be set up within 15 days of the ratification of the decision to merge by the national conferences of the two parties.

NO SHEIKH'S VISIT TO UN

Prime Minister Nehru told the Rajya Sabha yesterday that there was no question of Sheikh Abdullah going to the U.N. Security Council.

In regard to President Ayub's invitation to Abdullah to visit Pakistan, Sri Nehru said, "This question has not arisen and it has not come in any shape or form. But preventing him from going there, I think, will not be proper".

The Prime Minister again repeated his assurance in the Lok Sabha that "nothing will be done or settled with Abdullah or anyone else in regard to Kashmir without reference to Parliament".

OBITUARY

Mysore, May 9

Sri Rame Gowda, Assistant Engineer, City Municipal Council, passed away on Thursday in the K.R. Hospital. He was 35.

The Special meeting of the Council, held on Thursday, paid its respect by observing one minute silence.

C.M. WORRIED

Chief Minister Nijalingappa is understood to have protested to the Centre against the speeches of the Chief Minister of Goa and some Ministers of Maharashtra in Belgaum, Nipani and the surrounding areas.

He has complained that these Ministers are exhorting the Marathi-speaking people to agitate for merger with Maharashtra. This he. has pointed out, was not only embarassing for the Mysore Government but might create a law and order problem.

Sri Nijalingappa has said that Mysore has restrained itself from joining the issue because of the Centre's advice to leave matters as they were during the emergency. But if the Maharashtra and Goa Ministers are not restrained from making unhelpful speeches, it was time to take up the entire Maharashtra-Mysore boundary question.

VVF ENROLMENT

Steady progress has been maintained in the enrolment of the Village Volunteer Force and there has been marked improvement in the labour and cash donations to the Defence Labour Bank and their utilisation. So far 46.19 lakhs have joined the Village Volunteer Force.

PEOPLE MUST LEAD WAR ON GRAFT

Union Home Minister Nanda yesterday stressed people's responsibility in ending corruption.

In a broadcast to the nation, the Union Minister said "If the will of the people asserted itself, the fulfilment of their aspirations for creating a clean administration and the growth of ethical traditions cannot be long delayed".

He urged people to cooperate in the efforts to end corruption. There was extreme annoyance and resentment among the people that through corrupt practices large sections of businessmen created for themselves numerous opportunities for profiteering at the expense of the common man.

People had come to look upon certain classes of officials as symbols of Government authority which often was being exercised to fleece and harass them. He said prevalence of corruption was being accepted by the people as reality. The worst feature was that people were developing a sense of despondency about any prospect of improvement.

Winsome "Wind Spirit"

LANDMARK IN INDIAN AVIATION

Bangalore, May 11

The first two HF-24 supersonic frontline jet fighters, designed and manufactured at the Hindustan Aircraft, here, were handed over yesterday to the Indian Air Force, at a spectacular function held at the Hindustan airport.

More than 20,000 people watched "Marut", the supersonic aircraft, meaning "wind spirit", christened by Prime Minister Nehru, take to air.

Defence Minister Chavan who presided over the function described the Hindustan Aircraft as "the temple of modern India".

He said in the traditional temples of the nation, people worshipped God for personal favours. But here, at the HAL, they would pray for the protection of the country as a whole. The factory stood as a symbol of the security of nation.

Air Marshal A. M. Engineer, Chief of Air Staff said the aircraft was "formidable" in regard to armament and electronic systems in the aircraft.

SHAKESPEARE'S CELEBRATION

Mysore, May 11

Under the auspices of the Cultural Association, Jayanagar, Shakespeare's 400th anniversary was celebrated on Saturday.

Dr. C. D. Govinda Rao gave a talk on Shakespeare.

SHARING OF INTER-STATE RIVER WATERS

Union Irrigation Minister Rao said yesterday that the question of sharing waters of inter-State rivers would come up before the Southern Zonal Council meeting today. He was happy to find good response from the States for inter-State utilisation of the river waters.

Dr. Rao said the question of providing drinking water for Madras City would have over-riding priority in any agreement for sharing of waters among the Southern States. About getting the waters of the Krishna for Madras city, he said after six months he would be in a position to indicate the probable time for completion of the scheme.

FATAL FIGHT FOR BEEDI

A fight between two prisoners in the Gulbarga Central Prison over a loan of beedies ended fatally for one of them.

Fizali had loaned Shankar some beedies which the latter did not return. He beat Shankar and a fight between the two ensued. Shankar succumbed to the injuries in the prison hospital later in the day.

MAXIMUM USE OF ZONAL GRIDS

Union Irrigation Minister Rao stated yesterday at Madras that the existing power potential in the country would be utilised to the maximum through zonal grids by the first year of the fourth plan. He said five zonal grids would be established to cover the whole country.

He said the Chief Electrical Engineer of Kerala had been appointed as Secretary for the Southern Zonal Grid with office in Bangalore.

SMALLPOX AND CHOLERA UP

The cases of smallpox and cholera rose appreciably in Asia according to the United Nations health officials.

During the past year, they said, 88,442 cases of smallpox were registered and 25,544 died in the world--the overwhelming majority reported in Asia.

37,092 cases of cholera were registered and 18,000 died in the same period.

Important increase were recorded in India and East Pakistan.

The 69 year-old chief "G-Man" blames the rise in America's crime rate on "parental neglect, a growing insensitivity to the differences between the right and wrong, the coddling of criminal and public indifferences".

Nanda Commends South's Progress

Union Home Minister Nanda stated yesterday that the States in the Southern Zone had progressed more rapidly than the rest of the country.

Presiding over the two-day meeting of the Southern Zonal Council, at Trivandrum, he said the Council had to its credit a number of achievements. It had given the lead in the implementation of the safeguards for linguistic minorities. It had considered a number of issues connected with the utilisation of the river waters in the territory.

During the 15 years since the commencement of Five Year Plans, the plan outlays of the States in the zone, he said, amounted to about Rs. 2,000 crores.

Sri Nanda said the production of food grains in the zone was expected to go up from 11 million tons at the beginning of the First Plan to nearly 22 million tons by the end of the Third Plan, an increase by one hundred per cent. The zone was very well served by a fine network of roads and over 7,000 miles of railway line. By the end of March 1959, the road mileage per 100 sq. miles in the zone was 21.81 and per 1000 of population 0.52 miles as against the all-India average of 10.87 and 0.33 respectively.

He said the Southern Zone had made rapid progress in regard to generation of electricity. The capacity which was little over 330 M. W. at the commencement of the First Plan was expected to reach 2856 M.W. by the end of the current plan. In the field of electrification of towns and villages, the zone was far ahead of the rest of the country. By the end of the current plan, 27.2 per cent of the towns and villages would have been electrified in the zone while the all-India average would be 7.6 per cent.

WOMEN ON THE ASCENT

35 women, six in advance and 29 in basic mountaineering courses received insignias at the graduation ceremony held at the Himalayan mountaineering institute yesterday.

Four among the candidates are housewives. One was from Mysore.

TONE UP ADMINISTRATION

Union Home Minister Nanda yesterday called for "a sustained and vigorous effort" for general toning up of the administration and eradication of corruption.

He told the Southern Zonal Council at Trivandrum that "the measure of the faith that people have in an administration is reflected by the reputation it acquires for honesty". He added that "a widespread impression that corruption is prevalent impairs social stability and exposes the future of our political institutions to great risks".

Sri Nanda said: "I need hardly say that our Plans and national policies cannot be successfully implemented if we do not have an efficient machinery for the purpose. It should be our earnest endeavour to ensure that the Government's work is handled at all levels in the comparatively clean atmosphere and with a sense of urgency which is obviously needed".

During the last two years, he said, there had been a slowing down of the rate of economic growth, mainly in agricultural growth. In industrial production also the output had been below the targets in certain sectors. It was necessary that preliminary arrangements should be made early and the machinery for implementation geared on to ensure that the Plan targets were achieved according to the schedule.

Hogenekal Project

Union Irrigation Minister Rao told the Southern Zonal Council yesterday that an agreement has been reached between Mysore and Madras in regard to the hydro-electric scheme on the Mysore-Madras boundary at Hogenekal, under which the cost and the benefits would be shared by them equally.

HARNESSING WESTERN RIVERS

The Southern Zonal Council decided yesterday at Trivandrum to set up a committee consisting of the Chief Ministers of Mysore, Madras and Kerala under the chairmanship of Union Irrigation Minister Rao to go into the question of utilising waters of the west-flowing rivers in the Southern Zone.

LAG ON FOOD FRONT

Despite considerable diversification and adoption of improved methods in cultivation, food production in the Colombo Plan region has not increased as the growth of population.

A Government of India's feature on agricultural development in the Colombo Plan countries says the per capita rise in food output has been only one per cent a year.

Decline in rice production in India, Pakistan, Ceylon, Korea and Laos was offset by increase of about 11 per cent in Thailand, 12 per cent in Burma, the two main rice-producing countries.

Holding Price Line

CMs SUGGESTIONS

Chief Ministers of Southern States yesterday expressed the unanimous view that the question of holding the price line of essential commodities was closely linked with the drive for administrative efficiency and elimination of corruption in services.

At the Southern Zonal Council, which concluded yesterday at Trivandrum, they also suggested regulation of price and trade in essential commodities.

CORRUPTION

The Council discussed the legal and constitutional handicaps in taking quick and effective action against corrupt officials. Some of the Chief Ministers suggested more drastic action than those recommended by the Santhanam Committee in this regard.

A view was expressed that after every ten years a review should be made and steps taken to retire officers found indulging in corrupt practices.

Mysore Chief Minister Nijalingappa told the council that a Vigilance Commission on the lines of the Central Vigilance Commission was being set up in his State. Other Chief Ministers also agreed to the establishment of similar commissions.

New Rail Zones Ruled Out

Union Railway Minister Dasappa stated yesterday at Trivandrum that he was not keen about the reorganisation of railway zones as he felt that the money expended in creating a new zone could be better utilised for providing more amenities to the passengers.

He said that the formation of a new railway zone would involve a minimum additional expenditure of Rs. 2 crores and the staff requirement would be of the order of 3,000.

Sri Dasappa also made it clear that there was no question of having a railway zone for each State.

NEHRU-ABDULLAH PLAN FOR KASHMIR

Sheikh Abdullah stated yesterday that an understanding had been arrived at between him and Prime Minister Nehru on the basis of which he was going shortly to Pakistan to discuss it with President Ayub.

At the end of his 14 day talks with leaders in India, Abdullah told a news conference that "presently, we are working on some formula and in due time we hope we will be able to evolve an adequate framework of possible solution".

Abdullah dwelt on the broader Indo-Pakistan relations and the need for amity. Besides repeating again and again about an honourable solution of Kashmir's future, the other main theme of his was ending the sufferings and the fear-complex of minorities both in India and Pakistan.

He said his main object of visiting Pakistan was to create a base for fostering Indo-Pakistan amity in that country.

He clarified that he did not imply an independent status for Kashmir. He also dismissed as speculation reports that the formation of an Indo-Pakistan condominium over Kashmir was being explored.

CEMENT BAGS SEIZED

Mysore, May 13

The Mandi Police yesterday seized 88 bags of cement stored in a shop in Ashoka Road without permit.

RESERVATION OF SEATS

For implementing the decision of the National Integration Council that no domicile restrictions should be imposed in regard to admissions to technical institutions, the Southern Zonal Council yesterday decided that a percentage of seats in medical and engineering colleges should be reserved for candidates from outside the States. These admissions should be by merit and not by nomination.

CORPORATION FOR CEMENT PLANTS

The Union Government has decided to set up a corporation for establishing cement plants in the public sector and to undertake extensive surveys for limestone deposits.

U.N. TEAM'S PREJUDICIAL WORK

Kashmir Premier Sadiq stated yesterday that the United Nations observers stationed "here were indulging in certain activities which were prejudicial to Indian interests".

He said that for some time past, U.N. observers were entertaining delegations and representatives from students. He felt this was not the purpose for which they were. "They are here for the specific purpose of keeping watch over the cease-fire line".

NO CHANGE IN KASHMIR, SAYS SADIQ

Kashmir Premier declared yesterday that whatever the view point of Abdullah, Kashmir's constitutional position and status in the Indian Republic would not be changed. Abdullah had said many things but the main theme of his speeches revolved round communal harmony and amity between India and Pakistan. So far as these were concerned, it had been the policy of the Indian Government to see that conditions were created under which people of India and Pakistan lived in amity and close cooperation. This would receive support from all right thinking people.

11th Standard In 30 Schools

Mysore, May 14

The eleventh standard will be introduced in 30 selected higher secondary schools in the State during the academic year 1964 65.

The PUC syllabus and textbooks of the two universities will be adopted in their respective areas for the eleventh class.

There will be public examination at the end of the year for the same standard as that of the PUC, conducted either by the respective universities or by a joint board consisting of representatives of the concerned universities and the Educational Department.

The medium of instruction will be English.

The standard tuition fee will be Rs. 6 a month for ten months. It is proposed to award freeships to the extent of 25 per cent of the students on the basis of poverty-cum-merit.

The selected schools will admit students from June 21.

MINIMUM WAGE FOR TEACHERS

Union Deputy Education Minister Bhakta Darshan stated yesterday that in the winter session of Parliament his ministry was likely to introduce a bill to guarantee uniform minimum wages for teachers throughout the country.

MOHALLA DAY

Mysore, May 14

The Mohalla Day in Bellikattige Meesalu area in Devaraja Mohalla will be celebrated tomorrow.

In the morning from 6-30 to 12 there will be general cleaning of the area, mass vaccination, ante-natal and post-natal examination by Lady doctor and baths to the children. Again at 3 p.m. there will be intensive cleaning, mass vaccination and stray dogs destruction.

At 6 p.m. there will be a public meeting at the Devaraja Primary School premises, presided over by the Municipal President.

ABDULLAH'S VISIT TO PAKISTAN

Sheikh Abdullah stated yesterday at Srinagar that he would visit Pakistan in the third week of this month for talks with President Ayub Khan and other leaders.

He said that he would again visit Delhi after a week to continue his talks with Prime Minister Nehru.

The main objective of his talks was to reach understanding on fundamental issues. There was no other way for India and Pakistan to live in peace and amity. This should be the basis of any solution of the Kashmir problem. Kashmir was the main irritant and unless it was removed, no everlasting friendship could be established.

Cloth May Cost More

The Government of India will take a decision on the question of cotton textile prices in a month or two. The trend is expected to be an upward revision.

PRESERVATION OF MONUMENTS

The Government of India have offered assistance, under a scheme introduced during the current year, to institutions engaged in the preservation of buildings, sites and remains and memorials of historical, cultural, scientific, aesthetic and sentimental value which are not over 100 years. An amount of Rs. 2 lakhs has been provided during the current year for State institutions as an experimental measure and assistance will be given to registered societies already doing this work. Interested organisations and institutions may approach the Director of Archaeology, Mysore, for further details of the scheme.

DISLOYALTY WON'T BE TOLERATED

Union Home Minister Nanda declared yesterday that disloyalty to the nation would not be treated with tenderness or gentleness.

He was replying to a question at a news Conference at Trivandrum about Press reports that the Government of India had definite information that the "leftists" in the Communist Party of India had truck with the Chinese and that certain secret documents had come into the possession of the Government in regard to this matter.

Keralites' Disease

What is wrong with the people of Kerala? What is the 'disease' they suffer from?

"I think it is excess of intelligence", UnionHome Minister Nanda, said at a news conference yesterday at Trivandrum.

Sri Nanda said the Keralites thought so much, read so much and argued so mucn that they were not satisfied with a humdrum existence. That was also probably the reason why the Communist Party had a large following in this part. People here felt restricted because of their inability to put to use their energy, capacity and learning. They felt cramped and so desired for changes.

KAMARAJ PLAN

The Congress President, Sri Kamaraj yesterday ruled out re-instatement of the Ministers who had given up office under his party-before-post plan.

2 KILLED IN BUS MISHAP

Two persons were killed and 30 were injured when a passenger bus rolled down into the Somanahalli tank on the Kanakapura-Bangalore road on Tuesday morning.

KRISHNA WATERS DISPUTE

Chief Minister of Maharashtra Naik yesterday had discussions with Union Irrigation Minister Rao about the benefits that would accrue to his State by westward diversion of Krishna waters

Mysore and Andhra had opposed the westward diversion on the ground that waters from the tail-race of the power houses would go physically waste into the Arabian Sea. On the other hand if the waters were allowed to flow along the course of the river, they could be used for irrigation in addition to the generation of power.

Preserve Communal Harmony

CONGRESS APPEAL TO PAKISTAN

Sri Morarji Desai, moving the official resolution on communal situation at the AICC session in Bombay yesterday, deplored the atrocities committed on minorities in Pakistan but appealed to the people of India not to be provoked into retaliation.

The resolution appealed to the Pakistan Government to help preserve communal harmony in the sub-continent by treating the minorities in Pakistan honourably and providing them all safety for their life and honour-

While condemning disturbances in some parts of the country, the resolution complimented the Central and State Governments for firmly handling the situation.

Sri Desai said: "Whatever may happen in Pakistan, we should not get provoked. We should not deviate from the path of communal harmony and emotional integration".

He warned that if the communal violence was not stopped in time there was every possibility of India heading towards a dangerous situation--the type of situation that the country faced after partition and in which India lost the Father of the Nation.

NATIONAL UNITY: KAMARAJ'S PLEA

Congress President Kamaraj yesterday appealed to Congressmen to re-dedicate their life to the cause of national unity and integrity.

At the flag hoisting ceremony, the Congress President said: "Ours is a vast country with several castes, languages and religions" and exhorted the people to forget these barriers and forge unity for the gigantic task of amelioration of the masses.

"We have not only the the task of defending our hard-won independence and national integrity but also that of raising the the living standards of the masses and establish a new order of society", he added.

VOTING RIGHTS

The All-India Congress Committee meeting yesterday at Bombay, passed after a heated debate, an amendment to Article 7 of the Congress Constitution, conferring voting rights to primary members in the block level organisation elections.

The official amendments to the party constitution were accepted with a slight modification which enable primary members to elect members for a block Congress committee at the rate of one for a population of 2,000 instead of 5,000 as originally proposed.

Subsidy To Raise Farm Output

The Union Food Ministry has decided to back financially projects to raise food grain yields by giving additional subsidy to the extent of Rs. 15 crores to State Governments.

This step has been taken to enable the State Governments to spend more money on minor irrigation, soil conservation and other connected projects.

The study group on agriculture recently recommended that the States should give higher priority to these schemes.

New Delhi has made it clear to the State Governments that financial hurdles should not come in the way of maximising food yields. The highest priority has, therefore, to be given to agriculture in State expenditure.

BANK PROFITS UP

The bank's resources and credit and investment portfolios increased during the year as a whole and led to a rise in their earnings and profits, according to the Reserve Bank report on "Trend and progress of banking in India" during 1963.

At the end of 1963, the total number of offices of scheduled and non-scheduled banks stood at 5,032 and 520 respectively.

Although the pace of branch expansion had quickened, there were 1,017 towns, out of a total of 2,620, which did not have any office of a bank or co-operative bank.

Master Plan For Minor Irrigation

The Government of Mysore has drawn up a master plan for minor irrigation works in the State, costing about Rs. 150 crores.

Sri Alur Hanumanthappa, Deputy Minister incharge of Minor Irrigation, stated yesterday that an additional Central aid of Rs, 65 lakhs had been granted to the State under minor irrigation.

He said the Third Plan outlay contemplated an expenditure of over Rs. 1,600 lakhs under minor irrigation, to ensure water supply to about 1,10,000 acres. The target had already been exceeded.

At present, 1,50,000 pumpsess were functioning in the State and Government had sanctioned during the last two years 24,000 sets.

Nearly 14,000 of the 34,000 tanks in the State needed urgent repairs and this alone would require about Rs. 10 crores.

REGIONAL LABS FOR DRUG TEST

The Union Government is contemplating the setting up of regional laboratories to enable the testing of drugs.

Population Exchange

MAHASABHA'S PLEA

Sri N.N. Banerjee, president of the Akhil Bharat Hindu Mahasabha yesterday suggested an exchange of population involving about a crore each of Hindus in East Pakistan and Muslims in West Bengal, Assam and Tripura.

Addressing the 48th session of the Hindu Mahasabha at Sholapur, he outlined a two phased programme to clear the country all suspicious elements.

He said in the first phase about a crore of Hindus now in East Pakistan should be safely brought to India to live as free human beings and all the Muslims in West Bangal, Assam and Tripura, numbering aboult a crore should be safely sent to Pakistan, their national homeland.

In the next phase, the balance of four crores of Muslims are to be sent to Pakistan under Government arrangement.

Such exchange will not only solve the vexed communal problem in both the States forever bud save the minorities from constant anxiety and danger to the life and property but will create a homegenous nation in both the States.

WEST GERMANY AID TO INDIA

West Germany has finally agreed to lend India 100 million dollars as economic aid for the fourth year of the Third Plan.

UN MILITARY OBSERVERS TASK

The Chief of the Army Staff, Gen. Choudhuri has written to the Chief Military Observer in Jammu and Kashmir regarding certain activities of some U. N. military observers.

He has conveyed the complaint of the Kashmir Government that the U. N. observers posted in Kashmir were going beyond their jurisdiction in receiving delegations and promising to convey their representations to the United Nations. Under the cease-fire agreement, the scope of activity of the UN observers is strictly limited to supervising the cease-fire line and to see that the cease-fire agreement was implemented.

PAK'S TRADE WITH INDIA

Pakistan had a favourable trade balance of Rs. 4.63 crores with India in 1963 compared to a surplus of Rs. 8 31 crores in the previous year.

FALL IN REAL WAGES

There was a decline in the real wages of the factory worker during the Second Plan period, though his money wages had been increasing, according to a Reserve Bank study.

It was found that wages were not linked to the consumer prices index in the case of nearly three-fourths of the factory workers as at 1958 59.

These findings pointed out the need for an integrated approach to the wages policy.

MES FAST BEFORE AICC

About 100 volunteers including five women of the MES from Belgaum and Karwar began a three-day fast yesterday near the AICC venue at Bombay.

Congress President Kamraj who received the MES President Sunthanker is understood to have assrured the MES members that he would look into their demand for the merger of Belgaum, Karwar and other contiguous Marathi-speaking areas with Maharashtra.

COAL EXPORT TO PAKISTAN

The Government of India has decided in spite of stiff oppsition to increase coal exports to Pakistan.

Indian has an adverse trade balance with Pakistan which has to be paid in foreign exchange. Another contributory factor is that coal production in India exceeds demand.

She is undertaking this mission at Prime Minister's instance.

KASHMIR TALKS

Prime Minister Nehru told the AICC at Bombay that his recent talks with Sheikh Abdullah were confined to the question of creating cordial relations between India and Pakistan. He said that various suggestions had been made during the talks but "we did not arrive at any clear solution of this problem".

Sri Nehru declared that any solution of the Kashmir question must be based not only on the principles which India stood for but also on her attitude towards the question of Kashmir.

He gave an assurance that no decision would be taken without reference to the Congress as well as Parliament.

ACCESSION IS FINAL

Kashmir Premier Sadiq declared at Bombay that he would not entertain any proposal on Kashmir that challenged the accession of the State to India.

He said "whatever the people of Kashmir may or may not ask for, one thing is certain that they will not accept any division or partition of Kashmir".

INDIA TO STICK TO NON-ALIGNMENT

Prime Minister Nehru stated in the AICC yesterday that "experience has shown that non-alignment and non-involvement is the only policy that can safeguard the country's interests".

He reiterated India's determination to remain non-aligned, to settle disputes by peaceful means and to be militarily prepared for any eventuality.

During the past two or three years, he said, non-alignment had gained ground. This was a new trend in internotionaf affairs. India should not deviate fromthis policy.

Civic Reception To Kamaraj

Mysore, May. 18

The City Municipal Council will accord a civic reception to Congress President Kamaraj on May 20 at 10-30 a.m. in the Townhall.

DON'T DISTURB GOA STATUS

The Mysore Pradesh Congress Committee executive meeting at Mangalore yesterday strongly criticised the pressure tactics of the Maharashtra Government and the Maharashtra Congress to secure the merger of Goa with Maharashtra and urged that Goa should retain its present status for atleast 15 years.

CRASH PROGRAMME FOR FOOD OUTPUT

A "crash programme" to boost food production in selected districts of the country is under way for the kharif season.

Besides providing Rs. 150,000,000 assistance to State Governments, there is a refreshing difference in the approach this year to the task of maximising food grain yields.

State Governments have been asked to streamline their administrative machinery to keep in step with the needs of the farmer.

SPECIAL AICC SESSION

A special session of the AICC will be held to discuss the non-official resolutions which could not be taken up in the Bombay session for want of time,

Mangalore Port

Mangalore, May 18

The construction work to develop the Mangalore Port on the West Coast into an all-weather port will be inaugureted here today. The Union Minister without Portfolio, Shri Lal Bahadur Shastri will cut the first sod to mark the beginning of the Rs. 15-crore project.

The Mangalore Port, situated about 200 miles north of Cochin and 200 miles south of Mormagoa, on the West Coast is one of the most important intermediate ports. The port at present handles about 4-lakh tons of cargo during the eight to nine months when it is open in the fair weather. It has been estimated that by the end of the Third Plan period the port, in its present form, will be handling a traffic of 12.6-lakh tons consisting of 6.6-lakh tons of general cargo, 3-lakh tons of ore and 3-lakh tons of coal and oil. The port, however, can handle a much larger traffic but for the fact that it is closed for nearly four months in the year during the monsoon period.

The Project, as now conceived, includes the construction of an all-weather new port at Panambur to handle, apart from other ships, ore carriers upto 60,000 tons capacity with a draft of 39 feet.

Mysore Can't Be Hustled

Chief Minister Nijalingappa denied yesterday at Mangalore any personal knowledge of the reported assurance by Union Home Minister Nanda to the Maharashtra Chief Minister that a solution to the Mysore-Maharashtra border dispute would be found before Aug. 15.

He said "I am not a party to such a decision".

In Bombay his attention was drawn to the fact that some people had undertaken a fast. He said that he could not be bamboozled and hustled into any position because some people were fasting.

Mysore, he said, had never refused to discuss this problem but that could take place only after Sri Nanda had concluded his study.

BRIEFEST MPCC SESSION

In one of the briefest sittings, barely 30 minutes, the Mysore Pradesh Congress Committee yesterday at Mangalore adopted the audited statement of account of the 63th session of the Indian National Congress held in Bangalore in 1960 involving receipts amounting to nearly Rs. 20 lakhs and expenditure nearly Rs. 14 lakhs.

Approval of accounts had been hanging fire for nearly two years when details had been asked by members.

Sri D. M. Siddiah, General Secretary in his report stated that there was a fall in the Congress membership in recent years. He said primary membership, which was 4,78,000 and active members nearly8961 in 1961had gone down to 165,000 and 3800 respectively in 1962.

JAN SANGH URGES ARREST OF SHEIKH

Mysore, May. 18

The Mysore unit of the Bhartiya Jan Sangh, meeting here yesterday under the chairmanship of Sri H.P. Mahadev, urged the Government of India to re-arrest Sheikh Abdulla for his speeches and not allow him to go to other countries.

By another resolution, it demanded the Government to abrogate section 370 of the Constitution for Kashmir and not to change the decision taken already about the accession of Kashmir to India.

MAHASABHA'S ULTIMATUM

The Akhil Bharat Hindu Mahasabha on Saturday gave an ultimatum to the Government of India that if it did not take effective steps before Aug. 15 to bring about an exchange of population between India and Pakistan, the party would give a call to the country to bring pressure upon the Government to do so.

Conciliation Panels

TO END RIFT IN CONGRESS

Union Minister Lal Bahadur Shastri told the Political Conference at Mangalore yesterday that top-level conciliation committee will be set up in various States to deal with the internal organisational problems.

The committee will consist of leaders in whom the Congressmen have trust.The dissident Congressmen will also have representation.

Congress President Kamaraj inaugurating the conference called upon the partymen to work on two fronts-on the economic front to help keep down prices of essential foodstuffs and on the political front by fighting fissiparous tendencies without falling a prey to communal and divisive forces.

NEHRU'S SUCCESSOR

Prime Minister Nehru has stated that it was very unlikely his daughter,Smt. Indira Gandhi would succeed him and he was "certainly not grooming her for anything".

On the subject of succession, he said the choice of his successor would be best left to the people. Somebody would come on to take the job of Prime Minister. He added "if I nominated somebody, as people seem to expect, that is the shortest way of his not being that. People would be jealous of him, dislike him and just like Winston Churchill nominated Anthony Eden. He didn't last long".

No Border Question Now

MPCC'S PLEA

The Mysore Pradesh Congress Committee yesterday called upon all concerned not to raise Mysore-Maharashtra border question at least for the pendency of the emergency.

The MPCC in a resolution felt raising the issue now might give rise to unnecessary trouble.

Chief Minister Nijalingappa told the MPCC that he would not sell Mysore down the river under any circumstances. He said he would try his best to secure for Mysore what should rightly belong to it. He reiterated that he was not a party to the reported decision of Sri Nanda to settle the border problem before Aug. 15 and pointed out it was a deliberate mischief on the part of some people to carry on propaganda against Mysore.

KASARAGOD ISSUE

Chief Minister Nijalingappa yesterday assured the KarnatakPrantikarana Samithi leaders from Kasaragod who met him at Mangalore that he would discuss with Congress President Kamaraj and bring about an early solution to the problem of two lakh Kannadigas of Kasaragod.

The Samithi volunteers demonstrated before the Political Conference demanding the merger of Kasaragod with Mysore.

She is undertaking this mission at Prime Minister's instance.

KASHMIR TALKS

Prime Minister Nehru told the AICC at Bombay that his recent talks with Sheikh Abdullah were confined to the question of creating cordial relations between India and Pakistan. He said that various suggestions had been made during the talks but "we did not arrive at any clear solution of this problem".

Sri Nehru declared that any solution of the Kashmir question must be based not only on the principles which India stood for but also on her attitude towards the question of Kashmir.

He gave an assurance that no decision would be taken without reference to the Congress as well as Parliament.

ACCESSION IS FINAL

Kashmir Premier Sadiq declared at Bombay that he would not entertain any proposal on Kashmir that challenged the accession of the State to India.

He said "whatever the people of Kashmir may or may not ask for, one thing is certain that they will not accept any division or partition of Kashmir".

Civic Reception To Sastri & Kamraj

Mysore, May 20

A civic reception was accorded this morning to Congress President Kamaraj Nadar and Union Minister Lal Bahadur Sastri in the Town Hall.

Smt. Soundaramma, Municipal President, and Sri Abdul Gaffar, Vice President, presented addresses to Sri Kamaraj and Sri Lal Bhahadur Sastri, respectively.

Sri Kamaraj thanking for the address said that Mysore was a beautiful city and was good for starting industries. But when it was industrialised unless facilities were provided to the industrial workers the beauty of the city could not be retained. He hoped that the City Municipal Council was taking special care in this regard.

Sri Lal Bahadur Shastri praising the beauty of Mysore City said it was one of the most beautiful cities in the country.

Sri Sastry said that local bodies had a great opportunity to serve its people by providing more amenities. But the civic bodies had many problems, the main problem being shortage of funds. Almost all the councils suffered due to lack of resources. So he suggested to the civic bodies to think of new resources and tap them.

He said in Kanpur he had suggested setting up of half-a-dozen hotels by the council to increase its resources. Likewise, in Mysore, tourist spots could be developed and a small amount could be charged on both the internal and foreign tourists visiting the place.

A sad experience of the local bodies was that taxes were not fully realised. Less than 50-60 per cent of the taxes were realised. They should see that the realisation increases upto 90 per cent. This would save the people of additional burden. If the civic bodies were not in a position to collect the arrears, Sri Sastri suggested, that the collection work could be entrusted to the State Governments. The county councils in U. K. followed this method, he said.

The Minister appealed to the people to maintain unity. "We have faced difficult position with China and troubles from Pakistan. We should not get dejected. We must build up our strength. Real strength is unity". Here the city fathers had an important duty of maintaining complete harmony in different sections of the people, he said.

GOA HOSPET STEEL PLANT GETS PRIORITY

In the establishment of the fifth public sector steel plant in the Fourth Plan the Goa-Hospet region would have priority over the Baildilla-Vizag area, stated Minister for Steel Subramaniam.

More Industries In City

Mysore, May 20

Sri Lal Bahadur Sastri, Union Minister without portfolio, stated here today that Chief Minister Nijalingappa had informed him that the State Government had a proposal to develop industries in an area of 10-12 miles, between Mysore and Nanjangud.

He was replying to the Civic Address presented to him by the Municipal Council.

NEHRU OPPOSES ARMS TRADE WITH CHINA

Prime Minister Nehru stated yesterday that he "frankly" did not like the trade contacts of some of the Western countries with Communist China. "I do not want the Chinese people to die of hunger but I do not want any war material to go to them from other places."

KASHMIR DEBATE FIZZLES OUT

The Security Council adjourned yesterday without any resolution or consensus about Kashmir but with a more summing-up.

The summing-up by the President emphasised that the Council members felt that India and Pakistan should resume contact as soon as possible to resolve their differences by negotiation.

It was also emphasised that the members felt that there was a favourable element in the recent devolopmens in which conversation between the parties could have a better chance of success.

LEVY OF TOLL ON NEW BRIDGES

SHASTRI'S SUGGESTION

Mysore, May 21

Sri Lal Bahadur Shastri, Union Minister without portfolio, yesterday suggested the levy of toll on newly constructed bridges. By this method, they could not only recover the money spent on bridges but utilise the same for further development of communication.

He was presiding over the opening of Rs. 14 lakh new road bridge across the Cauvery at Srirangapatna by Congress President Kamaraj.

Chief Minister Nijalingappa speaking on the occasion said that the State Government was paying Rs. 13 crores annually or Rs. 35,000 per day as interest towards the loans from the Centre. He said many of the projects undertaken were not yielding any returns yet and the State was short of funds. If only the centre, he said, would allow a moratorium for atleast 10 years regarding interest, the State Government would pay back not only the capital but interest also, as by that time many of the major projects would begin giving returns.

The Chief Minister also urged that all projects costing more than Rs. 10 crores should be taken up by the Central Government. This could be a general policy for all the States in the country.

Public Works Minister Veerendra Patil pleaded for Central assistance for communications. He said that although Rs. 9 crores had been allotted for communication in the Third Plan, they had already spent Rs. 11 crores and now they had no funds for continuing even some of the half completed projects. He said the State Public Works Department had the capacity to take up more bridges and roads if only the Centre would come to its aid.

Sri Shastri said that the C.M.'s suggestion of Centre taking up the responsibility of the State projects costing more than Rs. 10 crores, was a general policy and as such the whole Cabinet has to consider it and he was unable to say anything now.

Stressing the importance of communications specially to villages so that the farmers could get fair price for their produce, Sri Shastri regretted that in some of the big States like U.P. and Bihar there were not even katchha roads. He was happy that in this respect the Southern States had progressed considerably in providing roads and bridges.

Sri K. Basanna, Chief Engineer, proposed a vote of thanks.

ABDULLAH'S MISSION

Sheikh Abdullah stated yesterday at Delhi that a meeting between Prime Minister Nehru and President Ayub Khan "depends upon the success of my talks in Pakistan".

He said in Pakistan he would attempt to find a common ground between India and Pakistan. He did not know if a confederation of India, Pakistan and Kashmir could be a common ground. "I am on an exploratory mission", he aded.

MURUGARAJENDRA SWAMI PASSES AWAY

Sri Java Vibhava Murugarajendra Swamiji, head of the Bruhanmutt, Chitradurga, passed away yesterday in Chitradurga. He was 52.

The Swamiji was a great scholar in Sanskrit, Kannada, English, Marathi and Urdu He took keen interest in the spread of education.

Chief Minister Nijalingappa paid tributes to the Swamiji and said he was a great scholar, more than all, a real guru with rectitude, restraint, generosity and catholic outlook.

Cauveri Water Supply

Bangalore, May 21

Sacred Cauveri that has bestowed prosperity to the people of Mysore, will now come up to Bangalore to quench the thirst of the growing millions. The Rs. 26-crore scheme for drawing water from Cauveri atShivasamudram,purifying it and pumping it to Bangalore, is being taken up for implementation and the dream of Bangaloreans will soon be a reality.

Sri Lal Bahadur Shastri, Union Minister without Portfolio today laid the foundation stone for the Cauveri water supply scheme.

The 62-year old pick up at Shivasamudram which supplies water to Shiva and Shimsha hydel generating stations, will be the source for drawal of water under the Cauveri scheme with a provision for additional storage of about 1300 M.C. Ft, of water at Kabini Reservior for supply during summer months. The power channel upto Natkal Balancing Reservoir will be widened and an additional syphon aqueduct provided to draw the additional water from the Natkal Balancing Reservoir. Water will be taken through a six-mile long gravity pressure pipe to the treatment plant near Halgur on the left bank of Shimsha. The purified water will be carried in 69" diameter pipes over a distance of 50 miles to Bangalore. Since water has to be carried to a height of 1350 feet, inclusive of frictional head, water will be pumped at 4 places, Thorakadanahalli (treatment works site), Voddaradoddi, Gantaganad ddi and Tata guni.

The break up of the total estimated expenditure on the scheme is Rs 15.82 crores for water supply including storage at Kabini, intake works, pipe line, treatment unit, pumping stations and Trunk Mains; Rs. 3.68 crores for remodelling existing water supply distribution system; and Rs. 6.50 crores for remodelling sewerage system. The cost works out to Rs. 1.25 per 1000 gallons.

It is proposed to finance the scheme by securing loan from the Government of India and assistance from World Bank is also expected.

Preserve Secularism

KAMARAJ'S PLEA

Bangalore, May 22

Congress President Kamraj yesterday appealed to Mysore Congress workers to preserve the secularism of the country as on it depended the unity and solidarity of the nation.

Addressing the Congress workers, Sri Kamraj ridiculed the advice of some to grant the right of self-determination to ascertain the views of the people there on whether they liked to stay as part of the country or otherwise.

For instance, he asked if the people of Coorg district in Mysore State would favour their being part of Mysore State, if given the right of self-determination? They might prefer to be a separate State.

He remarked that the people of erstwhile Mysore State might also demand the right of self-determination and to be a separate State. If such rights were allowed, where would the country be?

Whatever might happen in Pakistan, it was necessary for India to preserve its secularism.

Sri Kamaraj said whatever might be the quarrels among the leaders of the ruling party, he wanted the rank and file to work with the people and spread the great message for which the party stood. They had a double responsibility today, to preserve not only the hard-won freedom but to leave the heritage of a prosperous nation.

X-Ray Eyes

A 11-year-old Russian girl Vera Petrova can see through doors and walls with her skin.

Her X-ray sight was discovered when she asked her father why someone was crying in the next room, although she could hear no sobs. Veera also read a newspaper through three thick books and recognised colours with her fingers, toes, shoulders and knees.

U.S. DEFENCE AID ASSURED

India's Defence Minister Chavan who is now holding talks with the U.S. authorities at Washington is reported to have obtained more or less firm assurances of the United States support to India's long-term defence plans.

INDIA'S OFFER

India is prepared for negotiations with China once the latter agrees to demilitarise Ladakh completely instead of both sides having an equal number of military posts there.

This was the suggestion made by Prime Minister Nehru in a letter written to the Ceylon Premier Mrs Bandaranaike.

Protected Water To Every Village

KAMARAJ'S PLEA

Bangalore, May 22

Congress President Kamaraj yesterday suggested that a separate allotment should be made for supply of protected water to every single village as it was done for communication and electricity.

Commending the Rs.26-crore Cauvery water supply scheme for Bangalore, Sri Kamaraj warned that while looking after the needs of huge cities like Bangalore and Madras, the requirements of rural areas which lived in squalor and dirt all the time should not be ignored.

He said the problem of water was big and universal. Without water and accommodation, the beauty of big cities was being systematically sullied. Slums grew in large numbers in these cities because of rapid industrialisation posing grave problems of health and civic hygiene.

Union Minister Lal Bahadur Shastri who inaugurated the scheme, stressed the need for the Government and its officials drafting on the help of non-officials also in the development works.

In a vast country like India, he said it was impossible to expect Government alone to shoulder the entire responsibility and develop the country economically, politically and socially. The effort to establish a closer co-ordination between Government and the people should be constantly made.

SOCIALISTS ASKED TO JOIN CONGRESS

Bangalore, May 22

Sri Kamaraj, the Congress President yesterday repeated his invitation to all Socialists to join the Congress and strengthen its hands to build a new social order.

Addressing a Socialist workers' convention, he asked them to bury the hatchet and forget the circumstances under which many of them parted company with the Congress.

Sri Kamaraj said there was no fundamental difference between the ideology of the Congress and the Socialists. A continued drift between them was not in the best interests of the country.

FOREIGN EXCHANGE CONCESSION

The Reserve Bank of India yesterday announced some concessions in respect of release of foreign exchange for travel abroad and changes in policy in regard to approval of passage applications.

PF PENSION SCHEME

Union Labour Minister Sanjivayya stated yesterday that nearly 28 lakh employees who are contributing eight per cent of their pay to the provident fund will be eligible for the benefits of the pension scheme, the details of which are being worked out.

3-Fold Chinese Threat To India

India's Defence Minister Chavan yesterday expressed India's determination to prepare itself militarily to meet the three-fold Chinese threat and at the same time maintain the tempo of economic development.

Addressing the National Press Club at Washington Sri Chavan said China had three primary objectives: first by asserting her military superiority, China wanted to create for herself the image of a strong nation in Asia.

Secondly, China wanted to disrupt India's planning and economic development through democratic process.

Thirdly, China also wanted to establish herself as a political power in Asia as a prelude, as subsequent events has shown, to asserting her leadership over the Communist group of countries in the world.

The Defence Minister pointed out that China might launch aggression on Indian soil again at a time suited to her and at a placc of her choice.

Sri Chavan said that the Chinese forces on India's northern borders were stronger today than in November, 1962. The Chinese threat had further increased because of the new relationship that has developed between the Government of China and Government of Pakistan.

Indo-Pakistan Affair

NEHRU'S CURE

Prime Minister Nehru said yesterday that it would be best that the talks which Sheikh Abdullah would be having in Pakistan shauld take place without any inhibitions.

He told a press conference that he would favour some kind of a "constitutional approach" to the Indo-Pakistan question. What the constitutional approach might be it is difficult to say without consideration and response from the other side.

Sri Nehru reaffirmed India's desire for friendly relations with Pakistan and said the cure of the problem was that there "should be easy access for people from India to Pakistan and vice versa".

LADAKH POSTS

Prime Minister Nehru told the Press yesterday that China had given some indications, 'but it was rather vague" that it might be agreeable to withdraw the seven posts it had established in Ladakh.

He said the indication was conveyed to him by Ceylon Premier, Mrs. Bandaranaike.

Sri Nehru said that there had been no reaction from China to his proposal that India would be prepared for talks with China if neither side had any posts in the demilitarised zone.

My Life Is Not Ending So Soon

——NEHRU

"My life time is not ending so very soon" Prime Minister Nehru stated thus when a correspondent asked him whether it would not be in the interests of good Government that he solved the problem of succession in "your lifetime" in a democratic manner.

Asked whether he had given thought to the suggestion that in view of the great strain he was having he should retire and function as an adviser, Sri Nehru said: "well, yes, whenever such suggestions are made I give some thought to them".

BUILDINGS TAX AUTHORITY

Mysore May, 23

The Assistant Commercial Tax Officer, No 1 Sub Circle, SeshadriHouse, Mysore, has been appointed Assessing Authority under MysoreBuildings Tax Act for the entire city of Mysore. Prescribed returns in forms should be sent on or before June 30.

GOA AFFAIR

Prime Minister Nehru stated yesterday that the External Affairs Ministry was continuing to deal with Goa and Pondicherry and question of transferring the affairs of the territories to the Home Ministry was a "domestic matter" and could be decided any time.

Drainage Connection To Houses

MAKE IT OBLIGATORY

Mysore, May 23

Prof. Malkani, Chairman of the Advisory Committee on scavenging conditions, yesterday suggested to municipalities to make it obligatory for house-owners to have underground drainage connections. In case they failed to do so voluntarily, the municipalities should themselves give connections and recover the cost later.

The members of the committee were entertained to tea by the Municipal Council.

Sri Malkani commended the City Municipality for having a sewage farm. He said wherever there was underground drainage system there should be sewage farm for utilisation of manure.

He regretted that such a beautiful city as Mysore had not sufficient number of urinals and suggested that there should be alteast one urinal for every furlong and these should be cleaned 3 to 4 times a day.

He criticised the poor transport system for carrying rubbish in the city and asked the municipality to mechanise this system. He said it was absurd to use bullock carts in the modern time and jam the streets.

The population in Mysore City was stagnant where as the population in Bangalore had increased by manyfolds creating problems. He suggested that every city should have sattellite cities instead of growing giantly in an unplanned manner.

The supply of 40 gallons of water per day was generous and wasteful. The minimum required was only 25 gallons, Prof. Malkani said.

Earler, Sri Abdual Gaffar, Vice-President, welcoming said that Mysore City had the proud privilege of looking after the welfare of Harijans and scavengers as far as 1900. He said that the carrying of night soil on head--loads did not not exist in the city. The scavengers were provided with long-handle brooms. He pointed out that four-fifths of the 14.43-mile area of the city had been covered with sewarage and this was a great relief to the scavengers and sweepers and the number of scavengers was hardly 6 per cent of the entire sanitary staff.

PUBLIC MEETING

Mysore, May 23

Under the auspices of the Swatantra Party, a public meeting will be held tomorrow at 6 p.m. in the Townhall maidan to protest against the 19th Amendment to the Constition.

NO CHANGES IN CABINET

Prime Minister Nehru yesterday ruled out any changes in the Central Cabinet for the present.

He told newsmen that there was also no idea of bringing back into the Cabinet some of the Ministers who had vacated office under the Kamaraj Plan.

Asked whether the Kamaraj Plan had served the purpose for which it was conceived, Sri Nehru said that "to some extent" it did serve the purpose. It had made the Congressmen "to think some what differently and to act some what differently".

MIGRANTS CORPS

Union Rehabilitation Minister Mahavir Tyagi stated yesterday that if displaced persons favoured the idea, his Ministry proposed to raise a national development corps of migrants coming from East Pakistan.

The displaced persons would be given training for the purpose, provided with uniforms and given wages for the jobs They would be employed in different development projects in the country.

NO PAK LANDS FOR DPs

Prime Minister Nehru stated yesterday that the Government had not considered at all the question of demanding land from Pakistan for the rehabilitation of refugees..

CALL TO POWER ENGINEERS

Bangalore, May 25

Union Irrigation and Power Minister Rao yesterday called upon the engineers to clear the "confusion even in the national policy on generation of power" and help the Government to increase the power output in the country.

India, he said, was ignominiously behind other nations in electric power generation. "To show 7.5 million kw installed capacity is to express our complete failure. It should have been four times that figure at the present stage of our development".

Dr. Rao said there was need to weed out small distributors of electricity in the country. In this connection, he referred to the proposed southern grid with headquarters at Bangalore as "the home of electricity".

Referring to controversies over utilisation of waters of inter-State rivers, he said, that given the spirit of integration and national unity,acceptable solutions, could be found for delicate and difficult problems.

Probe Into Working Of Colleges

VICE–CHANCELLOR'S PROPOSAL

Mysore, May 26

Dr. K.L. Shrimali, Vice-Chancellor of Mysore University, yesterday proposed the appointment of a high power commission to examine the working of all the 110 colleges affiliated to the University.

The commission, which will be represented by all faculties will point out the deficiencies and suggest measures for improvement. It will submit its report by June, next year.

This suggestion was made in the Academic Council meeting here yesterday, when several members complained that many colleges had ignored the recommendations made by the Inspection committee, resulting in low standards.

The Vice Chancellor said that academic standards prescribed by the University should be maintained by all the affiliated colleges. If the inspection committee recommendations were ignored by any college, it would forfeit the affiliation, he warned.

Abdullah-Ayub Talks

INDO-PAK AMITY STRESSED

Sheikh Abdullah met Pakistan President Ayub Kahn yesterday at Rawalpindi and had a two-hour meeting. He explained in general terms his approach to the problem of peace over Kashmir in the larger context of Indo-Pakistan amity.

Sri Abdullah stressed the desirability of close understanding between the two countries, which have common interests and ties-human, cultural and economic. He also spoke of the future of the minorities.

Addressing a public meeting, he said that the people of Pakistan could strengthen their independence, which they got without much difficulty, by friendship with their close neighbour, India. The Indian leaders with whom he had talked deeply desired friendship with Pakistan.

Later he told the newsmen that his talks with President Ayub Khan "are proceeding satisfactorily".

SYMBOL OF SECULARISM

Sri M.C. Chagla, Union Minister, told Congress MPs at New Delhi yesterday that Kashmir "is a symbol of India's secularism" and that in any talk with Pakistan there should be no departure from the basic fact of Kashmir being an integreal part of the country.

END OF AN EPOCH

SAYS PRESIDENT

President Radhakrishnan said last night that "an epoch in our country's history has come to a close".

In a nation-wide broadcast on the death of Prime Minister Nehru, Dr. Radhakrishnan said Nehru was "a great emancipator of the human race", an illustrious fighter for freedom and a maker of modern India.

In the long years of his premiership, he tried to put our country on "a progressive, scientific, dynamic and non-communal basis". He breathed into the social and political institutions a new spirit and a new vitality.

Sri Nehru was a great believer in world peace and the concept of one world community. No one had shown greater faith and allegiance to UN charter than Sri Nehru.

As a man, Nehru, combined a fine sensitivity of mind, a rare delicacy of feeling, with large and generous impulses. To the weak and the frustrated his heart went out in profound sympathy. He was an author of distinction.

The President said that Sri Nehru's courage, wisdom and personality had held this country together. "It is these qualities which should be cherished, if we are to hold on. Those of us left behind to mourn his loss could do no better than work for the ideals he cherished. That is the best tribute we can pay to our departed leader".

Nanda Sworn In As Prime Minister

Within three hours of Sri Nehru's passing away, the Home Minister Sri Nanda was sworn in as Prime Minister of India

The emergency meeting of the Cabinet took the decision to recommend to the President the appointment of Sri Nanda as Prime Minister.

After swearing in at 4 30 p.m. he invited all the members of the outgoing Council of Ministers to serve in his Cabinet.

Mourning For 12 Days

The Government of India has announced a State mourning for 12 days. Flags on all Government buildings will fly half mast and there will be no official functions.

NEW PM'S MESSAGE

In a broadcast to the nation the new PrimeMinister Nanda said: the nation has to live. The problems before us have to be faced and solved. This will be assured only if we all keep together and work in faith and unity.

CREMATION AT RAJGHAT

The funeral procession left the residence of late Prime Minister at 1 p. m. today.

The body of Nehru covered with tricolour and bedecked with flowers was placed on the cortege.

The procession was lead by 2 Army platoons, 1 platoon of Navy, Army and members of the foreign party and 6 pall bearers 2 each from the Army, the Air Force and the Navy.

Smt. Indira Gandhi, Krishna Hati Singh, Vijayalakshmi Pandit and Saujay Gandhi, grandson of Nehru, who will perform the last rites, were near the body.

President Radhakrishnan Vice-President Zakir Hussain, Prime Minister Nanda other ministers and leaders, U. K. Premier Doughlas Home, Lord Mountten, U. S. Secretary of State Dean Rusk, Ceylon Prime Minister Bandaranaike, Soviet First Vice-Premier Alexi Kossygin, Pakistan Foreign Minister Bhutto, Tulsi Giri of Nepal followed the procession.

Thousands and lakhs of people, crying slogans, weeping and singing prayers also followed the procession all the 6 mile route.

The caemation will take place at a place north of Rajghat near Gandhiji's Samadhi.

The cremation ground is between the historic Red Fort, the Rajghat and the river Jamuna.

A 20-sq-yard platform has been erected where Pandits will perform 'Havan' around the funeral pyre.

Tributes To Nehru

The Sarvodaya leader, Sri Jayaprakash Narayan said the captain of the ship is no more. The leader has left his people desolate and forlorn. It is time for courage, discipline and standing together, if we are true to the leader and if the nation is to be steered safely in the stormy seas.

Acharya Kripalani said: In his the nation has lost a great man and a great patriot. He was also one of the leading politicians of the world. In many ways, he was the maker of modern India.

Sri S. M. Joshi, PSP chairman said: In the death of Sri Nehru, a great calamity has befallen the people of India.

JEWEL OF INDIA IS NO MORE

The Jewel Of India is no more.

India said farewell at 4.37 p.m. yesterday to one of her most beloved sons. Nehru, when his mortal remains was consumed by the leaping flames at Rajghat.

The sandalwood pyre, laid to the north of Mahatma Gandhi's samadhi at Rajghat was lit at 4.35 p.m. by Sanjay Gandhi, Sri Nehru's younger grandson amidst chanting of mantras and recitations from the Vedas. Incense was poured on it by the departed leader's friends, colleagues and relatives.

Priests recited hymns, soldiers fired three volleys from small arms, buglers sounded the Last Post and the people shouted "Chacha Nehru amar rahe" (Nehru is immortal).

Over one million grief-stricken people watched the leaping flames consuming the body of the man whom they had admired and adored for decades.

Another two million had lined the six-mile route from Nehru's house to the cremation grounds to pay their homage to the departed leader.

Mourners included Princes, Prime Ministers, Statesmen, Diplomats and the common man.

Many sobbed and cried, while others watched in silence as Sanjay lit the funeral pyre.

A heavy silence hung on the multitude as the funeral procession reached the grounds and top officers of the armed forces carrying Nehru's body slowly mounted the steps of the red brick platform.

Hundreds of garlands was flung on the pyre which was ablaze. Sheikh Abdullah threw blossoms on it.

U. K. Award To Nehru

Queen Elizabeth of United Kingdom announced yesterday confirming the U.K.'s highest award the "Order of Merit" on the late Prime Minister Nehru.

Haemorrhage Of Aorta

The principal cause of Sri Nehru's death was a haemorrhage of the aorta, the artery leading from the heart.

Early on Wednesday morning, he had complained of chest pain but chose to ignore it.

It is stated that he had a shave before the pain became acute and doctors were summoned. Soon he became unconscious. He did not regain consciousness.

Tributes To Nehru

The U.S. Secretary of State, Mr. Dean Rusk, said: India's loss is truly the loss of all mankind. Pandit Jawaharlal Nehru symbolised the ideals of freedom, human dignity, justice and peace which we share. His leadership and inspiration will be sorely missed by us all. My countrymen and I join with your countrymen in rededicating our lives to the tasks in which he laboured so valiantly and so eloquently.

Soviet Premier Khrushchev said: the best memorial to Nehru will be the triumph of the great ideals of humanism, social progress and peace in the service of which he dedicated his great life. He added that the Indian Government and the people will always meet with readiness from the Soviet side to develop and strengthen the relations of friendship and closer ties built up in Nehru's time between the two countries.

Acharya Vinoba Bhave said: the world has lost a great worshipper of humanity and our country an unparallelled leader.

U.S. President Johnson said: Nehru's death had left his country and all mankind, to whom he gave so much in world and deed, the poorer.

City's Homage To Nehru

Mysore, May 29

The City Municipal Council, at a special meeting held last evening paid homage to Sri Nehru by observing two minutes silence and adopting a condolence resolution.

The City observed complete hartal-hotels, shops and cinemas closed as a mark of respect to the departed great soul.

A silent procession led by Smt. Soundaramma Venkatesh, Municipal President, was taken out in the city yesterday.

A citizens' meeting was held on Wednesday night, under the presidentship of Smt. Soundaramma Venkatesh. Dr. Shrimali, Vice-Chancellor, Mysore University, speaking said that after the death of Gandhiji, today was the greatest day of mourning. His memory and ideals should remain immortal and continue to inspire the successive generations.

ALL FOR A GLIMPSE

Three persons were killed and 30 were injured in a stampede shortly before noon yesterday outside the main gate of the Prime Minister's residence where a large number of people had collected.

The entry to the house was regulated and people were allowed in only in batches.

As one batch had gone in, the gate was closed. The crowd outside grew impatient and several women began to scale the giant steel gates. As the police tried to stop them, the crowd pelted stones, shoes and other missiles at them.

Over 100 persons sustained injuries at different places on the routes of the funeral procession.

Many were injured, scores fainted and had to be carried away or just left there on the roads till help came.

At the cremation grounds, the crowds thought nothing of police lathis. On one side, they uprooted the barricades so that they could push in and get slightly nearer to the body of the man who had all these years seemed deathless to them.

Nothing mattered except to get one last glimpse of the leader who was no more.

Many missed perhaps the most poignant scene It came when an unknown youth, his skull bleeding from a lathi blow, rushed forward to complain of it to Nehru. But Nehru already in flames was beyond anyone's call

From the moment the cortege arrived at 4.5 p. m. at the grounds, a bare 300 yards from Rajghat not much could be seen.

So great was the rush even in the enclosure which workmen had been barricading for the last 12 hours, that even the President and Lord Mountbatten, who walked with him, had to take refuge for a while in press enclosure

The procession was not throughout as orderly as the carefully laid ou plans had wanted to be. As many times during his life time, so once more after his death, the admiring and affectionate people took a hand in Nehru's last journey and in their restlessness cast the arrangements to the winds

Barely had the cortege passed the gates of Nehru's house, when crowds from all directions swarmed over the police barrier and mingled with the slow-marching troops. The motorcade of the VIPs was kept waiting in the confusion and later cars proceeded as best their drivers could manage them.

BIG AND SMALL

It was not just the great and the famous who made up the most sorrowing ranks.

Her devotion to Nehru had gained access to the innermost enclosure to a peasant woman, Kesri Devi of village Bibipur in Sangrur district.

She had with her a picture showing herself presenting all she had to Nehru when the Chinese attacked Today she had walked all the way from her village with a tin of home-made ghee for the pyre.

So had come from Dulichand fromBiswanmil inSonepet district with a piece of wood and a plateful of ghee as his last offering.

There were others-illiterate old women from nearby villages beating their breasts as if a son had died in the family. Of those near to him one had only to see Bimla, a Sindhi, a refugee girl whom he had picked and helped in the partition riots and who is now the reception officer at Prime Minister's house- to know how they felt.

Long after the pyre was in flames and the VIPs had started departing, the crowds kept on coming nearer. They had little to console them so they would not even go away.

WORLD LEADERS PAY HOMAGE

President Radhakrishnan yesterday called upon the nation to follow the great ideals Nehru stood for and go ahead to build a modern India.

Paying homage to the late Prime Minister at the mammoth citizens' meeting held at Ramlila Grounds, New Delhi, the President said: "Modern India is the greatest monument which Nehru built for himself".

He said the people should take a pledge today when they remembered Nehru, to subordinate self-interets and put the requirements of the nation and humanity higher than their own interests. "That is the only way in which our nation can progress", he added.

Prime Minister Nanda said India would continue to pursue with vigour the policies of Nehru both at home and abroad. He appealed to the people to join hands to translate into reality the dream of the departed leader to transform India into a socialist democracy free from hunger, ignorance and disease.

Dignitaries from all over the world joined national leaders to pay moving tributes to Nehru.

Over two lakhs of people heard them say that the world shared India's grief at the passing away of her beloved leader.

The US Secretary of State, Mr. Dean Rusk said that the ordinary people of the world men, women and children-know that they had lost a champion of peace, of human decency and of the brotherhood of man.

Mr. Kosygin, Soviet Deputy Premier said the demise of Nehru had deeply shocked and greived all the Soviet people and all those who stood for the cause of universal peace, democracy and friendship among nations. The Soviet people took this irreparable loss to their hearts with particular feeling of sorrow as they knew what invaluable contribution had been made by him to the cause of the Soviet-Indian relations and strengthening friendship between the two peoples.

The UAR Vice-President, Mr. Hussnin Shafei said the torches Nehru had lit for all the world would remain, always illuminated on the path of progress and freedom.

Mrs. Sirimavo Bandaranaike, Ceylon Prime Minister said it was a sad and strange experience to wake up one fine morning in India and find the country without Nehru. The experience would have been shared by all the millions of India. Nehru's was the voice of sanity, morality and hope.

Succession Issue

Despite the efforts of Sri Kamaraj to get unanimous choice of a successor to Nehru, the chances of an open contest for election of the leader are not ruled out.

If contest for leadership elecion becomes inevitable, it would be between Morarji Desai and Lalbahadur Shastri.

The Working Committee which met yesterday will meet again on Sunday to take a decision.

BONN CREDIT FOR MYSORE STEEL PLANT

Mysore Industries Minister Mallappa who returned yesterday after his 40-day tour in West Germany and other countries stated that the draft agreement with a West German Credit Bank and the Government of Mysore to get machinery worth of Rs. six crores from West Germany for the special steel project being started at Bhadravathi has been finalised and sent to the Centre for approval.

No Doom For India

Prof. B.V. Raman, noted astrologer of Bangalore stated that there would be no chaos in the country, as feared by some, now that Sri Nehru was not there to head the nation. He said the present stability would continue subject to jerks and shocks that might be inevitable.

Prof. Raman as early as in December 1962 had predicted that there would be cause for national mourning in 1964. His forecast for this period was that two top world leaders would disappear. His prediction is now proved true.

PARLIAMENT'S HOMAGE TO NEHRU

Parliament yesterday mourned the death of Jawaharlal Nehru and resolved "to strive for the ideals of world peace and progress and national unity, solidarity and prosperity to he which dedicated himself throughout his life".

Both Houses met in a solemn atmosphere and adjourned till Monday after reference were made by the Government and party leaders to the services, qualities and personality of Sri Nehru.

In the Lok Sabha, Prime Minister Nanda declared that the great principles for which Sri Nehru stood and the policies he adumbrated in national and international spheres will continue to be our sheet-anchor.

On behalf of the Communist Party, Prof Mukerji said that the void descended upon the country would never be filled. Sri Nehru was "a gentle colossus" and was a gem of a man. He is dead but he will live as long as our India endures.

Sri Kripalani said Sri Nehru was a valiant fighter and a reckless fighter who considered liberty as the most precious gift of God to humanity. Today the task before the nation is of unity and consolidation. That is the biggest task and we will be paying our greatest tribute to his memory if we bend our energies to that great task.

On behalf of the Swatantra Party, Prof. Ranga described Sri Nehru as a good and beloved friend.

The Speaker, Sri Hukam Singh said there can be no better epitaph to Nehru's qualities than what he himself once said: "If any people choose to think of me then I should like them to say-this was the man who with all his mind and heart, loved India and the Indian people. And they in turn, were indulgent to him and gave him of their love most abundantly and extravagantly".

The Chairman of the Rajya Sabha, Dr. Zakir Hussain said: Sri Nehru was a rock on which we built faith in ourselves. He is no more with us. Let his image form an indelible impression on our minds so that we may not be dismayed by the feelings of emptiness.

TOURIST SUCCUMBS

A grief stricken tourist from Delhi collapsed while listening at radio commentary on the funeral procession of Nehru and died before any medical aid could be given. Madan Lal Bajaj was staying with his family at a hotel in Mussoorie.

Nehru Memorial Fund

The Congress Working Committee yesterday authorised the Congress President to constitute an all-party Jawaharlal Nehru national memorial fund committee.

JUVENILE BEGGARY INCREASING

In most of the cities and towns in India, juvenile beggary and vagrancy were on the increase, according to the Government reports.

It was found that children who go astray and indulge in begging and lead a vagrant life ultimately become juvenile delinquents.

Such a state of affairs is due to poverty, broken homes, emotional maladjustments and finally negligence of the parents.

To deal with this urgent problem, the Union Government has drafted a scheme, consisting of institutional and non-institutional programme.

The Government of India has decided to bring out a special postage stamp shortly in memory of Nehru.

NO INDIA-PAKISTAN CONFEDERATION

President Ayub Khan of Pakistan yesterday ruled out the idea of a confederation between India and Pakistan as a solution of the Kashmir question.

He said that Pakistan would never accept the idea of a confederation or a federation between the two countries as such a step would ultimately undo Pakistan. He said he had conveyed to Sheikh Abdullah this view during his recent talks.

He had, however, told the Sheikh that Pakistan desired friendly relations with India and would go to any length to attain that object.

SHASTRI'S CHOICE CERTAIN

The Congress Parliamentary Party will meet tomorrow morning at 9 to elect its new leader. Congress President Kamaraj will preside over the meeting.

The Working Committee which met yesterday authorised the Congress President to ascertain the consensus on the choice of a successor to Nehru.

Members of the committee are learnt to have whole-heartedly agreed with Kamaraj's opinion that "the dignity and the prestige of the nation and stability of administration depended on how the election of the new leader was brought about". He told them "it would be better if we have an unanimous choice of the leader".

It is stated that Sri Lalbahadur Shastri's candidature is favoured by increasing number.

SHASTRI ELECTED LEADER

The Congress Parliamentary Party meeting this morning unanimously elected Sri Lal Bhadur Shastri as the leader of the Party.

Sri Nanda proposed his name and it was seconded by Sri Morarji Desai.

Sri Shastri will be sworn in as Prime Minister on June 9.

BLOOD COULDN'T SAVE HIM

Smt. Indira Gandhi gave a bottle of her blood in a vain bid to save Nehru, a few minutes before he died.

As Nehru's condition deteriorated on the morning of May 27, doctors decided to give a blood transfusion to him.

Smt. Indira Gandhi insisted that her blood alone should be given to her father. The doctors bowed to her wishes and transferred a bottleful of her blood to Nehru's body but, it was of no avail.

MODERN ARMY

Defence Minister Chavan disclosed in the Lok Sabha that India proposes to build up in the next five years, an army of eight and a quarter lakhs with modernised weapons and equipment.

It also proposes to stabilise the Air Force at 45 squadrons and maintain the Navy generally at its present strength.

19TH AMENDEMENT BILL

The Lok Sabha yesterday gave its general approval to the controversial Constitution 19th Amendment Bill

The Bill seeks to protect the land reform enactments of State Governments from being invalidated by courts and to enlarge the definition of the term "estate" occurring in Sec. 31-A of the Constitution with a view to include ryotwari lands.

SOVIET TRANSMITTER

The Government of India has decided that only the offers from the Soviet Union and other rupee-payment countries for supplying a powerful transmitter to counter the Chinese propaganda will be considered.

The Soviet Union has offered to sell a 1,000-kw transmitter to India.

Nehru's Ashes For All States

The ashes of the late Pandit Nehru are being distributed to all the States.

The ashes, which were collected on Saturday by Pandit Nehru's grandsons-Sanjay and Rajeev- have been sealed in small urns, which the various Chief Ministers will carry to their respective States. Where these ashes will be immersed has been left to the States to decide.

NO STATUES OR MONUMENTS

Smt. Indira Gandhi has conveyed to the Congress Working Committee Nehru's wish that statues or monuments should not be erected in his memory all over the country.

Sri Nehru had also wished that his ashes thould be immersed at the Sangam in Allahabad and in other rivers in the States.

Another suggestion now being made is that a portion of the ashes of Sri Nehru, who was so much in love with the mountains, should be scattered over the Himalayas.

RANGAPAPIAH DEAD

Sri G.R. Rangapapiah, a former Municipal Councillor died here on Saturday. He also served as Vice-President of the City Municipality.

The monthly meeting of the City Municipal Council on Saturday adopted a resolution condoling his death.

Ayub's Offer

President Ayub Khan of Pakistan yesterday extended a warm hand of friendship to the people of India and said "now may be the occasion for both sides, in particular for the new leadership in India, to have a fresh look at our relations".

He said "On our part, we shall respond to any sincere move for the improvement of Indo-Pakistan relations".

Pleading for a change of heart to solve the differences between the two countries, Mr. Ayub said their future lay in friendship and good neighbourliness and not in preparing for war with each other, which is such a waste of human and economic resources, even if no war takes place.

President Ayub said there were undoubtedly some differences between the two countries. It would not be realistic nor condusive to good results if they were to ignore them. "What is required is a change of heart'.

INDIANS IN BURMA

The Lok Sabha was told that the Government hoped to bring all Indian nationals in Burma who wished to return home

Deputy Minister Dinesh Singh said it was not possible to give the exact number who might return but it might run to six figures.

He said about 1,000 Indian nationals had returned from Burma since nationalisation of shops.

NEHRU'S CALL TO WORKERS

In his last message to the Indian working classes, Sri Nehru said India was facing difficult problems and "it is very necessary that the organised labour movement should react to them properly".

He added "a merely agitational approach is not helpful in these circumstances We have to consider every problem in its larger context".

The message was sent from Debra Dun on May 24 to the 15th session of the Indian National Trade Union Congress.

Unite and Work Hard

New P.M.'s Message

The Prime Minister-designate, Sri Lal Bahadur Shastri, in a message to the nation called for national unity, hard work, effective and quick tackling of the problems facing the country.

At the press conference, Sri Shastri expressed his faith in the people of the country and promised "We will try to make our humble but utmost contribution for the betterment of our people".

Asked what was his message to the nation, he said: "My wish and desire is that we mus stand as one people and tackle our problems effectively and as quickly as we can. I would very much like that, those who are in power have to realise fully the great responsibilities we have been charged with after the departure of our late Prime Minister. We must work hard and try to cooperate with each other. I am sure that our countrymen will rise to the occasion and I have full faith in the people".

SHASTRI'S PLEDGE

After his election as leader of the Congress Parliamentary Party, Sri Shastri in a brief statement pledged that he would follow in the footsteps of Sri Nehru. He said the country was faced with a crisis at present and "we have no alternative but to act in the manner in which Panditji would have wished to act". The party was already committed to socialism. What was needed was "proper and quicker implementation of policies", he added.

SLACK IN SUGAR DISTRIBUTION

Minister Thomas admitted in the Lok Sabha that the machinery for distribution of sugar had not functioned satisfactorily and there had been case of suppression of stocks.

Food Minister Swaran Singh said the present shortage of sugar was due to short supply of sugarcane to the factories and not due to lack of crushing capacity. The sugar quotas of different States could be upgraded only if there was increased production in the coming year.

SOCIAL WELFARE SCHEMES

A joint conference of members of the Central Working Group and Chairman of State Working Groups, on Social Welfare was held on May 29, at Delhi, to prepare a co-ordinated social welfare plan.

Attention was focussed on a number of projects such as public assistance for the aged, homes for widows etc. which should be included in the Fourth Plan.

The conference adopted a strongly worded resolution pointing to the need for preventing slums. It was suggested that every colony to be built in the future should make provision for the accommodation of servants and others needed for essential services in the colony.

The importance of providing rehabilitation services for the physically and mentally handicapped was also emphasized. It was felt that adequate provision should be made in the Fourth Plan for providing welfare services for those sections of the community.

ASHES STREWN OVER FIELDS

NEHRU'S WISH

It was the wish of Nehru, who served the nation with his sweat and blood for nearly half a century, that even his ashes be strewn in the fields of India so that they might mingle with the dust of his Motherland and become a part of it.

In a will, which he wrote on June 21, 1954, Sri Nehru said that a part of his ashes be thrown into the Ganga at Allhabad but the major portion of them should be "carried up in an aeroplane and scattered from the height over the fields where the peasants of India toil, so that they might mingle with the dust and soil of India and become an indistinguishable part of it.".

Sri Nehru had made a plea that he did not want any religious ceremonies to be performed for him after his death. "I do not believe in any such ceremonies and to submit to them, even as a matter of form, would be hypocracy and an attempt to delude ourselves and others". But he wanted his body to be cremated, even if he were to die in a foreign country and his ashes brought to India.

He said he was anxious that "India should rid herself of all shackles that bind and constrain her and divide her people and supress vast numbers of them and prevent the free development of the body and the spirit".

In style characteristic of him, Sri Nehru referred feelingly to the affection the people of India had given him and said he owed a debt of gratitude to them as also his comrades and colleagues.

RETURNS OF FINANCE FIRMS

The Reserve Bank has issued orders requiring non-banking companies and financial institutions to furnish information connected with the receipt of deposits from the public and the business of financial institutions.

HOUSING PROBLEMS

Union Housing Minister Khanna stated in the Lok Sabha that he would shortly convene a meeting of State Housing Ministers and mayors of big cities to consider suitable steps to tackle the housing problem on 'war footing'.

He said atleast Rs. 800 to 900 crores would be needed to tackle the problem and Planning Commission had assured him that housing problem would be given better treatment during the two years of the Third Plan.

PROBE AGAINST MINISTERS

Sri Lal Bahadur Shastri agreed in the Rajya Sabha to make preliminary enquiries into a Congress member's allegations against certain Union Ministers in regard to collection of money during the last General Elections.

WRECKAGE SIGHTED

Defence Minister Chavan told the Rajya Sabha that the wreckage of the IAF Illyushin aircraft, missing from February 17 last, had been sighted at a place nine miles south-west of Banihal.

He said it had not yet been possible to reach the aircraft which was reported to be buried deep under heavy snow. A number of articles belonging to persons travelling in the missing aircraft had been found near the site.

A team of senior army officers were in the missing plane.

PEKING BUILD-UP

Defence Minister Chavan told the Rajya Sabha that Chinese activity along our borders and in the area occupied by them continues unabated Their build up has been for some time "heavier than what it was during the autumn of 1962".

GOLD CONTROL BILL OPPOSED

The Government's move to place the provisions relating to gold control on the permanent statute book evoked strong opposition in the Lok Sabha yesterday.

Out of 20 members who spoke on the Gold Control Bill, only three members, all Congressmen supported it.

Minister Bhagat told the House that at present Government had no intention to put a ceiling on possession of gold ornaments.

EVICTION ISSUE DROPPED

In the Pakistan National Assembly, yesterday, two adjournment motions which sought to discuss the eviction of Indian Muslims from Assam, Tripura and West Bengal and the January communal riots in West Bengal were withdrawn on a request by the Government in view of the changed situation in India.

Immersion Of Nehru's Ashes

Mysore, June 6

A special train will leave Mysore at 11 a.m. on June 8 to Paschimavahini to facilitate people to witness the immersion of Nehru's ashes in the Cauvery. The train will return to Mysore at 1.30 p.m.

Special buses will also run.

The urn containing the ashes of Nehru will leave Lal Bagh in Bangalore at 7 a m. on Monday in an open jeep accompanied by the Governor, Chief Minister and other Ministers. The jeep will stop at Kengeri, Bidadi, Ramanagaram, Hanumantharayanagudi, Channapatna, Chikamalur, Doddamalur, Byrapatna, Maddur, Mandya and Srirangapatna.

After a brief ceremony at Paschimavahini, the ashes will be immersed at 12 noon. The police band will be in attendance and also a police guard of honour.

NEHRU'S DEATH MOURNED

Mysore, June 6

The Mysore University Printing Press Employees' Association, at a meeting held on Wednesday under the presidentship of Sri R. Tiruvengada Jeeyar, adopted a resolution condoling the death of Sri Nehru.

No Take-Over Of Banks

Finance Minister Krishnamachari stated in the Lok Sabha yesterday that nationalisation of banks should be resorted to only as a last step. He said nationalisation should not be the first step.

Sri Krishnamachari said it was no use complaining that the Finance Minister says he must slow down. He said "it is difficult to quicken the pace of the public sector".

DAIRY PLANT IN BANGALORE

The Banaglore dairy project will be commissioned by August this year.

The Rs. 130-lakh project will process three lakh pounds of milk daily and will eventually raise its production to five lakh pounds a day.

About 300 milkmen co-operatives are to be organised in the 600 mile belt area around Bangalore to supply the project with milk.

LESS GOLD IN ORNAMENTS

Minister Bhagat disclosed in the Lok Sabha that all gold ornaments donated to the National Defence Fund were assayed at the Government mints and found to be less than 20 carats fine.

He said in Kerala the ornaments were generally of 16 carats, in Madras between 15 and 16, in Mysore of 17, and Madhya Pradesh of 18 carats.

Newsprint Unit For Mysore

A proposal to set up a newsprint factory in the private sector in Mysore State has been approved in principle by the Government, stated Minister Kanungo in the Lok Sabha.

Its annual output would be 30.000 tonnes per annum. The firm proposed to collaborate with a Canadian enterprise

Nehru Award

The governing body of the Indian Council for Cultural Relations yesterday decided to institute a Jawaharlal Nehru Award for international understanding.

The amount of the award will be Rs. one lakh to be given out of a special fund proposed to be set up for this purpose by the Council.

The Council also formulated another scheme to promote friendship and good-will among school children of India and the various other countries.

AYUB ANXIOUS

President Ayub Khan of Pakistan "is anxious to have a working agreement with India without waiting for close friendship which should be the proper relationships between the two countries", according to an official spokesman at Rawalpindi.

The spokesman said Mr. Ayub had been increasingly concerned in the recent months over the mounting campaign in each country against the other and had been keen to arrest this trend and turn their attention to the problems of development which had certain amount of commonness between the two countries.

Land Reforms By January.

Bangalore, June 6

Land reforms in Mysore State are likely to be implemented only in January because the PlanningCommission has suggested certain important changes in the existing Act.

One of the major changes suggested is that the ceiling 27 standard acres is too much and should be cut down to 18 standard acres.

Another major change suggested is in the quantum of fair rent. The Mysore Act has fixed the fair rent at one-fourth of the gross income. In the fair rent as governed by the Bombay Tenancy Act, which is in force in that area, is only a sixth part of the gross produce.

The Planning Commission has felt that it would be injustice to take away the benefit conferred on the Bombay Karnatak tenants and therefore, has suggested a sixth part of the gross produce as the fair rent to be applied to all parts of the State.

JAWAHAR DOCK

The Union Government proposes to name the new Rs. 5-crore wet dock at Madras port, which has just been completed, as "Jawahar Dock".

GAREWAL'S BODY FOUND

The body of the late Maj.-Gen Garewal, who was one of the passengers in the ill-fated aircraft, had been recovered from the site of the crash near Banihal and identified. Parts of other human bodies had also been found.

Defence Minister Chavan told the Rajya Sabha that arrangements were being made to bring the body of the late Maj.-Gen. Garewal.

PIG IRON OUTPUT

The Government of India is considering the import of 1.5 lakh tonnes per year of pig iron during the next two to three years under the Indo-Soviet trade agreement and agreements with other countries.

The Lok Sabha was told that a scheme for a pig iron production unit of 3 lakh tonnes capacity in Bihar had been approved.

Substantial expansion of the pig iron production of the Mysore Iron and Steel Works, Bhadravati had also been licensed.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace Road Mysore.

NATIONAL INTEREST FIRST

The Prime Minister-designate, Lal Bahadur Shastri told the Congress Parliamentary Board that he would not do anything which was inconsistent with national interests in the policies to be pursued towards Pakistan and China.

He said: "I believe in a certain manner and method of doing things. I favour a policy of persuasion. But I shall not do anything against our national interests or dignity".

Sri Shastri said he would meet President Ayub at the Commonwealth Prime Ministers' Conference in London. "Then I will know the trend".

VIOLENCE IN ELECTIONS

The police opened fire in at least three places in Kurnool and Nellore districts in Andhra Pradesh yesterday following clashes between rival groups and attacks on policemen in the current panchayat elections in the State.

In Kurnool, one man died and three were injured when police fired to disperse an unruly crowd.

PRIZE BOND DRAW

Union Finance Minister Krishnamachari assured the Rajya Sabha yesterday that he was "completely satisfied that there is absolutely no manipulation in favour of anybody" in the recent draw for the premium prize bonds held at Bombay.

AID TO GOLDSMITHS

The Lok Sabha was told by Minister Bhagat that it was proposed to spend Rs. 5 crores on the rehabilitation of goldsmiths during the current financial year. The amount spent last year was Rs.3.5 crores.

REFUGEES POURING IN

Rehabilitation Minister Tyagi told the Rajya Sabha that the migration of the minority communities from East Pakistan to India is continuing unabated.

The daily figure of migration in recent weeks has been of the order of 4,000. As on June 1, 1964, the number of migrants who crossed into West Bengal, Assam and Tripura was over four lakhs.

NEHRU'S ASHES IMMERSED AT SANGAM

MILLIONS MOURN

Thousands of sobbing, sorrowing people yesterday paid homage to the memory of Nehru when his ashes were immersed at Sangam, the confluence of the Ganga, the Yamuna and the invisible Saraswathi, at Allahabad.

A part of the ashes of Kamala Nehru, wife of the late Prime Minister was also immersed along with the ashes of Nehru. Sri Nehru had kept a small casket containing the ashes of his wife, who died in 1936, with him all these years.

Smt. Indira Gandhi, her two sons, Smt. Vijayalakshmi Pandit, Vice-President Zakir Hussain, Prime Minister Nanda, Prime Minister-designate Shastri and Sheikh Abdullah witnessed the immersion of Nehru's ashes.

The special train carrying Nehru's ashes halted at several stations on its way to Allahabad.

People came from far and wide and thronged every wayside station defying scorching heat and suffocating rush. They packed every inch of space on platforms and climbed up overbridges, railway signals, tree-tops and every conceivable vantage point to have a glimpse of the urn containing the ashes of their beloved leader, kept on a wooden pedestal in the all-white railway coach.

Citizens' Homage To Nehru

Mysore, June 9

At a lergely attended all-party public meeting held last evening at the Townhall maidan, a resolution was adopted expressing profound sorrow at the passing away of the beloved Prime Minister Nehru. One minute silence was observed.

Sri S. Channiah, MLC presided.

Dr Shrimali, Vice-Chancellor, Sri Shivappa, leader of the Opposition in the Assembly, Sri Harribhov of RSS, Sri T. Subramanya, former Minister and Sri Syed Abdul Rahman addressing paid tributes to the late Prime Minister.

Earlier, Nehru's portrait in a decoarted jeep was taken in procession.

More than 1,000 poor people were fed yesterday noon by the Santhepet merchants. Sowcar T. Thimmappa and Sri Huliyappa personally looked after the arrangements.

The Harijans of Gandhinagar in the City took out a torch-light procession of Nehru's portrait on Sunday night.

Immersion At Paschimavahini

Mysore, June 9

More than 15,000 people witnessed the immersion of Nehru's ashes in the Cauvery at Paschimavahini yesterday at 12-55 p. m.

People had thronged at the river bed hours before the ashes arrived from Bangalore. The special train, buses and cycles carried thousands of peopl from Mysore toPaschimavahini.

The urn containing Nehru's ashes placed on a flower-decked jeep arrived at Paschimavahini at 12-30. p-m taking five and a half hours to travel 75 miles from Bangalore. Throughout the route thousands of people, including women and children had thronged to pay their last homage to their beloved leader.

On its arrival, the Governor, Gen. Srinagesh received the urn containing the ashes and brought it to the river bed. After puja, and with the thunderous cry of NehruAmar-Haï, the urn was taken into the Cauvery river by Sri Suryanarayana Rao, Municipal President, Srirangapatna and the ashes were immersed. The police sounded the last bugle and presented reversed arms.

Chief Minister Nijalingappa and other Ministers were present.

SHASTRI'S NEW MINISTRY SWORN-IN

The new Ministry headed by Sri Lal Bahadur Shastri was sworn-in this morning in New Delhi before the President Dr. Radhakrishnan.

The 16-member new cabinet consists of three new ministers—Smt. Indira Gandhi, Messrs N. Sanjiva Reddy and S. K. Patil, besides all the ministers of the out-going cabinet.

Smt. Indira Gandhi will be sworn-in later.

The names of the new Cabinet Ministers and their porfolios are: L. B. Shastri: Foreign Affairs and Atomic Energy, Nanda: Home, Krishnamachari: Finance, Indira Gandhi: Information & Broadcasting, Sanjiva Reddy: Steel & Mines, S. K. RESTORE CONFIDENCE AMONG TEACHERS

SHRIMALI'S PLEA

Mysore, June 10

Inaugurating the seventh Conference of the All-IndiaAssociation of Training Colleges here today in the Regional College of Education, Dr. Shrimali, Vice-Chancellor of Mysore University, stressed the paramount importance of restoring confidence and self-respect among the teachers, both of which had undermined them during the last few years.

Dr. Shrimali said that one of the main reasons for loss of confidence and a sense of respect was mainly due to the poor economic condition of the teachers. Although teachers have been assigned the most important task of educating the future citizens, he was sorry that the teachers were given the lowest strata in the society. Even the basic necessities of life were denied to them. Even shough some efforts were being made to improve their economic position this had been upset by the toaring prices of essential commodities.

The Vice-Chancellor regretted that there was a lot of criticism on our educational system although good work was being done by the army of teachers.

In his opinion the confidence among teachers could be restored only if they were made equal partners in the educational planning and implmentation programme.

Dr. Shrimali deprecated borrowing of ideas from foreign countries and said education was always rooted in the soil. Any educational system should suit the genious of people and rooted to the soil. Indian education should be suited to the cultural and genious, of our people, he said.

The Vice-Chancellor said the success of our whole planning depended on the human factor and if they neglected the educators they had to pay heavy penalty.

Earlier, Sri T. Vasudevaih, Director of Public Instruction, welcomed the gathering.

Sri A. C. Deve Gowda, President, All India Association of Training Colleges, delivered the presidential address.

Sri Mukherji proposed a vote of thanks.

RESTORE CONFIDENCE AMONG TEACHERS

SHRIMALI'S PLEA

Mysore, June 10

Inaugurating the seventh Conference of the All-IndiaAssociation of Training Colleges here today in the Regional College of Education, Dr. Shrimali, Vice-Chancellor of Mysore University, stressed the paramount importance of restoring confidence and self-respect among the teachers, both of which had undermined them during the last few years.

Dr. Shrimali said that one of the main reasons for loss of confidence and a sense of respect was mainly due to the poor economic condition of the teachers. Although teachers have been assigned the most important task of educating the future citizens, he was sorry that the teachers were given the lowest strata in the society. Even the basic necessities of life were denied to them. Even shough some efforts were being made to improve their economic position this had been upset by the toaring prices of essential commodities.

The Vice - Chancellor regretted that there was a lot of criticism on our educational system although good work was being done by the army of teachers.

In his opinion the confidence among teachers could be restored only if they were made equal partners in the educational planning and implmentation programme.

Dr. Shrimali deprecated borrowing of ideas from foreign countries and said education was always rooted in the soil. Any educational system should suit the genious of people and rooted to the soil. Indian education should be suited to the cultural and genious, of our people, he said.

The Vice-Chancellor said the success of our whole planning depended on the human factor and if they neglected the educators they had to pay heavy penalty.

Earlier, Sri T. Vasudevaih, Director of Public Instruction, welcomed the gathering.

Sri A. C. Deve Gowda, President, All India Association of Training Colleges, delivered the presidential address.

Sri Mukherji proposed a vote of thanks.

NEHRU HYDRO-ELECTRIC PROJECT

The State Government yesterday decided to name the biggest and cheapest Kalinadi hydro-electric project in Karwar District as the Nehru Hydro-Electeic Project.

Rajaji Calls For Policy Change

Sri C. Rajagopalachari, Swatantra leader, has urged for a change of policy adopted by Sri Nehru.

Writing in the Swarajya he said that the new Government should wake up from dogmatism and give up the "sterile and self-defeating policy of crushing taxation levied to back up state capitalism".

"The greatest danger now would be the failure of the new Government to realise the need for a change of policy inspite of admiration and worship paid to the memory of the late Prime Minister", he said.

Sri Rajaji said: "It would be a grave error to adopt the policy of complaisance which is so tempting and easy for 'loyal' men to adopt, but would be wholly unfortunate for the nation. Plans and policies adopted under his lead must be greatly altered if we wish to save the country from much misfortune".

SEARCH FOR ANCESTRAL HOME

A group of research workers in Srinagar has been entrusted with the task of locating the home from which Nehru's forefathers had moved out from Kashmir to settle down in U P. so that the ancestral home of the Nehrus be preserved as a national monument.

Nehru Stamp

The Posts and Telegraphs Department is bringing out a special stamp on Jawaharlal Nehru on June 12, the day on which the Air Force planes will scatter his ashes in different parts of the country.

The stamp in the denomination of 15 Paise, will seek to portray Nehru with the teeming millions of his people for whom he lived and worked and who gave him faith and love

3 KILLED IN STAMPEDE

Three persons were trampled to death and 20 were injured when a huge crowd tried to reach the platform at the Ferozabad railway station across an overbridge as the special train carrying Nehru's ashes steamed in. The police in an effort to prevent a stampede made a baton charge but the eager crowd kept on surging forward causing a stampede.

CALL FOR CONSTRUCTIVE WORK

Prime Minister Lal Bahadur Shastri yesterday appealed to the countrymen "to do his or her bit and give a helping hand to nation-building activities".

In a special message to All India Radio, the Prime Minister said: 'I have formally taken over today the heavy burden cast on me. I am happy to find that there is a fund of goodwill and the people want us to succeed. Let each and every one of us resolve to do his or her bit and give a helping hand to the nation-building activities. Let the atmosphere of bickering and fault-finding cease and a constructive effort be made to tackle our difficult problems with unity.

"Ours is a great country with a glorious heritage and we have to prove worthy of her".

SHASTRI'S CALL

Prime Minister Shastri in his first nation-wide broadcast last night called for goodwill and friendship and mutual co operation between India and Pakistan. These would, he said, not only be of immense benefit to the two countries but would also make a great contribution to peace and prosperity in Asia.

He reaffirmed India's policy of non-alignment which, he said, would continue to be the fundamental basis of our approach to world problems and our relations with other countries.

The Prime Minister declared that the most fitting memorials to Gandhiji and Nehru would be the realisation of the tasks to build an India free, prosperous and strong and a world at peace and without war.

Emphasising the importance of Afro-Asian solidarity, Sri Shastri said: "We seek no leadership of the Afro-Asian group. We are content to be humble collaborators with the sister nations of Africa in the common cause of world peace and freedom of people".

CONSUMER CO OP. STORES

The progress of this centrally sponsored scheme will be reviewed at the Annual Conference of State Ministers of Cooperation to be held at Hyderabad next week.

Nehru Stamp

The special 15 paise postage stamp on Jawaharlal Nehru was released today by Prime Minister Shastri at a function held at Delhi.

The stamp portrays Nehru with the teeming millions of his people.

20 million stamps have been printed to cope with the heavy demand.

AGRO-IND CO-OPS

In order that the benefits of cooperation may reach the weaker sections of the community, a scheme to organise agro-industrial and labour service cooperatives has been formulated by the Union Ministry of Community Development and Cooperation.

It is proposed to have one such cooperative in each Village Level Worker circle, with a population of 7,000. The agro-industrial cooperatives will primarily cater to the needs of landless labourers. The fundamental objective of these cooperatives is to organise manpower in such a manner as to undertake rural works programmes, public works and agricultural operations systematically.

Mehta Joins Congress

Sri Asoka Mehta, Deputy Chairman of the Planning Commission, yesterday joined the Congress by filing the four-anna membership form in the presence of Congress President Kamaraj.

Scores of other Praja-Socialists including several members of Parliament and State Legislatures, also joined the Congress yesterday.

The All India Socialist Convention meeting at Lucknow yesterday adopted a resolution calling upon all socialists to join the Congress.

DAS REPORT ON KAIRON

Mr. S. R. Das, former Chief Justice of India, who enquired into the charges levelled against the Punjab Chief Minister, Mr. Pratap Singh Kairon, submitted his report to Prime Minister Shastry yesterday.

The report, it is believed, at several places, casts doubts on Mr. Kairon's professed ignorance about his son's activities.

Selective State Trading In Food

The Prices Sub-committee of the Parliamentary Congress Party has suggested that the Government should enter the foodgrain trade in an effective way on selective basis to start with.

The proposal for state-trading in foodgrains is confined to the wholesale trade on the ground that it will not be possible for Government to enter the retail trade for a long time to come. As an alternative, the sub-committee has suggested the opening of fair price shops in towns and villages.

It has also suggested other drastic steps such as exemplary punishment and seizure of stocks against hoarders of foodgrains and profiteers.

With a view to building up adequate stocks of foodgrains, it has suggested that Government should purchase foodgrains at remunerative prices from the farmers.

MORE DIE DUE TO HEART ATTACK

Heart attacks cause more than half of all deaths in Britain, the U.S., Australia, New Zealand and many other countries, the World Health Organisation has reported.

In a survery covering 22 selected countries, the WHO said the percentage of deaths through heart diseases amounted to 48 per cent of all deaths, with women having a lower proportion than men.

Nehru's Ashes Mingle With Soil Of India

Jawaharlal Nehru's ashes yesterday became an indistinguishable part of India when they were scattered from the air over the farms and fields, mountains and valleys-from the Himalayas in the North to Kanyakumari in the South.

This unique ceremony was in fulfilment of the departed leader's wish that a major portion of his ashes should be scattered from the air over the fields "where the peasant of India toil so that they might mingle with the dust and soil of India".

A special IAF plane scattered Nehru's ashes over Hesaraghatta, near Bangalore.

NATIONAL COUNCIL FOR TEACHER EDUCATION

Mysore, June 13

The seventh conference of the All-India Association of Training Colleges, which concluded its three day session here yesterday, has recommended setting up statutorily a national council for teacher education for planning, supervising and financing of teacher training and education.

Considering the importance of teacher education, the conference urged that it should be put in the Concurrent List and the Centre should assume greater financial responsibility for the development of the teacher training institutions.

The conference stressed that comprehensive colleges with a minimum strength of 3000 students should be opened instead of isolated institutions for training teachers of primary and secondary schools.

Teacher education should be free for those who agree to serve in the State for a period of three years.

The conference recommended that a Master Plan of teacher education should be prepared for each State by the education departments in consultation with the universities for the Fourth Plan. It should make an estimate of the number of teachers required.

It urged the Centre to set up, by statute, State Councils for teachers education, composed of representatives of universities, training institutions and other experts.

Nehru's Profile On Rupee Coin

A proposal for the minting of the one rupee coins with Nehru's profile on them has been made by the Prime Minister's Secretariate.

In has been suggested that the national emblem should be embossed on the reverse of the coin.

If the proposal is accepted, Nehru will be the first Indian in modern times to be honoured in this way.

Girl Drowned In Sea

Miss Sumathi, daughter of Sri A. Srinivasan of the Atomic Energy Establishment, Trombay (former Deputy Director, CFTRI, Mysore) was drowned in the sea in Bombay yesterday.

With two other girls, Taneza and Dineza, Sumathi was standing on the steps leading to the sea just behind the Beach Candy Hospital compound, when a huge wave swept Sumathi and Taneza off their feet and hurled them into the sea. Haribhai, a cook of the hospital, jumped into the sea and rescued Taneza. But his bid to rescue Sumathi was foiled by the mighty waves.

The marriage of 19-year-old Sumathi, a gradute of the Mysore University, was fixed for next month.

PM Assures Goodwill

Prime Minister Shastri has 'wholly and sincerely' reciprocated President Ayub Khan's sentiments and desire for the improvement of Indo Pakistan relations.

He has assured President Ayub that on his part he would not spare any effort to achieve goodwill, understanding and friendship between the two countries.

In his reply to President Ayub's message of felicitations on his election as Leader of the Congress Parliamentary Party, Sri Shastri has said: "I greatly appreciated the friendly sentiments and desire for Indo-Pakistan understanding which characterised your broadcast of June 1. For too long have our countries been at odds with one another. I share your view that the establishment of goodwill, understanding and friendship between India and Pakistan would be the greatest contribution for the happiness of our peoples. We must strive with patience and perseverance to resolve our differences".

Sri Shastri has said he looks forward to meeting President Ayub in London during the Commonwealth Prime Minister' Conference.

Wipe Out Poverty

SHASTRI's CALL FOR PEOPLE's HELP

Prime Minister Shastri yesterday appealed to the people to co-operate with the Government to take the country forward to prosperity.

Addressing a public meeting at Wardha, Sri Shastri said he did not consider himself big because of becoming the Prime Minister. He would consider that he had done something good to the country only when he could achieve substantial results in his work with the co-operation and love of the people.

The main problem before the country which needed immediate attention was the problem of the kisan, unemployment and poverty. To solve this and other problems, the Government needed the fullest co-operation of the people. This needed immediate effort and all of them had to work hard, he added.

SAPRU COMMITTEE REPORT

Union Education Minister Chagla stated yesterday that he would shortly circulate the Sapru Committee Report, which had recommended that education should be made a Concurrent Subject, among the States for their opinion. He added that no action could be taken on this matter without a majority of the States agreeing to it.

CHECK IN FOOD PRICES

Bangalore, June 18

Revenue Minister Krishnappa told the Assembly yesterday that steps to control the upward trend in the price of foodgrains and other essential commodities would be finalised after the conference of the Chief Ministers at Delhi on June 24.

He said the question of fixing the maximum and minimum prices of foodgrains was under the consideration of Government. If the upward trend in the price level was taken into account there could be no question of price support to farmers.

The Minister said that the cost of producing foodgrains had gone up in recent years with the result the ryots were producing more commercial crops than food crops.

SWARAN SINGH MAY BE NEW PUNJAB C.M.

The Congress Parliamentary Board, which met at New Delhi yesterday adjourned without taking any decision on finding a successor to PunjabChief Minister Kairon. TheBoard will meet again today to decide the issue. It decided to invite Kairon and other Punjab Congress leaders to meet Prime Minister Shastri and Congress President Kamaraj before taking final decision.

The chances of Sri Swaran Singh succeeding Kairon as Chief Minister has brightened as he appeared to be the most widely acceptable candidate for the post.

MORE ROAD FUNDS FROM CENTRE

Bangalore, June 18

Public Works Minister Veerendra Patil stated in the Assembly yesterday that Government had approached the Union Government for more funds for the development and maintenance of roads in the State.

The Centre was also being requested to provide airstrips at important tourist centres in the State to attract more foreign tourists. Some industrialists were also being approached to put up five-star hotels in the tourist centres, he said.

CRITICAL FOOD POSITION IN STATE

CENTRE ASKED TO RUSH ONE LAKH TONS OF FOODGRAINS

Bangalore, June 19

The State Government has requested the Centre for an allotment of 50,000 tons of rice and an equal quantity of wheat and jowar to tide over the critical food position in the State, said Chief Minister Nijalingappa here yesterday.

The Cabinet which discussed the scarcity conditions in the districts of Bellary, Raichur and Chitradurga as well as parts of Mysore District, also discussed the price situation.

Sri Nijalingappa said the discussion was intended to prepare Mysore's case for assistance from the Centre at the forthcoming Chief Ministers' Conference at Delhi next week.

He said the supply position and price levels of foodgrains in relation to the purchasing power of the common people were causing concern. He would not commit himself to any position on issues like State Trading till a decision was reached at the Chief Ministers' Conference.

The Chief Minister appealed to merchants to help the Government in bringing down the prices. Asked if a mere appeal was enough, he replied: "wait and see".

The Government has sent urgent instructions to all the divisional commissioners and deputy commisioners to take prompt steps to afford relief to the people affected by scarcity casued by untimely rains and to open fair price shops.

GRADUATE TEACHERS

New Research Pattern At CFTRI

Mysore, June 20

The planning and organising scientific research on the basis of project orientation pattern had been introduced so as to get the maximum possible results with limited resources in a short time in the Institute, stated Dr. Parpia, Director, Central Food Technological Research Institute, here yesterday.

He said this pattern had already proved its value not only in preventing waste of national resources but in decentralisation of power and authority and broken down hierarchy in scientific research. It had given freedom to a large number of young research workers to play their effective role in the economic development of the country.

Dr. Parpia said the programme of the CFTRI had been reorganised in 12 disciplines comprising 91 research projects with 330 scientists engaged on them The projects had now been approved by Education Minister Chagla.

He said the pattern of project oriented research had now become an accepted policy of the CSIR.

The Director said the annual budget allotment of the Institute was Rs. 40 lakhs, 80 per cent of which was spent on reserch work. The allotment was expected to increase to Rs. 72 lakhs at the end of the Fourth plan.

61-62 Fee Scales For Colleges

SLM PANEL'S RECOMMENDATION

The Lakshmanaswami Mudaliar Committee has recommended that the fee structure in both Mysore and Karnatak Universities should be reverted to the 1961-62 level.

The committee was appointed by the Mysore Government following a State-wide student agitation when the Government announced enhancement of fees in the old Mysore areas so as to bring it on par with the fee prevailing in the Karnatak University which stood higher.

The committee has recommended that the 1961-62 structure should be applied to the entire State from the academic year 1964-65 subject to the condition that such concessions as free studentship and scholarships then existing should be continued.

It said: "In any educationally backward part of the State, there is reason not to increase the fee unnecessarily because they must be treated as backward areas which require help. A large number of freeships and stipends are, of course, being given, but this will not in any way mitigate the feelings of many of those who have to pay higher fees and find it difficult to pay. Therefore it seems necessary to stabilise fee structure from the beginning of the academic year 1964-65 and limit it".

The committee said that a probationary should be confirmed after two years if found fit and that generally during the academic year there should be no change of the staff from one college to another.

It felt that the scales of pay in Government and university colleges in the State compare with the scales in other places. It has however suggested that in all affiliated colleges the pay scales should be brought to this level.

RELIEF MEASURES

Bangalore, June 20

The Legislative Congress Party which met here yesterday considered the postponement of collections of kist and arreas of loans advanced to agriculturists in areas affected due to failure of rains.

A decision would be taken soon on the question of rushing food supplies to the needy areas apart from making available funds to the officers in charge of divisions and districts to start relief works.

It will invovle a total expenditure of Rs. 20 crores and will be outside the expenditure already included in the plan.

ARRESTING RISE IN PRICES

Selective purchase of foodgrains, fixation of maximum wholesale prices and enforcement of the wholesale trade licensing order are some of the steps to be considered by the Chief Ministers' Conference for arresting the rise in prices of foodgrains.

The conference, commencing from June 24 at New Delhi, may also consider the working of the zonal system and smooth flow of foodgrains from surplus to deficit areas in different zones.

Abuse Of Power

Kairon Indicted

In its 500-page report, the Das Commission has held that Mr. Kairon, Punjab Chief Minister, connived at the doings of his sons and relatives, his colleagues and Government officers.

It has held him guilty on four counts.

The Commission has observed that "Mr. Kairon knew or had more than ample reasons to think or suspect that his sons and relatives were allegedly exploiting his influence and powers". But he took no step whatsoever to prevent its recurrence, but let things drift.

"He cannot now be heard to say he had no knowledge of any wrongful conduct on the part of his sons, or relatives or the officers under him".

"The allegations stared him in the face; he paid no heed to them. He cannot now plead ignorauce of facts".

The commission has said that the several charges brought home to Mr. Kairon cannot but be regarded as unbecoming of a person holding the high and responsible office of the Chief Minister of a State.

The commission has left it to the authorities "to consider and decide what consequences follow" from the connivance of Mr. Kairon at the doings of his sons and relatives, his colleagues and Government officers. "It is not for this Commission to say what consequence of this finding will be, for that is entirely a matter of policy to be decided by the Central Government".

Honesty And Integrity In Co-op Field

DY. MINISTER'S PLEA

Mysore, June 22

Sri Dayananda Sagar, Deputy Minister, inaugurating Mysore District Co-operative Conference here yesterday stressed the need for honesty and integrity in co-operative field.

Sri S.A. Patil, President of the State Co-operative Union presided.

Sri P. Gopalakrishna Setty welcomed the delegates.

Sri R. Srinivasan, Divisional Commissioner, in his valedictory address said that one of the major step to hold the price line of the essential commodities was that the co-operatives should be enabled to play a considerable large part in the purchase of foodgrains and help in regulating the prices. The co-operatives, he said, should act in such a manner that it had a wholesome and salutory effect on the market. Efforts should therefore be concentrated on measures to strengthen the marketing organisations through the linking of credit with marketing, training of personnel and the provision of storage.

State Trading Denounced

The Federation of the All-India Foodgrain Dealers' Associations has deprecated the State Trading in foodgrains.

It has communicated to the Central Government that such a step "cannot yield the desired results in turns of stabilising or reducing the level of prices or ensuring smooth distribution. The nationalisation of the foodgrain trade, may, on the other hand create untold complications and adversely affect production targets on the country's economy as a whole".

The Federation has urged that adequate imports of foodgrains should be arranged. Atleast 4 milion tons of foodgrains must be released in the next 6 months for distribution partly through fair price shops and partly through normal trade channels.

Kairon Relieved

Sri Partap Singh Kairon was relieved as care-taker Chief Minister of Punjab and Dr. Gopichand Bhargava was sworn in as the Chief Minister, yesterday, as a sequel to the publication of Das Commission report.

Union Home Minister Nanda stated that with the release of the Das Commission report, "a burden has been lifted from the shoulders of the Home Ministry".

He said: "Apart of my undertaking to root out corruption has now been fulfilled at least so for as the Punjab State is concerned".

Restricted Water Supply

Mysore, June 22

Owing to the low level of water in the Cauvery and the Kapila resulting in the reduced power production, the water supply for the City will be restricted from 5 a.m. to 11 a.m. and 4.00 p.m. to 6-30 p.m. with effect from today till the position improves.

In a press note, Smt. Soundaramma Venkatesh, Municipal President has appealed to the people to co-operate with the authorities in the arrangement.

ABDULLAH NOT VISITING LONDON

Sheikh Abdullah has cancelled his proposed visit to London.

He said that his visit to London at present would be harmful than useful. The Sheikh said Prime Minister Shastri and President Ayub were meeting for the first time and should be allowed to come to some definite understanding without any third party's pressure at the meeting.

CHINESE VETERANS IN TIBET

Peking has started resettling war veterans along the border areas and in Tibet. Under this plan, nearly 500,000war veterans are being sent to Sinkiang, Inner Mongolia and Manchuria, to settle down in collective farms and communes previously occupied by the civil population of local origin. These veterans, who have seen fighting in Korea, are expected to constitute a second line of defence in case of any likely border conflict with the Soviet Union.

These reports say that the Chinese are uprooting all the local Muslim population from the border areas and settling Chinese veterans of Han origin.

Toddy In Neera Garb

Palmgur co-operative societies in Mysore State are engaged in converting neera into illicit toddy, according to the Tek Chand Committee report on prohibition.

These co-operatives are licenced for converting neera into palmgur and the tapping operations are supposed to be supervised by the excise staff and the trees which are to be tapped are to be marked. Hardly any palmgur is made out of neera, it stated.

The Tek Chand team saw at Boovanhalli in Tumkur a grove of 2000 palmgur trees where juice extracted was in fact fermented toddy in unclean and dirty pots.

Rotten jaggery, rotten fruit, rice and toddy from palmgur are used in illicit distillation.

But the committee has heard that injurious substances like dead frogs, lizards, dry battery cells, copper sulphate and ammonium sulpate are used in distillations.

Some people reported the presence of dead mice and lizards in Kolar Gold Fields and the presence of these dead creatures could not be attributed to negligance. In 1962 a large number of deaths were reported in this area as a result of consumption of denatured spirit and other kinds of harmful alcoholic substances.

Pak Firings In Kashmir

Pakistani forces opened fire on Sunday morning on Indian posts in Uri, Naushera, Poonch and Mendhar sectors of the cease-fire line in Jammu and Kashmir.

Two Indian constables were killed in the Poonch sector and two others were wounded in the Mendhar sector.

SHASTRI'S CALL TO N.P.C.

Prime Minister Shastri presiding over the first meeting of the Planning Commission said the Fourth Plan would have to be employment-oriented with considerable emphasis on medium and small industries and agriculture. That however, did not mean that basic industries should not deserve the attention they were getting.

He also spoke of the role of the Planning Commission which,he said, occupied a position of prestige in the country But he cautioned that the Commission should not become a Government department or work in such a fashion.

Sri Shastri said agriculture should receive greater attention from all field workers and community development project staff.

Arresting Food Prices

SHASTRI'S FORMULA

Prime Minister Shastri told the Conference of Chief Ministers that the procurement of foodgrains by the the Government was necessary to build adequate buffer stocks to meet any special crisis.

He said he was not talking of State trading as such at the present moment, but what was important was to have sufficient reserves sothat ,'we can fight the trading community if they do not behave". At the same time, he emphasised the need for a proper agency to deal with procurement. 'I am not opposed to procurement and State trading but we must consider this matter in a practical manner'.

Sri Shastri warned that the soaring prices of foodgrains was the foremost problem today and 'our entire developmental efforts, for which we have toiled all these years with so much sacrifice, are in danger'.

He said the peasant could not be coerced long, it would later on create more or less a revolution. It was impossible for the cultivator to tolerate it for long. The peasant was a real asset, not in political term and "we have to deal with him as sympathetically as possible and in the matter of procurement we may have to devise other measures. We will have to deal with it at the level of rice mills or flour mills if we do not succeed in other ways.'

The Prime Minister said it was essential that the idea of price support should not be given up. But side by side with the producer, the consumer also had to be taken care of and there should be a maximum price beyond which he would not have to pay.

Govt. To Enter Rice Trade

Union Food Minister Subramaniam yesterday announced measures to ensure free movement of rice to deficit areas and also assured the States that the Government had adequate supplies of wheat to meet their demands.

He said that procurement and or levy in Andhra Pradesh and Madras will be stopped with immediate effect and all restrictions on movement of rice from Andhra Pradesh and Madras to other States within the Southern Zone will be removed. Likewise all restrictions on movement of foodgrains from Madhya Pradesh to Maharashtra and Gujarat will be removed.

The Food Minister said he proposed the setting up of a Foodgrains Trading Corporation, through which the Government would enter the foodgrains trade.

Sugar Sale Through Co-ops

Bangalore, June 25

The Government of Mysore has decided that henceforth, sugar will be sold to consumers only through cooperative societies.

Cooperative Minister Hegde said that foodgrains obtained from the Centre will also be distributed to consumers through co-operatives only.

MORE TECHNICAL WORKERS NEEDED

More than 62,000 technical workers would be required for the operation of steel plants during the Fourth Plan.

A special committee has been set up by the Union Government to study the requirements of man power for construction, operation and maintenance of steel works.

DEALERS' FAILURE

Union Food Minister Subramaniam told the Chief Ministers' Confrence that our immediate aim is to arrest the rising trend in prices of foodgrains and take all steps to see that the price index is not allowed to go beyond the present level.

He said that although foodgrain dealers had promised to cooperate fully with the Government to achieve the objective, they had pointed out that it might not be responsible for them to guarantee the good behaviour of every trader. Some times avarice to make easy money might induce some traders to profiteer. So they should have regulations and restrictions which would not give scope even for a misguided and avarcious few to misbehave.

MILITARY SCIENCE IN NEW VARSITY

The Mysore Government has a proposal for teaching military science in the Bangalore University, stated Education Minister Kanthi yesterday.

The Minister said that the demand for making NCC compulsory for girls could not be met on account of paucity of funds.

ACTION AGAINST OFFICIALS

Those Punjab Government officers who have been indicted by the Das Commission will either be prosecuted or proceeded against departmentally. The State Government has ordered an examination of the papers and files bearing on their conduct in obliging members of the Kairon family.

Shastri To Visit Villages

Prime Minister Shastri stated yesterday. "We have waited for long. It is time we go to the village ourselves. So far as I am concerned I propose to go without any pomp and show of a Prime Minister to a village and stay there for three or four days and get in real touch and contact with people".

Sri Shastri addressing Chief Ministers' conference referred to the lapse on the part of the officials in energising the villagers to produce more foodgrains. He felt that the officials were tied down to their desk and not maintaining personal contact with the villagers.

The Prime Minister asked the Secretaries to the Food and Agriculture Department to go round the villages and instead of "giving speeches or lectures, get in touch with the people" and create a new enthusiasm among them.

CIGARETTES MUST CARRY WARNING

The United States Government yesterday ordered that by next year all cigarette packets must contain a warning that cigarette smoking is dangerous and may 'cause death from cancer'.

US AND PAK RICE

Prime Minister Shastri announced yesterday that the United States Government had assured that it would continue to support the rice needs of India under PL 480 and had agreed to make available substantial quantities from the harvest in August.

He said a mission would be going to Pakistan in the next few days to negotiate for the purchase of rice.

He thanked both the US and Pakistan for responding so well and so promptly to India's request.

32 PSP Joining Congress

Mysore, June 26

32 members of the Praja-Socialist Party including one MP, 13 MLAs and one MLC belonging to Mysore State will join the Indian National Congress, on June 29 at a function to be held at Bangalore in the presence of the Chief Minister and the PCC President.

In Mysore City, Sri K. Viswanath is joining the Congress.

Sri Gurupadaswamy, MP revealing this to newsmen yesterday stated that in the State, the percentage of PSP joining the Congress would be 80 and the all-India figure was 40 to 45 per cent.

He said that in this crucial time after the death of Nehru, they decided that all Socialists should join under one banner in the Lucknow Convention.

Sri Gurupadaswamy predicted that the PSP-Socialist merger, Samyukta Socialist Party, will not survive long as it had no clear-cut democratic socialistic policies.

Land Reforms By Third Plan End

The Land Reforms Implementation Committee which met yesterday at Delhi felt that whatever was done in connection with land reforms should be completed by the end of the Third Plan so that uncertainty among farmers no longer continued.

It was agreed that the next two years should be utilised to complete the process of land reforms, giving the tiller security of tenure and enabling him to reap fully the benefits of the investment made by him in agricultural production.

The committee suggested that each State should appoint a special officer and staff to implement the programme; there should be a high-level committee in each State to review the progress of implementation periodically and it should be ensured that the tenant-cultivators are provided necessary financial assistance to enable them to participate fully in the production programmes.

Enough Food Stocks

P.M. WARNS TRADE

Prime Minister Shastri assured the country yesterday that there was no need for alarm over the food situation.

Sri Shastri declared that for the next two years there will be absolutely no difficulty in supplying adequate quantities of foodgrains, both wheat and rice, to the States.

The Prime Minister warned the traders of the consequences if they did not realise their responsibility in the present situation. The Government would not allow them to play with the lives of the people.

He said the situation in the States was 'undoubtedly very difficult'. But a good deal of rumour has been spread that there was complete shortage of both wheat and rice. He asked the Chief Ministers to remove that doubt and suspicion from the minds of the people.

He said maximum prices for foodgrains should be fixed so that they could take action against traders or hoarders who did not comply with the directions of the Government.

Dasara Exhibition At Outside City

Mysore, June 29

Chief Minister Nijalingappa stated here on Saturday that the present exhibition buildings would be handed over to the medical department.

He said that the mikes, blaring from the exhibition buildings, would be a great nuisance to the patients in the hospitals and assured that in the future exhibition would be held in the outskirts of the city.

The Chief Minister was speaking when he declared open the women and children's block in the Chaluvamba Hospital, constructed at a cost of Rs. 8.5 lakhs.

He deprecated the unethical practice of some doctors giving distilled water injections to make money. 'Such doctors deserved to be sent to jail'. He called upon the doctors to be compassionate and humane towards the patients.

Sri Nijalingappa expressed himself strongly against the practice of employing male nurses in the hospitals. Women were eminently suited for the job as they were endowed with qualities of compassion and pity.

Health Minister Nagappa Alva, who presided, deprecated the rich and privileged sections of the people taking advantage of facilities of free Government hospitals. It was painful to see the rich class enjoying those facilities denying the poor because of their influence. Because of this bad practice institutions were getting a bad name.

He stressed that child and maternity care should be given top priority in the scheme of medical programme. He said that 50 per cent of women and children did not have medical facilities. It was the Government's bounden duty to provide them with nutritious food.

Dr. Alva called upon the doctors to have humane approach in dealing with patients. He said the Government would encourage those doctors who worked conscientiously.

Dr. J. J. Dharmaraj, Dean, welcoming the gathering pleaded for the improvement of the outpatient department of K. R. Hospital, where the daily attendance had increased to 2,400.

Dr. Jayalakshmi Iyer proposed a vote of thanks.

PM Progressing

His temperature has come down to normal. Medical check up had shown that his condition is satisfactory. The doctors are satisfied with Shastri's progress but insisted on his continuing to take complete rest.

Cement Racket Unearthed

The police have unearthed a cement racket operating from the last 20 years in Gaya.

In each of the ten houses searched police found miniature factories used for adulteration of cement. 3000 bags of adulterated cement, some machinery and about 10000 empty gunny bags were seized. Four persons had been taken into custody.

Police said they suspected that a gang was operating a cement adulteration racket for the last 20 years with headquarters in Gaya with agents all over Bihar.

A type of earth similar in appearance to cement known as reh is available in abundance near Gaya and this was mixed in cement.

LONGEST ROAD BRIDGE

Sri N. Sanjiva Reddy, Minister of Steel and Mines, declared open the longest road bridge constructed so far in India, on Sunday, at a cost of Rs. 186 lakhs.

Stretching 7,392 feet across the Mahanadi near Cuttack, the bridge has 45 main spans of 162 feet each and two end spans of 61 feet each. On either side, there are foot paths 5 feet in width. The bridge is designed to carry modern heavy loads and to provide for double line traffic. The bridge is a vital link in the Calcutta-Madras National Highway.

CM Warns Foodgrain Dealers

Mysore, June 29

Chief Minister Nijalingappa on Saturday warned the foodgrain dealers that if they did not behave, they would be dealt with appropriately. Profiteers and exploiters would be treated as 'traitors'. He did not mean that merchants should not make profits but such profits should be reasonable and the trade should not exploit poor at this critical situation.

Speaking at the opening ceremony of women and children's block at Chaluvamba Hospital, the Chief Minister said that he had won a big battle in Delhi by securing the abolition of the levy on the movement of foodgrains. This would considerably ease the foodgrains situation in the country.

DROUGHT HITS 12 DISTRICTS

Rs. 80 LAKHS GIVEN FOR RELIEF WORKS

Bangalore, June 30

Over 75 lakh people in 12 out of 20 districts in the Mysore State are hit on account of failure of rains.

Barring Bangalore Rural and Urban, Mandya, Tumkur, South and North Canara, Chickmagalur and Coorg districts, where the conditions are sastisfactory, the position in other districts is bad and unsatisfactory.

Unemployment is the main problem facing the rural population consequent on the agricultural operations being retarded and the resultant loss of purchasing power by the majority of the people hard hit.

The districts of Gulbarga, Raichur, Bidar, Belgaum and Bijapur and parts of Dharwar, Kolar, Chitradurga, Shimoga, Bellary, Mysore and Hassan have been officially considered affected by failure of rains.

Government has placed at the disposal of the Divisional Commissioners for takkavi and other loan assistance Rs. 49 lakhs and for relief work Rs. 29.27 lakhs, apart from making available to the Deputy Commissioners Rs. 7 lakhs for grant-in-aid to local bodies for relief work.

Instructions have been issued to the Deputy Commissioners to secure foodgrains from co-operatives, millers, and stockists and make them available to needy areas.

In Mysore district, the affected taluks are Gundlupet, Chamarajanagar, Mysore and Kollegal. Relief works are being organised in these areas.

KIST COLLECTION SUSPENDED

C. M. ANNOUNCES RELIEF WORKS

Bangalore, July 3

Chief Minister Nijalingappa announced in the Assembly yesterday that the Government has decided to suspend the collection of land revenue, surcharge and recoveries towards taccavi loans throughout the State. This, he said would give some relief to those who had been hit hard by delayed rains.

The Chief Minister said that Mysore is really facing a crisis in the food situation and added that the situation should be tackled on three fronts-increasing food production,improving purchasing power of the people and holding the price line.

He announced the immediate execution of works like digging channels, repairing tanks and such other works designed to improve the purchasing power of agricultural labour in the drought-stricken areas. He stated that the Government would transport through departmental lorries fodder to scarcity areas.

Mysore, he said, produced commercial crops like coffee,silk and oilseeds but in the matter of food production, the position would not improve until the State increased its area under irrigation. Mysore occupied the bottom ladder in the all-India irrigation picture.

The Government, he said, had prepared itself to meet the situation by augmenting food supplies to the tune of three lakh pallas.

CENTRE'S AID

Revenue Minister Krishnappa told the Assembly that the Union Government had given Rs. 35 crores last month as additional financial assistance to the State for minor irrigation.

He said the amount would be utilised to complete all the 17,000 incomplete irrigation wells, to construct tanks, to install electric pumps and other minor irrigation schemes. Sri Krishnappa said the movement of grains had already begun from Avadi and Calicut by road and rail. Arrangements had been made to supply wheat by lorries from Avadi to Bangalore, Mysore, Gulbarga, Bijapur, Belgaum, Raichur and other places. Movement of one lakh pallas of rice had begun from Calicut to Mangalore.

SQUEEZE INDIANS' POLICY

The Ceylon Governor-General, Mr. William Gopallawa yesterday outlined a series of measures that will affect Indians in Ceylon, when he addressed the new session of Ceylon Parliament.

These included the decision to entrust the import of all essential goods to the proposed State Trading Corporation and Ceylonisation of the rest of the trade, legislation to control acqusition of land by non-Ceylonese and ensuring priority to Ceylonese in employment.

HOARDERS WILL BE RUTHLESSLY DEALT WITH

FOOD MINISTER'S WARNING

Union Food Minister Subramaniam yesterday warned that flagrant cases of hoarding of foodgrains by traders would have to be dealt with 'ruthlessly' so that a better atmosphere could be brought about.

He told a press cenference that the supply position in regard to rice and wheat in the deficit States had improved. The price situation in several States had considerably improved as a result of the decisions taken at the Chief Ministers' Conference.

The Food Minister announced that the Government was getting machinery for six units of rice mills in the public and co-operative sector immediately. A team was leaving for West Germany, Italy and Japan on July 16. The first of the units would be set up in Tanjore (Madras). Two other units would be established in West Godavari (Andhra Pradesh) and Shahababad (Bihar).

Sri Subramaniam declared that a remunerative price for the producer 'is going to be my basic policy' because that was the only way to increase production. The price policy would be evolved by an expert body.

He said he was working out details of the proposed foodgrains trading corporation and hoped to place before the Union Cabinet before long.

ANCILLARY INDS. UNITS

Bangalore, July 4

There is great scope for starting 35 ancillary industrial units in Mysore State and particularly in the Bangalore area in the State. This is according to a report of the Regional Sub-committee for Bangalore of the Ancillary Industries Development Committee set up by the Union Government.

HIGH COURT JUDGES

Bangalore, July 4

Sri M. Santesh, Senior Government Pleader, has been appointed as Additional Judge of the Mysore High Court.

Sri Justice K.R. Gopivallabha Iyengar has been made a Permanent Judge of the Mysore High Court.

LAND REFORMS ACT

Revenue Minister Krishnappa informed the Mysore Assembly yesterday that the Land Reforms Act will be enforced in the State on an appointed day at the end of this year.

Full Rights To Negroes

President Johnson of the United States yesterday signed the Civil Rights Bill, which gives the Negro equal rights before law in all the 50 States of the Union.

The President announced he was taking immediate steps to implement the Bill. The first act, he said, was the appointment of Mr. Leroy Collins, former Governor of Florida, to be the Director of Community Relations under the new Act.

INVESTMENT CLIMATE BLEAK

Union Finance Minister Krishnamachri yesterday conceded that, in the investment climate prevailing in India at present there was some room for concern.

But it was no use arguing as some people did, that a reduction of taxation, greater incentives to the private sector or Government giving up its determination to pursue socialist objectives would 'do the trick' and revive the capital market. In fact, he said the recent budget had made large concession to the private sector and some concessions to earned incomes.

He said that any serious study of the situation must go deeper and analyse the various factors which have contributed to the present situation.

Private Medical Colleges To Be Taken Over

The States will take over the private medical colleges during the fourth plan.

The reasons which have impelled the Union Government to take decision are the undesirable practices adopted by them which have tended to lower the standards of the graduate passing through them and also the public complaints about them. One such practice is that of charging capitation fee which goes as high as Rs. 15,000. In return for this, the colleges register the names of the young ones of the donors.

Land Tax Rise Opposed

Mysore, July 6

The Mysore Taluk Ryots' Conference, meeting here on Saturday, strongly opposed the proposed enhancement of land revenue and called upon the peasants all over the State to fight unitedly against the unjust proposal. It urged that on no account should the present taxation level be increased.

The conference viewed with grave concern the grevelance of drought conditions in Mysore Taluk and urged the Government to declare the entire Taluk as famine-affected area and provide relief measures, including cancellation of land revenue collections for this year.

Sri H. K. Veeranna Gowda, former Minister inaugurated the conference. Sri S. Channiah, MLC presided.

10-YEAR FOOD OUTPUT PLAN

Union Food Minister Subramaniam stated yesterday that a 10-year agricultural development plan could make the country self sufficient in food, provided fertilisers and pesticides were made available.

He said that he had every hope that the revised target of 90 million tons of food production would be achieved by the end of the Third Plan.

Food Traders Warned

Union Food Minister Subramaniam yesterday warned that private traders in foodgrains in the country would have no future if they went on exploiting the people.

He told them 'If you do not discipline yourself and if you go on exploiting the people, the Government, if not today, in the very near future, will nationalise the entire trade'.

The Minister said he wanted the traders to look at the position of the large majority of the people with meagre fixed income. Their budgets were all thrown to the winds when the prices of food articles went up all of a sudden and created a serious situation for them.

A civilised Government, he said, had got to see that such situations did not arise.

Sri Subramaniam said that on the behaviour of the trade in the next two or three months would depend the nature of the Government's action to bring prices under control.

He told the Andhra foodgrain dealers that he had taken the Southern Zone as an experimental ground. He appealed to them in the name of the millions of people in this zone to behave well and to make available to the people foodgrains at reasonable prices.

The Minister said that even few black sheep among them create difficulties. 'If you are not able to control this black sheep, we will have to step in to control them. The Government will not be found wanting. We will take ruthless action if the community is exploited. It is your responsibility to expose the black sheep'.

STOP PROFITEERING

FOOD TRADERS WARNED

Bangalore, July 8

Sri C. Subramaniam, the Union Food Minister yesterday warned the foodgrain dealers that unless they disciplined themselves and stop prefiteering in foodgrains taking advantage of the prosent artificial scracity, the Government would invoke the provisions under the Defence of India Rules and the Indian Penal Code to deal with them sternly.

He told the traders that they had three months time from now to mend their ways and behave. They had an opportunity to play fair in the time till the next harvest. If they did not rise to the occasion, the Government would resort to alternative schemes to distribute foodgrains to the people.

The Union Food Minister declared: 'Either profiteering breaks or I break'. He added: 'I am determined to crush this tendency. Let me tell you the task is not as difficult as it is imagined. The Central Government will be able to control the runaway situation'.

Sri Subramaniam said: 'Today I have come to ask you whether you want to act as a reasonable line of communication between the producer and the consumer or whether you are forcing me to take other and drastic steps. The decision is entirely in your hands'. The traders would court disaster at the hands of the exploited millions if they continued their game, he warned.

Punjab CM Declares Assets

Sri Ram Kishan, the new Punjab Chief Minister stated yesterday that he had declared his assets to the Congress President, before accepting office. He had also requested his Cabinet colleagues to declare their assets.

He had told members of his family 'to keep themselves aloof from administrative matters'. For his part, he would have no direct or indirect connections with industrialists and business magnates. For official work, they would have to approach him through regular channels.

Relief To House-Owners Urged

Mysore, July 8

The Municipal Council which met yesterday voted down a resolution of Sri M.N. Thimmiah, moved by Sri Chikkarangappa. The resolution expressed concern over the City Improvement Trust Board for not taking any relief measures to the householders affected by the formation of a straight road from the New Statue Circle to the Public Offices and urged on the Trust Board to immediately implement the sugeestions made by the State Government like construction of multi-storeyed building, allotment of sites on priority etc.

Sri L. Chikkarangappa and Sri Vedantha Hemmige said that it was unfortunate that house-owners had not been provided alternative sites or houses. They urged for a survey and allotment of sites in the same place or elsewhere at cheaper rates.

Sri Dodda Thimmiah and Sri Abdul Gaffar refuting the Opposition charges said that the Trust Board had given preference in allotment of sites and houses for those people and sites were allotted at a no-profit-no-loss basis of Rs. 6 to 8.

The resolution was put to vote and 2 voted for and 11 against.

President Soundaramma replying to an interpellation of Sri M.N. Thimmiah said that a cement mixer purchased in 1961 for Rs. 7,500 went out of order in Nov. 1963. It was repaired at a cost of about Rs. 4,000. Even after the repairs, due to mechanical defect, it could not be made use of and it was still lying idle even after 7 months.

Seminar On Indian Civilization Ends

Mysore, July 9

Dr. K.L. Shrimali, Vice-Chancellor of the Mysore University delivering valedictory address of the 16-day seminar of the Institute in Indian Civilization, here yesterday, said that such seminars would remove diversity and widen the area of agreement for better understanding of other cultures and civilizations.

18 American Professors participated in the seminar.

The Vice-Chancellor said that India was experimenting in democracy though some of the neighbouring countries had given up. There was an earnest desire that 'we wish to be friendly with all the countries'.

Dr. Shrimali hoped that there would be a better understanding of Nehru in America. The very fact that after Nehru's death, the transition took place smoothly and peacefully showed that seeds of democracy had been shown and was moving firmly in India.

Earlier, Prof. K. B. Y. Thotappa, presented a report.

Miss Elizabeth Monroe and Mr. Herman Ruether spoke.

Dr. William David announced a contribution of Rs. 170 to the Nehru Memorial Fund from his colleagues.

The Vice-Chancellor earlier entertained the delegates to Tea at his residence.

40000 TANKS NEED RENOVATION

The Irrigation Team of the Committee on Plan Projects in a note to the Planning Commission, has pointed out that the number of semi-efficient irrigation tanks needed renovation in different parts of the country runs into tens of thousands.

In Mysore State alone, there were about 40,000 such tanks, where renovation cost is estimated to be Rs. eight crores, it said.

Pesticides Finds At CFTRI

Mysore, July 9

"Every year India loses about 10 million tonnes of foodgrains and other food products due to the attacks of insects, moulds, rats and several pests. The food deficit of the country is reckoned at about 5 million tonnes, and it follows therefore, that evolution of scientific methods for destroying these pests of food products and grains, will help considerably in the food problem", said Dr.H.A.B. Parpia, Director, CFTRI, addressing a press conference yesterday. He said "work in Institute has lead not only to solutions for post-proof storage of various food products and commodities, but also lead to their practical application to enhance the food resources and economy of the country".

The Director said a special formulation called Durobase, comprising DDT, Malathion and Lindane (which can now be produced in the country, as a result of the work of the CFTRI) has been developed. This formulation has to be sprayed, as a coat, over the fumigated stocks.

This twin treatment of initial fumigation followed by Durobase spray, is being regularly applied today by several organizations in the country including the Defence, Export Promotion Councils, and the Coffee Board. The Durofume treatment costs about 60 P. per tonne, and helps in the safe storage of the treated commodity for one year. A process developed by the Institute makes it easy to make gunny bags insect-proof; the bags are sprayed with an insecticidal emulsion and then dried. The cost of this treatment works out to 9 P. per bag.

Dr. Parpia said the Institute has every year two training programmes for the benefit of representatives of the industry, State and Government representatives as well as pest control services in the country. Already training has been provided for over 80 operators and supervisory staff of pest control services. Yet another significant contribution of the Institute has been the starting of ten new pest control services operating in Bangalore, Salem, Calcutta, Cochin, Bombay and other parts of the country.

No Starvation Deaths

There has not been a single starvation death during the present scarcity in Mysore State, according to Revenue Minister Krishnappa.

He told the Legislative Council that the photographs of alleged starvation victims published in a section of the papers were those of some lepers, who incidentally, were still alive.

8 KILLED IN EXPLOSION

Eight persons including five boys were killed and two others injured in an explosion in a hut at Aurangabad where fireworks were being manufactured illegally.

Large stocks of gunpowder stocked inside the hut blew up a dozen huts around and the roof of a near by building also shattered. The victims were inside the hut when the explosion occurred and the bodies had blown to pieces.

3 KILLED IN HOUSE COLLAPSE

Three workers including two women were killed and seven injured, when the front portion of a two-storeyed building under construction collapsed yesterday in Thana, near Bombay.

INTERNATIONAL STUDENTS' HOUSE

Bangalore Varsity Born

Bangalore, July 11

The fourth University in Mysore State, the new Bangalore University, was born yesterday when the Union Education Minister Sri Chagla formally declared open at the Town-hall.

The new university will have 27 constituent colleges in the city area with a total student strength of 25,000. The Century-old Central College forms the nucleus of the university as a post-graduate research institution, with a number of technical and professional colleges, arts, science, commerce and law colleges forming part of it.

Sri Chagla said that he could not think of any other place in India better suited for the location of a university than Bangalore which had an excellent academic and scholastic atmosphere and where there already existed a nucleus for higher education.

While he could not commit himself to the Centre taking over the University, as desired by the State Government, he assured he would take a parental interest in its progress. The Centre's taking over would entirely depend on the record of the new university, the standards and the atmosphere it would set up.

The Union Minister admitted the injustice done to the South in not allotting to it a Central University while there were quite a few of them in the North. It was high time this wrong was duly corrected.

Sri Chagla set a number of important tasks for the new university-striking a balance between science and technology the humanities, and between the demands of a modern age and the country's ancient heritage and mutual tolerance and the art of living together with people of different climes, norms and temperaments.

He said the new university should concentrate on post-graduate education and research. It should achieve national integration by practical means and throw open its doors not only to students but also to teachers and professors from all over the country. Retention of autonomy was very essential, he added.

NEW VARSITY REGISTRAR

The Chancellor of the Bangalore University has appointed Sri P. Mallikarjunappa as the Registrar of the new Bangalore University.

BANGALORE VARSITY VICE CHANCELLOR

Prof. M. S. Thacker, member of the Planning Commission, has accepted to be the Vice-Chancellor of the Bangalore University.

OPPOSITION PARTY TO JOIN SSP

As many as 20 Opposition members in Mysore Assembly might join the Samyukta Socialist Party before the winter session of the Assembly.

Seven members of the Maharashtra Ekikaran Samiti will join the SSP. Similarly the members of the Peasants and Workers' Party will also join the party.

GRAINSHOP WEEK

The working committee of the All-India Railwaymen's Federation has called upon railwaymen to observe 'grainshop week' from August 9 to 15.

At its meeting held in Bombay, the committee demanded subsidised grain-shops for railwaymen.

DACOIT MENACE

Home Minister Patil told the Mysore Assembly that Mysore, Andhra and Maharashtra Governments were jointly taking steps to put an end to the dacoit menace on Mysore State's border along Gulbarga district.

EVENING CLASSES

Union Education Minister Chagla yesterday advocated evening colleges and correspondence courses in the universities to enable the gift of higher education to reach everyone who desired it.

Such courses, he said, had proved great success in advanced countries like the United States, the United Kingdom and Soviet Russia.

COMMON POWER GIRD FOR SOUTH

Sri J. V. Narasinga Rao, Chairman of the Southern Regional Electricity Board stated yesterday at Bangalore (when a common power board for four Southern States was inaugurated) that it had been estimated that under the common gird by the Third Plan end, the maximum demand on overall would be reduced by 106 mw. There would be also a saving of 146 mw. through reduction in stand-by capacity. The total saving thus would be 252 mw. The financial saving would be about Rs. 21 crores and the saving in annual operating cost Rs. 2.5 crores.

CO-OP. FARMING

The Mysore Assembly was informed by Cooperation Minister Hegde that 26, 441 acres had come under 279 co-operatives with a total membership of 7,507. About 90 to 95 per cent of the societies had been audited.

He said the Government proposed to convert these cooperatives into composite societies to enable them undertake activities allied to agriculture like poultry and animal husbandry.

Sri Ram Kishan, Punjab Chief Minister yesterday sprang a surprise when he paid courtesy calls to various localities in Jullunder in a hired rickshaw.

Abandoning his car at the rest house, the Chief Minister, to the astonishment of his personal and security staff, ordered for a rickshaw to visit these areas in heavy rains. He spent two hours visiting acquaintance and listening to the poor before leaving for Chandigarh.

SOUTH WILL FIX HINDI'S FATE

Delivering the Convocation address of the Mysore Hindi Prachara Parishat at Bangalore yesterday, Union Education Minister Chagla said 'it will be the South that will determine the fate of Hindi and not the North'.

He said any attempt at domination or compulsion would only harm the cause of Hindi. Hindi protaganists should get the willing consent of the South to Hindi becoming the national language

Sri Chagla reiterated his stand on the position of English which was the link language in India. 'Some day we hope to bring about a result when our own national language may replace English but the day is still very distant'.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace Road Mysore.

Dedication Pledge

Union Education Minister Chagla has suggested students and teachers should take a pledge to dedicate themselves to the ideals of the late Nehru.

The pledge reads: 'In memory of our departed revered leader, Jawaharlal Nehru, and as a memorial to his sacred memory, we, the undersigned students of-take this solemen pledge that we shall always follow his noble ideals, love our country with all our mind and hearts, serve her to the best of our ability, work towards the amelioration of the conditions of life of our fellowmen without difference of caste or creed, promote peace, harmony and goodwill, truthfulness and honesty. In short do all that was nearst to the heart of our great leader'.

INDIA READY FOR TALKS WITH PAK

India's Finance Minister Krishnamachari told the Commonwealth Prime Ministers' Conference, yesterday at London, that though Kashmir was legally her territory, India was prepared to have talks with Pakistan to see how the differences on that question would be solved.

He said that Kashmir was not a fit subject to be raised at the conference.

Sri Krishnamachari said legally Kashmir was an integral part of India. However, India was willing to discuss Kashmir and other Indo-Pakistan problems and settle them peacefully. In this connection, he referred to the meeting of the Home Ministers of both the countries and hoped they would meet again. At the same time, he said, Kashmir was a complicated problem and could not be solved over night. His Government would nevertheless strive to make progress in solving it.

CIVIC CHIEF EXPLAINS

Mysore, July 13

Smt. Soundaramma Venkatesh, Municipal President, stated here yesterday that the first stage of the Water Supply scheme costing Rs. 30 lakhs including laying of duplicate pipe lines had been completed and the second stage costing Rs. 40 lakhs which includes supply of complete filtered water had been sanctioned.

She was speaking at a Press Meet yesterday.

Smt. Soundaramma said that there were separate water su ply schemes for Vontikoppal costing Rs. 6 lakhs which will be taken up in two stages, Rs. 3.26 lakhs for Manasagangotri, which will be completed within a month, Rs. 8.82 lakhs for Eastern Zone, Rs. 68,100 for Ittigegud and Rs. 47,500 for Jalapuri.

23 works for putting sub-mines costing Rs. 66,000 had also been sanctioned.

Speaking about the new constructions by the municipality, the Civic Chief said a building would be constructed at a cost of Rs. 14 42 lakhs in the present tonga stand in Sayaji Rao Road. Another building would come up at a cost of Rs. 5.2 lakhs in Dhanvantry road.

She said that in order to avoid traffic congestion, the present mofussil bus stand would be shifted to a better place. Rs. 10,000 had been sanctioned for putting up mercury lamps in important roads.

Four dhobi ghats would be constructed in the city including one each in Nazarbad, Race course and Yadavagiri, she added.

Admitting that there were complaints regarding the recent revision of tax on houses, she said that the revision had been done by the Inspectors from the Divisional Commissioner's Office and it could be only reconsidered if the public applied for reconsideration.

Speaking about other amenities, Smt. Soundaramma said that underground drainage facility in Vontikoppal would be available within two months. The work on the third outfall in Saraswathipuram was in progress.

30 sites had been allotted for the municipal employees and a co-operative society would be established soon for them. Rs. 3.39 lakhs had been sanctioned during her period for development of roads in the city. A provision of Rs. 1 lakh had been made for school buildings in Kannegowdana Koppal and Nazarbad.

About the Stadium, she said that the land had not been yet transferred to the Municipality and hence the work could not be started. She disclosed that the Mysore University would soon construct a Stadium near Manasagangotri.

The Municipal President said the City Improvement Trust Board was laying out new extensions on all the four sides of the city.

She also disclosed that the people of Oklohama in the United States had shown desire to make Mysore as their sister-city.

Sri Agaram Rangiah welcomed the President and Sri K. Ramanna proposed a vote of thanks.

Medical Research Institutes

Union Health Minister Sushila Nayyar announced yesterday that the Dhanvantri College, Pondicherry will be upgraded as a regional institute of post-graduate medical education and research, named after Nehru.

Dr. Nayyar said this medical college was the first one in the country run and administered by the Government of India directly under the Ministry of Health and it would be the first of a chain of regional post-graduate medical training and research institutes in the country.

MAKE INSTITUTIONS EFFICIENT

President Radhakrishnan declared yesterday that it was no use merely adding to the number of institutions unless they made them efficient and progressive.

He hoped that the new college-Dhanvantri Medical College at Pondicherry, which he opened-would concentrate on specific problems and throw open new frontiers of knowledge.

The President said: 'It is my firm conviction that so far as sheer ability, mental resourcefulness and imaginative power are concerned, our students are not in any way inferior to students abroad. Yet contributions to the credit of the students are inconsiderable'.

Common Man Is More Honest

The President, Dr. Radhakrishnan stated yesterday at Pondicherry that he felt 'our common men have more basic honesty than politicians. The common man is not tormented by the ambitions which public men sometimes display.

'In recent times, we have had a transition in our own country when Prime Minister Nehru died. We were able to see how the minds of our politicians happened to work.'

'It is because our habits are irregular we are filled with greed. We are filled with personal ambition. We want to do the other man down. There is no limit to this ambition'.

A contented mind is therefore the greatest gift that one can have, the President said.

PLAYGROUNDS FOR SCHOOLS

The importance of providing playgrounds to schools has been emphasised by Union Education Minister Chagla in a circular letter to the Chief Ministers.

The Education Minister has deplored the tendency to open schools without making any provision for playground. This is something wrong as sports are important both for physical well-being and for character building.

He has promised to have a survey of the playgrounds attached to schools to be made in the Fourth Plan.

TEACHERS TO BE PUNISHED

Bangalore, July 14

Chief Minister Nijalingappa wanted that deterent punishment should be imposed on teachers for the poor results in the High Schools.

Referring to the poor performance in the recent SSLC examination in the Government high schools in old Mysore, he asked how was the performance of students in identical circumstances better in some of the integrated areas.

He said that if the record fell below 40 to 50 per cent, a surgical treatment was necessary.

BEWARE OF FRAUDS

President Radhakrishnan stated on Sunday that 'for everyone, sage or saint, there are a hundred frauds who pose as saints or sages'.

He said: 'Beware of these frauds and keep away from them'.

The President said it was not the sacred thread or orange robes which made man a monk. It was learning and renonciation.

BUILDING TAX REVENUE FOR LOCAL BODIES

Chief Minister Nijalingappa stated on Sunday that he was thinking of turning over the revenue from the building tax to local bodies to improve their financial position.

Over-Bridges For Mysore City

Bangalore, July 14

Sri K. Puttaswamy, Minister for Municipal Administration told the State Assembly that proposals were underway to construct an over-bridge near Medar's Block in Mysore City, another over-bridge near Jodi Thenginamara burial ground near city and a third one at Tiptur-Kerogodi Road.

SOUTH ZONE FOOD TALKS

Union Food Minister Subramaniam will have discussions with Food Ministers of Southern States today at Madras.

The main question for discussion is fixation of maximum prices for rice in the region.

The Central Government has asked the State Governments to take advance action during the remaining period of the Third Plan on some of the proposals for agricultural production which are under considerations for inclusion in the Fourth Plan.

VARSITY RESULTS

One-World Varsity T'hru TV

By the year 2,000 it is possible that Indian lecturers will lecture American students from India by a global educational television network, a leading American educator has forecast.

Mr. Robert T. Oliver of Pennsylvania has predicted revolutionary changes in present-day methods of educatoin as the imprint of the electronics age on education deepens.

He said it is conceivable that by then there will be just one, vast, all-inclusive Uniworld University.

CHINA-INDIA CLASH

President Ayub Khan of Pakistan stated yesterday that he believed the struggle between India and China could have been avoided.

He said he firmly believed this had been a limited struggle and he did not think China would use Tibet as a base for a major operation aimed at conquering India.

Mr. Ayub said that India embarking on considerable military expenditure was a self defeating policy. If the Chinese threat were a reality, the Indians should have cut their losses and should have come to terms with Pakistan because the sub-continent 'has to be defended as a whole by Pakistan and India'.

He said the question of Pakistan and India coming to terms was not a question of surrneder of either country. It was a question of survival of both countries.

6-Point Plan For C'wealth Prosperity

Sir Alec Douglas Home, the British Premier yesterday put forward a six a point plan aimed at bridging the gap between the rich and poor nations of the Commonwealth.

He made it clear that he would seek the help of the richer Commonwealth countries like Australia, Canada and New Zealand in the economic development of the poorer countries.

They are: 1. Britain proposed that technical aid projects should be sponsored by one country, but put into effect on a co-operative basis. The British Government was ready to make a substantial contribution and expected other Commonwealth Governments to join in giving help.

2. Britain was to boost its aid for higher education to five million sterling a year for the next five years and other countries were urged to add their countributions.

3. Britain would finance an institution for training public administrators.

4. Britain was ready to contribute half of the 250,000 sterling a year needed to set up a new body aimed at increasing contacts between doctors, lawyers and other professionalmen in the Commonwealth.

5. A Commonwealth medical conference should be held in autumn 1965 to pinpoint the areas where help was most needed.

6. More visits between Commonwealth parliamentarians should be encouraged.

PANIKKAR MEMORIAL LECTURE

Mysore, July 15

The Regional College of Education, here has decided to institute the 'Sardar Panikkar Memorial lecture series' every year to synchronise with its Foundation Day on August 1.

One-World Varsity T'hru TV

By the year 2,000 it is possible that Indian lecturers will lecture American students from India by a global educational television network, a leading American educator has forecast.

Mr. Robert T. Oliver of Pennsylvania has predicted revolutionary changes in present-day methods of educatoin as the imprint of the electronics age on education deepens.

He said it is conceivable that by then there will be just one, vast, all-inclusive Uniworld University.

CHINA-INDIA CLASH

President Ayub Khan of Pakistan stated yesterday that he believed the struggle between India and China could have been avoided.

He said he firmly believed this had been a limited struggle and he did not think China would use Tibet as a base for a major operation aimed at conquering India.

Mr. Ayub said that India embarking on considerable military expenditure was a self defeating policy. If the Chinese threat were a reality, the Indians should have cut their losses and should have come to terms with Pakistan because the sub-continent 'has to be defended as a whole by Pakistan and India'.

He said the question of Pakistan and India coming to terms was not a question of surrneder of either country. It was a question of survival of both countries.

GIVE UP SELF-INTEREST

President Radhakrishnan stated yesterday that self-interest should give place to service and opportunities for public good. 'If we realise that, we will have a better society', he said at Pondicherry.

He said it must be everyone's endeavour to make our society a better one than it happens to be. While people belonging to an affluent society suffered from the disease of affluence, 'our society suffers from the disease of poverty'.

6-Point Plan For C'wealth Prosperity

Sir Alec Doughlas Home, the British Premier yesterday put forward a six a point plan aimed at bridging the gap between the rich and poor nations of the Commonwealth.

He made it clear that he would seek the help of the richer Commonwealth countries like Australia, Canada and New Zealand in the economic development of the poorer countries.

They are: 1. Britain proposed that technical aid projects should be sponsored by one country, but put into effect on a cooperative basis. The British Government was ready to make a substantial contribution and expected other Commonwealth Governments to join in giving help.

2. Britain was to boost its aid for higher education to five million sterling a year for the next five years and other countries were urged to add their countributions.

3. Britain would finance an institution for training public administrators.

4. Britain was ready to contribute half of the 250,000 sterling a year needed to set up a new body aimed at increasing contacts between doctors, lawyers and other professionalmen in the Commonwealth.

5. A Commonwealth medical conference should be held in autumn 1965 to pinpoint the areas where help was most needed.

6. More visits between Commonwealth parliamentarians should be encouraged.

CM Rules Out Sharavathy Judicial Probe

Bangalore, July 16

Chief Minister Nijalingappa told the Assembly yesterday that he was convinced that there was no reason or basis for a judicial enquiry into the alleged irregularities in the execution of Sharavathy hydro-electric project.

Replying to the two-day debate on the White Paper on Sharavathy project, the Chief Minister said that no allegations of corruption or questioning the integrity or honesty of Government in any of its actions had been made by those who wanted the judicial enquiry.

He said: there was absolutely no doubt about the quality of work executed at Sharavathy. At every stage, the Central Government, which had been financing the project and the Central Water and Power Commission had been consulted apart from the Mysore experts.

The Chief Minister admitting that there was an element of 'haste' on the part of the Government over the project said, it was due to the Government's anxiety to hasten power production from the Sharavathy which was vital for the industrial development of the State.

Referring to criticisms by the Opposition, he said it would not be correct to impute motives to the Government for changing the designs and specifications of the Linganamakki Dam from a masonary dam to an earthen dam. The changes were warranted according to expert opinion by the nature of the terrain in the project and not to favour any contractor.

DECLARING OF ASSETS

Union Home Minister Nanda has suggested to the Congress President that it would be desirable for Central and State Ministers to file statements of their personal assets with the Government. At present, the practice is to disclose asssets to the All-India Congress Committee.

LOHIA-JP TALKS FAIL

The talks between the Sarvodaya leader, Sri Jayaprakash Narayan and Socialist leader, Dr. Ram Manohar Lohia, have failed to bring the two politically any nearer.

Dr. Lohia, it is stated, has not been able to persuade Sri Narayan to return to active politics, much less to accept the leadership of the Samyukta Socialist Party.

Sri Narayan told newsmen after his two-day talks with Dr. Lohia that 'as my thinking goes today, I am not interested in joining any political party.'

ENGLAND IS NO. 1 MORAL FORCE

England is the 'number one moral force' in the world today and not a second-rate power, according to Acharya Vinoba Bhave.

He has listed the following three instances in support of his view.

During the peak period of the two world wars, prices of commodities had shot up to five to seven times in all countries. But in England there was only 10 per cent rise. This clearly showed how the Government there was alive to public interests.

Again, the people of England entrusted the leadership of their country to Mr. Winston Churchill during the World War II but bade him farewell immediately his task was over.

Britain left India on the scheduled day after handing over power, though top leaders of India at that time requested her to prolong her stay for another six months.

These three things were possible for England only because of her moral force, he said.

KASHMIR DISPUTE

Sri Alec Doughlas-Home, British Premier stated yesterday that the Commonwealth Prime Ministers' Conference just ended did not discuss the Kashmir dispute. There was never any question of there being any conference discussion on the substance of the Kashmir dispute. He added that the meeting noticed 'the friendly public statements' made by the Indian and the Pakistani leaders.

Sri Krishnamachari, Indian leader had no other alternative but to accept the mention of public statements made by Sri Shastri and President Ayub Khan. However, he did point out that any mention of domestic or inter-Commonwealth disputes was a violation of convention at Commonwealth Prime Ministers' Conference. He also said this senteuce might do more harm than good.

This is the first time that any reference has been made to Indo-Pakistani problems in the official communique of the Commonwealth Prime Ministers' Conference.

Goldwater Chosen

The Republican Party of the United States yesterday nominated the controversial Senator from Arizona, Mr. Barry Goldwater, as its nominee for the U.S. Presidentship elections in November.

Mr. Goldwater won the nomination by a majority vote against his nearest rival, moderate Governor William Scranton of Pennsylvania.

The nomination of Mr. Goldwater had shocked the world.

Both Conservatives and Labour Parliament members of Britain have said that Goldwater's victory would be a real nightmare.

For the Soviet public it was a great shock.

Scientist Killed In Accident, Wife Jumps To Death

DOUBLE TRAGEDY AT BOMBAY

Double tragedy occurred at Bombay yesterday when a young scientist employed at the Atomic Energy Commission was killed during a laboratory experiment and his pregnant wife leapt to her death from a building some hours later.

The accident occurred while 28-year-old Promod Darbari, was conducting an experiment to produce high purity material for the production of scintillators. It happened as the experiment neared its end. Darbari removed a synthetic rubber bung from a vessel which caused the mixture to spurt into his face. He collapsed as a result of fumes and died.

26-year-old wife, Manjula, became delirious after seeing her husband's body in the hospital and early morning jumped out of a third floor flat of a building in Colaba. She died on the spot.

PUBLIC MEETING

Mysore, July 18

A public meeting will be held tomorrow at 6-30 p.m. in the Townhall maidan to protest against the irrational way of raising the house tax by the City Municipality and also of soaring prices of foodgrains. Dr. B.G. Das will preside.

Probe Into Municipal Affairs

OPPOSITION LEADER DEMANDS

Mysore, July 18

A thorough enquiry into the affairs of the City Municipality was demanded here yesterday by the Opposition leader Sri M.N. Thimmiah.

Speaking to the Pressmen, he alleged that there were many irregularities and the decisions of the Council had been over looked in many cases.

He said that there was no reasonable basis in the re-assessment of house tax. Any appeal to the Council would not benefit in any way, he added.

Sri Thimmiah said with regard to market rents party feeling had entered and the legal action by the Council was defective. There were heavy dues also.

The houses constructed for sweepers under the Slum Clearance Scheme had been given to some other workers and this had resulted in a loss. The purchase of bullocks without the carts had also resulted in a loss.

The Opposition leader said that she Sewage Farm with fertile 365 acres was fetching only Rs. 25,000 as profit. If the same was handed over to private persons, it would fetch atleast Rs. 3 lakhs.

Regarding the Stadium, he said the idea to give up the decision to construct theStadium by theMunicipality on the ground that the University would construct one, was ridiculous and contrary to the decision of the Council.

REORGANISATION OF LABOUR DEPT.

Bangalore, July 18

Finance Minister Jatti told the Legislative Council yesterday that the State Government was considering the question of reorganising theLabour Department by bifurcating the heavy divisions and amalgamating the light divisions, as there was a great imbalance in the work-load among the difereat divisions under the present set up.

10-POINT CODE FOR CONTRACTORS

The methods adopted by enscrupulous contractors 'to make the corruptible among the Government servants corrupt' have been highlighted by the Special Police Establishment in a note submitted to the Union Ministry.

If anti-corruption activities are to be successful, it is important to fight these unscrupulous agencies of corruption.

The SPE has suggsted a ten-point code of conduct for the contractors to follow.

Important among them are: strictly abide by the terms of the contract; do not entertain officers or provide free facilities on their tours and if this cannot be avoided, maintain detailed and correct accounts, showing names of officers entertained; do not offer gift,; when injustice is done by official in awarding corctacts. do not hesittae to approch higher authorities and always have clean dealings and observe professional ethics.

LONDON COMMUNIQUE ATTACKED

Sri Raghunath Singh, Secretary of the Parliamentary Congress Party stated yesterday that several of his colleagues in the party had expressed their concern over the introduction of a reference to Indo Pakistan problems in theCommonwealth Prime Ministers' Conference communique which they regarded as not only a departure from the convention but 'an interference in the internal affairs of the country'.

This was aggravated by the absence of any reference to the Chinese aggression even though the subject had figured in the deliberations of the conference.

Sri Singh said he was awaiting the return of Sri Krishnamachari to fix a date for a meeting of the executive committee of the party to consider the issues raised in the communique.

CONCURRENCE TO EDUCATION

The Union Education Ministry is of the view that without amending the Constitution to make education a concurrent subject, a large measure of concurrence in practice between the Centre and States could be achieved.

There is a lot that the Centre can do through the centrally-sponsored schemes, particularly in secondary education. The State Education Ministers at their last conference subscribed to the doctorine of concurrence without agreeing to a constitutional change.

GOLDWATER TO FIGHT AGAINST REDS

Senator Barry Goldwater accepting the US Repulican presidential nomination has pledged for the 'flowering of Atlantic civilization, the whole of Europe reunited and free trading openly across its borders, communicating openly across the world'. He also assured that he would fight against communism which he had branded as the principal disturber of peace in the world today.

Panchayat Raj Slow Progress Blamed

The All-India Panchayat Raj Parishad Convention which concluded yesterday at Bangalore expressed its regret at the slow progress of the panchayat raj movement and in the enactment of the three-tier structure of democratic decentralisation in some States.

The conference also regretted the considerable delay and halting implementation in certainStates where such enactments had already been made.

It urged upon these defaulting States as well as the Union Ministry of Community Development to take necessary steps and see that enactment or implementation was fully carried out in every State at the latest by the end of March next year.

J.P.'S WARNING

SriJayaprakash Narayan, President of the Parishad in his concluding remarks warned the delegates that unless they saw to it that panchayat raj institutions functioned honestly and decently and learned to eschew jockeying for power, corruption and favouritism, all the powers given by Government to these institutions would be summarily withdrawn.

Unless the Parishad was successful in creating a healthy hunger for power and self-governance, Sri Jayaprakash said, the constant state of begging for responsibilities which the Parishad constantly founditself in would not carry it far.

Withdraw Building Tax Or Face Direct Action

CITY SSP WARNING TO GOVERNMENT

Mysore, July 20

The executive committee of the City Praja-Socialist and Socialist Parties met here yesterday under the chairmanship of Mr. Srikanta Sharma.

It constituted a 21-member adhoc committee with Messrs. B.K. Puttiah as General Secretary, R.G. Shamanna and M. Shivanna as joint secretaries and Govindiah as Treasurer.

The meeting expressed great concern over the soaring prices in foodgrains and urged the Government to take immediate steps to curb the rise in prices.

It strongly protested against the abnormal rising of house tax by the City Municipality. The meeting pointed out that such a high rise was unheard in the history of the City Municipality. It urged the Municipality to reduce the tax to the level of last year.

The meeting requested the Government to withdraw the Buildings Tax which was opposed by all sections of people and warned that if the Government did not respect the feelings of the people, the SSP would launch direct action.

Curb Rise In Food Prices

Sri S R. Vasavada, President of the National Federation of Indian Railwaymen addressing the eighth convention at Calcutta said the Centre should take immediate steps to curb the rise in prices of essential commodities. Otherwise, he warned, 'our entire economy is bound to be disturbed. Plan would fail and the efforts made during the last 15 years would come to naught'.

He asked the Government to put down with a firm hand profiteering and hoarding and also prevent speculation in foodgrains.

FIGHT AGAINST CORRUPTION

Union Home Minister Nanda stated yesterday that if all the social and political workers went out in right earnest and mobilised the support of the common man in the fight against corruption, his pledge to the nation to create a striking impression in this field could be achieved even within six months. He, however, added that in this task the support of millions of good people had to be enlisted.

Sri Nanda said that since corruption was a deep-rooted cancer in the society a multi-pronged attack was needed to be launched to eradicate this evil.

Biligiriranga & Mahadeswara Hills

Mysore, July 22

The Committee constituted by Government for the development of Sri Biligirirangaswamy Hills and Sri Mahadeswara Swamy Hills met on Saturday under the chairmanship of Sri R. Srinivasan, Divisional Commissioner.

The Committee decided to take up construction of seven cottages immediately, at B.R. Hills in addition to the construction of Mahadwara to the temple for which a sum of Rs. 50,000 had already been placed at the disposal of the Public Works Department by the temple authorities. A disel oil engine set for providing water supply on the Hills will be installed shortly. A survey of the area will be undertaken in connection with the permanent scheme of protected water supply which is estimated to cost Rs. 1.25 lakhs. The construction of electric transmission line to the top of the Hills ha been sanctioned at an estimated cost of Rs. 1.4 lakhs. The formation of the road from Yelandur to Biligirirangaswamy Hills via Gumballi has been taken up at a cost of Rs. 9.2 lakhs.

After the review of the progress of plans and estimates as per the Master Plan for Mahadeswara Hils approved by the Committee, it was dicided to take up immediately the construction of 10 cottages meeting the entire cost of construction initially out of the temple funds, subject to reimbursement fully or partly, as the donations come forth. The construction of electric transmission line to the top of the Hills is expected to be ready by the middle of September next. Collection of donations towards the water supply scheme costing Rs. 1.6 lakhs for providing water to pedestrians along the road from Talabetta, the foot of the Hills, has been started.

Hospital For Logopodics In City

Mysore, July 24

Chief Minister Nijalingappa disclosed here today that a hospital and a research centre for logopodics will be set up in Mysore City by the Union Education Ministry with the assistance of the United States.

He was speaking at the TownHall when he unveiled the portrait of Dr. Radhakrishnan, President of India.

The Chief Minister paid tributes to Dr. Radhakrishnan as a philosopher-statesman and said, as an American put it, "Dr. Radhakrishnan was not only the President of India but he was a guru for the whole world". He had a soft corner for Mysore, he added.

Referring to the several requests made by the City Municipal Council, the Chief Minister said that there was an urgent need for the supply of complete filtered water for the entire city and the Government was prepared to help the Municipality, provided the Municipality increased its resources. Here he said taxation in Mysore City was only 17 per cent and should be raised to 20 per cent.

Sri Nijalingappa also disclosed that there was a proposal to start a big paper mills near Nanjangud. But owing to dearth of good bamboo it had to be withheld. Here he said that the State Government, was proposing to spend Rs. 50 lakhs or one crore for raising good bamboo plantations in the State.

Earlier, Municipal President Soundaramma welcomed the Chief Minister.

Sri Abdul Gaffar, Vice-President, proposed a vote of thanks.

Relief Works

Mysore, July 23

Rs. 40,000 has been sanctioned for Gundlupet for relief works in scarcity areas and already 13 road works and 19 gokattes have been completed. Out of the five big irrigation works designed to feed 3,000 acres, costing over Rs. 42.55 crores, four are expected to be completed by June 1965. About 1,000 agricultural labourers are working on these projects.

In Chamarajnagar, 45 relief works have been taken up costing Rs. 28,000.

A sum of Rs. 3,000 would be provided for Chamarajanagar and Rs. 1,000 for Gundlupet taluk for procurement and distribution of fodder on a no-profit-no-loss basis, the Government subsidising transport cost.

Loans To Ryots T'bru Banks

PROPOSAL BEFORE GOVERNMENT

Mysore, July 23

Presiding over the Regulated Market Day here today Chief Minister Nijalingappa said that the Government will go out of the way in helping the ryots for producing more foodgrains.

He said although the Government had taken up many big irrigational projects, there was a need for small and medium irrigation projects. There was also a proposal to sink atleast one lakh wells in rural areas within 3 years for irrigation purpose, he added.

The Chief Minister said that our ryots were suffering owing to lack of availability of finance in time. So the Government was considering seriously to provide loans to ryots thorugh banks so that they could sink wells and buy necessary things.

He appealed to the ryots to take full advantage of these and grow more food.

Sri K Puttaswamy, Minister for Muninipal Administration, who presided, referred to the proposal of the Government to revise the land revenue. He said that he strongly criticised the move by some against the proposal and said instead of opposing the revision, the ryots should be advised to send their grievances to the Goverument.

Sri T Venkataramaniah, President, Regulated Market Committee, welcomed the gathering.

Centre Rushes Wheat To Bijapur

The Union Government is rushing wheat stocks to Bijapur district to stave off a food crisis. Chief Minister Nijalingappa had contacted the Union Food Ministry during the last two days on the distress condition in the area. The Food Ministry immediately directed the Regional Food Director to rush wheat stocks from Hyderabad and Visakapatnam depots to Bijapur, it is stated.

C. M. Visits Scarcity Areas

Mysore, July 24

Chief Minister Nijalingappa commenced his two-day visit to the scarcity areas in Mysore District yesterday. He visited Chamarajanagar and Gundlupet taluks.

In Begur, near Gundlupet, the people represented to him that wheat and rice was not available. The Chief Minister asked the Deputy Commissioner to arrange for distribution of goodgrains through co-operative societies.

He told the ryots that the land revuene surcharge and takkavi loan had been suspended for this year. They pleaded for a complete remission as it would be difficult for them to pay in lumpsum next year.

He was told that the rural water supply scheme for Begur had been completed with only two public taps. He asked the panchayats to increase their revenue from Rs. 2,000 to 4,000, when the people requested him for more taps.

He offered to start a high school at Begur if the people and taluk board came forward with Rs. 10,000. He also inspected the Kamrahalli tank, which would be completed by October this year at a cost of Rs. 13 lakhs and bring 700 acres under cultivation.

Big National Park

Mysore, July 24

The prospects of having a national park has brightened with Kerala contemplating to form a game sanctuary adjacent to Bandipur sanctuary. The Mudumalai sanctuary touches the Bandipur forest and with the addition of Kerala, each touching the other, a national park of sanctuaries could be formed.

The Chief Conservator of Forests, Sri N. S. Kaikini, announced this at a meeting of the State Wild Life Board, at Bandipur yesterday. Chief Minister Nijalingappa, Chairman of the Board, presided.

Charge-Sheet Not Received

SAYS NIJALINGAPPA

Mysore, July 25

Sri S. Nijalingappa, Chief Minister, when asked by Pressmen today about the charge-sheet against his Ministry, said that he had not received any copy of the same so far. All that he knew was that Sri Ramakrishna Prasad had approached him on July 22 and placed before him three complaints and the same were being looked into. But the Chief Minister declined to give details about those complaints.

He added that Sri Prasad also informed him that he had certain other complaints to place before him and he (the Chief Minister) had asked him to give details of the same. But so far he had not received them nor met him.

Asked whether there was any re-thinking about the enquiry into the Sharavathy project. The Chief Minister queried "What is there to enquire about".

He said that with all the handicaps, with heavy rains and the voluminous correspondence and inspections by the Central P. W. D. and considering the very huge investments he thought the Sharavathy project was one of the biggest projects on which the work was going on with fastest speed.

The Chief Minister, however, admitted that aribitration clause with contractors had landed the Government in difficulties. Suits and counter-suits were before the court.

Sri Nijalingappa said all complaints regarding corruption should be enquired into and the guilty should be punished. But the persons who gave false complaint should also be punished.

More Money For Relief Works

NEED FOR NEW RURAL LEADERSHIP

A large-scale growth of the Community Development agency in the Fourth Plan, which would have huge allocations for agriculture and other village development plans, was envisaged by Union Minister for Community Development Dey.

Presiding over a Conference of State Ministers of Community Development and Panchayat Raj at New Delhi, he said they would have to give the highest priority to agriculture in today's context and they would be judged by their success in facing this task.

Sri Dey said that the money meant for agricultural production programmes should not be diverted for other purposes.

Vice-President Zakir Hussain, who inaugurated the conference, pleaded for the toning up of the rural sector.

He said that functional leadership, which excelled in profession, must begin to assert itself if a new leadership was to germinate on the present feudal, caste and faction-ridden soil.

FEW CHARGES NEED PROBE

Congress President Kamaraj stated at Madras that 80 per cent of the complaints received about ministers and other leaders in the Congress were found to be baseless. The allegations against the Orissa Ministry made by the dissident group of Congressmen was under study, he added.

He said it was difficult to trace the people who sent the allegations if the IACC wanted to follow up the written complaints. He felt that these letters were written under fictitious names.

INDUSTRIALISATION OF MYSORE CITY

PROBLEMS DISCUSSED

Mysore, July 27

Industries Minister Mallappa yesterday asked industrialists to make use of all the raw materials available in Mysore district. While assuring all help for starting new industries, he said that there should not be centralisation of industries in one place.

He was inaugurating a forum on problems relating to industrialisation of Mysore City, organised by the Chamber of Commerce and Industries, Mysore.

Sri F. K. Irani, Chamber President, welcomed the gathering.

Sri M.D. Shivananjappa, Managing Director of Bhadrvathi Iron and Steel Works, suggested the Chamber to set up an expert committee to find out the feasibilities of starting new industries. He said that Mysore District was rich in minerals and forest wealth and these should be utilised properly.

Sri M. S. V. Raghavan said that with the collaboration of Germany, a chip-board industry would be started in Mysore City by August 15. Along with this an allied chemical industry would also be established. He urged that small cement plants on the lines of Japan should be started in Mysore City as plenty, of lime-stones was available in the district.

Stressing the utmost need for air linking Mysore City, he said, with the expansion of industries, Mysore City had potential for air traffic. He also pleaded for the State Government to set up an industrial aid council to help the entrepreneurs.

Sri B. Narayanaswamy, Chairman an of Improvement Trust Board and Smt. Soundaramma Venkatesh, Municipal President, assured all possible facilities like land and water for starting industries.

The Chairman of the Trust Board said that 12-lakh square yards of land had been laid out in the south of the city where heavy industries could be started.

Sri R.Vasudeva Murthy urged that the Government should help the rice-bran oil industry for securing quality bran from the hundreds of rice mills.

Messrs. M.G.Gurupadaswamy, MP, Sitharunathan, Divisional Superintendent of Southern Railways, Raghunatha Rao and Narasimha Iyengar also spoke.

Sri K. Puttaswamy, Minister for Municipal Administration, who presided said that the civic body and the trust board should help in the process of industrialisation by offering facilities like land and water. As regards the plea for abolition of octroi, he said the Government had proposed to set up a committee to go into the question.

Sri M.B. Basaviah. proposed a vote of thanks.

Absolutely False Charges

SAYS NIJALINGAPPA

Bangalore, July 27

Chief Minister Nijalingappa described as 'absolutely false' the allegations made against him and his Cabinet colleageus by some Congress legislators.

He told newsmen yesterday that he had gone into the list of charges distributed to newsmen by Sri Prasad. 'I Must say that, on the face of them, the allegations made against me and my colleagues are not only mala fide and actuated by very questionable motives but are absolutely false'.

He added 'whoever is responsible for this has indulged in unadulterated lies'.

Remarking that mud-slinging and character assassination had been going on for some time by some interested parties, he said those responsible wanted something to stick to the present Ministry.

The Chief Minister and the Revenue Minister, Sri Krishnappa who was present, stated that they had been declaring their assets to the AICC periodically. They had nothing to hide and it was for anyone, including newsmen, if they were interested, to enquire about them.

Sri Nijalingappa said: 'speaking for myself, I may tell you that I have in my life never used my influence or power toplace myself in better conditions, nor anybody related to me. I can, with my conscience, say that I have not made a single paisa either for myself or allowed to my knowledge anybody who is related to me to make money.'

Revenue Minister Krishnapa challenged the dissident partymen to prove their charges that he had amassed wealth and also adopted irregular procedures in making land grant.

(i) Name and address of the applicant ;

(ii) Place of residence ;

(iii) Particulars of property owned in Mysore City or elsewhere and the value thereof certified by an Officer not below the rank of a Tahsildar ;

(iv) Particulars of the Room or Rooms, Shop or Shops applied for ;

(v) Kind of business for which the room or rooms, shop or shops are required ;

(vi) Details of the equipment with which the shop or shops, room or rooms is going to be furnished ;

(vii) Rate of monthly rent offered for the room or rooms or shop or shops.

(4) The sealed tender should be superscribed as follows :—

"TENDER FOR Room (s) Shop (s) bearing No. (s) located on the First or Ground Floor of the New Municipal Buildings constructed in the New Statue Square, Mysore." and should be addressed to the Commissioner, City Municipal Council, Mysore.

(5) The tenders should be accompanied by a money order coupon or a chellan for having credited in cash at the Municipal Treasury, earnest money as detailed below in respect of each room :—

	EARNEST MONEY DEPOSIT:
(i) (a) In respect of rooms facing the New Statue Square Circle 2,3,4,5, 5-A and 6.	Rs. 3,000/- per room.
(b) For room Nos. 1 and 7 (Corner Rooms)	Rs. 5,000/- per room.
(ii) In respect of rooms in the rear at the New Statue Square.	Rs. 1,000/- per room. (excepting the corner rooms for which Rs. 3,000/- shall have to be deposited)
(iii) In respect of shops situated on the Ground Floor and bearing Nos. 1-A, 1 B, 1-C, 7-A, 7-B, & 7-C.	Rs. 1,500/- Each Shop.

(6) (a) Tenders should be presented to the Commissioner or the Officer authorised by him before 2-00 P.M. on the 10th August 1964 in the Municipal Offices. Tenders not complying with any of the conditions of this notification will be rejected.

(6) (b) The tenders will be opened by the Municipal Commissioner or an Officer authorised by him in his Chambers at 4 00 P.M. on the 10th Aug. 1964 before such of the tenderers that may be present and a list of all the tenders received will be made.

(7) The final acceptance or rejection of any tender rests with the Managing Committee, who may accept or reject any tenders without assigning any reason and the decision of the Managing Committee shall be final.

(8) In cases of rejection, the earnest money deposited shall be returned immediately on application.

(9) No enquiries regarding acceptance or rejection of tender will be replied.

(10) After the acceptance of the tenders, the tenderer should execute a lease deed in the prescribed form in favour of the Municipal Commissioner within one week from the date of communication of the acceptance of his tender. The prescribed form of lease deed is available for examination in the Municipal Commissioner's Office.

(11) The tenderer should deposit three months rent as advance within one week from the date of intimation of acceptance of his tender communicated to him. This deposit will not be adjusted against rent but will be refunded after the period of lease is over. The earnest money deposited by the successful tenderers will be adjustable towards the above deposit amount.

(12) Failure to execute the lease deed, deposit the three month's rent and take possession of the building within the prescribed time will entail forfeiture of the earnest money and resale by tender of the lease of the shop or shops, room or rooms in question. The tenderer will not be entitled to any profit that the Municipality may make by resale but will be responsible for the loss in resale if any, calculated for a period of eleven months.

(13) The tenderer should take possession of the Room or Rooms or shop or shops for the lease of which his tender is accepted within 15 days from the date of communication to him of the acceptance of his tender. Should he fail to take possession, the room or rooms or shop or shops may be sold by re-tender as per condition 12. The tenderer will however be responsible for the rent at the rates tendered by him from the date on which he should have taken possession of the room or rooms or shop or shops to the date of taking possession by a new tenderer of the room or rooms, shop or shops and also for any loss that the Municipal Council may incur by the resale by tender. The tenderers will however not be entitled to any profit.

(14) Failure to pay the rent on the 1st or with interest, before the 10th of every month shall entitle the Municipal Commissioner or the Officer authorised by him to distrain the articles in the leased room (s) or shop (s) and realise the amount due to the Municipality by the sale thereof in a public auction and shall also entail termination of the lease with immediate effect. Interest will be charged at 9% per annum on amounts that become due after the 1st of the month. If the room or rooms or shop or shops are resold for non-payment of rents, then the lessee will be liable for any loss incurred by the Municipality by such resale, calculated for a period of eleven months but will not be entitled for any profit that may accrue by such resale.

(15) The tenderer shall furnish the room or rooms or shop or shops with good furniture and equipments, and shall present the best display at his own cost.

(16) The Municipality will only give electric connections. The tenderer will himself has to get the electric fixtures like drops, switches, bulbs, metre etc., installed at his own cost. These will become the property of the Municipality (except the bulbs) and should not be removed when the lease is terminated. The Municipality will make efforts to get the electric power supplied as early as possible but no guarantee in this behalf can be given and the non-supply of current will be no reason for not taking possession of the rooms or room, shop or shops. With regard to supply of water to the shops, rooms and lavatories also, non-supply will be no reason for not taking possession of the room (s) or shop (s).

(17) Rooms or shops shall not be used for the following purposes:-

(i) Milk Bar or a Restaurant;

(ii) Work-shop;

(iii) Cycle Repair Shop;

(iv) Manufacture of furniture;

(v) Running any kind of mill.

(18) Rooms or portions of rooms or shops or portions of shops or the frontage or Verandah shall not be sublet nor shall the Verandah or frontage be used for any purpose other than as a passage for ingress and egress to the respective rooms or shops and any such arrangement shall make the tenant liable to be evicted without any notice and also forfeiture of the three month's deposit. If any frontage or verandah is occupied or used it will be within the competance of the Municipal Commissioner or any Officer authorised by him to clear the frontage without any notice.

(19) The tenents should agree to the general conditions in Rules Nos. 5, 6, 7, 8 as amended and No. 31 of Chapter XIV relating to Markets on page 144 etc., of the Mysore City Municipal Rules and Byelaws.

Particulars relating to the measurements of the rooms etc., may be had from the Municipal Executive Engineer on all working days.

STATE TRADING CORPORATION FOR FOODGRANIS

PRICE STRUCTURE FOR SOUTH BY WEEK-END

The Union Government has decided to set up a foodgrains trading corporation and also an agency for fixation of fair prices for foodgrains, both in the interest of the consumer and the producer.

An adhoc committee will be set up to fix prices of foodgrains for the coming season, while a technical team will be constituted to make a detailed and scientific study of the question of production costs.

The State trading corporation-one corporation for the whole of India to deal in rice and wheat-would be functioning by January next. It will enjoy rail monopoly over intra State and inter-State movements. It would be registered under the Company Law and would generally operate on a commercial basis.

The price structure for the Southern Zone would be fixed before August 1.

Weed Out Hoarders

President Radhakrishnan yesterday described the rise in food prices as a great menace and said that if anti-social people were got rid of, it would be possible to ensure equitable distribution and avoid a 'crisis in our affairs'.

The President said the country had to make attemps to increase food supply, establish equitable methods of distribution and get rid of people who were anti social in their outlook and activities. If these were done, our country would be a prosperous one even with regard to food situation.

Dr. Radhakrishnan said: 'People tell me there are enough foodgrains in the country even today and if we know how to get hold of them and to get rid of people who are using their positions of advantage for their own self-interest and blocking their free spread and distribution, it will be possible for us to feed our people and avoid a great crisis. I have no doubt we will do that'.

Declaring Stocks

Convinced that there is considerable hoarding of foodgrains at the producer-wholesale-consumer level, the Union Government has decided that the State Governments should issue notifications under the Defence of India Rules, compelling consumers, producers and dealers to declare stocks in excess of a particular quantity.

Ample Food

Union Food Minister Subramaniam declared yesterday that the availability of wheat and rice this year 'is at least three to four million tonnes more than last year and the scare that this year is more difficult than last year is not warranted'.

The problem, he said was that food prices 'have not been behaving properly'.

PUBLIC SECTOR MUST BE MODEL EMPLOYER

Bangalore, July 27

Presiding over the meeting of heads of public sector undertakings here yesterday, Sri D. Sanjivayya, Union Minister of Labour and Employment said that the public sector had to conduct itself as a progressive employer serving as a model for the private sector in the matter of application of labour laws. This cast a special responsibility on the public sector. Managements, therefore, should discharge their responsibility better than what was expected of the employers in the private sector.

He added to ensure that workers' grievances were attended to and redressed promptly, managements in the public sector undertakings should set up a suitable grievance procedure in consultation with the workers' organisations.

The Union Minister said that the question of rising prices had been causing Government some anxiety in recent months There was bound to be a demand for a wage rise. This, if conceded without discrimination, might result in inflation and defeat its very purpose. However, Government had to see that the workers did not remain unprotected. Government was fully seized o this problem and was devising measures to meet the situation. Meanwhile our efforts should be to ensure that workers were assured the supply of at least essential commodities at reasonable prices.

CONSTITUTIONAL TUSSLE

A special bench of the Supreme Court yesterday began hearing arguments on the Presidential reference regarding the conflict of jurisdiction between the judiciary and the legislature.

The reference under Article 143 of the Constitution followed a constitutional tussle in Uttar Pradesh between the High Court and the Assembly claiming supremacy to punish an give relief to a citizen.

The main question before the Supreme Court was whether in entertaining a petition on an issue involving a legislature's contempt or breach of privilege, a High Court judge himself commits contempt of the legislature and whether the legislature is competent to take action against such a judge.

The Attorney-General, Sri Daphtbary, contended before the bench that 'a High Court Judge does not commit contempt of a Legislature if he entertains any petition' challenging order or decision of a Legislature imposing any penalty on the petitioner for contempt or infringement of its rights and privilege.

Rs. 16 Lakhs For Relief Works

Mysore, July 29

The Divisional Commissioner of Mysore has sanctioned an additional sum of Rs. 16,37,000 to afford further relief to scarcity areas in the Mysore Division.

Out of the allotment, Rs. 1,40,000 has been earmarked for relief works, Rs. 3,80,000 for takavi loans, Rs. 3,10,000 for land improvement and Rs. 8,27,000 for minor irrigation wells.

4 YEARS JAIL

Sama Rao, a tailor in Madras, who was charged with attempting to murder Smt. Namagiri, daughter of Sri Rajagopalachari, has been sentenced to four years R-I.

The prosecution case was that on March 9, while Smt. Namagiri was sitting on the steps leading to the verandah of her house in Madras, reading newspapers, the accused armed with a deadly weapon rushed into the house and attacked her on her head. She tried to ward off the attack and in the process, received injuries on her head, hands, shoulder and knee.

Merchant Held For Cheating

Mysore, July 29

Abdul Hafeez, a merchant in Asoka Road in the City was arrested by Lashkar Police yesterday for an alleged offence of cheating.

It is alleged that Hafeez gave a forged cheque for Rs. 1500 on the Canara Bank signed by Bahusar Company to a businessman in Asoka Road asking him to take his loan of Rs. 650 and pay him the balance amount. Suspecting, he complained to the police.

PRODUCER-TRADER AXIS BLAMED

Union Food Minister Subramaniam ascribed the scarcity in foodgrains to a producer-trader axis. The Government, he said intended to go all out to locate and unearth the hoarded foodgrains stock. He had reason to suspect that the undergound stocks were not so widely dispersed but were concetrated in certain parts of the country.

GOODS TRAIN DERAILS

Sixteen wagons of a goods train proceeding from Yeshawantapur to Arsikere derailed between Banasandra and Sampige Road, resulting in an obstruction to through running. No one were injured.

The mail and other trains were diverted through Mysore and through running was restored by 9 a. m. this morning.

Give Up Direct Action Threat

SANJIVAYYA'S ADVISE TO LABOUR

Bangalore, July 29

Union Labour Minister Sanjivayya today advised the labour to give up agitational approach. He said: 'let us not speak in anger or despair but suggest practical measures which will see through these trying and troubled times through which we are passing.'

He was presiding over the 22nd session of the Indian Labour Conference now being held here.

Sri Sanjivayya said that rising prices were putting everyday life of the worker to severe strain. In his anxiety he might lend his ears to any advise or despair and there might be people to give such advise. But desparate remedies did not solve a problem. Acting in panic or anger would certainly not take us out of troubles. The price situation was undoubtedly exercising the minds of all and it was the one problem on the solution of which the Government was concentrating its efforts. The problem had its ramifications and it could not be solved at a stroke or by any single measure.

The Union Labour Minister was happy that the year 1963 had witnessed a welcome decline in the number of man-days lost (from 61 lakhs to 32.68 lakhs). But unfortunately there had been a reversal of this happy trend. It showed that during the first five months of 1954 the number of man-days lost was already 25.91 lakhs.

He deprecated threats of direct action and said that direct action in the sense of stoppage of work was absolutely illogical in the situation in which we were placed. What we need today was an ample flow of goods. He could not understand how prices could be brought down by stopping the wheels of production. Direct action, if any, should be action to produce more, he added.

Law Against Hoarders

Union Finance Minister Krishnamachari suggested law against hoarder of foodgrains to make it impossible to sell the stocks to anyone but the Government. This was the only way to bring out the hoarded grain, because it was not known where the stocks lay. There was undoubtedly a lot of hoarding, he added.

CHAGLA FOR OTTAWA

Sri M.C. Chagla, Union Minister of Education will lead a 8-man Indian delegation to the Third Commonwealth Education Conference to be held at Ottawa from Aug. 21 to Sept 4.

PRODUCE MORE

It was only by promoting a technological revolution in agriculture that the country could hope to meet its food needs, stated Sri Asoka Mehta, Deputy Chairman of the Planning Commission, at New Delhi.

He said that the willingness of the Indian farmer to adopt modern techniques, including the use of fertilisers and pesticides, perhaps depended on the availability of facilities and supplies. Therefore increased production of chemical fertilisers and pesticidds was necessary.

Sri Mehta said increased productivity whether in agriculture or industry was not only desirable but essential for India's survival. Many civilisations had disappeared because they could not have steady growth in production.

LONG TERM FOOD POLICY NEEDED

Sri Shriman Narayan, member of the Planning Commission, told at Bombay that the main defect of India's food policy was that a long-term policy, at least over a Plan period, was not being followed. "We grow complacent when the harvests are plentiful and become panicky when the monsoons are unfavourable", he said.

GIVE UP ANTI-NATIONAL MOVES

FOOD MINISTER'S WARNING TO LABOUR

Bangalore, July 30

Union Food Minister Subramaniam announced yesterday that the maximum consumer prices for the South Zone would be announced in a day or two.

Addressing the Indian Labour Conference, the Minister spelled out the short-term and long-term policies of the Government in regard to food production and price control. He said the immediate task was to fix consumer prices, while the long term policy would be to fix remunerative prices to agriculturists and reduce the number of middlemen.

The Minister said Government proposed stern measures to deal with hoarders and the State Governments have been asked to create the needed machinery.

The Minister called upon the employees and labour to take a national view of the present crisis and cooperate with the Government in meeting the needs of the hungry millions.

He warned both labour and the private sector against employing means to promote sectional interests at the cost of the nation. He made it clear that labour would have to give way if its actions stood in the way of national interets. Such an attitude of labour was no different from that of a hoarder.

Sri Subramaniam was confident that in the next four or five years, there would be marked improvement in food production and by the end of the Fourth Plan, the country would be self-sufficient and would stop all food imports.

NO SALARY FOR 8 MONTHS

About 140 lecturers working as 'local candidates' in medical colleges in Mysore State have not been paid their salaries for the past eight months.

It is stated that they have been appointed on a temporary basis, pending selections by the Public Service Commission and consequently there was delay in the payment of their salaries.

The State Government has now asked the AccountantGeneral to authorise payment of their salaries.

CANCER INSTITUTE IN BANGALORE

A Cancer Institute is proposed to be set up at Bangalore. The Atomic Energy Commission is likely to assist the project.

Municipal Poll Put Off

The Chamarajanagar Town Municipal elections were postponed yesterday while the polling was half way through, due to clash between two parties.

It is stated that when a voter's identity was questioned and when some photographer attempted to take the photo of the concerned person, he was prevented by one section and his camera was snatched away and that triggerred off a clash and tension mounted.

Reserve police was rushed from Mysore and further troule was prevented.

Sri Ramachandra Rao, Superintendent of Police who returned from Chamarajanagar last night said that the situation had returned to normal in the evening.

ALUMINIUM PLANT

Union Industries Minister Dasappa told the Mysore Chamber of Commerce yesterday at Bangalore that the work on the mammoth aluminium project in Mysore State would start quite early.

He said that with a fine port coming up at Mangalore, an oil refinery could be established there. He assured the State that he would act as its 'advocate' in Delhi to get the scheme pushed through.

Sri Dasappa asked the Mysore entrepreneurs what projects they had in mind to utilise the abundant power that would be generated at Sharavathy before long.

PRODUCE MORE

It was only by promoting a technological revolution in agriculture that the country could hope to meet its food needs, stated Sri Asoka Mehta, Deputy Chairman of the Planning Commission, at New Delhi.

He said that the willingness of the Indian farmer to adopt modern techniques, including the use of fertilisers and pesticides, perhaps depended on the availability of facilities and supplies. Therefore increased production of chemical fertilisers and pesticidds was necessary.

Sri Mehta said increased productivity whether in agriculture or industry was not only desirable but essential for India's survival. Many civilisations had disappeared because they could not have steady growth in production.

103 KILLED IN TRAIN MISHAP

103 people were killed and over a hundred injured when a train, packed with week end holiday-makers and soldiers, crashed on Sunday night near Oporto in Portugal.

TRIBUETS TO CHURCHILL

The House of Commons yesterday paid its unbounded admiration and gratitude for Sir Winston Churchil's service to Parliament, the nation and world.

Sir Winston is to retire at the end of this parliamentary session and paid his last visit to the House on Monday.

LONG TERM FOOD POLICY NEEDED

Sri Shriman Narayan, member of the Planning Commission, told at Bombay that the main defect of India's food policy was that a long-term policy, at least over a Plan period, was not being followed. "We grow complacent when the harvests are plentiful and become panicky when the monsoons are unfavourable", he said.

Reader's Forum:

Elect. & Water Bills

Sir,--I wish to bring to notice the difficulties felt by the residents of the Yadavagiri extension in V. V. Mohalla in the City with regard to payment of electricity and water bills. We have not been getting either water or light bills for the last one year. Though the electricity meter reading is noted regularly every month, the bill is not sent, with the result the amount to be paid has to be ascertained every time from the clerk in the office. Regarding the water tax, nobody takes the trouble of noting the meter reading. It is not known on what basis the resident is charged. In many cases even if the consumption of water is below the prescribed free allowance, a tax is being levied. Bills are not sent but someone comes to cut off the water supply or electricity. Will the authorities wake up and remedy the sad state of affairs?

Rs. 2 CRORES FOR BUFFER STOCK

The Andhra Pradesh Government has decided to set ap a revolving fund of Rs. 2 crores to purchase foodgrains in the open market at rates to be fixed by the Union Government and build up buffer stocks to tide over the shortage during the three lean months.

Godowns Raided In Delhi

The Delhi police yesterday raided some godowns for hoarded foodgrains and seized a "considerable quantity" of stocks. The raids followed instur tions by Home Minister Nanda to the police to invoke the provisions of the Defence of India Rules to bring out hoarded foodgrains.

Chief Ministers are likely to order similar action in their States.

PAK ADMITS VIOLATION

Pakistan has admitted that its troops had crossed the cease fire line and attacked Indian troops on Feb. 21 in the Keran sector of Kashmir, in a letter to the President of the Security Council But it has argued that it was "in the heat of chase" and necessitated by "sheer reasons of self-defence".

3-YEAR MEDICAL COURSE OPPOSED

Union Health Minister Sushila Nayyar stated yesterday that even though there was an acute shortage of doctors in India, it was inadvisable to introduce three-year course for medical training.

She said it would be extremely difficult to prevent the products of this short-term course from setting themselves as full-fledged doctors and prescribing drugs or performing operations which they were not qualified to do. They would thus tend to become so many quacks.

INTERNATIONAL TRAINING CENTRE AT CFTRI

Mysore, July 31

An international training centre in food technology will be set up at the Central Food Technological Research Institute, Mysore.

Dr. Parpiâ, the Director stated that the centre will start functioning from next month and will provide training programmes in food technology including a two-year post-graduate diploma course..

The centre is being set up with the assistance of FAO.

FOOD IMPORTS

Union Food Minister Subramaniam stated yesterday that imports of foodgrains, particularly wheat would have to be intensified during this year and the next.

He thought that foodgrain imports would have to be continued at least until the end of the Fourth Plan period.

Drive Against Hoarders

The Delhi police have contined their drive against foodgrain hoarders.

The authorities have sealed 10 more godowns bringing the total number of godowns sealed by Delhi Administration so far to 28. Armed guards have been posted outside the godowns.

On Wednesday night, the police seized nearly two lakh maunds of foodgrains from the 18 godowns sealed. The stocks in the 10 godowns sealed since then are reported to be substantial.

Union Home Minister Nanda have issued instructions to the police to invoke the provisions of the Defence of India Rules and the Essential Commodities Act to bring out hoarded stocks of foodgrains.

About 1500 shops have so far been inspected and over 1,000 bags of foodgrains seized from dealers in Greater Bombay. The police have booked cases against 8 traders for their failure to display prices of foodgrains in their shops.

BOKARO STEEL PLANT

A Soviet team of steel experts would visit Bokaro by the middle of August to study various matters connected with the setting up of the Bokaro steel plant with Soviet assistance.

Wages In Kind

Bangalore, July 31

The Indian Labour Conference which concluded its two day session yesterday at Bangalore has agreed in principle that a part of wages may be paid in kind. If necessary, Government should see that this was made possible by legislation.

The items to be supplied as part of the pay packet include rice, wheat or wheat substitutes, sugar, pulses, cooking medium and cloth.

The conference said that Government should ensure supply of rice, wheat and sugar at reasonable prices and that employers should supply cloth and cooking medium at wholesale rates plus the cost of distribution.

US To Rush Wheat Supplies

Four million tons of wheat from America will be shipped to India in the next seven months to help the country tide over the present food shortage, stated the U. S. Ambassador, Mr. Chester Bowles yesterday.

He said this would mean that the equivalent of two fully-laden 10,000-ton wheat ships from America would arrive every day in Indian ports.

"Between July and February of next year, we will land here in India supplies of wheat which are nearly half as large as all the wheat grown in India in the last year", he added.

No Water Supply On Sunday

Mysore, July 31

Owing to shut-down in electric power, there will be no water supply in the city from 11 a. m. to 4 p.m. on Sunday August 2, according to a notification issued by the City Municipality.
